SSIP Overview

Page Last Modified: 12/05/2016

1. Please enter the name of the person to contact regarding this submission.

David Mitchell

1a. Please enter a phone number for follow up questions.

5183995048

1b. Please enter their e-mail address for follow up contact.

dmitchell@oakhill.org

2. Please indicate below whether this is the first submission or an amended submission of an already approved Smart Schools Investment Plan.

First submission

3. Pursuant to the requirements of the Smart Schools funding, the planning process must include consultation with parents, teachers and students.

By checking the boxes below, you are certifying that you have engaged with those required stakeholders. Each box must be checked prior to submitting your Smart Schools Investment Plan.

- Parents
- Teachers
- Students

4. Certify that the following required steps have taken place by checking the boxes below: Each box must be checked prior to submitting your Smart Schools Investment Plan.

- The Smart Schools Investment Plan was posted on the school website for at least two weeks. The school included an address to which any written comments on the plan should be sent.
- The school board/trustees conducted a hearing that enabled stakeholders to respond to the Plan. This hearing may have occurred as part of a normal Board meeting, but adequate notice of the event must have been provided through the school website for at least two weeks prior to the meeting.
- The final proposed plan that has been submitted has been posted on the school's website and will remain for the duration of the related projects.

4a. Enter the webpage address where the final Smart Schools Investment Plan is posted. The Plan should remain posted for the life of the included projects.

www.oakhill.org

5. Your school's Smart Schools funding appropriation is:

\$5,492

6. Enter the budget sub-allocations by category that you are submitting for approval at this time. If you are not budgeting Smart Schools funds for a category, please enter 0 (zero.) If the value entered is \$0, you will not be required to complete that survey question.

	Sub-Allocations
School Connectivity	0
Classroom Technology	5,492
Replacement of Transportable Classroom Units	0
High-Tech Security	0
Totals:	5,492

School Connectivity

Page Last Modified: 12/05/2016

- Describe how you intend to use Smart Schools funds for high-speed broadband and/or wireless connectivity projects in school buildings.**

N/A

- Describe how the school plans to use digital connectivity and technology to improve teaching and learning.**

Oak Hill School currently has 6 students per classroom, currently we only have 3 computers in our technology department. Our goal is to increase this to accommodate an entire class. The students currently need to split into sections in order to go to their Technology class. By purchasing 3 new computers, it will give our students a full session of Technology with the entire time on their own computer. This will increase their effectiveness and capabilities throughout the year.

Our teachers are in need of updating their laptops, our current system does not have enough memory for their needs. With the purchase of 2 new laptops with

- Does your School Connectivity project require new construction or substantially altered space and result in capitalized cost in excess of \$100,000?**

No

- If you are submitting an allocation for School Connectivity complete this table. Note that the calculated Total at the bottom of the table must equal the Total allocation for this category that you entered in the SSIP Overview overall budget.**

	Sub-Allocation
Network/Access Costs	(No Response)
Outside Plant Costs	(No Response)
School Internal Connections and Components	(No Response)
Professional Services	(No Response)
Testing	(No Response)
Other Upfront Costs	(No Response)
Other Costs	(No Response)
Totals:	0

- Please detail the type, quantity, per unit cost and total cost of the eligible items under each sub-category. This is especially important for any expenditures listed under the "Other" category. All expenditures must be eligible for tax-exempt financing to be reimbursed with Smart Schools funds. Sufficient detail must be provided so that we can verify this is the case. If you have any questions, please contact us directly through smartschools@nysed.gov. Add rows under each sub-category for additional items, as needed.**

Select the allowable expenditure type. Repeat to add another item under each type.	Item to be purchased	Quantity	Cost per Item	Total Cost

Classroom Learning Technology Equipment (Devices)

Page Last Modified: 12/05/2016

1. Describe the devices you intend to purchase and their compatibility with existing or planned platforms or systems.

The 3 desktop computers are mad by the same company as the current laptops and are fully compatible. The new computers will get the same software and have the same programs installed to ensure that all students will be working on the same system.
 The laptops for the teachers are also a Dell product that will be fully compatible with the Smart Boards, and will be integrated with our network and public drive.
 The remainder of the funds will be used to purchase a SMART Board that will be compatible with the planned platform and systems. Any costs remaining for purchase of the SMART Board will be paid for by Oak Hill School

2. Describe how the proposed technology purchases will improve teaching and learning inside or outside of the classroom.

The technology purchases of computers will allow both our students and teacher to be able to get information and access the websites used in their daily teaching curriculum. Our teachers utilize the internet for many functions which requires our students to be able to do the same. This will allow our student to work independently to learn more.
 With the capability of hands on and independent learning the students will have the knowledge to do this on their own in the home or outside of school.
 The SMART Board enhances learning both inside and outside the classroom, as students will have a hands on approach to the learning possibilities. The students can utilize the board to work on as a large computer or a work space and will grow their educational experience. Outside the classroom, the students will have the lessons learned on the SMART Board to bring with them to "real-life" situations.

3. To ensure the sustainability of technology purchases made with Smart Schools funds, schools must have a plan to maintain and support technology purchases reimbursed with Smart Schools funds. This sustainability plan should support recurring costs of use that are ineligible for Smart Schools funding such as device maintenance, technical support, Internet and wireless fees, maintenance of hotspots, staff professional development, building maintenance and the replacement of incidental items.

By checking this box, you certify that the school has a sustainability plan as described above.

4. Schools must ensure that devices purchased with Smart Schools funds will be distributed, prepared for use, maintained and supported appropriately. Schools must maintain detailed device inventories in accordance with generally accepted accounting principles.

By checking this box, you certify that the school has a distribution and inventory management plan and system in place.

5. Schools must contact the SUNY/CUNY teacher preparation program that supplies the largest number of the its new teachers to request advice on innovative uses and best practices at the intersection of pedagogy and educational technology.

By checking this box, you certify that you have contacted the SUNY/CUNY teacher preparation program that supplies the largest number of your new teachers to request advice on these issues.

5a. Please enter the name of the SUNY or CUNY Institution that you contacted.

SUNY Albany

5b. Enter the primary Institution phone number.

518-442-5435

5c. Enter the name of the contact person with whom you consulted and/or will be collaborating with on innovative uses of technology and best practices.

Robert Banger-Dwowns, Ph.D.

6. If you are submitting an allocation for Classroom Educational Technology, complete this table.

Note that the calculated Total at the bottom of the table must equal the Total allocation for this category that you entered in the SSIP Overview overall budget.
