h1. APPROVED SCHOOL MISSION (Regents, NYCDOE, and Buffalo BOE authorized schools only)

MISSION STATEMENT

The mission of the Urban Choice Charter School is to provide Rochester students with a safe, supportive, and intellectually challenging educational environment. The central philosophy is that strong student-teacher relationships are essential to student motivation, engagement, and achievement. This philosophy, in combination with authentic efforts at family involvement, and the effective teaching of a rich, rigorous, and engaging curriculum, will enable students to build a strong foundation for college and career readiness, exceed state achievement standards and defy the demographic destiny of poverty.

h2. KEY DESIGN ELEMENTS (Regents, NYCDOE, and Buffalo BOE authorized schools only)

KEY DESIGN ELEMENTS (Brief heading followed by a description of each Key Design Elements (KDE). KDEs are those general aspects of the school that are innovative or unique to the school’s mission and goals, are core to the school’s overall design, and are critical to its success. The design elements may include a specific content area focus; unique student populations to be served; specific educational programs or pedagogical approaches; unique calendar, schedule, or configurations of students and staff; and/or innovative organizational structures and systems.

Variable 1	Urban Choice Charter School is dedicated to ensuring that positive student/teacher relationships are being formed. Every student’s unique needs are being met through a learning environment suited to their individual needs. We provide students with a staff to student ratio of 1:6. Every K-3 classroom has a full-time Teaching Assistant that remains with the class the entire day. The Grade 4, 5 and 6 classrooms share a Teaching Assistant throughout the day. Our Grades 7 and 8 have a dedicated ELA Teacher at each grade level. They have a double-block of ELA twice a week (150 minutes extra). Students in Grades 7 and 8 receive an additional 45 minute period twice a week for RTI. Urban Choice Charter School has a dedicated RTI teacher that works with our Tier 3 students throughout the week. We have four full-time special education teachers, a social worker, and counselor that provide mandated services and three intervention specialists that work with at-risk students. We employ a nurse, special education compliance coordinator, and a physical education coordinator. Our ENL teacher provides instruction both in the classroom and individually outside of the classroom. The staff at Urban Choice Charter School are one of the most important differences that makes us stand out.
Variable 2	Implementing a Rigorous, Rich, Common Core Aligned, and Engaging Curriculum: At Urban Choice we implemented the Success for All Reading program in our Grades K through 5.

This program from Johns Hopkins University is a well-researched and documented curriculum. It provides a 90 minute dedicated reading block. Students are grouped at their reading level and taught at their instructional level. Every eight weeks students are evaluated and move on to different groups. We believe that being able to read, addresses many of the issues that we see students struggling with in math and other core subjects. The SFA teachers include classroom teachers as well as special education, RTI and special area teachers. All of these teachers received two full days of training as well as on-going training throughout the year. Teachers meet every two weeks to review data from their students to make decisions on best strategies to implement. This allows our students to participate in activities based on academic readiness that has a demonstrable impact on the level of student engagement. Using pacing strategies to match students' rate of learning as well as other strategies have decreased the number of discipline issues. UCCS utilizes the Engage NY curricular modules and units for Math across all grades and the ELA in grades 6 through 8. The eighth grade students have the opportunity to earn high school credits in Spanish and Science. UCCS has a Math Coach and ELA Coach. Their role is to assure that teachers have the instructional support they need, as well as meeting with them to analyze student data to make informed decisions on strategies that need to be implemented.

Variable 3

Urban Choice Charter School believes that for students to make academic progress they need to be in school and in class. To support this we have implemented the "Help Zone." This allows students to have a spot, to go to, that is staffed with Behaviorists. Students can work through the issue that they are having in the classroom and come to a solution and go back to class. The immediacy of the return to class is the important piece of this program. Students will not miss as much academic instruction than they normally would, as well as the rest of the class. The Behaviorists can determine if the student needs a higher level of intervention and contact the appropriate resources. The Alternative to Suspension model is another strategy that Urban Choice utilizes. Students remain in school instead of being sent home for a behavioral incident. While in ATS students receive the same instruction that they would have received in the classroom by a certified teacher. There is no lag in academics for the student. As well as the academic piece, the student will receive a workshop delivered by a Crisis Intervention/Prevention Education Specialist. The emphasis of this program is on immediate crisis response, restorative practices, information and referrals. The primary focus is violence prevention. Urban Choice has also initiated the "Getting Along Together" program in Grades K through 6. The main focus of this program is self-regulation. Students are taught about

