Item 10 Professional Staff in This District

In this item, provide an *unduplicated* count of all professional staff in this district. The count is comprised of the total of building level professional staff reported in Item 5 of the School Data Form(s) **plus** central office professional staff, including professional staff members assigned to more than one school in this district that are not reported by any of the schools.

In this item, do not include BOCES staff working in this district, teaching assistants or teacher aides.

Full-time professional staff members are defined as those persons who spend their entire school day and school week working in this district, *regardless* of the number of buildings in which they have assignments. Part-time professional staff members are defined as those persons who work less than a full day or full week in this district.

The "Teachers" category should include all personnel who devote more than half of their time to teaching duties, including teaching in such subject areas as art, music, physical education and reading.

The category "Other Professional Staff" should include administrators (except principals and assistant principals), guidance counselors, school nurses, psychologists and other professionals who devote more than half of their time to nonteaching duties.

Total staff reported in this item must equal the number of teaching and non-teaching staff employed as of BEDS Day, October 5, 2016. Staff should be counted only once in the category that accounts for the greater portion of their time.

The racial/ethnic designations used in this item do not denote scientific definitions of anthropological origins. For the purpose of this report, an employee should be included in the group to which he or she appears to belong, identifies with or is regarded in the community as belonging. However, no person should be counted in more than *one* racial/ethnic group.

Note: Any person of Hispanic or Latino origins, in whole or in part, should be reported as Hispanic or Latino.

Note: The "Asian or Pacific Islander" category has been split into separate "Asian" and "Native Hawaiian or Other Pacific Islander" categories.

Item 11 Other Staff in This District

Report in the categories listed, all paraprofessionals and support staff employed by this school district. Report as teacher aides or library support staff only persons engaged in activities which, in the absence of such staff, would ordinarily be performed by teachers or librarians. Report as teaching assistants only persons who actually hold licenses or certificates as teaching assistants.

"Part-time" employees include (1) those whose assignments require less than the normal school (or work) day for that assignment or normal school (or work) week for that assignment and (2) those persons employed on a full-time basis who divide their time between two or more duties.

In the third column, indicate the full-time equivalence (FTE) of the amount of time worked by the *part-time* staff in each category. The FTE column should be completed only if part-time staff has been reported. The FTE should be shown to the nearest tenth (one decimal place).

FTE is the ratio between the hours of work required in a part-time position and the hours of work normally required in a full-time position in the same setting. For example, 4 teacher aides who work half-time should be reported as 2.0 in the FTE column. Similarly, an individual who spends half-time as a teaching assistant and half-time as a health aide would be reported as “1” in the part-time column as teaching assistant with a 0.5 FTE and also “1” in the part-time column as a health aide with a 0.5 FTE.

Item 12 Appeals to Graduate with a Lower Score on a Regents Examination

Beginning with students entering grade 9 in 2005, students who have taken and passed certain courses in preparation to take a Regents examination and have a 65 course average but whose highest score on the Regents examination is below the 65 passing score may appeal to graduate with a local or Regents diploma using the lower score. General education students may appeal a Regents score between 60-64; students with disabilities may appeal a Regents score between 52-54; and English language learners may appeal a Regents score between 55-59. A student must have taken the specific Regents examination twice in order to appeal. Students who are granted an appeal on two examinations and who fulfill all other course and testing requirements will receive a local diploma. Students who are granted an appeal on one examination and who fulfill all other course and testing requirements will be determined to have met all graduation requirements and, thereby, earn a Regents diploma. Forms and guidance regarding the appeals process are available at <http://www.p12.nysed.gov/ciai/gradreq/appeal-form.pdf>

In 12a, enter the number of appeals sought and the number of appeals granted for each of the specified Regents examinations during the 2015-16 school year.
