2. Please indicate below whether this is the first submission or an amended submission of an already approved Smart Schools Investment Plan.

First submission

3. Pursuant to the requirements of the Smart Schools funding, the planning process must include consultation with parents, teachers and students.

By checking the boxes below, you are certifying that you have engaged with those required stakeholders. Each box must be checked prior to submitting your Smart Schools Investment Plan.

- Parents
- Teachers
- Students

4. Certify that the following required steps have taken place by checking the boxes below: Each box must be checked prior to submitting your Smart Schools Investment Plan.

- The Smart Schools Investment Plan was posted on the school website for at least two weeks. The school included an address to which any written comments on the plan should be sent.
- The school board/trustees conducted a hearing that enabled stakeholders to respond to the Plan. This hearing may have occurred as part of a normal Board meeting, but adequate notice of the event must have been provided through the school website for at least two weeks prior to the meeting.
- The final proposed plan that has been submitted has been posted on the school's website and will remain for the duration of the related projects.

4a. Enter the webpage address where the final Smart Schools Investment Plan is posted. The Plan should remain posted for the life of the included projects.

Classroom Learning Technology Equipment (Devices)

Page Last Modified: 12/13/2018

1. Describe the devices you intend to purchase and their compatibility with existing or planned platforms or systems.

NYSD intends to purchase 12 MX 265 Smartboard interactive panels for our secondary school classrooms. These devices are currently and forward compatible with both our classroom technology and infrastructure technology. The interactive boards will be used to connect with teacher Macbook laptops, student Chromebooks laptops, Smart document cameras, as well as connecting independent of these through our wireless network. All laptops can display lesson plans to the board with wired or wireless network connections.

2. Describe how the proposed technology purchases will improve teaching and learning inside or outside of the classroom.

The MX 265 interactive panels will improve both teaching and learning in the classroom by giving our teachers more options for displaying both read-only and collaborative lessons for the students. Our previous smartboards were limited as being an interactive display only, without having their own independent network connection. These updated devices will allow teachers and students to share work to the device from their laptops/Chromebooks without needing a wired connection, and collaborate on the work together in real time

3. To ensure the sustainability of technology purchases made with Smart Schools funds, schools must have a plan to maintain and support technology purchases reimbursed with Smart Schools funds. This sustainability plan should support recurring costs of use that are ineligible for Smart Schools funding such as device maintenance, technical support, Internet and wireless fees, maintenance of hotspots, staff professional development, building maintenance and the replacement of incidental items.

By checking this box, you certify that the school has a sustainability plan as described above.

4. Schools must ensure that devices purchased with Smart Schools funds will be distributed, prepared for use, maintained and supported appropriately. Schools must maintain detailed device inventories in accordance with generally accepted accounting principles.

By checking this box, you certify that the school has a distribution and inventory management plan and system in place.

5. Schools must contact the SUNY/CUNY teacher preparation program that supplies the largest number of its new teachers to request advice on innovative uses and best practices at the intersection of pedagogy and educational technology.

By checking this box, you certify that you have contacted the SUNY/CUNY teacher preparation program that supplies the largest number of your new teachers to request advice on these issues.

5a. Please enter the name of the SUNY or CUNY Institution that you contacted.

CUNY Hunter College

5b. Enter the primary Institution phone number.