	<p>identifying their feelings, strategies to self-regulate as well as role playing these strategies. The lessons are taught throughout the school year. The common language is used throughout the school day by all teachers and staff. Another part of this program is student goal-setting. Each classroom sets weekly goals, as well as students setting an individual weekly goal.</p> <p>Urban Choice has two therapy dogs. Duncan and Louie Armstrong live with staff members and they come to school each day. The dogs are used to calm students in crisis, as well as relieving both child and adult anxiety in families.</p>
Variable 4	<p>Urban Choice offered a four hour Saturday Academy for six weeks. We were able to offer cooking classes/nutrition education, robotics and Little Medical School. Students explored recipes from snacks and sauces to dips and desserts. They were the chefs and prepared the snacks themselves. They were able to learn how to work safely in the kitchen and had discussions around nutrition. The Little Medical School program aims to inspire children to aspire for careers in healthcare through demonstrations, crafts and games. Students learned how the body and organs work, as well as how to use instruments that real doctors use. Our robotics program allowed students to become critical thinkers, gain a deeper insight into science, engage in hands-on science exploration, analyze data, carry out investigations, solve real world problems and become creators of the future. UCCS offered a four week summer school program. This year's program focused on Language Arts, Math and Science. Language Arts was a 90 minute block and we continued with our Success For All reading program. Math and Science were each a 60 minute block. For the first time this year UCCS offered a wrap care program. Students from the morning academic piece could stay for the afternoon for activities and field trips. This allowed parents that work an opportunity for free child care. All students were provided breakfast and lunch.</p> <p>The Center for Youth provides after-school care during the regular school year. UCCS and CFY work closely together to provide students' with academic enrichment and recreational opportunities. We also partner for PTA events at night throughout the school year. This year the CFY hosted a STEP Club. The students in this club performed at many events held at UCCS and off campus.</p>
Variable 5	<p>Urban Choice Charter School implemented Solution Teams this year. All teachers and teaching assistants signed up for one of five teams; Attendance, Cooperative Culture, Parent and Family Involvement, Community Connections and Intervention. All teams met once per month during the school year. Data pertinent to their team's goals were analyzed, solutions of issues were brainstormed, formalized and put into an action plan. Once per quarter a Solution Teams' meeting was held where each team reported out as</p>

	to their team’s goals for the previous quarter, if they were met and how they are going to proceed for the next quarter. Monthly meeting notes are compiled and sent to the Solution Team Coordinator that made sure teams stayed on track and provided them with any missing data that they needed. The use of these teams allowed for shared decision making to occur at UCCS.

Entry 4 Expenditures per Child

Last updated: 07/25/2018

URBAN CHOICE CS (REGENTS)Section Heading

Financial Information

This information is required of ALL charter schools. Provide the following measures of fiscal performance of the charter school in Appendix B (Total Expenditures and Administrative Expenditures Per Child):

1. Total Expenditures Per Child

To calculate '**Total Expenditures per Child**' take total expenditures (from the unaudited 2017-18 Schedule of Functional Expenses) and divide by the year end FTE student enrollment. (Integers Only. No dollar signs or commas).

Note: *The information on the Schedule of Functional Expenses on pages 41-43 of the Audit Guide can help schools locate the amounts to use in the two per pupil calculations:* <http://www.p12.nysed.gov/psc/AuditGuide.html>

Line 1: Total Expenditures	5894290
Line 2: Year End FTE student enrollment	395
Line 3: Divide Line 1 by Line 2	14922

2. Administrative Expenditures per Child

To calculate **'Administrative Expenditures per Child'** To calculate "Administrative Expenditures per Child" first *add* together the following:

1. Take the relevant portion from the 'personnel services cost' row and the 'management and general' column (from the unaudited 2017-18 Schedule of Functional Expenses)
2. Any contracted administrative/management fee paid to other organizations or corporations
3. Take the total from above and divide it by the year-end FTE enrollment. The relevant portion that must be included in this calculation is defined as follows:

Administrative Expenditures: Administration and management of the charter school includes the activities and personnel of the offices of the chief school officer, the finance or business offices, school operations personnel, data management and reporting, human resources, technology, etc. It also includes those administrative and management services provided by other organizations or corporations on behalf of the charter school for which the charter school pays a fee or other compensation. Do not include the FTE of personnel whose role is to directly support the instructional program.

