Data presented in this report are based on data submitted by school districts to the SIRS for the 2010-11 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the SIRS as of the 2010-11 reporting deadline on September 30, 2011.

The federal Family Education Rights and Privacy Act (FERPA) prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

**Public School District  
Total Cohort Aspirational Performance Measure (APM):  
2007 Total Cohort as of June 2011**

The count and percentage of students in the cohort who graduated with a local, Regents, or Regents with Advanced Designation diploma AND scored 75 or higher on the English Regents examination AND scored 80 or higher on a Regents examination in mathematics as of June of the 4th year are shown below. Students who are enrolled in portfolio variance schools are excluded from this calculation.

Data presented in this report are based on data submitted by school districts to the SIRS for the 2010-11 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the SIRS as of the 2010-11 reporting deadline on September 30, 2011.

The federal Family Education Rights and Privacy Act (FERPA) prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the SIRS for the 2010-11 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the SIRS as of the 2010-11 reporting deadline on September 30, 2011.

The federal Family Education Rights and Privacy Act (FERPA) prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

**Public School District  
Total Cohort Aspirational Performance Measure (APM):  
2007 Total Cohort as of June 2011**

The count and percentage of students in the cohort who graduated with a local, Regents, or Regents with Advanced Designation diploma AND scored 75 or higher on the English Regents examination AND scored 80 or higher on a Regents examination in mathematics as of June of the 4th year are shown below. Students who are enrolled in portfolio variance schools are excluded from this calculation.

Data presented in this report are based on data submitted by school districts to the SIRS for the 2010-11 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the SIRS as of the 2010-11 reporting deadline on September 30, 2011.

The federal Family Education Rights and Privacy Act (FERPA) prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

**Public School District  
Total Cohort Aspirational Performance Measure (APM):  
2007 Total Cohort as of June 2011**

The count and percentage of students in the cohort who graduated with a local, Regents, or Regents with Advanced Designation diploma AND scored 75 or higher on the English Regents examination AND scored 80 or higher on a Regents examination in mathematics as of June of the 4th year are shown below. Students who are enrolled in portfolio variance schools are excluded from this calculation.

General Education Students	346	83.8%

Data presented in this report are based on data submitted by school districts to the SIRS for the 2010-11 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the SIRS as of the 2010-11 reporting deadline on September 30, 2011.

The federal Family Education Rights and Privacy Act (FERPA) prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

**Public School District  
Total Cohort Aspirational Performance Measure (APM):  
2007 Total Cohort as of June 2011**

The count and percentage of students in the cohort who graduated with a local, Regents, or Regents with Advanced Designation diploma AND scored 75 or higher on the English Regents examination AND scored 80 or higher on a Regents examination in mathematics as of June of the 4th year are shown below. Students who are enrolled in portfolio variance schools are excluded from this calculation.

Data presented in this report are based on data submitted by school districts to the SIRS for the 2010-11 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the SIRS as of the 2010-11 reporting deadline on September 30, 2011.

The federal Family Education Rights and Privacy Act (FERPA) prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

**Public School District  
Total Cohort Aspirational Performance Measure (APM):

Data presented in this report are based on data submitted by school districts to the SIRS for the 2010-11 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the SIRS as of the 2010-11 reporting deadline on September 30, 2011.

The federal Family Education Rights and Privacy Act (FERPA) prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

**Public School District  
Total Cohort Aspirational Performance Measure (APM):  
2007 Total Cohort as of June 2011**

The count and percentage of students in the cohort who graduated with a local, Regents, or Regents with Advanced Designation diploma AND scored 75 or higher on the English Regents examination AND scored 80 or higher on a Regents examination in mathematics as of June of the 4th year are shown below. Students who are enrolled in portfolio variance schools are excluded from this calculation.

Data presented in this report are based on data submitted by school districts to the SIRS for the 2010-11 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the SIRS as of the 2010-11 reporting deadline on September 30, 2011.

