2013-20 NYS Pathways in Technology Early College High Schools

Application Guidance

Purpose

On February 26, 2013, Governor Andrew M. Cuomo announced the New York State Pathways in Technology Early College High School (NYS P-TECH) program, a public-private partnership that will prepare thousands of New York students for high-skills jobs of the future in technology, manufacturing, healthcare and finance.

To implement this program, the New York State Education Department (SED) is seeking competitive grant proposals from partnerships of school districts, postsecondary education institutions and committed business/industry partners for the development and operation of seven-year Early College/Career and Technical Education programs that span grades 9-14.

The NYS P-TECH model delivers five core benefits to students:

1. A rigorous, relevant and cost-free “grades 9 to 14” education focused on the knowledge and skills students need for Science, Technology, Engineering and Math (STEM) careers;
2. Workplace learning that includes ongoing mentoring by professionals in the chosen career sector, worksite visits, speakers and internships;
3. Intensive, individualized academic support by K-12 and college faculty within an extended academic year or school day that enables students to progress through the program at their own pace;
4. An Associate of Applied Science degree in a high-tech field; and
5. The commitment to be first in line for a job with the participating business partners following completion of the program.

The program is also designed to:

- Develop programs of study in high-wage, high-skill, high-demand career areas;
- Align school, college and community systems in these programs of study;
- Support strong academic performance;
- Promote informed and appropriate career choice and preparation; and
- Ensure that employers in key technical fields have access to a talented and skilled workforce.

Through these programs of study, students will be able to earn transcribed college credit toward an Associate degree. Career pathways begin in grade nine and include workplace learning and high school and college coursework. The pathway provides a seamless sequence of study extending through two years of postsecondary career and technical education which culminates in an A.A.S degree.

The funded programs will be required to document their performance through reporting on a set of performance metrics and achievement of critical benchmarks for student success.

Project Period

Grants will be for seven years, from September 1, 2013, to June 30, 2020. After the first grant year, continued funding will be contingent upon satisfactory reporting, the achievement of performance goals and the availability of funds.

Eligible Applicants

Eligible applicants will be New York State public school districts (“school districts”), applying on behalf of a partnership, which must include:

- (1) K-12: A single school district, a consortium of school districts, a BOCES, or any combination of these entities. A school district applicant must serve as fiscal agent/applicant for the grant;

Individual school buildings may not apply for this grant. All school district applicants must demonstrate that they have fully implemented new standards and procedures for conducting annual professional performance reviews of classroom teachers and building principals to determine teacher and principal effectiveness.

- (2) Higher education: One or more nonprofit higher education institution(s), provided that at least one offers an Associate of Applied Science degree linked to the goals of the program, and which award the A.A.S. degree at no cost to the student/family; and,

- (3) Business: A regional employer (or consortium of employers from related sectors) and/or industry entity that requires highly skilled employees and which will utilize the knowledge and skills obtained from the secondary and postsecondary programs proposed under the application and agrees to place students who successfully complete the program first in line for a job.

NOTE: Charter schools are ineligible to apply for these funds, either individually or as members of consortia.

Eligibility Requirements

To be an eligible applicant, partnerships must include at least one member from each of (1), (2) and (3) above. Additional partners may be included based on the needs identified in the geographic region being served.

A Memorandum of Understanding (MOU) that has been signed by all members of the partnership must be included. The MOU must outline each member’s roles and responsibilities in the project, and it should contain articulation language that ensures that the higher education credits earned in the program are transcribed and acceptable toward the A.A.S. degree to be earned from the higher education partner.

Each partnership will designate one partner as the implementation lead in the MOU. The implementation lead entity may be a K-12, higher education or business partner. The lead shall be the partner that is responsible for coordinating and overseeing the planning and implementation of the program.

Responsibilities of Partners

K-12 Education: Essential responsibilities of K-12 partners include:

- Committing to fully implement the NYS P-TECH model;
- Forming a strong partnership, documented in a formal agreement, with the higher education and business partners and any other community partners;
- Recruiting at-risk and other under-represented students for enrollment;
- Identifying potential school leaders who have demonstrated the ability to drive exceptional student outcomes; are dedicated to working with under-served students and their families; can provide the leadership skills essential for program success; and can integrate high school, college and work-based learning experiences, and in cases where a new school leader is hired, working with the industry and higher education partners to select the school leader;
- Working with higher education and industry partners to develop a seamless scope and sequence of courses that enable all students to earn an A.A.S. degree within six years (at their own pace) and that includes workplace learning;
- Establishing a college-going culture for all students, which requires engaging students in college coursework, tutoring and advising, and instruction on key “college knowledge” academic and personal behaviors such as time management, collaboration, problem-solving, leadership, study skills, communication and tenacity;
- Providing relevant and ongoing professional development for the principal/school leader and all participating teachers, including support and frequent exchanges during the school year; and
- Maximizing available funding streams (in addition to the State appropriation), such as federal School Improvement Grants and Perkins program funding, to support the needs of participating students.

