## **INDEPENDENT AUDITOR'S REPORT**

To the Board of Trustees  
New Visions Charter High School for Advanced Math and Science II

### ***Report on the Financial Statements***

We have audited the accompanying financial statements of New Visions Charter High School for Advanced Math and Science II (the "School"), which comprise the statement of financial position as of June 30, 2013, and the related statements of activities, functional expenses, and cash flows for the period from March 5, 2012 (date of inception) through June 30, 2013, and the related notes to the financial statements.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the School's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of New Visions Charter High School for Advanced Math and Science II as of June 30, 2013, and its change in net assets and its cash flows for the period from March 5, 2012 (date of inception) through June 30, 2013 in accordance with accounting principles generally accepted in the United States of America.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated October 31, 2013 on our consideration of New Visions Charter High School for Advanced Math and Science II's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering New Visions Charter High School for Advanced Math and Science II's internal control over financial reporting and compliance.

##### Financial Statement Presentation

The School's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

The classification of the School's net assets and its support, revenues and expenses is based on the existence or absence of donor-imposed restrictions. It requires that the amounts for each of the three classes of net assets, permanently restricted, temporarily restricted, and unrestricted, be displayed in the statement of financial position and that the amounts of change in each of those classes of net assets be displayed in the statement of activities.

These classes are defined as follows:

Permanently Restricted – Net assets resulting from contributions and other inflows of assets whose use by the School is limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the School.

Temporarily Restricted – Net assets resulting from contributions and other inflows of assets whose use by the School are limited by donor-imposed stipulations that either expire by passage of time or can be fulfilled and removed by actions of the School pursuant to those stipulations. When such stipulations end or are fulfilled, such temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities.

Unrestricted – The part of net assets that is neither permanently nor temporarily restricted by donor-imposed stipulations.

The School has no permanently restricted net assets as of June 30, 2013.

##### **Cash**

Included in cash is an escrow account of \$25,000, which is held aside for contingency purposes as required by SUNY-CSI.

##### **Grants Receivable**

Grants receivable represent unconditional promises to give by donors. Grants receivable are expected to be collected within one year, are recorded at net realizable value, and amount to \$222,212 at June 30, 2013. The School has determined that no allowance for uncollectible accounts is necessary at June 30, 2013. Such estimate is based on management's assessments of the creditworthiness of its donors, the aged basis of its receivables, as well as current economic conditions.

##### **Revenue Recognition**

Revenue is recognized when the donor makes a promise to give to the School that is, in substance, unconditional. Grants and other contributions of cash are reported as temporarily restricted support if they are received with donor stipulations. Restricted contributions and grants that are made to support the School's current year activities are recorded as unrestricted revenue. Contributions of assets other than cash are recorded at their estimated fair value.

Revenue from state and local governments resulting from the School's charter status and based on the number of students enrolled is recorded when services are performed in accordance with the charter agreement. Federal and other state and local funds are recorded when expenditures are incurred and billable to the government agencies.

The School receives a substantial portion of its support and revenue from the NYCDOE. If the charter school laws were modified, reducing or eliminating these revenues, the School's finances could be materially adversely affected.

##### **Net Assets**

Unrestricted net assets consist of revenues derived from government agencies, public contributions and other revenues for youth education. These net assets account for resources over which the Board of Trustees has discretionary control to use in carrying on the operations of the School.

##### **Donated Goods and Services**

Donated services are recognized as contributions if the services (a) create or enhance non-financial assets or (b) require specialized skills, are performed by people with those skills, and would otherwise be purchased by the School. Donated goods are recognized if the goods provide a benefit to the School and would have otherwise been purchased.

One individual provided legal services to the School at no charge. The value of these services meets the criteria for recognition in the financial statements and was recorded at fair value of \$65,142 for the period ended June 30, 2013.

##### **Premises Provided by Government Authorities**

The School does not record any in-kind contributions and related costs with respect to dedicated and shared space provided to it by the NYCDOE as the premises are temporary in nature, is excess shared space whereby a fair value cannot be determined, and is industry practice.

##### Property and Equipment

Purchased property and equipment are recorded at cost. Property and equipment acquired with certain government funding are recorded as expenses pursuant to the terms of the contract in which ownership of such property and equipment is retained by the funding source. Maintenance and repairs are expensed as they occur. No depreciation is recorded on construction in progress until property and equipment is placed into service. Depreciation is provided on the straight line method over the estimated useful lives of the property and equipment.

Computer equipment	3 years
--------------------	---------

##### Functional Allocation of Expenses

Directly identifiable expenses are charged to programs and supporting services. Expenses related to more than one function are charged to programs and supporting services on the basis of the proportionate share of instructional expenses and management and general. Management and general expense includes those expenses that are not directly identifiable with any other specific function, but provide for the overall support and direction of the School.

The costs of providing the various programs and other activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

##### Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

##### Subsequent Events

The School has evaluated events through October 31, 2013, which is the date the financial statements were available to be issued.

##### Income Taxes

The School follows the accounting standard for uncertainty in income taxes. The standard prescribes a minimum recognition threshold and measurement methodology that a tax position taken or expected to be taken in a tax return is required to meet before being recognized in the financial statements. It also provides guidance for derecognition, classification, interest and penalties, accounting in interim periods, disclosure and transition.

The School files an informational return in the United States federal jurisdiction. The School is subject to federal income tax examination by tax authorities for all fiscal years in which informational returns were filed.

The School believes that it has appropriate support for the positions taken on its tax returns. Nonetheless, the amounts ultimately paid, if any, upon resolution of the issues raised by the taxing authorities may differ materially from the amounts accrued for each year. Management believes that its nonprofit status would be sustained upon examination.