Notes:
The information on the Schedule of Functional Expenses on pages 41-43 of the Audit Guide can help schools locate the amounts to use in the two per pupil calculations:
<http://www.p12.nysed.gov/psc/AuditGuide.html>.
Employee benefit costs or expenditures should not be reported in the above calculations.

Line 1: Relevant Personnel Services Cost (Row)	2901213
Line 2: Management and General Cost (Column)	974281
Line 3: Sum of Line 1 and Line 2	3875494
Line 5: Divide Line 3 by the Year End FTE student enrollment	9811

Urban Choice Charter School

Report on the Financial Statements

We have audited the accompanying financial statements of Urban Choice Charter School, which comprise the statement of financial position as of June 30, 2018, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Urban Choice Charter School as of June 30, 2018, and the changes in its net assets, its functional expenses, and its cash flows for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited Urban Choice Charter School's June 30, 2017 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated October 25, 2017. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2017 is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated August 16, 2018 on our consideration of Urban Choice Charter School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Urban Choice Charter School's internal control over financial reporting and compliance.

NOTE A: THE CHARTER SCHOOL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Charter School

Urban Choice Charter School (the "Charter School") is an independent public school established under the provisions of the New York State Charter School Act of 1998, enacted as Article 56 of the Education Law. The Charter School was chartered by the Board of Regents of the New York State Education Department (NYSED) in 2005 and its current charter has been renewed through June 2020.

It is the school's mission to provide students in Rochester, New York with a safe, supportive, and intellectually engaging educational environment. The central philosophy of the Charter School is that strong student-teacher relationships are essential to student motivation and achievement. The Charter School is designed to strengthen these bonds and assist students in overcoming the demographic destiny of poverty and exceed state achievement standards. The 2017-18 school year represents the Charter School's thirteenth year of operation. During this academic year, the Charter School provided educational instruction to students in kindergarten through eighth grade.

Financial Statement presentation

The financial statements of the Charter School have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP). The Charter School reports information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets and permanently restricted net assets.

These classes of net assets are defined as follows:

Permanently restricted – Net assets resulting from contributions and other inflows of assets whose use by the Charter School is limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the Charter School. The Charter School had no permanently restricted net assets at June 30, 2018 or 2017.

Temporarily restricted – Net assets resulting from contributions and other inflows of assets whose use by the Charter School is limited by donor-imposed stipulations that either expire by passage of time or can be fulfilled and removed by actions of the Charter School pursuant to those stipulations. The Charter School had no temporarily restricted net assets at June 30, 2018 or 2017.

Unrestricted – The net assets over which the Governing Board has discretionary control to use in carrying on the Charter School's operations in accordance with the guidelines established by the Charter School. The Board may designate portions of the current unrestricted net assets for specific purposes, projects or investment.

New Accounting Pronouncement

In May 2015, the FASB issued Accounting Standards Update 2015-07, "Fair Value Measurement: Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)". The amendments apply to reporting entities that elect to measure the fair value of an investment using the net asset value ("NAV") per share (or its equivalent) practical expedient. The amendments remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the NAV practical expedient. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using NAV per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. ASU 2015-07 is effective for nonpublic business entities in fiscal years beginning after December 15, 2016. The Organization has applied the amendments in this update retrospectively to all periods presented. As the Organization measures certain investments using the NAV practical expedient, upon adoption of ASU 2015-07, the fair value of these investments have been removed from the fair value hierarchy in all periods presented in the Organization's financial statements. The Organization will continue to disclose information on these investments for which fair value is measured at NAV as a practical expedient.

Revenue and support recognition

Revenue from state and local governments resulting from the Charter School's charter status and based on the number of students enrolled is recorded when services are performed in accordance with the charter agreement.

Revenue from federal, state and local government grants and contracts are recorded by the Charter School when qualifying expenditures are incurred and billable or the requirements of the grant are met.

Reclassifications

Certain prior year amounts have been reclassified to conform with current year presentation.

Contributions

Contributions and unconditional promises to give are recorded as unrestricted, temporarily or permanently restricted support depending on the existence of any donor restrictions. A contribution that is received and expended in the same year for a specific purpose is classified as unrestricted revenue.