Higher Education: Essential responsibilities of higher education partners include:

- Forming a strong partnership, documented in a formal agreement, with the K-12 and business partners and any other community partners;
- Identifying appropriate college courses to include in the program’s scope and sequence, ensuring that students can earn an A.A.S. degree within six years of beginning the NYS P-TECH program;
- Working with the high school to determine which courses will be taught by college faculty, which by high school teachers with adjunct status, and which by a combination of the two (and ensuring the appropriate college-level rigor of courses taught by adjunct faculty);
- Collaborating with high school faculty to ensure that course content will prepare students for college work;

- Collaborating with business partners to align college coursework with relevant technical skills and workplace competencies, as defined by industry;
- Maintaining student advisory resources and credit transfer policies that protect the pathway to degree completion for participating students;
- Committing to maximize available funding streams (in addition to the State appropriation), such as student financial aid to support the needs of participating students; and
- Providing dedicated staff to work on the initiative, including a College Liaison who has the authority to coordinate with the school on the college/university partner's behalf.

Business: Essential responsibilities of business partners include:

- Forming a strong partnership, documented in a formal agreement, with the higher education and K-12 education partners and any other community partners;
- Committing to place every student who successfully completes the program first in line for a job;
- Identifying a mentor for every participating student (a sample commitment would be for mentors to participate in at least two face-to-face opportunities with their mentee per year and communicate with their mentee online every week, with an approximate time commitment of 30 minutes per week);
- Creating an up-to-date skills map for the industry/sector that identifies essential job requirements;
- Providing workplace visits, speakers, internships and apprenticeships for participating students;
- Collaborating with K-12 and higher education staff to align technical skills and workplace competencies with curriculum, course offerings and other resources; and
- Providing dedicated staff to work on the initiative, including an Industry Liaison who has the authority to coordinate with the school on the business partners' behalf.

In addition, all partners must commit to participate in a statewide network of NYS P-TECH schools and to working with colleagues to share expertise and experience on the development of the NYS P-TECH model, as well as pertinent resources, tools and strategies.

Statewide Implementation

In New York State, economic development priorities and initiatives are strategically aligned within 10 geographic regions. Funds will be awarded to the highest scoring partnership that meets the minimum scoring thresholds in each region. Should any unallocated statewide funds remain, the partnership with the next highest score in the state will receive an award. In the event that a multi-district partnership crosses regional lines, the location of the applicant school district will determine which region the partnership will represent. Partnerships may include school districts, institutions of higher education and business partners from adjacent economic development zones with respect to the zone of the applicant school district.

NYSED Consortium Policy for State and Federal Discretionary Grant Programs:

The partnership or consortium must meet the following requirements:

1. The grant or grant contract will be prepared in the name of the applicant agency/fiscal agent school district, not the partnership/consortium, since the group is not a legal entity.
2. All partners must meet the following requirements:
 - a. Must agree to all of the Responsibilities listed on pages 6 and 7 above.
 - b. Must sign an agreement with the fiscal agent that specifically outlines all services each partner agrees to provide and for what period of time those services will be provided;
 - c. Must be an active member of the partnership/consortium.
3. The applicant agency/fiscal agent must meet the following requirements:
 - a. Must be an eligible grant recipient as defined by the procurement;
 - b. Must receive and administer the grant funds and submit the required reports to account for the use of grant funds;
 - c. Cannot act as a flow-through for grant funds to pass to other recipients;

- d. Is PROHIBITED from subgranting funds to other recipients. The fiscal agent is permitted to contract for services with other consortium partners or consultants to provide services that the fiscal agent cannot provide itself; and
- e. Must be responsible for the performance of any services provided through funds awarded under this grant by the partners, consultants, or other organizations.

Project Funding

At least 10 awards totaling up to \$28.0 million will be made to local partnerships. These funds will be paid over the seven years of the program. Funds will be distributed based on approved program budgets.

Applicants must submit a detailed FS-10 budget for the grant funds with this application proposal for the initial nine month period of September 1, 2013 through June 30, 2014 and a multi-year budget summary for the entire grant period. In addition, applicants should submit overall proposed resource and expenditure plans that reflect the total commitment of resources by each of the applicant partners. To the greatest extent possible, these proposed plans should reflect full and accurate projected costs for developing and operating the program throughout the seven years of the grant. Project budgets will be evaluated based on the number of students to be served, the quality of the program design and efficient use of funds and other resources described in the budget narrative, the FS-10 form and the overall proposed budget for the program.

Winning partnerships will be required to report total project expenditures, as well as performance data described under the Accountability section of this document, for each year within 30 days of the end of that project year.

Continued funding past year one is contingent on satisfactory reporting, the achievement of annual performance benchmarks and the availability of funds. A portion of the project funds will be withheld contingent upon timely expenditure and performance reporting and adequate student progress as defined in the Accountability section below. Additional reporting may be required depending on the funding sources for this grant.

Description of Program

Program Purpose/Goal:

There are five critical benefits to students from the NYS P-TECH model:

- Students in Grades 9-12, primarily at-risk and other under-served students, will be provided a rigorous, relevant and cost free grades 9 to 14 education focused on the knowledge and skills students need for Science, Technology, Engineering and Math (STEM) careers;
- Students will have access to workplace learning that includes ongoing mentoring by professionals in the chosen career sector, worksite visits, speakers and internships;

- Students will receive intensive academic support by K-12 and college faculty within an extended academic year or school day that enables students to progress through the program at their own pace;
- Students will earn an A.A.S. degree in a high-tech field; and
- Students will benefit from a commitment from the business/industry partner that they will be first in line for a job following successful completion of the program.