Should there be interest on underpayments of income tax, the School would classify it as "Interest Expense." The School would classify penalties in connection with underpayments of tax as "Other Expense."

---

The School is an affiliate of New Visions for Public Schools ("New Visions"), a not-for-profit organization dedicated to supporting public schools and helping start and manage charter schools. Pursuant to the terms of the Educational Services Agreement by and between the School and New Visions dated July 1, 2012, New Visions shall provide educational management and operational services, and fundraising to the School. As compensation to New Visions for these services rendered, the School shall pay 8% of its gross revenues. Gross revenue is defined as all such funding provided by the State, Federal, and local government, but shall exclude any private grant funding awarded to the School. Total management company fees incurred by the School for the period ended June 30, 2013 totaled \$187,977.

New Visions awarded the School a \$375,000 operating grant to be used for general operating support during its startup phase.

The balance due to New Visions from the School at June 30, 2013 amounted to \$60,870. This amount is comprised of management fees payable of \$78,870 netted against money owed to the School totaling \$18,000 which New Visions had collected on the Schools behalf. The entire amount due to New Visions was repaid subsequent to June 30, 2013.

**6. PENSION PLAN**

---

The School maintains a pension plan qualified under Internal Revenue Code 403(b) (the "Plan") for the benefit of its eligible employees. The Plan is an elective contribution plan. Employees are eligible to enroll in the Plan once they have completed at least 1 full year of service and completion of 1,000 work hours and are also eligible for discretionary employer contributions. The School's contribution becomes fully vested after the sixth year of the employees' service. Pension expense for the period ended June 30, 2013 was \$2,530 and is included in payroll taxes and employee benefits on the statement of functional expenses.

**7. RISK MANAGEMENT**

---

The School is exposed to various risks of loss related to torts; thefts of, damage to, and destruction of assets; injuries to employees; and natural disasters. The School maintains commercial insurance to protect itself from such risks.

Certain grants and contracts may be subject to audit by the funding sources. Such audits might result in disallowances of costs submitted for reimbursements. Management is of the opinion that such cost disallowances, if any, will not have a material effect on the accompanying financial statements. Accordingly, no amounts have been provided in the accompanying financial statements for such potential claims.

**8. CONCENTRATIONS**

---

Financial instruments that potentially subject the schools to a concentration of credit risk include cash accounts at a major financial institution that, at times, exceeded the Federal Deposit Insurance Corporation insured limits of \$250,000.

The School received approximately 66% of its total revenue from per pupil funding from NYCDOE during the period ended June 30, 2013.

The School's grants and other receivables consist of one major grantor accounting for approximately 90% at June 30, 2013.

The School's payables consist of two major vendors accounting for approximately 81% at June 30, 2013.

**9. TEMPORARILY RESTRICTED NET ASSETS**

Temporarily restricted net assets are purpose restricted and consist of the following as of June 30, 2013:

**Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards***

To the Board of Trustees  
New Visions Charter High School for Advanced Math and Science II

We have audited the financial statements of New Visions Charter High School for Advanced Math and Science II (the "School") as of June 30, 2013 and for the period from March 5, 2012 (date of inception) to June 30, 2013, and have issued our report thereon dated October 31, 2013. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered New Visions Charter High School for Advanced Math and Science II's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of New Visions Charter High School for Advanced Math and Science II's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the School in a separate letter dated October 31, 2013.

This report is intended solely for the information and use of the audit committee, Board of Trustees, management, the New York State Education Department and the Board of Regents of the University of the State of New York and is not intended to be and should not be used by anyone other than these specified parties.

*Communication With Those Charged With Governance*

*OCTOBER 31, 2013*

October 31, 2013

To the Audit Committee  
New Visions Charter High School for Advanced Math and Science II

We have audited the financial statements of New Visions Charter High School for Advanced Math and Science II (the "School") for the year ended June 30, 2013 and are prepared to issue our report thereon dated October 31, 2013. Professional standards require that we provide you with the following information related to our audit. This letter is divided into two sections: 1) required communications from the auditors to those with audit oversight responsibilities and 2) opportunities for strengthening internal controls or enhancing operating efficiency and our related recommendations.

## **REQUIRED COMMUNICATIONS**

### **A. Our Responsibility under U.S. Generally Accepted Auditing Standards:**

As stated in our engagement letter dated June 25, 2013, our responsibility, as described by professional standards, is to express an opinion about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. Our audit of the financial statements does not relieve you or management of your responsibilities. Our responsibility is to plan and perform the audit to obtain reasonable, but not absolute, assurance that the financial statements are free of material misstatement. As part of our audit, we considered the internal control of New Visions Charter High School for Advanced Math and Science II. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control. We are responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters.

### **B. Planned Scope and Timing of the Audit:**

We performed the audit according to the planned scope and timing previously communicated to you in our meeting about planning matters on May 13, 2013.

### **C. Auditor Independence:**

We affirm that MBAF CPAs, LLC is independent with respect to New Visions Charter High School for Advanced Math and Science II.

Member of the International Network of Certified Public Accountants

**D. Qualitative Aspects of Accounting Practices:**

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by the School are described in Note 2 to the financial statements. As described therein, the School elected to implement the application of an accounting pronouncement pertaining to accounting for uncertain tax positions. We noted no transactions entered into by the School during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

**E. Accounting Estimates Used in the Financial Statements:**

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

**Allowance for Doubtful Accounts:**

As of June 30, 2013, New Visions Charter High School for Advanced Math and Science II recorded contributions and other receivables of \$222,212. Management concluded that no allowance for doubtful accounts was necessary. Management calculated based on the assessment of the credit-worthiness of the School's donors, the aged basis of the receivables, as well as economic conditions and historical information. Based on our audit procedures which included a discussion with the Controller and a review of subsequent collections (which amounted to 96%) we concur with management's conclusion.

