

SSIP Overview

Page Last Modified: 05/01/2017

**Group 1**

1. Please enter the name of the person to contact regarding this submission.

Richard Devlin

1a. Please enter a phone number for follow up questions.

914 376-4300 Ex 808

1b. Please enter their e-mail address for follow up contact.

rdevlin@westchesterschool.org

2. Please indicate below whether this is the first submission or an amended submission of an already approved Smart Schools Investment Plan.

First submission

3. Pursuant to the requirements of the Smart Schools funding, the planning process must include consultation with parents, teachers and students.

By checking the boxes below, you are certifying that you have engaged with those required stakeholders. Each box must be checked prior to submitting your Smart Schools Investment Plan.

- Parents
- Teachers
- Students

4. Certify that the following required steps have taken place by checking the boxes below: Each box must be checked prior to submitting your Smart Schools Investment Plan.

- The Smart Schools Investment Plan was posted on the school website for at least two weeks. The school included an address to which any written comments on the plan should be sent.
- The school board/trustees conducted a hearing that enabled stakeholders to respond to the Plan. This hearing may have occurred as part of a normal Board meeting, but adequate notice of the event must have been provided through the school website for at least two weeks prior to the meeting.
- The final proposed plan that has been submitted has been posted on the school's website and will remain for the duration of the related projects.

4a. Enter the webpage address where the final Smart Schools Investment Plan is posted. The Plan should remain posted for the life of the included projects.

westchesterschool.org

5. Your school's Smart Schools funding appropriation is:

\$77,407

6. Enter the budget sub-allocations by category that you are submitting for approval at this time. If you are not budgeting Smart Schools funds for a category, please enter 0 (zero.) If the value entered is \$0, you will not be required to complete that survey question.

	Sub-Allocations
School Connectivity	0
Classroom Technology	45,160
Replacement of Transportable Classroom Units	0
High-Tech Security	32,248
<b>Totals:</b>	<b>77,408</b>

School Connectivity

Page Last Modified: 05/01/2017

**Group 1**

1. Describe how you intend to use Smart Schools funds for high-speed broadband and/or wireless connectivity projects in school buildings.

(No Response)

2. Describe how the school plans to use digital connectivity and technology to improve teaching and learning.

(No Response)

3. Does your School Connectivity project require new construction or substantially altered space and result in capitalized cost in excess of \$100,000?

(No Response)

4. If you are submitting an allocation for School Connectivity complete this table.

Note that the calculated Total at the bottom of the table must equal the Total allocation for this category that you entered in the SSIP Overview overall budget.

	Sub-Allocation
Network/Access Costs	(No Response)
Outside Plant Costs	(No Response)
School Internal Connections and Components	(No Response)
Professional Services	(No Response)
Testing	(No Response)
Other Upfront Costs	(No Response)
Other Costs	(No Response)
<b>Totals:</b>	<b>0</b>

5. Please detail the type, quantity, per unit cost and total cost of the eligible items under each sub-category. This is especially important for any expenditures listed under the "Other" category. All expenditures must be eligible for tax-exempt financing to be reimbursed with Smart Schools funds. Sufficient detail must be provided so that we can verify this is the case. If you have any questions, please contact us directly through [smartschools@nysed.gov](mailto:smartschools@nysed.gov). Add rows under each sub-category for additional items, as needed.

Select the allowable expenditure type. Repeat to add another item under each type.	Item to be purchased	Quantity	Cost per Item	Total Cost
(No Response)	(No Response)	(No Response)	(No Response)	(No Response)

## Classroom Learning Technology Equipment (Devices)

Page Last Modified: 05/01/2017

**Group 1****1. Describe the devices you intend to purchase and their compatibility with existing or planned platforms or systems.**

The School currently has old technology in the classroom. We have smart boards that are outdated and in disrepair that need to be replaced. The new technology are Activpanels that are interactive flat 70" panels. Smartboards and Activpanels are an essential part of the classroom. The educational advantages of using the interactive boards is enhanced by the connection to the internet directly.

**2. Describe how the proposed technology purchases will improve teaching and learning inside or outside of the classroom.**

This technology will aid our students in the classroom by utilizing all the capabilities of the internet. Programming and classroom educational software will be available to our students through the activpanel. The activpanel is the next generation of smart boards. This computer technology is essential to the classroom. The panel also aids our special children with sensory interaction with the board. This technology allows our students to participate in all levels of instruction through active participation in the scheduled lesson plan. This interaction is both visual and sensory and enables our special needs students to benefit from an enhanced level of learning.

**3. To ensure the sustainability of technology purchases made with Smart Schools funds, schools must have a plan to maintain and support technology purchases reimbursed with Smart Schools funds. This sustainability plan should support recurring costs of use that are ineligible for Smart Schools funding such as device maintenance, technical support, Internet and wireless fees, maintenance of hotspots, staff professional development, building maintenance and the replacement of incidental items.**

By checking this box, you certify that the school has a sustainability plan as described above.

**4. Schools must ensure that devices purchased with Smart Schools funds will be distributed, prepared for use, maintained and supported appropriately. Schools must maintain detailed device inventories in accordance with generally accepted accounting principles.**

By checking this box, you certify that the school has a distribution and inventory management plan and system in place.

**5. Schools must contact the SUNY/CUNY teacher preparation program that supplies the largest number of its new teachers to request advice on innovative uses and best practices at the intersection of pedagogy and educational technology.**

By checking this box, you certify that you have contacted the SUNY/CUNY teacher preparation program that supplies the largest number of your new teachers to request advice on these issues.

**5a. Please enter the name of the SUNY or CUNY Institution that you contacted.**

Suny New Paltz

**5b. Enter the primary Institution phone number.**

845-257-2800

**5c. Enter the name of the contact person with whom you consulted and/or will be collaborating with on innovative uses of technology and best practices.**

Dr. Michael Rosenberg

**6. If you are submitting an allocation for Classroom Educational Technology, complete this table.**

Note that the calculated Total at the bottom of the table must equal the Total allocation for this category that you entered in the SSIP Overview overall budget.

High-Tech Security Features

Page Last Modified: 05/01/2017

**Group 1**

- 1. Describe how you intend to use Smart Schools funds to install high-tech security features in school buildings and on school campuses.**

The funds will be used to purchase and install cameras and other video equipment around our school building. Many organizations have held back on purchasing a security camera system because of poor image quality issues that plagued the old surveillance systems. We have one of those old systems with many cameras that do not function properly. We need to upgrade this system. Thankfully the technology of today is of very high image quality and we feel that an investment at this time is crucial to our security needs.

- 2. Does your High-Tech Security project require new construction or substantially altered space and result in capitalized cost in excess of \$100,000?**

No

- 3. If you have made an allocation for High-Tech Security Features, complete this table. Note that the calculated Total at the bottom of the table must equal the Total allocation for this category that you entered in the SSIP Overview overall budget.**

	Sub-Allocation
Electronic Security System	32,248
Entry Control System	0
Approved Door Hardening Project	0
Other Costs	0
<b>Totals:</b>	<b>32,248</b>

- 4. Please detail the type, quantity, per unit cost and total cost of the eligible items under each sub-category. This is especially important for any expenditures listed under the "Other" category. All expenditures must be capital bond eligible to be reimbursed with Smart Schools funds. If you have any questions, please contact us directly through [smartschools@nysed.gov](mailto:smartschools@nysed.gov). Add rows under each sub-category for additional items, as needed.**