Like other Early College High School Programs in New York, the NYS P-TECH program will prioritize partnerships that demonstrate the willingness and capacity to serve students who:

- Have been identified as academically at-risk for not successfully completing high school or not enrolling in or succeeding in college;
- Belong to populations that have historically not had access to or success in higher education;
- May be identified as early as grade 6 to receive extensive support to achieve college-readiness by grades 9-12;
- Do not have the financial resources to fully fund an Associate degree without tuition assistance; and
- Are in attendance in a school district with Focus status as most recently determined by the State Education Department.

Program Requirements

The NYS P-TECH program to be funded under this Request for Proposals will possess the following required elements:

1. Agreement by all partners to the Responsibilities listed on pages 5 and 6 above.
2. A six-year (grade nine-twelve, plus two years of postsecondary instruction) curriculum that is sequential and integrates academic and CTE instruction, emphasizes a CTE career pathway context, provides preparation for a career field, leads to technical skill proficiency or an industry-recognized credential, and satisfies the requirements for a Regent's high school diploma and A.A.S degree from a registered program in a specific career field. The field of study is to be described in the application worksheet titled Program/Plan of Study;
3. Priority given to providing economically disadvantaged students, students with disabilities and English Language Learners access to the full range of programming. In multi-district partnerships, equal opportunity to participate should be available to students in these groups from all partner districts;
4. A governance structure that includes a steering committee, and a description of the partnership's plan for program leadership, overall leadership capacity, and long term commitment to collaborative operation of the program;
7. A well-defined plan for the expansion of the program beyond the initial cohort of students, and clear timeframes for full implementation of the program within the seven year funding period. This plan will include the number of students to be served in each cohort and at full implementation;
8. Joint in-service training of secondary and postsecondary teachers to implement the NYS Pathways in Technology curriculum effectively, as well as training of

high school guidance counselors and higher education institution staff to recruit students and to ensure program completion and college matriculation and/or appropriate employment;

9. College and career preparatory services, such as recruitment, career and personal counseling, and career assessment. College preparatory services must include the development of college and career readiness plans for each student. For age-eligible students, parental notification, approval and sign off is required;
10. The agreement will also outline how the safety and rights of students will be protected while they participate in work experiences for the program;
11. Demonstrated evidence of financial and programmatic sustainability through the program period; and
12. Appropriately certified leadership and staffing, with a clear responsibility for required reporting.

Grant Funds Budget (FS-10)

Applicants must submit a FS-10 budget with this application, for the initial 9 month project period of September 1, 2013 through June 30, 2014, and a multi-year budget summary. The initial 9 month budget will be reviewed and scored. In addition to the FS-10, which is required for all grant programs offered by the New York State Education Department and which describes applicants' plans for the use of grant funds, applicants for the NYS P-TECH program will also submit an overall 7-year program resource and expenditure plan. (Sample formats for this document are provided on pages 34-35 below.)

The Resource Plan will detail applicant partners' local contributions of resources (both financial and itemized in-kind, as applicable) to the program. The FS-10, the multi-year budget summary and the resource and expenditure plans will be reviewed in conjunction in order to demonstrate the program's long-term fiscal sustainability, especially as the program expands to include additional cohorts of students and initial cohorts move into the portions of their individual programs that require significant investment in support for the higher education components of the NYS P-TECH model.

The funds for this grant program are provided through both Federal and State sources. For some districts, the use of Federal funds for the grant program may require that Federal financial reports (A-133) be filed. Budgeted costs must be in compliance with applicable State and federal laws and regulations and the Department's Fiscal Guidelines. These guidelines, as well as the FS-10 form, are available online at the following URL: <http://www.oms.nysed.gov/cafe>. The FS-10 must bear the original signature of the Chief School/Administrative Officer.

Information about the categories of expenditures and general information on allowable costs, applicable cost principles and administrative regulations are available in the Fiscal Guidelines for Federal and State Aided Grants at <http://www.oms.nysed.gov/cafe/guidance/guidelines.html>.

The budget should be reasonable and appropriate to cover program expenses. All budgets will be subject to review and modification in the grant-making process.

Grantees that do not meet minimum annual requirements for college credit attainment by enrolled students based on approved Student Performance Timelines will face a financial penalty equal to a portion of the grant amount on a sliding scale based upon the number of college credits earned, pursuant to guidelines issued by SED.

Allowable Expenditures

Budgets for the use of grant funds will be reviewed and any items that are deemed non-allowable, excessive or inappropriate will be eliminated. Budgets that include non-allowable, excessive or inappropriate items will receive a lower score. Generally, all expenditures must contribute to student achievement in NYS P-TECH programming. Allowable expenditures may include, but are not limited to, the following:

- Service contracts between members of the partnership;
- Purchases of existing evidence-based and/or standards-based curriculum that focuses on a STEM-related career area;
- Payment for development of curricula that emphasizes rigorous STEM content within a chosen NYS P-TECH program;
- Professional development to enhance teaching and learning;
- Purchase of equipment needed to upgrade existing programs or new equipment to start a program (equipment purchases limited to 10 percent of total budget);
- Workshops and planning meetings between consortium personnel, including counselors, parents, and college faculty, and business leaders to support program sustainability and build awareness in the regions on the benefits for having such programs; and
- Post-secondary curriculum development that facilitates alignment and articulation with secondary programs leading to college degrees and/or other industry recognized credentials that meet the needs of employers.

