Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.
The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.
The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Not Economically Disadvantaged	193	78%	2%	0%	1%	19%

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.
The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.
The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.
The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.
The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.
The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.
The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.
The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.
The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.
The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.
The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.
The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Not Economically Disadvantaged	218	94%	0%	4%	0%	0%

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.
The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.
The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Public School District Total Cohort Graduation Rate and Enrollment Outcome Summary - 2008-09 School Year by Economic Status

2005 Total Cohort as of June of the 4th year of school and as of August 2009,

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.
The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.
The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.
The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.
The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.
The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.
The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.
The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Public School District Total Cohort Graduation Rate and Enrollment Outcome Summary - 2008-09 School Year by Economic Status

2005 Total Cohort as of June of the 4th year of school and as of August 2009,
2004 Total Cohort as of June of the 5th year of school,
2003 Total Cohort as of June of the 6th year of school.

Not Economically Disadvantaged	270	92%	2%	1%	2%	2%

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.
The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.
The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.
The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.
The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.
The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Not Economically Disadvantaged	257	75%	1%	12%	5%	7%

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.
The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.
The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.
The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.
The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Economically Disadvantaged	64	89%	5%	0%	0%	6%
Not Economically Disadvantaged	312	87%	4%	2%	2%	5%

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.
The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.
The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.
The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Not Economically Disadvantaged	39	74%	3%	13%	0%	10%

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.
The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Public School District Total Cohort Graduation Rate and Enrollment Outcome Summary - 2008-09 School Year by Economic Status

2005 Total Cohort as of June of the 4th year of school and as of August 2009,
2004 Total Cohort as of June of the 5th year of school,
2003 Total Cohort as of June of the 6th year of school.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.
The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.
The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Economically Disadvantaged	22	55%	0%	27%	0%	18%
Not Economically Disadvantaged	73	77%	1%	3%	3%	16%

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.
The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.