Contributions are recorded as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities and changes in net assets as net assets released from restrictions.

Cash

Cash balances are maintained at financial institutions located in New York and are insured by the Federal Deposit Insurance Corporation up to \$250,000 at each institution. In the normal course of business, the cash account balances at any given time may exceed insured limits. However, the Charter School has not experienced any losses in such accounts and does not believe it is exposed to significant risk in cash.

Designated cash

The Charter School maintains designated cash in accordance with the terms of its charter agreement for potential school close-out expenses.

Grants and other receivables

Grants and other receivables are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts based on its assessment of the current status of individual receivables from grants, agencies and others. Balances that are still outstanding after management has used reasonable collection efforts are written off against the allowance for doubtful accounts. There was no allowance for doubtful accounts at June 30, 2018 and 2017.

Property and equipment

Property and equipment are recorded at cost. Depreciation is computed using the straight-line method on a basis considered adequate to depreciate the assets over their estimated useful lives, which range from three to twelve years.

Contributed services

Volunteers have donated significant amounts of time in support of the Charter School's activities. However, the value of these services is not reflected in the accompanying statements, as they do not meet the criteria for recognition as set forth under generally accepted accounting principles.

Tax exempt status

The Charter School is a tax-exempt organization under section 501(c)(3) of the Internal Revenue Code and applicable state regulations and, accordingly, is exempt from federal and state taxes on income.

The Charter School files Form 990 tax returns in the U.S. federal jurisdiction. The tax returns for the years ended June 30, 2015 through June 30, 2018 are still subject to potential audit by the IRS. Management of the Charter School believes it has no material uncertain tax positions and, accordingly it will not recognize any liability for unrecognized tax benefits.

Marketing costs

The Charter School expenses marketing costs as they are incurred. Total marketing and recruiting costs totaled \$14,736 and \$31,163 for the years ended June 30, 2018 and 2017, respectively.

Deferred revenue

The Charter School records grant revenue as deferred revenue until it is expended for the purpose of the grant, at which time it is recognized as revenue.

Use of estimates in the preparation of financial statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent events

The Charter School has conducted an evaluation of potential subsequent events occurring after the statement of financial position date through August 16, 2018, which is the date the financial statements are available to be issued. No subsequent events requiring disclosure were noted.

NOTE B: PROPERTY AND EQUIPMENT

Property and equipment consisted of the following:

	<u>June 30,</u>	
	<u>2018</u>	<u>2017</u>
Leasehold improvements	\$ 1,553,762	\$ 1,526,935

	<u>\$ 442,207</u>	<u>\$ 618,227</u>

NOTE C: SCHOOL FACILITY

The Charter School signed a lease for its facility from a third party commencing July 16, 2008 through July 15, 2019. Rent expense totaled \$275,400 for the year ended June 30, 2018. Future expected minimum payment for this lease is \$281,000 for the year ended June 30, 2019.

NOTE D: CONTINGENCY

Certain grants and contracts may be subject to audit by funding sources. Such audits might result in disallowance of costs submitted for reimbursement by the Charter School. Management is of the opinion that such disallowances, if any, will not have a material effect on the accompanying financial statements. Accordingly, no amounts have been provided in the accompanying financial statements for such potential claims.

NOTE E: CONCENTRATIONS

The Charter School's primary source of funding is obtained from the Rochester City School District and is reported as resident student enrollment revenue in the accompanying statement of activities and changes in net assets. This funding is received on a per pupil basis and was approximately 89% and 83% of the Charter School's total revenue for the years ended June 30, 2018 and 2017, respectively.

(With Comparative Totals for 2017)

NOTE F: RETIREMENT PLAN

The Charter School sponsors a tax-sheltered annuity 403(b) retirement savings plan (the Plan) for all employees. Employees are eligible to participate if they are at least 21 years of age and have to be scheduled to work at least 500 hours of service annually. The Charter School will automatically contribute an amount equal to 1% of an employee's annual base salary to the 403(b) plan, regardless of the employee's contribution. The School will also match, dollar for dollar, up to an additional 3% of an employee's annual base salary and for every five (5) years of consecutive service. The Charter School recognized retirement plan expense related to its contributions to the Plan totaling \$134,117 and \$133,025, during the years ended June 30, 2018 and 2017, respectively.