Non-allowable Activities and Costs

Funds provided under this grant may not be used for the following purposes:

- Supplantation of existing funding and efforts, including costs otherwise necessary to operate a school without this grant;
- Sub-grants to members of the partnership or other agencies. This includes mini-grants, which are different than purchase service contracts;
- Acquisition of equipment for administrative or personal use;
- Acquisition of furniture (e.g., bookcases, chairs, desks, file cabinets, tables) unless an integral part of an equipment workstation or to provide reasonable accommodations to students with disabilities;
- Food services/refreshments/banquets/meals;
- Purchase or rental of space;
- Remodeling which is not directly connected to accessibility to career pathways instruction or services;
- Payment for memberships in professional organizations;

- Pre-CTE educational activities other than outreach to students who may be interested in enrolling in CTE;
- Purchase of promotional favors, such as bumper stickers, pencils, pens, or T-shirts;
- Subscriptions to journals or magazines;
- Travel outside United States; and
- Any expenditure for students not enrolled in NYS Pathways in Technology programs, including career exploration.

Expenditures financed with grant funds awarded under this request for proposals (RFP) are not eligible to (i) receive reimbursement under BOCES Aid or Building Aid or (ii) otherwise generate additional BOCES Aid or Building Aid.

Applications from school districts that have received School Improvement Grants (SIG) or School Innovation Funds (SIF): School districts that have received SIG or SIF will need to demonstrate how P-Tech grant funds will work with other federal and state grant funds to meet their individual turnaround strategy. If the school which will host the program is currently implementing an approved SIF grant or SIG, the program proposed under this application must be consistent with the whole school re-design model approved and implemented and the district and schools defined theory of action/approach to school turnaround/redesign; such plans may be amended as needed to ensure alignment.

Application Submission Instructions

Only complete applications will be reviewed. A complete application must include all items on the Application Checklist in the order listed on the checklist.

Method of Award

Each eligible proposal will be reviewed by at least two reviewers. Each reviewer will score the proposal according to the indicated point criteria in the Proposal Narrative and the Budget using the Proposal Evaluation Rubric. If individual scores are more than 15 points apart, another reviewer will score the application. The two scores closest in numeric value will be averaged to calculate the final average score of the application. If the third reviewer's score is equal to the average of the two original scores, the third reviewer's score will become the final score.

Budgets will be adjusted to eliminate any non-allowable, excessive or inappropriate expenditure. Further adjustments may be made to include negotiated reductions in specified program costs.

Each proposal will be categorized according to the region it serves. Funds will be awarded to the highest scoring partnership in each region that meets the minimum scoring threshold (a final average score of 60 or more). Should any unallocated statewide funds remain, the partnership with the next highest score in the state will receive an award. In the event of tie scores, proposals with the highest score on the Proposal Narrative will be ranked higher.

Entities' Responsibility

Projects must operate under the jurisdiction of the local board of education, or other appropriate governing body, and are subject to at least the same degree of accountability as all other expenditures of the local agency. The local board of education, or other appropriate governing body, is responsible for the proper disbursement of, and accounting for project funds. Written agency policy concerning wages, mileage and travel allowances, overtime compensation, or fringe benefits, as well as State rules pertaining to competitive bidding, safety regulations and inventory control must be followed. Supporting or source documents are required for all grant related transactions entered into the local agency's recordkeeping systems. Source documents that authorize the disbursement of grant funds consist of purchase orders, contracts, time and effort records, delivery receipts, vendor invoices, travel documentation and payment documents.

Supporting documentation for grants and grant contracts must be kept for at least six years after the last payment was made unless otherwise specified by program requirements. Additionally, audit or litigation will "freeze the clock" for records retention purposes until the issue is resolved. All records and documentation must be available for inspection by State Education Department officials or its representatives.

For additional information about grants, please refer to the Fiscal Guidelines for Federal and State Aided Grants, <http://www.oms.nysed.gov/cafe/guidance/>.

Reporting

Grantees must submit an annual performance report at the end of each grant period but no later than 30 days after the end of the project year in a form and manner specified by SED. The performance report should demonstrate that substantial progress has been made toward meeting the project goals and the program performance indicators. Additional information about the annual performance report will be made available to grantees by SED after grant awards are made. By September 1 of each project year, SED, in consultation with each grantee, will establish minimum performance benchmarks required for continued funding in the subsequent project year. Grantees that do not demonstrate adequate performance may be discontinued.

In addition, grantees that do not meet minimum annual requirements for college credit attainment by enrolled students based on approved Student Performance Timelines will face a financial penalty equal to a portion of the grant amount on a sliding scale based upon the number of college credits earned, pursuant to guidelines issued by SED.

Monitoring

Requirements for Funding:

Registration in Federal System for Award Management (SAM) – In order to be awarded federal funds, an agency must be registered (and then maintain a current registration) in the federal System for Award Management known as SAM (<http://www.sam.gov>). SAM is a government-wide, web-enabled database that collects, validates, stores and disseminates business information about organizations receiving federal funds. Information on an agency's registration in SAM needs to be provided on the Payee Information Form that must be submitted with the application.