**Functional Statement Allocation:**

Management's estimate of the allocation of functional expenses is directly identified with the program or supporting service to which they relate. We evaluated the key factors and assumptions used to develop the estimate in determining that it is reasonable in relation to the financial statements taken as a whole.

**Depreciation:**

Management's estimate of depreciation is based on estimated useful lives of assets. We evaluated the estimated useful lives of assets in comparison to generally accepted accounting principles in determining that it is reasonable in relation to the financial statements taken as a whole.

**F. Sensitive Disclosures Affecting the Financial Statements:**

The disclosures in the financial statements are neutral, consistent, and clear. Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure(s) affecting the financial statements were:

The disclosure of Risk Management in Note 7 to the financial statements which describes various risks to which the School is exposed.

**G. Corrected and Uncorrected Misstatements:**

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Except as made known to you, management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole. We will identify those adjustments proposed both corrected and uncorrected:

**Proposed and Corrected:**

There were 5 audit adjustments (including 2 reclassification adjustments and 3 prepared by client) that decreased net assets by approximately \$99,000.

The most significant adjustments were:

- To decrease net assets by approximately \$50,000 to reverse an entry for E-Rate and adjust management fees.
- To decrease net assets by approximately \$49,000 to record the vacation accrual.

**Proposed and Uncorrected:**

There were no entries that were proposed and uncorrected during the fiscal year.

**H. Audit Difficulties and Disagreements with Management:**

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report.

We are pleased to report that no such disagreements arose during the course of our audit.

**I. Management Representations:**

We have requested certain representations from management that are included in the management representation letter dated October 31, 2013.

**J. Management Consultations with Other Independent Accountants:**

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the School's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

**K. Other Audit Findings or Issues:**

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the School's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

## **OPPORTUNITIES FOR STRENGTHENING INTERNAL CONTROLS OR ENHANCING OPERATING EFFICIENCY**

### **School Facility Lease Agreement:**

Through conversations with the School's management, we have been informed that a formal written agreement between New Visions Charter High School for Advanced Math and Science II and the Department of Education does not exist. We recommend that New Visions Charter High School for Advanced Math and Science II periodically re-explore the risks of such a relationship.

### **Federal Grants:**

We understand that the School was awarded various Federal grants totaling \$282,305. While federal funds are a valuable source of revenue, the grants impose very specific and stringent reporting requirements and compliance. In addition, where expenditure of federal funds exceeds \$500,000, an additional audit is performed in accordance with OMB Circular A-133. We recommend that the School closely review its obligations under any programs in which federal funds are received.

We wish to thank management and personnel for their support and assistance during our audit. We would be pleased to further discuss the contents of this report with you at your convenience.

This information is intended solely for the use of the Audit Committee, Board of Trustees, and management of New Visions Charter High School for Advanced Math and Science II and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING  
AGREED UPON PROCEDURES

To the Board of Trustees of New Visions Charter High School for Advanced Math and Science II:

We have performed the procedures identified below, which were agreed to by the management of New Visions Charter High School for Advanced Math and Science II and the New York State Education Department ("NYSED") solely to assist the specified parties in evaluating the School's assertion to NYSED that it has maintained compliance with the requirements of the Charter School Program ("CSP") grant and Federal and NYSED guidelines in managing the CSP grant.

This agreed-upon procedures engagement was performed in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the specific users of the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures we performed and our results are as follows:

Procedure #1: We will obtain the detail of expenditures incurred for the period under review relating to the CSP grant from the Charter School's accounting software and reconcile to the grant revenue recorded by the Charter School. If the CSP grant revenue does not equal the grant expenditures, we will investigate the differences.

Result: MBAF obtained detail of grant expenditures and reconciled to the grant revenue recorded without exception.

Procedure #2: We will obtain the NYSED approved CSP grant award information, including the budget and any amendments, to determine if the revenue and expenditures recorded for the period appear reasonable.

Result: MBAF obtained the NYSED approved CSP grant award information, including the budget and any amendments. MBAF noted the revenue and expenditures recorded for the period appear reasonable.

Procedure #3: We will select a sample of expenditures from the detail obtained in Procedure #1.

- a. Payroll – We will select 10 items or 10% of the total number of payroll items charged to the grant, whichever is less
- b. Other expenses – We will select 10 items or 10% of the total number of payroll items charged to the grant, whichever is less
- c. Using the above selected items, we will:

- i. Determine if the expenditure is in accordance with the purpose of the grant and that pre-opening expenditures are charged to pre-opening periods
- ii. Determine if the expenditure falls into an approved budget category
- iii. Determine if the expenditure was charged to the appropriate fiscal period

Result: MBAF determined that the school does not charge payroll to the grant and accordingly, selected a sample of 10 items of other expenses charged to the grant. MBAF then determined whether each expenditure was in accordance with the purpose of the grant, falls into an approved budget category, and was charged to the appropriate fiscal period, without exception.

Procedure #4: We will obtain FS25-25 form(s) submitted to NYSED during the period under review and perform the following.

- a. Trace expenditures selected in Procedure #3 to requests for reimbursement. Determine that items requested for reimbursement had previously been expended or were expended within a month following the request for reimbursement. If items have not yet been requested for reimbursement, inquire of the responsible charter school officials as to the plan for requesting reimbursement, and determine if a receivable is recorded, if appropriate.
- b. If FS-25 forms included amounts on Line 4 (Cash Expenditures Anticipated During Next Month), we will select one FS-25 and determine if funds were expended within 1 month following the date of the request.