NOTE G: LINE OF CREDIT

The Charter School has an available line of credit of \$200,000 with a bank that is renewable on an annual basis, requiring monthly payments of interest at prime plus .50% (an effective rate of 5.50% at June 30, 2018). There were no borrowings against the line of credit at June 30, 2018 and 2017, respectively.

NOTE H: INVESTMENTS

The Charter School utilizes information received from Rochester Area Community Foundation (RACF) regarding the composition of the investment funds and the value of securities held in the funds. RACF values the securities in the funds based on quoted market prices, when available. RACF also holds partnership interests which are valued based on securities held by each partnership. RACF estimates fair value of these investments based on information received from the investment custodian, including inputs used by the custodian's pricing service (benchmark yields, reported trades, broker/dealer quotes, issuer spreads, benchmark securities, bids, offers, and reference data including market research publications). The appraisals that result from these inputs do not necessarily reflect net results obtainable in the event of actual liquidation.

Fair value, cost and unrealized appreciation of the Charter School's investments are as follows:

	<u>Fair Value</u>	<u>Cost</u>	<u>Unrealized appreciation</u>
<u>June 30, 2018</u>			
Funds held by RACF:			
Investment pools	\$ 758,299	\$ 675,000	\$ 83,299
<u>June 30, 2017</u>			
Funds held by RACF:			
Investment pools	\$ 472,771	\$ 425,000	\$ 47,771

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the risks associated with the investment securities and the uncertainty related to changes in the fair value of investment securities, it is at least reasonably possible that changes in risk could materially affect the Charter School's financial statements.

NOTE I: FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America ("GAAP") establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the balance sheet.

URBAN CHOICE CHARTER SCHOOL
NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2018
(With Comparative Totals for 2017)

NOTE I: FAIR VALUE MEASUREMENTS, Cont'd

The investments by the School at year end are managed by The Rochester Area Community Foundation. This Fund typically maintains approximately 65% of its investments in Level 1 and 35% in Level 2. We have provided an allocation of funds between Level 1 and 2 based upon these percentages. The actual breakdown by Level 1 and 2 is not currently available from the Foundation.

		Assets at Fair Value		
		Level 1 (est)	Level 2 (est)	Total
<u>June 30, 2018</u>				
Investments:				
Funds held by RACF, at NAV		\$ 492,894	\$ 265,405	\$ 758,299
<u>June 30, 2017</u>				
Investments:				
Funds held by RACF, at NAV		\$ 307,301	\$ 165,470	\$ 472,771

The Charter School uses the Net Asset Value (NAV) to determine fair value of all the underlying investments which: (a) do not have a readily determinable fair value and (b) prepare their investees' financial statements consistent with the measurement principles of an investment company or have the attributes of an investment company. The NAV of these funds was \$758,299 and \$472,771 at December 31, 2018 and 2017, respectively, and there were no unfunded commitments. Any redemptions from the fund require a two thirds vote of the Organization's Board of Directors.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Charter School believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Trustees
Urban Choice Charter School

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Urban Choice Charter School, which comprise the statement of financial position as of June 30, 2018 and the related statements of activities and changes in net assets, functional expenses and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated August 16, 2018.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Urban Choice Charter School's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Urban Choice Charter School's internal control. Accordingly, we do not express an opinion on the effectiveness of Urban Choice Charter School's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Urban Choice Charter School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain other matters that we have reported to management of Urban Choice Charter School in a separate letter dated August 16, 2018.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Board of Trustees
Urban Choice Charter School

In planning and performing our audit of the financial statements of Urban Choice Charter School (the "Charter School") as of and for the year ended June 30, 2018, in accordance with auditing standards generally accepted in the United States of America, we considered the Charter School's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Charter School's internal control. Accordingly, we do not express an opinion on the effectiveness of the Charter School's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A reasonable possibility exists when the likelihood of an event occurring is either reasonably possible or probable as defined as follows:

- *Reasonably possible.* The chance of the future event or events occurring is more than remote but less than likely.
- *Probable.* The future event or events are likely to occur.