Payee Information Form/NYSED Substitute W-9 – The Payee Information Form is a packet containing the Payee Information Form itself and an accompanying NYSED Substitute W-9. The NYSED Substitute W-9 may or may not be needed from your agency. Please follow the specific instructions provided with the form. The Payee Information Form is used to establish the identity of the applicant organization and enables it to receive federal (and/or State) funds through the NYSED. An on-line version of the packet is available at <http://www.oms.nysed.gov/cafe/forms/PIform.pdf>

Contract Award Protest Procedures

Applicants who receive a notice of non-award may protest the NYSED award decision subject to the following:

1. The protest must be in writing and must contain specific factual and/or legal allegations setting forth the basis on which the protesting party challenges the contract award by NYSED.

2. The protest must be filed within ten (10) business days of receipt of a debriefing letter. The protest letter must be filed with:

NYS Education Department
Contract Administration Unit
Attn: GC #13-014 Migrant Ed Grant
89 Washington Avenue
Room 505W EB
Albany, NY 12234

3. The NYSED Contract Administration Unit (CAU) will convene a review team that will include at least one staff member from each of NYSED's Office of Counsel, CAU, and the Program Office. The review team will review and consider the merits of the protest and will decide whether the protest is approved or denied. Counsel's Office will provide the bidder with written notification of the review team's decision within seven (7) business days of the receipt of the protest. The original protest and decision will be filed with OSC when the contract procurement record is submitted for approval and CAU will advise OSC that a protest was filed.

4. The NYSED Contract Administration Unit (CAU) may summarily deny a protest that fails to contain specific factual or legal allegations, or where the protest only raises issues of law that have already been decided by the courts.

Vendor Responsibility

State law requires that the award of state contracts be made to responsible vendors. Before an award is made to a not-for-profit entity, a for-profit entity, a private college or university or a public entity not exempted by the Office of the State Comptroller, NYSED must make an affirmative responsibility determination. The factors to be considered include: legal authority to do business in New York State; integrity; capacity- both organizational and financial; and previous performance. Before an award of \$100,000 or greater can be made to a covered entity, the entity will be required to complete and submit a Vendor Responsibility Questionnaire. School districts, Charter Schools, BOCES, public colleges and universities, public libraries, and the Research Foundation for SUNY and CUNY are some of the exempt entities. For a complete list, see: http://www.osc.state.ny.us/vendrep/resources_docreq_agency.htm.

NYSED recommends that vendors file the required Vendor Responsibility Questionnaire online via the New York State VendRep System. To enroll in and use the New York State VendRep System, see the VendRep System Instructions available at http://www.osc.state.ny.us/vendrep/vendor_index.htm or go directly to the VendRep System online at <https://portal.osc.state.ny.us>.

Vendors must provide their New York State Vendor Identification Number when enrolling. To request assignment of a Vendor ID or for VendRep System assistance, contact the Office of the State Comptroller's Help Desk at 866-370-4672 or 518-408-4672 or by email at ciohelpdesk@osc.state.ny.us.

Vendors opting to complete and submit a paper questionnaire can obtain the appropriate questionnaire from the VendRep website www.osc.state.ny.us/vendrep or may contact NYSED or the Office of the State Comptroller's Help Desk for a copy of the paper form.

Subcontractors:

For vendors using subcontractors, a Vendor Responsibility Questionnaire and a NYSED vendor responsibility review are required for a subcontractor where:

- the subcontractor is known at the time of the contract award;
- the subcontractor is not an entity that is exempt from reporting by OSC; and
- the subcontract will equal or exceed \$100,000 over the life of the contract.

Workers' Compensation Coverage and Debarment

New York State Workers' Compensation Law (WCL) has specific coverage requirements for businesses contracting with New York State and additional requirements which provide for the debarment of vendors that violate certain sections of WCL. The WCL requires, and has required since introduction of the law in 1922, the heads of all municipal and State entities to ensure that businesses have appropriate workers' compensation and disability benefits insurance coverage *prior* to issuing any permits or licenses, or *prior* to entering into contracts.

Workers' compensation requirements are covered by WCL Section 57, while disability benefits are covered by WCL Section 220(8). The Workers' Compensation Benefits clause in Appendix A – STANDARD CLAUSES FOR NEW YORK STATE CONTRACTS states that in accordance with Section 142 of the State Finance Law, a contract shall be void and of no force and effect unless the contractor provides and maintains coverage during the life of the contract for the benefit of such employees as are required to be covered by the provisions of the WCL.

Under provisions of the 2007 Workers' Compensation Reform Legislation (WCL Section 141-b), any person, or entity substantially owned by that person: subject to a final assessment of civil fines or penalties, subject to a stop-work order, or convicted of a misdemeanor for violation of Workers' Compensation laws Section 52 or 131, is barred from bidding on, or being awarded, any public work contract or subcontract with the State, any municipal corporation or public body for one year for each violation. The ban is five years for each felony conviction.

PROOF OF COVERAGE REQUIREMENTS

The Workers' Compensation Board has developed several forms to assist State contracting entities in ensuring that businesses have the appropriate workers' compensation and disability insurance coverage as required by Sections 57 and 220(8) of the WCL.