Result: MBAF traced the sample expenditures mentioned above to requests for reimbursement, without exception. MBAF then selected one FS-25 and determined that the funds were expended within one month of the request date.

We were not engaged to, and did not, conduct an examination, the objective of which would be the expression of an opinion on New Visions Charter High School for Advanced Math and Science II's compliance with the requirements of the CSP grant. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the use of New Visions Charter High School for Advance Math and Science II and the New York State Education Department, and it is not intended to be and should not be used by anyone other than the specified parties.

Mr. Gonzalez then updated the trustees on teacher instruction and professional development happening at HUM II. Mr. Gonzalez noted that a majority of the teachers have excelled in establishing strong routines and procedures in their classrooms. The classes have structure and the scholars follow them without reminders or redirection. He also noted that teachers will be working on a development plan that has been developed by the Assistant Principal and Principal. The plan will target specific areas for improvement such as a system to keep the grade book accurate and enter grades in a timely fashion. In addition teachers will begin weekly instructional meetings together with core content teachers, in an effort to provide support to teachers in meeting the needs of all of all types of learners at HUM II. Mr. Gonzalez noted that the weekly instructional meetings are another opportunity for teachers to learn new methodologies and to also talk through dilemmas and successes in their classrooms.

#### **MOTION TO ACCEPT FINANCIAL PROCESSES AND PROCEDURE MODIFICATIONS**

Ms. Grossman made a motion that the members consider approving the proposed modifications to the Financial Processes and Procedures. Angel Rodriguez seconded the motion. Motion was approved unanimously.

### **School Reports**

#### **AMS II**

Ms. King presented information regarding the Principal Convening where all four charter Principals meet with Mr. Chaluisan monthly. She described a recent meeting during which the principals discussed challenge-based learning. She described the importance of that discussion to her ability to articulate what challenge-based learning is to her staff and to making the model real.

Ms. King discussed how challenge-based learning was being implemented during anchor week and how important it is for speakers from the community to come to the school and to help students understand that they can be a voice to affect change. She described how her active Physics teacher engaged the students in a challenge around car acceleration and had the students look at intersections in the Bronx and write about dangerous intersections. They presented their information to representatives of the Department of Transportation and a local Councilwoman. The Principals pledged to work together to roll out challenge-based learning with all of their staff- not just their "star" teachers.

#### **HUM II**

Mr. Gonzalez described a collaborative project of the four charter Principals around creating common teacher evaluation practices and using a common evaluation tool. Mr. Chaluisan commented that a colleague at New Visions has created a prototype evaluation tool that includes goals connected to standards that all the Principals can use and a common database for recording data in the school. A Board member asked whether the tool had been field-tested and Mr. Chaluisan responded that it had been used on the PSO side of New Visions and has been adapted to reflect the standards used in teacher evaluation for the charter schools.

Mr. Gonzalez reported that final exams were being administered at both HUM II and AMS II this week and that this week was anchor week as well. The challenge put to students during anchor week was “what form of student government serves us best?” The students were divided into groups and each group was given a form of government to consider. The groups must create several projects: written, verbal, visual and technological. Thursday, students will participate in a convention including a debate around the particular form of government they are advocating. They will have to have a campaign table including visual products and each group must produce a blog or wiki site. As a culminating event, the students will vote on the form of government for their student council at their school.

A Board Member asked the Principals how the LCI Capacities were being integrated. Mr. Gonzalez answered that the capacities were embedded into instruction. The staff is using the capacities as a critical lens in the classroom and you will hear the students say, “I noticed this.” In addition another capacity, “embodying” is at the heart of this trimester’s anchor project. The Principals also discussed the work that the LC Teaching Artist is doing with their staff in social studies and, next trimester, in math.

### **Operations**

Ms. Mei, NVPS Director of Operations, described the emphasis of the CMO Operation team’s work with the school Operations teams as building capacity and community among the COOs by focusing on four major stands of work: monthly COO Convenings, weekly compliance calls, bimonthly CMO Newsletter and weekly support calls/visits.

The focus of the presentation at the Board meeting was on the COO Convenings which rotate to each school on a monthly basis. The Convenings typically include the presentation of an Operational Best Practice, an Operational Dilemma that the host COO presents and ask for the other COOs to comment on and a Business Meeting where current issues/deadlines are discussed.

Pam Fairclough, the COO of HUM II and Andrea Molina, the Business Manager of AMS II, discussed their experiences at the COO Convenings.

### **HUM II**

The Convenings are really good. I had the opportunity to be at the meetings held last year where all of the CMO Directors sat around and COOs felt like they were on the hot seat. This year, the dynamic is flipped in a positive way. We get to see the others’ environment and to present something that is a problem for us in a non-threatening way. The depth and richness of the conversation is telling of the effectiveness of the meetings. We are starting to

get to the best practices piece of it and to talk about what works well and what doesn't.

All of the COOs are a little bit frustrated about getting financial information but Stacy Martin is working with us to give us local viewing access into the accounting system which will help us better manage what's going on.

## **AMS II**

It is an enriching experience. As a Business Manager and acting COO, it's relieving to see how things are working in other schools. The last meeting was a breath of fresh air because I thought I was alone in dealing with a vendor problem that turned out that Pam was experiencing as well.

We touched on discipline at the last meeting and I got great ideas from the other COOs. I really appreciate being part of the meetings because I'm not a COO but I'm accepted as one.

A Board Member asked the Principals if they knew that they have a say in custodian's ratings and they indicated that they did. The Board discussed the impact that Principals can have on Custodian's ratings.