Our consideration of internal control was for the limited purpose described in the first paragraph of this letter and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

During the course of our audit of the financial statements of Urban Choice Charter School as of and for the year ended June 30, 2018, we observed the Charter School's significant accounting policies and certain business, financial and administrative practices. As a result of our observations, we noted the following, which we do not consider to be a significant deficiency or material weakness:

- 1 -

Bank Reconciliations and Statements

During our audit, we noted one instance where a bank reconciliation was not initialed by the Director of Operations and Finance and a member of the Finance Committee to indicate their respective preparation and review as required by the Internal Control Policies. We also noted one instance where the bank statement was not initialed by a member of the Finance Committee to indicate the balance on the bank statement agreed to the monthly financial report or bank reconciliation.

Recommendation

We recommend the Director of Operations and Finance and a member of the Finance Committee initial each bank reconciliation after their respective preparation and review as required by the Internal Control Policies. We also recommend the bank statements are initialed by a member of the Finance Committee to indicate that the balance on each account agrees to the monthly financial report or bank reconciliation as required by the Internal Control Policies.

Vacation Accrual

During our audit, we noted that there was no management review of accrued vacation balances or the rate of accrual for the applicable employees.

Recommendation

We recommend the Charter School implement a process to review accrued vacation balances to ensure balances are correct and employees are earning vacation at the proper rates.

Other Items

The following item is not considered to be a deficiency in internal control; however, it is an item which we would like to communicate to you as follows:

Maintaining separate finance committee minutes of meetings have recently started. We suggest this be continue for all future meetings as an indication of good governance.

Status of matters included in our letter as of June 30, 2017, dated October 25, 2017

Cash Disbursements

We are pleased to report prior year recommendations were implemented and there were no instances where selected payments were not supported by a completed requisition and/or a documented receiving signature.

This communication is intended solely for the information and use of Management and the Board of Trustees and is not intended to be and should not be used by anyone other than these specified parties.

Board of Trustees
Urban Choice Charter School

We have audited the financial statements of Urban Choice Charter School as of and for the year ended June 30, 2018, and have issued our report thereon dated August 16, 2018. Professional standards require that we advise you of the following matters relating to our audit.

Our Responsibility in Relation to the Financial Statement Audit

As communicated in our engagement letter dated June 25, 2018, our responsibility, as described by professional standards, is to form and express an opinion about whether the financial statements that have been prepared by management with your oversight are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of its respective responsibilities.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of Urban Choice Charter School solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

We have provided our comments regarding control deficiencies and other matters noted during our audit in a separate letter to you dated August 16, 2018.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate, and our firm have complied with all relevant ethical requirements regarding independence.

Qualitative Aspects of the Entity's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by Urban Choice Charter School is included in Note A to the financial statements. As disclosed in Note A to the financial statements, during the year, the Organization adopted Financial Accounting Standards Board Accounting Standards Update (ASU) 2015-07, "Fair Value Measurement: Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)". The Organization retroactively adopted the amendments of ASU 2015-07 for all periods presented. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

The most sensitive accounting estimates affecting the financial statements are the allocations of operating expenses to program expenses, management and other expenses, and the collectability of grants receivable. We evaluated the key factors and assumptions used to develop the estimates and determined that they are reasonable in relation to the basic financial statements taken as a whole.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting Urban Choice Charter School's financial statements relate to revenue and support recognition, which is referred to in the notes of the financial statements.

Significant Difficulties Encountered During the Audit

We are pleased to report we encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of our audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to Urban Choice Charter School's financial statements or the auditor's report. We are pleased to report no such disagreements arose during the course of the audit.

Representations Requested from Management

We have requested certain written representations from management, which are included in the management representation letter.

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings or Issues

In the normal course of our professional association with Urban Choice Charter School, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, business conditions affecting the entity, and business plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as Urban Choice Charter School's auditors.

Should you desire further information concerning these matters, Ray Wager or Caitlin Langmead will be happy to meet with you at your convenience.

This report is intended solely for the information and use of the Board of Trustees and management of Urban Choice Charter School and is not intended to be and should not be used by anyone other than these specified parties.