The federal Family Education Rights and Privacy Act (FERPA) prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

**Public School District  
Total Cohort Aspirational Performance Measure (APM):  
2007 Total Cohort as of June 2011**

The count and percentage of students in the cohort who graduated with a local, Regents, or Regents with Advanced Designation diploma AND scored 75 or higher on the English Regents examination AND scored 80 or higher on a Regents examination in mathematics as of June of the 4th year are shown below. Students who are enrolled in portfolio variance schools are excluded from this calculation.

Data presented in this report are based on data submitted by school districts to the SIRS for the 2010-11 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the SIRS as of the 2010-11 reporting deadline on September 30, 2011.

The federal Family Education Rights and Privacy Act (FERPA) prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

**Public School District  
Total Cohort Aspirational Performance Measure (APM):  
2007 Total Cohort as of June 2011**

The count and percentage of students in the cohort who graduated with a local, Regents, or Regents with Advanced Designation diploma AND scored 75 or higher on the English Regents examination AND scored 80 or higher on a Regents examination in mathematics as of June of the 4th year are shown below. Students who are enrolled in portfolio variance schools are excluded from this calculation.

Data presented in this report are based on data submitted by school districts to the SIRS for the 2010-11 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the SIRS as of the 2010-11 reporting deadline on September 30, 2011.

The federal Family Education Rights and Privacy Act (FERPA) prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the SIRS for the 2010-11 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the SIRS as of the 2010-11 reporting deadline on September 30, 2011.

The federal Family Education Rights and Privacy Act (FERPA) prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

**Public School District  
Total Cohort Aspirational Performance Measure (APM):  
2007 Total Cohort as of June 2011**

The count and percentage of students in the cohort who graduated with a local, Regents, or Regents with Advanced Designation diploma AND scored 75 or higher on the English Regents examination AND scored 80 or higher on a Regents examination in mathematics as of June of the 4th year are shown below. Students who are enrolled in portfolio variance schools are excluded from this calculation.

Data presented in this report are based on data submitted by school districts to the SIRS for the 2010-11 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the SIRS as of the 2010-11 reporting deadline on September 30, 2011.

The federal Family Education Rights and Privacy Act (FERPA) prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the SIRS for the 2010-11 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the SIRS as of the 2010-11 reporting deadline on September 30, 2011.

The federal Family Education Rights and Privacy Act (FERPA) prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

**Public School District  
Total Cohort Aspirational Performance Measure (APM):  
2007 Total Cohort as of June 2011**

The count and percentage of students in the cohort who graduated with a local, Regents, or Regents with Advanced Designation diploma AND scored 75 or higher on the English Regents examination AND scored 80 or higher on a Regents examination in mathematics as of June of the 4th year are shown below. Students who are enrolled in portfolio variance schools are excluded from this calculation.

Data presented in this report are based on data submitted by school districts to the SIRS for the 2010-11 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the SIRS as of the 2010-11 reporting deadline on September 30, 2011.

The federal Family Education Rights and Privacy Act (FERPA) prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the SIRS for the 2010-11 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the SIRS as of the 2010-11 reporting deadline on September 30, 2011.

The federal Family Education Rights and Privacy Act (FERPA) prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

**Public School District

Data presented in this report are based on data submitted by school districts to the SIRS for the 2010-11 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the SIRS as of the 2010-11 reporting deadline on September 30, 2011.

The federal Family Education Rights and Privacy Act (FERPA) prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

**Public School District  
Total Cohort Aspirational Performance Measure (APM):

Data presented in this report are based on data submitted by school districts to the SIRS for the 2010-11 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the SIRS as of the 2010-11 reporting deadline on September 30, 2011.

The federal Family Education Rights and Privacy Act (FERPA) prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

**Public School District  
Total Cohort Aspirational Performance Measure (APM):  
2007 Total Cohort as of June 2011**

The count and percentage of students in the cohort who graduated with a local, Regents, or Regents with Advanced Designation diploma AND scored 75 or higher on the English Regents examination AND scored 80 or higher on a Regents examination in mathematics as of June of the 4th year are shown below. Students who are enrolled in portfolio variance schools are excluded from this calculation.