## **BOARD BUSINESS**

The Chair reviewed the terms of Board Members and informed the Board that Sheila Breslaw and Rob Menken were moving on. Mr. Rodriguez thanked Ms. Breslaw and Mr. Menken for their dedication.

Mr. Menken said that their passion was to help new schools and that it had been a pleasure to be on the Board and that the schools were a model of how to open new schools in a caring way. Mr. Chaluisan indicated that the appreciated the time they gave and that the Board will miss them at meetings. Mr. Chaluisan indicated that he would follow up with Mr. Menken and Ms. Breslaw to ask them to write formal letters to send to the New York State Education Department (NYSED) informing them of their resignations.

Mr. Chaluisan asked the Board Members to make a commitment to recommend one or two candidates to replace Mr. Menken and Ms. Breslaw at the January meeting, or if that was too soon, at the February meeting. The Board discussed the kind of background that they should look for in potential Board members and agreed to look for business or legal expertise as well as community connections.

## **MOTION TO ACCEPT BOARD OFFICERS AND TERMS OF BOARD MEMBERS**

The Board confirmed the Officers for next year and the terms of the Board Members.

Nancy Grossman made a motion to accept the Officers and terms of Board members.

Mr. Chaluisan seconded the motion.

Motion was approved unanimously.

**MOTION TO ACCEPT BY-LAWS**

Mr. Chaluisan informed the Board that copies of the current by-laws were included in their folders. He made a recommendation to keep the by-laws as is and indicated that if there were to be a need to change anything, it could be done by a majority vote of the Board.

Mr. Chaluisan made a motion to continue with the existing by-laws as is.

Mr. Rodriguez seconded the motion.

Motion passed unanimously.

**ADJOURNMENT**

Mr. Rodriguez adjourned the meeting at 6:35 p.m.

**SCHOOL REPORTS**

**New Visions Charter High School for the Humanities II**

Mr. Gonzalez discussed instruction and interventions in place at HUM II for Trimester 2. He is working with the Instructional Specialist and teachers to develop challenged based learning in the classrooms. Professional development focuses on two strategies this trimester: workshop model in the classroom and mini-lessons that focus on skill building.

Mr. Gonzalez updated the Trustees on attendance at HUM II noting that their goal is to maintain a 90% attendance rate; they are currently at 92%. For Trimester 1 attendance was lower due to two students whose families have not yet provided proof of transfer after moving out of state. The school is actively following up on this matter. A Trustee requested that a footnote be made in the schools attendance reports of students who are no longer attending the school but continue to be included in the attendance rate.

Ms. Mei, Director of Operations at NVPS, explained that her team is working with the schools to ensure all transfer documentation is collected in a timely manner ensuring accurate student rosters for the schools and the state. A new hire at NVPS, Ms. Kathy Rodriguez, will focus on working with the schools regularly regarding all student services.

**Finance**

Pamela Fairclough, Chief Operating Officer for HUM II, updated the Trustees on the schools budget noting that HUM II began with a balanced budget that included funds from the Charter Schools Start-up Grant

(CSP). With the help of Ms. Stacy Martin, Chief Operating Officer for NVPS, Ms. Fairclough has been able to establish routine costs for programming and staffing at HUM II and more clearly assess projected costs.

### **New Visions Charter High School for the Advanced Math and Science II**

Ms. King updated the Trustees on the instructional goals for Trimester 2 at AMS II. Professional Development focuses on what a challenged based learning classroom looks like and the strategies that help teachers create student centered activities. Ms. King is using data from report cards and final exams to inform instruction and interventions for students; as a result AMS II has formed three small literacy groups to support students in their learning. Ms. King is taking steps to start Saturday Academy in order to offer multiple enrichment opportunities for students. Ms. Vega suggested that she reach out to the surrounding colleges in the area like Hostos Community College and Lehman College for support with tutoring and Saturday classes. Ms. Vega will reach out to her professional contacts at both schools and find out about additional instructional support.

Ms. King also reported to the Board that AMS II is now a NY Cares site and is seeking to become a site for Big Brother Big Sister. Mr. Chaluisan noted that he is working with CUNY College Now as a pathway for preparing Upper House students for college classroom experiences. Ms. King also highlighted to the Trustees several college readiness dinners that students and parents attended to begin conversations around financial aid and applications to colleges and universities.

### **Finance**

Ms. Martin updated the Trustees on AMS II budget noting Ms. King has increased her revenue through enrollments. Ms. Martin noted that AMS II also received their CSP grant.

## **BOARD BUSINESS**

### **UFT Updates**

The next UFT-NVCHS Board of Trustees contract negotiation meeting is scheduled for Wednesday January 16, 2013. Teachers, UFT representatives, and NVCHS Board Members hope to finalize the broad parameters of the agreement in order to have lawyers construct the legal contract which will be voted upon. A number of outstanding issues remain.

Mr. Chaluisan committed to keep the Board Members informed of the status of the negotiations.

### **Education Service Agreement (ESA)**

Ms. Mei, Director of Operations for NVPS, presented the Trustees with the annual Charter Management Organization (CMO) survey from the schools as per the ESA. The CMO used the results of the survey to improve the delivery of services to the schools as necessary. Ms. Mei and the Trustees discussed the major findings for each of the categories the schools were asked to rate and the changes that have been implemented or proposed based on these findings.

### **Board Expansion**

Mr. Chaluisan presented an update to the Trustees regarding plans to increase membership by February. Mr. Chaluisan requested that the Trustees submit names at the February Board Meeting to begin a discussion and decision process to fill up to six available slots. Mr. Chaluisan will be available to speak with candidates presented by Board Members as names are submitted.