URBAN CHOICE CHARTER SCHOOL

ADVISORY COMMENT LETTER

JUNE 30, 2018

Raymond F. Wager, CPA, P.C.
Certified Public Accountants

August 16, 2018

Board of Trustees
Urban Choice Charter School

In planning and performing our audit of the financial statements of Urban Choice Charter School (the “Charter School”) as of and for the year ended June 30, 2018, in accordance with auditing standards generally accepted in the United States of America, we considered the Charter School’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Charter School’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Charter School’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected, on a timely basis. A reasonable possibility exists when the likelihood of an event occurring is either reasonably possible or probable as defined as follows:

- *Reasonably possible.* The chance of the future event or events occurring is more than remote but less than likely.
- *Probable.* The future event or events are likely to occur.

Our consideration of internal control was for the limited purpose described in the first paragraph of this letter and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

During the course of our audit of the financial statements of Urban Choice Charter School as of and for the year ended June 30, 2018, we observed the Charter School’s significant accounting policies and certain business, financial and administrative practices. As a result of our observations, we noted the following, which we do not consider to be a significant deficiency or material weakness:

Bank Reconciliations and Statements

During our audit, we noted one instance where a bank reconciliation was not initialed by the Director of Operations and Finance and a member of the Finance Committee to indicate their respective preparation and review as required by the Internal Control Policies. We also noted one instance where the bank statement was not initialed by a member of the Finance Committee to indicate the balance on the bank statement agreed to the monthly financial report or bank reconciliation.

Recommendation

We recommend the Director of Operations and Finance and a member of the Finance Committee initial each bank reconciliation after their respective preparation and review as required by the Internal Control Policies. We also recommend the bank statements are initialed by a member of the Finance Committee to indicate that the balance on each account agrees to the monthly financial report or bank reconciliation as required by the Internal Control Policies.

Vacation Accrual

During our audit, we noted that there was no management review of accrued vacation balances or the rate of accrual for the applicable employees.

Recommendation

We recommend the Charter School implement a process to review accrued vacation balances to ensure balances are correct and employees are earning vacation at the proper rates.

Other Items

The following item is not considered to be a deficiency in internal control; however, it is an item which we would like to communicate to you as follows:

Maintaining separate finance committee minutes of meetings have recently started. We suggest this be continue for all future meetings as an indication of good governance.

Status of matters included in our letter as of June 30, 2017, dated October 25, 2017

Cash Disbursements

We are pleased to report prior year recommendations were implemented and there were no instances where selected payments were not supported by a completed requisition and/or a documented receiving signature.

[Instructions for Reporting Enrollment and Retention Strategies](#)

Describe the efforts the charter school has made in 2017-18 toward meeting targets to attract and retain enrollment of students with disabilities, English language learners, and students who are economically disadvantaged. In addition, describe the school's plans for meeting or making progress toward meeting its enrollment and retention targets in 2018-19.

URBAN CHOICE CS (REGENTS)Section Heading

Recruitment/Attraction Efforts Toward Meeting Targets

	Describe Recruitment Efforts in 2017-18	Describe Recruitment Plans in 2018-19)
Economically Disadvantaged	UCCS is already meeting targets in this area.	UCCS will continue to meet the targets in this area by using similar marketing tools.
English Language Learners	UCCS participated in the common application process. Our application is dual-language. Through this process flyers and postcards were sent to residents in all the Rochester zip codes. Billboards were also rented in high trafficked and low-income areas of the city. Radio advertisements and charter school fairs were also used. Our website has an option to change the language to other multiple languages.	UCCS will continue with the common application process and the efforts from 2017-18 but also add additional efforts of our own. These include visits to community centers, churches, and festivals in areas of high population of immigrant and refugee families. Additionally, in the upcoming lottery ELL students will be given a statistical advantage.
Students with Disabilities	Our students with disabilities percent remains about the same in comparison with last school year. UCCS participated in the common application process. Our application is dual-language. Through this process flyers and postcards were sent to residents in all the Rochester zip codes. Billboards were also rented in high trafficked and low-income areas of the city. Radio advertisements and charter school fairs were also used.	UCCS will continue with current efforts in hopes to increase our students with disabilities percentage.

