2. Please indicate below whether this is the first submission or an amended submission of an already approved Smart Schools Investment Plan.

First submission

3. Pursuant to the requirements of the Smart Schools funding, the planning process must include consultation with parents, teachers and students.

By checking the boxes below, you are certifying that you have engaged with those required stakeholders. Each box must be checked prior to submitting your Smart Schools Investment Plan.

- Parents
- Teachers
- Students

4. Certify that the following required steps have taken place by checking the boxes below: Each box must be checked prior to submitting your Smart Schools Investment Plan.

- The Smart Schools Investment Plan was posted on the school website for at least two weeks. The school included an address to which any written comments on the plan should be sent.
- The school board/trustees conducted a hearing that enabled stakeholders to respond to the Plan. This hearing may have occurred as part of a normal Board meeting, but adequate notice of the event must have been provided through the school website for at least two weeks prior to the meeting.
- The final proposed plan that has been submitted has been posted on the school's website and will remain for the duration of the related projects.

4a. Enter the webpage address where the final Smart Schools Investment Plan is posted. The Plan should remain posted for the life of the included projects.

High-Tech Security Features

1. Describe how you intend to use Smart Schools funds to install high-tech security features in school buildings and on school campuses.

A major priority at the Biondi Middle/High School is to ensure the safety and security of students and faculty. It is an unfortunate reality that we cannot ignore the potential for violence in our school, which is why the installation of surveillance cameras has become a high necessity at the Biondi Middle and High School.

The Smart School funds will enable us to purchase high quality surveillance cameras as a tool for ensuring safety in school and on school grounds.

Some of the benefits of the cameras will be:

- Prevent trespassers from entering school property
- Prevent students from acting out / misbehaving 3
- Deter criminal acts
- Ensures safety of staff, teachers, and school administrators

The Smart School funds will enable us to install surveillance cameras in multiple areas throughout the school and outside of the school. We will also be able to use surveillance footage to take disciplinary measures against any student who exhibits violent behavior against other students and staff, students who engage in fights, and students who get caught bullying other students.

2. Does your High-Tech Security project require new construction or substantially altered space and result in capitalized cost in excess of \$100,000?