Mr. Chaluisan reviewed the agenda

**ACCEPTANCE OF MINUTES**

The acceptance of the January minutes was postponed until the next Board Meeting since not enough Board Members were present when the minutes were discussed.

**PRINCIPALS' REPORT**

February Focus: First Trimester Data

**New Visions Charter High School for Advanced Math & Science II**

Ms. King updated the Trustees on first trimester results. Based on the data, she and her staff identified students who are in need of additional support and set in place mandatory after-school core content tutoring. The instructional team met with the students and sent letters of commitment home for parents to sign. For

the February break students are required to complete a mandatory math packet for Algebra or Geometry as part of their course grade.

Ms. King discussed eight students who are excelling in math and science and are taking Living Environment with the Assistant Principal of AMS II, who has previous experience as a science teacher. Currently, there is one student from HUM II taking the Living Environment course at AMS II.

Ms. King told the Trustees that she believed there may be a discrepancy in the number of special education students identified in the data prepared by the New Visions Data Team which would have an impact on the results presented. She indicated that her internal figures were different than those presented in the report. Lori Mei indicated that she would investigate Ms. King's concerns and, if there were material changes to the data, an update will be presented at the next Board meeting.

Ms. King also updated the Trustees on professional development and strategies in place to guide new teachers in the classroom. She described how teachers are videotaping themselves and taking turns sharing their lessons at the weekly professional development meeting, where they discuss and evaluate teaching strategies that support challenge-based learning. Ms. Grossman suggested that Ms. King also share video examples of what challenge-based learning looks like in a classroom and suggested requesting materials from New York University and Teachers College.

### **New Visions Charter High School for the Humanities II**

Mr. Gonzalez updated the Trustees on first trimester data, focusing on course pass rates and credit accumulation. Based on his review of the data, Mr. Gonzalez noted that HUM II is on track with student performance for a school that has only been open for one trimester. He and his team paid particular attention to Special Education students because of the high number of students with special needs enrolled in HUM II and that support was reflected in the strong outcomes for SPED students. Mr. Gonzalez indicated that he will continue to develop his SPED department through professional development to support students with disabilities.

Mr. Gonzalez also described the professional development that has been underway at HUM II during the first trimester. He noted that teachers focus on a specific challenge-based strategy weekly that the administration first models in a lesson for teachers. Teachers then practice the strategy during the week and visit each other's classrooms and discuss what they observed during their weekly instructional meetings. Currently, teachers are focused on identifying what a workshop model looks like in a lesson and will implement specific strategies to support the workshop model in the coming week.

In addition, Mr. Gonzalez noted that staff and students have established a positive culture for learning and they continue to work on school culture. As an example of culture-building, he described a monthly celebration called

“Amnesty Day” where students are allowed to get back on track by retaking a quiz or turning in an overdue assignment without consequences.

## **SCHOOL REPORTS**

### **Attendance and Discharges**

Ms. Mei reported on the monthly attendance and discharges noting that both schools are above the 90% attendance rate benchmark set for New Visions Charter High Schools. Ms. Mei drew the Trustees’ attention to a new metric on the attendance report, “the number of students with Excessive Absences,” which is designed to assist schools in focusing on students who have been absent 10% of the school year. If students were to be absent 10% of the time for the entire school year, they would be absent for a total of 18 school days which is almost one month of instruction. The new metric is intended to assist schools in identifying students that are at-risk for excessive absences and in implementing individualized interventions to prevent further absences.

Ms. Mei noted that the number of discharges increased at both schools due to follow-up work being done by Kathy Rodriguez, Program Associate at NVCHS Unit in collaboration with school staff. Attendance follow-up procedures include identifying long-term absent students, conducting the appropriate outreach to discover if these students are enrolled in other schools, documenting the findings and ultimately discharging these students so that they do not continue to appear on the school registers.

The Trustees, Principals and Ms. Mei engaged in conversation about the supports in place for helping the schools maintain an accurate roster throughout the year.

### **School Pathways from Lower House to Upper House**

Mr. Chaluisan shared a chart with the Trustees that described various pathways students could take if they failed a core content class or a Regents Exam without having to retake an entire core class or complete a credit recovery course. The Trustees and Mr. Chaluisan engaged in a conversation about the various pathways to successfully transition students from the Lower House to the Upper House.

### **School Application Updates**

Mr. Chaluisan updated the Trustees on the number of student applications received to date for AMS II and HUM II for next year. Both schools have received over 900 applications... Mr. Chaluisan also noted that many of the applications are coming from the districts where the schools are located which would give the applicants district preference in the lottery.

## **BOARD BUSINESS**

### **School Insurance**

Ms. Martin, Chief Operating Officer for New Visions briefed the Trustees on an insurance matter related to payments for New York Disability insurance that had recently been identified. Ms. Martin assured the Trustees that all payments have been made retroactively and that there was no lack in coverage.

### **UFT Negotiations**

Mr. Chaluisan updated the Trustees on the status of ongoing conversations between the UFT, representatives of the Board of Trustees for AMS and HUM and New Visions, as the charter management organization for the charter schools. Mr. Chaluisan offered to meet with the Trustees to go through the emerging UFT contract and suggested that they might want to designate one of their members as a liaison in this matter. The Trustees suggested that Board Member Yvette Armstrong might serve as the AMS II and HUM II liaison. Mr. Chaluisan said he will follow up with the Board and with Ms. Armstrong at the March Board Meeting.

### **Board Expansion**

Mr. Chaluisan updated the Trustees regarding the expansion of the Board and discussed a potential candidate brought forth by Mr. Rodriguez. Mr. Chaluisan will reach out to Board Members in the coming month to speak with interested candidates for the Board of Trustees.