Retention Efforts Toward Meeting Targets

	Describe Retention Efforts in 2017-18	Describe Retention Plans in 2018-19)
Economically Disadvantaged	UCCS continued to provide a safe and welcoming learning environment which provided students a consistent place to be successful. We had family events, PTA, open house and various student celebrations throughout the year which provided the opportunity for families to come into the school and be a part of our community.	UCCS will continue to provide a safe learning environment, opportunities for our students to be successful and provide events for our families to be part of our school community and celebrate with their students.
English Language Learners	UCCS provided ENL services throughout the year and a welcoming environment for our ENL students as well as their families. We made connections with some of our ENL communities and offered translators to any families or students that needed.	UCCS will continue to provide ENL services and reach out to our ENL families and communities as much as possible.
Students with Disabilities	Almost all of our students with IEPs have shown some growth during the school year with the help of our staff and the learning environment provided by the school.	UCCS will continue to provide a safe learning environment to ensure all IEPs are met and students have the opportunity to succeed.

Entry 11 Classroom Teacher and Administrator Attrition

Created: 07/25/2018 • Last updated: 07/27/2018

Report changes in teacher and administrator staffing.

Instructions for completing the Classroom Teacher and Administrator Attrition Tables

Charter schools must complete the tables titled 2017-2018 Classroom Teacher and Administrator Attrition to report changes in teacher and administrator staffing during the 2017-2018 school year. Please provide the full time equivalent (FTE) of staff on June 30, 2017; the FTE for any departed staff from July 1, 2017 through June 30, 2018; the FTE for added staff from July 1, 2017 through June 30, 2018; and the FTE of staff added in newly created positions from July 1, 2017 through June 30, 2018 using the tables provided.

1. Classroom Teacher Attrition Table

	FTE Classroom Teachers on 6/30/17	FTE Classroom Teachers Departed 7/1/17 - 6/30/18	FTE Classroom Teachers Filling Vacant Positions 7/1/17 - 6/30/18	FTE Classroom Teachers Added in New Positions 7/1/17 - 6/30/18	FTE of Classroom Teachers on 6/30/18
	41	20	14	0	35

2. Administrator Position Attrition Table

	FTE Administrative Positions on 6/30/17	FTE Administrators Departed 7/1/17 - 6/30/18	FTE Administrators Filling Vacant Positions 7/1/17 - 6/30/18	FTE Administrators Added in New Positions 7/1/17 - 6/30/18	FTE Administrative Positions on 6/30/18
	3	2	1	0	2

3. Tell your school's story

Charter schools may provide additional information in this section of the Annual Report about their respective teacher and administrator attrition rates as some teacher or administrator departures do not reflect advancement or movement within the charter school networks. Schools may provide additional detail to reflect a teacher’s advancement up the ladder to a leadership position within the network or an administrator’s movement to lead a new network charter school.

UCCS did not have any movement of teachers to administrative positions nor any teachers to other charter schools.

4. Charter schools must ensure that all prospective employees receive clearance through [the NYSED Office of School Personnel Review and Accountability](#) (OSPRA) prior to employment. After an employee has been cleared, schools are required to maintain proof of such clearance in the file of each employee. For the safety of all students, charter schools must take immediate steps to terminate the employment of individuals who have been denied clearance. Once the employees have been terminated, the school must terminate the request for clearance in the TEACH system.

Have all employees have been cleared through the NYSED TEACH system?

Yes

5. For perspective or current employees whose clearance has been denied, have you terminated their employment and removed them from the TEACH system?

	Yes

Thank you

Teachers as of 6/30/18

Instructions for Reporting Percent of Uncertified Teachers

The table below is reflective of the information collected through the online portal for compliance with New York State Education Law 2854(3)(a-1) for teaching staff qualifications. Enter the relevant full time equivalent (FTE) count of teachers in each column. For example, a school with 20 full time teachers and 5 half time teachers would have an FTE count of 22.5. If more than one column applies to a particular teacher, please select one column for the FTE count. Please do not include paraprofessionals, such as teacher assistants.

FTE count of uncertified teachers on 6/30/18, and each uncertified teacher should be counted only once.

	FTE Count
1. Total FTE count of uncertified teachers (6-30-18)	9
2. FTE count of uncertified teachers with at least three years of elementary, middle or secondary classroom teaching experience (6-30-18)	1
3. FTE count of uncertified teachers who are tenured or tenure track college faculty (6-30-18)	0
4. FTE count of uncertified teachers with two years of Teach for America experience (6-30-18)	0
5. FTE count of uncertified teachers with exceptional business, professional, artistic, athletic, or military experience (6-30-18)	2
6. FTE count of uncertified teachers who do not fit into any of the prior four categories (6-30-18)	6

Thank you.