Please note – an ACORD form is not acceptable proof of New York State workers' compensation or disability benefits insurance coverage.

Proof of Workers' Compensation Coverage

To comply with coverage provisions of the WCL, the Workers' Compensation Board requires that a business seeking to enter into a State contract submit appropriate proof of coverage to the State contracting entity issuing the contract. For each new contract or contract renewal, the contracting entity must obtain ONE of the following forms from the contractor and submit to OSC to prove the contractor has appropriate workers' compensation insurance coverage:

- **Form C-105.2** – Certificate of Workers' Compensation Insurance issued by private insurance carriers, or **Form U-26.3** issued by the State Insurance Fund; or
- **Form SI-12**– Certificate of Workers' Compensation Self-Insurance; or **Form GSI-105.2** Certificate of Participation in Workers' Compensation Group Self-Insurance; or
- **CE-200**– Certificate of Attestation of Exemption from NYS Workers' Compensation and/or Disability Benefits Coverage.

Proof of Disability Benefits Coverage

To comply with coverage provisions of the WCL regarding disability benefits, the Workers' Compensation Board requires that a business seeking to enter into a State contract must submit appropriate proof of coverage to the State contracting entity issuing the contract. For each new contract or contract renewal, the contracting entity must obtain ONE of the following forms from the contractor and submit to OSC to prove the contractor has appropriate disability benefits insurance coverage:

- **Form DB-120.1** - Certificate of Disability Benefits Insurance; or
- **Form DB-155**- Certificate of Disability Benefits Self-Insurance; or
- **CE-200**– Certificate of Attestation of Exemption from New York State Workers' Compensation and/or Disability Benefits Coverage.

For additional information regarding workers' compensation and disability benefits requirements, please refer to the New York State Workers' Compensation Board website at: <http://www.wcb.ny.gov/content/main/Employers/busPermits.jsp>. Alternatively, questions relating to either workers' compensation or disability benefits coverage should be directed to the NYS Workers' Compensation Board, Bureau of Compliance at (518) 486-6307.

**Program Resource and Expenditure Plans, Budget Narrative
and Budget Summary Form (FS-10)
[25 Points]**

To illustrate plans for the use of grant funds, applicants must submit the FS-10 Budget Form to describe the use of grant funds, itemized for the first year, and a Grant Funds Summary Sheet, which projects the use of any awarded funds over the period of the grant.

In addition, to illustrate overall plans for resource use in the NYS P-TECH program, applicants must submit the Program Resource and Expenditure Plan Worksheets that are attached on the following pages and a brief Narrative.

The FS-10 and Grant Funds Summary Sheet should provide a projection of how the requested funds will be used and should demonstrate that the proposed expenditures are appropriate, reasonable and necessary to support the project activities and goals. They should include a description of how the expenditures and activities are supplemental to and do not supplant or duplicate services currently provided.

The Resource Plan and Expenditure Plan Worksheets should reflect the total resources available and the total planned expenditures for the program. The Resource Plan Worksheet should describe any planned contributions to the program by the partnership members, if applicable.

These documents will be reviewed to ensure that they reflect sustainable and realistic planning for the program's expansion and the costs of supporting students as they engage in the higher education components of the program. Reviewers will also consider the likelihood of long-term sustainability of the program in their review.

Budgeted items must be reasonable in cost and necessary for the project in order to receive the maximum points. Any non-allowable, excessive or inappropriate items in the budget will be eliminated. Grantees will not be allowed to substitute new items for those that have been eliminated. Further adjustments may be made to include negotiated reductions in specified program costs.

In addition, grantees that do not meet minimum annual requirements for college credit attainment by enrolled students based on approved Student Performance Timelines will face a financial penalty equal to a portion of the grant amount on a sliding scale based upon the number of college credits earned, pursuant to guidelines issued by SED.

Budgeted costs must be in compliance with applicable State and federal laws and regulations and the Department's Fiscal Guidelines. These guidelines, as well as the FS-10 form, are available online at the following URL: <http://www.oms.nysed.gov/cafe>. The FS-10 must bear the original signature of the Chief School Administrative Officer/Superintendent.

Information about the categories of expenditures and general information on allowable costs, applicable cost principles and administrative regulations are available in the Fiscal Guidelines for Federal and State Aided Grants at <http://www.oms.nysed.gov/cafe/guidance/guidelines.html>.

Note: Specific service agreements (in writing) between partnering organizations in the program (listed in code “40- Purchased Services”) must identify the specific products and or services to be provided with a timeline. These products and services must be listed in the budget justification. Actual signed contracts must be made available upon request by the SED.

The Grants Funds Summary should reflect detailed, itemized, budgets for the first program year only. Later program years will reflect projections by category, and grantees will update their itemized budgets in each year of the program.

Notwithstanding the foregoing, such prior written consent of an assignment of a contract let pursuant to Article XI of the State Finance Law may be waived at the discretion of the contracting agency and with the concurrence of the State Comptroller where the original contract was subject to the State Comptroller's approval, where the assignment is due to a reorganization, merger or consolidation of the Contractor's business entity or enterprise. The State retains its right to approve an assignment and to require that any Contractor demonstrate its responsibility to do business with the State. The Contractor may, however, assign its right to receive payments without the State's prior written consent unless this contract concerns Certificates of Participation pursuant to Article 5-A of the State Finance Law.

