Notes: All schools are responsible for administering three field tests each school year. Schools are only excused from their pretest/field test assignment(s) if they do not have any enrollment for an assigned pretest or field test.

How to use the Matrix:

- 1) Look up the strand number for your school on the Regents Examinations Field Test Strand List found at: <http://www.p12.nysed.gov/osa/fieldtest/regentsstrand09-11.pdf>.
- 2) Look up the field test assignments for your school's strand from the Two-Year Field Test Schedule Matrix. For example, if your school is a Strand 6 school, your school's field test assignments for the 2009-10 school year will be Physical Setting/Chemistry, Geometry, and Physical Setting/Physics. For the 2010-11 school year, the pretest/field tests assigned to schools in Strand 6 will be Comprehensive English, Physical Setting/Physics, and United States History and Government (Short).
