Notice to Teachers

Regents Competency Test in Science June 18, 2010 Regular English, Large-Type, and Braille Editions

Please note the following two adjustments to scoring the Regular English, Large-Type, or Braille editions of the June 2010 Regents Competency Test in Science.

1. The correct answer to Question 27 is choice 2, not choice 3 as stated in the scoring key. All students who selected choice 2 should be given credit. Those students who selected choice 3, the choice given as the correct answer on the scoring key, should also be given credit.
2. In Question 70, two of the substances listed on the grid provided do not match the data table. All students should receive credit for Question 70.

These adjustments do *not* pertain to scoring the alternative language editions of this test.

We apologize for any inconvenience this may have caused you and your students, and we thank you for your continued cooperation.