3. COMPTROLLER'S APPROVAL. In accordance with Section 112 of the State Finance Law (or, if this contract is with the State University or City University of New York, Section 355 or Section 6218 of the Education Law), if this contract exceeds \$50,000 (or the minimum thresholds agreed to by the Office of the State Comptroller for certain S.U.N.Y. and C.U.N.Y. contracts), or if this is an amendment for any amount to a contract which, as so amended, exceeds said statutory amount, or if, by this contract, the State agrees to give something other than money when the value or reasonably estimated value of such consideration exceeds \$10,000, it shall not be valid, effective or binding upon the State until it has been approved by the State Comptroller and filed in his office. Comptroller's approval of contracts let by the Office of General Services is required when such contracts exceed \$85,000 (State Finance Law Section 163.6-a). However, such pre-approval shall not be required for any contract established as a centralized contract through the Office of General Services or for a purchase order or other transaction issued under such centralized contract.

4. WORKERS' COMPENSATION BENEFITS. In accordance with Section 142 of the State Finance Law, this contract shall be void and of no force and effect unless the Contractor shall provide and maintain coverage during the life of this contract for the benefit of such employees as are required to be covered by the provisions of the Workers' Compensation Law.

5. NON-DISCRIMINATION REQUIREMENTS. To the extent required by Article 15 of the Executive Law (also known as the Human Rights Law) and all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, sex, national origin, sexual orientation, age, disability, genetic predisposition or carrier status, or marital status. Furthermore, in accordance with Section 220-e of the Labor Law, if this is a contract for the construction, alteration or repair of any public building or public work or for the manufacture, sale or distribution of materials, equipment or supplies, and to the extent that this contract shall be performed within the State of New York, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, disability,

sex, or national origin: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. If this is a building service contract as defined in Section 230 of the Labor Law, then, in accordance with Section 239 thereof, Contractor agrees that neither it nor its subcontractors shall by reason of race, creed, color, national origin, age, sex or disability: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. Contractor is subject to fines of \$50.00 per person per day for any violation of Section 220-e or Section 239 as well as possible termination of this contract and forfeiture of all moneys due hereunder for a second or subsequent violation.

6. WAGE AND HOURS PROVISIONS. If this is a public work contract covered by Article 8 of the Labor Law or a building service contract covered by Article 9 thereof, neither Contractor's employees nor the employees of its subcontractors may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the Labor Law and as set forth in prevailing wage and supplement schedules issued by the State Labor Department. Furthermore, Contractor and its subcontractors must pay at least the prevailing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the State Labor Department in accordance with the Labor Law. Additionally, effective April 28, 2008, if this is a public work contract covered by Article 8 of the Labor Law, the Contractor understands and agrees that the filing of payrolls in a manner consistent with Subdivision 3-a of Section 220 of the Labor Law shall be a condition precedent to payment by the State of any State approved sums due and owing for work done upon the project.

7. NON-COLLUSIVE BIDDING CERTIFICATION. In accordance with Section 139-d of the State Finance Law, if this contract was awarded based upon the submission of bids, Contractor affirms, under penalty of perjury, that its bid was arrived at independently and without collusion aimed at restricting competition. Contractor further affirms that, at the time Contractor submitted its bid, an authorized and responsible person executed and delivered to the State a non-collusive bidding certification on Contractor's behalf.

8. INTERNATIONAL BOYCOTT PROHIBITION. In accordance with Section 220-f of the Labor Law and Section 139-h of the State Finance Law, if this contract exceeds \$5,000, the Contractor agrees, as a material condition of the contract, that neither the Contractor nor any substantially owned or affiliated person, firm, partnership or corporation has participated, is participating, or shall participate in an international boycott in violation of the federal Export Administration Act of 1979 (50 USC App. Sections 2401 et seq.) or regulations thereunder. If such Contractor, or any of the aforesaid affiliates of Contractor, is convicted or is otherwise found to have violated said laws or regulations upon the final determination of the United States Commerce Department or any other appropriate agency of the United States subsequent to the contract's execution, such contract, amendment or modification thereto shall be rendered forfeit and void. The Contractor shall so notify the State Comptroller within five (5) business days of such conviction, determination or disposition of appeal (2NYCRR 105.4).

9. SET-OFF RIGHTS. The State shall have all of its common law, equitable and statutory rights of set-off. These rights shall include, but not be limited to, the State's option to withhold for the purposes of set-off any moneys due to the Contractor under this contract up to any amounts due and owing to the State with regard to this contract, any other contract with any State department or agency, including any contract for a term commencing prior to the term of this contract, plus any amounts due and owing to the State for any other reason including, without limitation, tax delinquencies, fee delinquencies or monetary penalties relative thereto. The State shall exercise its set-off rights in accordance with normal State practices including, in cases of set-off pursuant to an audit, the finalization of such audit by the State agency, its representatives, or the State Comptroller.

