

## SIRS-301 Tested/Not Tested Confirmation Reports Level 2 Reporting (L2RPT) Report Guide

### About the Reports

The SIRS-301 Tested/Not Tested Confirmation Report allows districts and schools to view data they reported in the Student Information Repository System (SIRS) for students who should be tested on the appropriate 2012–13 New York State Testing Program (NYSTP) assessment for their grade/age. If a student was not tested, the reason why the student was not tested (Medically Excused, Administrative Error, No Valid Score, Incomplete, or No Assessment) is listed. Rules for determining eligibility for receiving a valid score can be found in the Student Information Repository System (SIRS) Manual at <http://www.p12.nysed.gov/irs/sirs/>

The Tested/Not Tested Confirmation Reports (T/NT) are available for the following New York State Testing Program (NYSTP) assessments:

- Grades 3-8 English language arts (ELA)
- Grades 3-8 mathematics
- Grades 4 & 8 science
- New York State English as a Second Language Achievement Test (NYSESLAT)
- New York State Alternate Assessment (NYSAA)
- Results for grade 8 students taking a Regents science test in lieu of the grade 8 science test
- ELL students taking the NYSESLAT in lieu of the NYSTP ELA (ELL students with the Program Service Code of “0242”)

T/NT reports contain **Summary Reports** and **Student Detail Reports**.

**Summary Reports** include data aggregated by school and district and by student subgroup. To view the data for each measure, select the appropriate subject from the “Subject Area” dropdown. In the “Assessment” dropdown, data may be viewed by grade or for a combination of applicable 3–8 (ELA and mathematics) or 4 & 8 (science) grades if “All Grades” is selected. For the NYSESLAT Assessments: Individual Modalities are listed by Grade Band (e.g. NYSESLAT: 1-2 Listening) and Total Score Modalities are listed by individual Grade (e.g. NYSESLAT: 1 Total Score).

**Student Detail Reports** show student demographic and assessment information for students in the summary reports.

The data in the T/NT reports should not be used for reviewing accountability results. Districts and schools should use the Level 2 “High School Accountability Data Verification Report” and “Elementary/Middle-Level Accountability Data Verification Report” (AVRs). Data between the T/NT reports and the AVRs could be different for the following reasons:

- a. All students tested are reported on the T/NT reports whereas on the AVRs, only continuously enrolled students are included when calculating the performance indices.
- b. Data on T/NT is by subject and grade whereas on the AVRs the data reported by test whereas on the Accountability report students taking the NYSESLAT in-lieu of the ELA are taken into account.

**Entities that can be viewed:** Data can be reviewed by the following entities enrolled during the appropriate snapshot periods listed below:

- District
- School (Public, Charter, or Nonpublic)
- Out-of-district placement (Students placed out-of-district by the CSE or a district official, including students with disabilities attending approved private schools for students with disabilities, State-supported schools (Section 4201), a special act district, or a component school of another district; (If a student is enrolled in a nonpublic school but is placed there by a public school district (indicating an OODP student); the LEA District BEDS Code will be the public school district's BEDS Code. Rules for Determining if a student is an OODP Nonpublic student: The first 8 digits of the LEA District BEDS Code does NOT match the first 8 Digits of the Building BEDS Code and the Building's BEDS Code does not end in "0888" nor "0777." On the Student Detail Report, the Out-of-district place of instruction will appear under the column "Location.")
- Home-schooled: A home-schooled student is a student who is instructed at home by a parent, guardian, or tutor employed by the parent or guardian and by request of the parent or guardian and has a home-school plan approved and supervised by the district. Home-schooled students need to be reported in SIRS only if they take a State assessment. Public School District's 12-Digit District's BEDS Code and the Building's BEDS Code ends in "0888." On the Student Detail Report, "Home-Instructed" will appear under the column "Location."
- Homebound: A homebound student is a student who is unable to attend school for the remainder of the school year because of a physical, mental, or emotional illness or injury substantiated by a licensed physician and is instructed at home or in a hospital by a tutor provided by the school district in which the student resides. These students will appear under the district's data but with the school name "Homebound" Public School District's 12-Digit District's BEDS Code and the Building's BEDS Code ends in "0777." On the Student Detail Report, "Homebound" will appear under the column "Location."

**Summary Reports**

**ELA and Mathematics:**

**Tested:** Tested data (performance levels 1-4, Total Tested, ad Mean Score) will be populated once data are returned from the contractor after scoring.

**NYSESLAT:**

**Tested:** Tested data (performance levels 1-4, No Performance Level, and Total Tested) will be populated once data are returned from the contractor after scoring.

**Tested performance levels 1-4 :**

Performance Levels are only populated when the specific grade and subscore **Total Score** modality is selected from the assessment drop-down category. E.g. “NYSESLAT: K Total Score.” In order to receive a performance level, students must receive a valid score on all four modalities.

- ❖ **Level 1** – sum of students who received a standard achieved code of “21”
- ❖ **Level 2** – sum of students who received a standard achieved code of “22”
- ❖ **Level 3** – sum of students who received a standard achieved code of “23”
- ❖ **Level 4** – sum of students who received a standard achieved code of “24”
- ❖ **No Performance Level:**
  - c. Successfully transmitted to Level 2 and are waiting to go to the testing contractor; or
  - d. Successfully transmitted to the testing contractor and are waiting for a score to be returned; or
  - e. When the data are returned from the contractor, the grade-band and individual subscore modalities (e.g. “NYSESLAT: 1-2 Listening”) will have all tested students listed under the “No Performance Level” column.
- ❖ **Total Tested:**

- ❖ **Incomplete:** Indicates students’ records were not submitted to the testing contractor for scoring (e.g. an Assessment Fact record was submitted without an Assessment Response record).
- ❖ **No Assessment:** Student has an enrollment record during the testing period; however, neither an Assessment Fact nor an Assessment Response record has been reported.
- ❖ **Total Not Tested:** Sum of students in columns Medically Excused, Administrative Error, No Valid Score, Incomplete, or No Assessment.