## **ADJOURNMENT**

Mr. Chaluisan adjourned the meeting at 6:12 p.m.

**ACCEPTANCE OF PREVIOUS MEETING'S MINUTES**

Mr. Rodriguez made a motion to accept the minutes from February 11, 2013 meeting.

Mr. Faber seconded the motion which passed unanimously.

**MONTHLY SCHOOL DATA REPORTS**

Ms. Mei, Director of Operations, summarized the monthly attendance and discharge reports for both AMS II and HUM II. Average daily attendance continues to be above the 90% attendance benchmark in both schools. Ms. Mei also gave an update on the applications received to date for both schools noting that the date of the lottery is April 18, 2013 at Hostos Community College.

Mr. Chaluisan informed the Trustees that the monthly financial reports for all schools will now be given on a quarterly basis due to minor changes in data from month-to-month for both schools.

## **PRINCIPALS' SELF-REFLECTIONS**

Mr. Chaluisan told the Trustees that, as part of the Principals' mid-year evaluations, he had asked them to prepare a self-reflection on their work to date in relation to key areas in which they will be evaluated at the end of the year. These areas are Leading Instruction, Managing Operations and Managing Community Engagement. The Principals presented a summary of their self-reflections to the Trustees.

### **New Visions Charter High School for Advanced Math and Science II**

Ms. King's self-reflection centered around four major points: professional development, community engagement, school culture and college and career readiness. She described the major initiatives that she had put in place in each of these areas. Under professional development Ms. King described how she had embedded additional reading support for all her teachers through the Wilson reading program and is working to make classrooms centered on writing including math and science. Ms. King also described her work with teachers to move classrooms from teacher centered to student centered through the workshop model framework.

In the area of school culture, Principal King informed the Trustees that the attendance rate is at 93%, an indication of a loving and caring environment for students where they feel supported by all staff. Ms. King will continue to hire staff members who can support the goals and culture of the school.

When describing community engagement, Ms. King spoke about the importance of school and community collaboration as a crucial part of challenge-based learning. One such collaboration was when Assemblyman Stevenson and Ms. King arranged for his swearing in ceremony to take place at AMS II and a large number of community members and students were in attendance. For the upcoming anchor projects centered on "building a better campus," Ms. King has asked Assemblyman Stevenson to consult with her students via Skype on the possibilities for building a safer community outside of AMS II. Students will also gather community support by initiating a peace march and speaking with key members of the community.

Ms. King provided several examples to highlight the work that she and her team are doing around college and career readiness. One such initiative she described is the "life skills" workshops given by the School Counselors at AMS II. Principal King will also integrate these workshops into Saturday Academy and her School Counselors will provide advisories around character and student development.

Ms. King answered several questions for the Trustees around the four major points she presented.

## **New Visions Charter High School for the Humanities II**

Principal Gonzalez indicated that he was most proud of the culture he and his team have created for students that supports a rigorous learning environment, student growth, individuality and a strong sense of community at HUM II. Mr. Gonzalez has established strong routines and procedures that are part of a “portrait for a HUM II scholar” that start with Summer Bridge. He has also encouraged teachers to focus on the positive behavior that students’ exhibit rather than on the negative and, as a result, students are encouraging each other to behave in the “HUM II way.”

Principal Gonzalez described how he leads the weekly PD sessions by modeling best practices for creating challenge-based learning in a classroom. This has led to open professional dialogue where teachers and leadership can receive feedback for information and for personal growth. Mr. Gonzalez noted that he and his Assistant Principal will co-teach with all teachers to offer better support and examples of the workshop model and mini-lessons in a classroom. He has also developed a Google document where teachers can access feedback immediately following classroom observations so they can reflect on what they have learned in the weekly PD sessions.

Mr. Gonzalez has also established strong relationships with parents and has invited them to sit in their student’s classroom to observe. Several parents have visited their student’s classroom and have come to speak with Mr. Gonzalez. He has made working with parents to improve student performance a priority and keeps an open door policy. On the community level, Mr. Gonzalez is working with a professor from Bronx Community College to advocate for his students and connect them to college resources.

Principal Gonzalez closed his summary by describing the strong systems in place to manage the operations of the school. With the help of his COO, Mr. Gonzalez has set in place strong procedures and routines for both his students and staff.

He then answered several questions for the Trustees around the major points he presented.

## **EXECUTIVE SESSION**

Mr. Chaluisan made a motion to adjourn the public session of the Board meeting and enter into Executive Session to discuss personnel matters.

## **BOARD BUSINESS**

The Board reopened the public portion of the meeting.

### **NYSED Visit to Schools**

Mr. Chaluisan provided details regarding the New York State Education Department's visit to HUM II on Thursday, March 14 and to AMS II on Friday, March 15, 2013. The NYSED representatives asked to speak with available Board Members during their visits; Nancy Grossman and David Faber were available via phone on Friday. Ms. Martinez sent conference call information to the Board Members before the scheduled call.

### **PRINCIPALS' REPORT**

#### **New Visions Charter High School for Advanced Math and Science II**

Ms. King informed the Trustees that the after-school program helped students academically and as a result, fewer students failed one or more of their core content classes. Saturday Academy at AMS II and HUM II will begin on Saturday, April 13, 2013 and will support students in Math, College and Career Readiness, and Literacy. Ms. King used mock Geometry and Algebra Regents exams to determine which students would be invited to attend Saturday Academy.

Ms. King updated the Trustees on a successful anchor week around the theme of "Build a Better Campus." The students worked on their presentation skills and learned how to defend their ideas and projects.

Ms. King presented the staffing update indicating recent additions and changes in staff at AMS II.