10. RECORDS. The Contractor shall establish and maintain complete and accurate books, records, documents, accounts and other evidence directly pertinent to performance under this contract (hereinafter, collectively, "the Records"). The Records must be kept for the balance of the calendar year in which they were made and for six (6) additional years thereafter. The State Comptroller, the Attorney General and any other person or entity authorized to conduct an examination, as well as the agency or agencies involved in this contract, shall have access to the Records during normal business hours at an office of the Contractor within the State of New York or, if no such office is available, at a mutually agreeable and reasonable venue within the State, for the term specified above for the purposes of inspection, auditing and copying. The State shall take reasonable steps to protect from public disclosure any of the Records which are exempt from disclosure under Section 87 of the Public Officers Law (the "Statute") provided that: (i) the Contractor shall timely inform an appropriate State official, in writing, that said records should not be disclosed; and (ii) said records shall be sufficiently identified; and (iii) designation of said records as exempt under the Statute is reasonable. Nothing contained herein shall diminish, or in any way adversely affect, the State's right to discovery in any pending or future litigation.

11. IDENTIFYING INFORMATION AND PRIVACY NOTIFICATION. (a) Identification Number(s). Every invoice or New York State Claim for Payment submitted to a New York State agency by a payee, for payment for the sale of goods or services or for transactions (e.g., leases, easements, licenses, etc.) related to real or personal property must include the payee's identification number. The number is any or all of the following: (i) the payee's Federal employer identification number, (ii) the payee's Federal social security number, and/or (iii) the payee's Vendor Identification Number assigned by the Statewide Financial System. Failure to include such number or numbers may delay payment. Where the payee does not have such number or numbers, the payee, on its invoice or Claim for Payment, must give the reason or reasons why the payee does not have such number or numbers.

(b) Privacy Notification. (1) The authority to request the above personal information from a seller of goods or services or a lessor of real or personal property, and the authority to maintain such information, is found in Section 5 of the State Tax Law. Disclosure of this information by the seller or lessor to the State is mandatory. The principal purpose for which the information is collected is to enable the State to identify individuals, businesses and others who have been delinquent in filing tax returns or may have understated their tax liabilities and to generally identify persons affected by the taxes administered by the Commissioner of Taxation and Finance. The information will be used for tax administration purposes and for any other purpose authorized by law. (2) The personal information is requested by the purchasing unit of the agency contracting to purchase the goods or services or lease the real or personal property covered by this contract or lease. The information is maintained in the Statewide Financial System by the Vendor Management Unit within the Bureau of State Expenditures, Office of the State Comptroller, 110 State Street, Albany, New York 12236.

12. EQUAL EMPLOYMENT OPPORTUNITIES FOR MINORITIES AND WOMEN. In accordance with Section 312 of the Executive Law and 5 NYCRR 143, if this contract is: (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of \$25,000.00, whereby a contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the contracting agency; or (ii) a written agreement in excess of \$100,000.00 whereby a contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon; or (iii) a written agreement in excess of \$100,000.00 whereby the owner of a State assisted housing project is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon for such project,

(a) The Contractor will not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status, shall make and document its conscientious and active efforts to employ and utilize minority group members and women in its work force on State contracts and will undertake or continue existing programs of affirmative action to ensure that minority group members and women are afforded equal employment opportunities without discrimination. Affirmative action shall mean recruitment, employment, job assignment, promotion, upgradings, demotion, transfer, layoff, or termination and rates of pay or other forms of compensation;

(b) at the request of the contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, labor union or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability or marital status and that such union or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein; and

(c) the Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the State contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

Section 312 does not apply to: (i) work, goods or services unrelated to this contract; or (ii) employment outside New York State. The State shall consider compliance by a contractor or subcontractor with the requirements of any federal law concerning equal employment opportunity which effectuates the purpose of this section. The contracting agency shall determine whether the imposition of the requirements of the provisions hereof duplicate or conflict with any such federal law and if such duplication or conflict exists, the contracting agency shall waive the applicability of Section 312 to the extent of such duplication or conflict. Contractor will comply with all duly promulgated and lawful rules and regulations of the Department of Economic Development's Division of Minority and Women's Business Development pertaining hereto.

17. SERVICE OF PROCESS. In addition to the methods of service allowed by the State Civil Practice Law & Rules ("CPLR"), Contractor hereby consents to service of process upon it by registered or certified mail, return receipt requested. Service hereunder shall be complete upon Contractor's actual receipt of process or upon the State's receipt of the return thereof by the United States Postal Service as refused or undeliverable. Contractor must promptly notify the State, in writing, of each and every change of address to which service of process can be made. Service by the State to the last known address shall be sufficient. Contractor will have thirty (30) calendar days after service hereunder is complete in which to respond.

18. PROHIBITION ON PURCHASE OF TROPICAL HARDWOODS. The Contractor certifies and warrants that all wood products to be used under this contract award will be in accordance with, but not limited to, the specifications and provisions of Section 165 of the State Finance Law, (Use of Tropical Hardwoods) which prohibits purchase and use of tropical hardwoods, unless specifically exempted, by the State or any governmental agency or political subdivision or public benefit corporation. Qualification for an exemption under this law will be the responsibility of the contractor to establish to meet with the approval of the State.

In addition, when any portion of this contract involving the use of woods, whether supply or installation, is to be performed by any subcontractor, the prime Contractor will indicate and certify in the submitted bid proposal that the subcontractor has been informed and is in compliance with specifications and provisions regarding use of tropical hardwoods as detailed in §165 State Finance Law. Any such use must meet with the approval of the State; otherwise, the bid may not be considered responsive.