Data presented in this report are based on data submitted by school districts to the SIRS for the 2010-11 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the SIRS as of the 2010-11 reporting deadline on September 30, 2011.

The federal Family Education Rights and Privacy Act (FERPA) prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

**Public School District  
Total Cohort Aspirational Performance Measure (APM):  
2007 Total Cohort as of June 2011**

The count and percentage of students in the cohort who graduated with a local, Regents, or Regents with Advanced Designation diploma AND scored 75 or higher on the English Regents examination AND scored 80 or higher on a Regents examination in mathematics as of June of the 4th year are shown below. Students who are enrolled in portfolio variance schools are excluded from this calculation.

Data presented in this report are based on data submitted by school districts to the SIRS for the 2010-11 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the SIRS as of the 2010-11 reporting deadline on September 30, 2011.

The federal Family Education Rights and Privacy Act (FERPA) prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

**Public School District  
Total Cohort Aspirational Performance Measure (APM):  
2007 Total Cohort as of June 2011**

The count and percentage of students in the cohort who graduated with a local, Regents, or Regents with Advanced Designation diploma AND scored 75 or higher on the English Regents examination AND scored 80 or higher on a Regents examination in mathematics as of June of the 4th year are shown below. Students who are enrolled in portfolio variance schools are excluded from this calculation.

Data presented in this report are based on data submitted by school districts to the SIRS for the 2010-11 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the SIRS as of the 2010-11 reporting deadline on September 30, 2011.

The federal Family Education Rights and Privacy Act (FERPA) prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

**Public School District  
Total Cohort Aspirational Performance Measure (APM):  
2007 Total Cohort as of June 2011**

The count and percentage of students in the cohort who graduated with a local, Regents, or Regents with Advanced Designation diploma AND scored 75 or higher on the English Regents examination AND scored 80 or higher on a Regents examination in mathematics as of June of the 4th year are shown below. Students who are enrolled in portfolio variance schools are excluded from this calculation.

Data presented in this report are based on data submitted by school districts to the SIRS for the 2010-11 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the SIRS as of the 2010-11 reporting deadline on September 30, 2011.

The federal Family Education Rights and Privacy Act (FERPA) prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

**Public School District  
Total Cohort Aspirational Performance Measure (APM):

Data presented in this report are based on data submitted by school districts to the SIRS for the 2010-11 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the SIRS as of the 2010-11 reporting deadline on September 30, 2011.

The federal Family Education Rights and Privacy Act (FERPA) prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

**Public School District  
Total Cohort Aspirational Performance Measure (APM):

Data presented in this report are based on data submitted by school districts to the SIRS for the 2010-11 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the SIRS as of the 2010-11 reporting deadline on September 30, 2011.

The federal Family Education Rights and Privacy Act (FERPA) prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

**Public School District  
Total Cohort Aspirational Performance Measure (APM):  
2007 Total Cohort as of June 2011**

The count and percentage of students in the cohort who graduated with a local, Regents, or Regents with Advanced Designation diploma AND scored 75 or higher on the English Regents examination AND scored 80 or higher on a Regents examination in mathematics as of June of the 4th year are shown below. Students who are enrolled in portfolio variance schools are excluded from this calculation.

Data presented in this report are based on data submitted by school districts to the SIRS for the 2010-11 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the SIRS as of the 2010-11 reporting deadline on September 30, 2011.

The federal Family Education Rights and Privacy Act (FERPA) prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

**Public School District  
Total Cohort Aspirational Performance Measure (APM):  
2007 Total Cohort as of June 2011**

The count and percentage of students in the cohort who graduated with a local, Regents, or Regents with Advanced Designation diploma AND scored 75 or higher on the English Regents examination AND scored 80 or higher on a Regents examination in mathematics as of June of the 4th year are shown below. Students who are enrolled in portfolio variance schools are excluded from this calculation.

**COUNTY: YATES**