Ms. King concluded her report with an update on parent and teacher conferences, noting that once report cards are sent home, meetings with parents will be scheduled to discuss their child's academic progress and interventions in place for Trimester 3.

#### **New Visions Charter High School for the Humanities II**

Mr. Gonzalez updated the Trustees on highlights from Trimester 2, noting that report cards will be sent home on April 9, 2013. Students spent time calculating their Grade Point Average (GPA) as a way for them to keep track of their academic progress. A letter will be sent out to parents, and a meeting will be scheduled for students failing one or more core content course.

Mr. Gonzalez updated the Trustees on the new and ongoing activities at HUM II. A Hip Hop dance class will be led by a HUM II teacher this semester, and is available for all students. The HUM II Basketball team had their first win this season with a score of 40-35. The Scholar Stamp Celebration took place in

March, and the students who earned enough stamps for good behavior were rewarded with a trip to the Bronx Zoo.

Mr. Gonzalez described anchor week which was organized around the theme of "Building a Better Campus." He described two categories for the development of anchor projects: the realists and the dreamers. There were a total of 10 anchor teams, and each team wrote a proposal and created a visual representation of their idea. One winning team was awarded for each of the categories.

Mr. Gonzalez concluded by presenting the staffing updates indicating recent additions and changes in staff at HUM II.

Ms. King and Mr. Gonzalez answered questions from the Trustees around anchor projects, staffing and student academic progress.

**ACCEPTANCE OF PREVIOUS MEETING'S MINUTES**

Mr. Rodriguez made a motion to accept the minutes from April 8, 2013 meeting. Ms. Armstrong seconded the motion which passed unanimously.

## **PRINCIPALS' REPORT**

### **New Visions Charter High School for Advanced Math and Science II**

Ms. King began by summarizing the AMS II school reports on student attendance and discharges, staff hiring, and school finances. Ms. King then introduced Sharon John to the Board as the newly hired Chief Operating Officer for AMS II. Ms. King answered several questions from the Trustees regarding the AMS II school reports.

Ms. King updated the Trustees on the academic progress of students from Trimester 1 to Trimester 2 noting a steady increase in pass rates for core content courses which overall is up to 70 percent. For the Special Education (SPED) and English Language Learners (ELL) the pass rate for core courses went up from 28 percent to 59 percent. Ms. King attributes the progress to the additional reading lab that was implemented in Trimester 2 for students failing one or more core content course. Ms. King explained that the additional reading lab takes place during the elective period to avoid pulling students out of their core courses. If the students improve and begin to do well they can return to an elective course. Ms. King noted that the students in the reading lab are feeling more confident and successful in their classrooms, and contributing more to discussions with peers and teachers.

In addition, students receive targeted parent/student interventions when progress reports are sent home where parents are invited to meet with their student's teachers to discuss academic progress and specialized intervention plans. Struggling students also receive mandatory assignments during each school break that focus on math, writing, reading and science. Parents are asked to sign that they received mandatory assignments and follow up with their child to ensure they complete assignments during school breaks.

Ms. King summarized for the Trustees on-going plans for professional development during the summer and invited the Board to attend the AMS theatre performance of "You're a Good Man Charlie Brown."

### **New Visions Charter High School for the Humanities II**

Mr. Gonzalez summarized for the Trustees the attendance and discharge reports noting a steady attendance rate of 90 percent due to continued difficulties with reaching two long-term absent student's parents for updates on the student's attendance. There were two student discharges since the May Board meeting and Mr. Gonzalez noted one of the students is now being homeschooled. Mr. Rodriguez requested that Mr. Gonzalez inquire with the student's parents for their reason to home school their child.

Mr. Gonzalez updated the Trustees on the academic progress for Trimester 2 noting that report cards were not as strong as he would have expected and explained that one reason for the drop in grades could be due to an increase in the rigor of content in the classrooms and with homework. Mr. Gonzalez noted that all students continue to be on track to receive their credits for promotion to the 10<sup>th</sup> grade. Ms. Vega suggested that Mr. Gonzalez create a homework policy that every teacher follows to ensure that homework assignments are purposeful and inform student learning and comprehension.

Mr. Gonzalez updated the Trustees on the school's visit to the Lincoln Center Institute noting that the students received tours of several iconic landmarks including the Revson Fountain, the newly transformed Alice Tully Hall, and the Metropolitan Opera House.

Mr. Gonzalez concluded by discussing the Hockman professional development that will be offered to teachers this summer. The Hockman program, provides teachers with flexible, evidenced based strategies for written language instruction and can be implemented in every content area. Pamela Fairclough, Chief Operating Officer for HUM II, is working with a representative from the Hockman program to coordinate implementation and training of teachers.

## **BOARD BUSINESS**

Ms. Lori Mei, Director of Operations for Charter, updated the Trustees on the number of students offered seats who registered for AMS II and HUM II. Ms. Mei noted that both schools will meet their enrollment of 125 students for the 9<sup>th</sup> grade and will fill their available seats in the 10<sup>th</sup> grade since both schools have deep waitlists. The schools are now accepting students from the waitlist and each family has seven days to make a decision and enroll, otherwise the next student on the waitlist receives an offer.

**FINANCIAL REPORT**

**New Visions Charter High School for the Humanities II**

Ms. Pamela Fairclough (COO HUM II) led the discussion of the School Budget for the 2013-2014 school-year. She walked the Trustees through the details of the revenue and expenses, student enrollment, and staff hires. She noted that with the incoming grade, they are doubling in size with both students and staff and therefore will be expanding from the second floor to the third floor as well. Mr. Rodriguez asked if HUM II would be hiring a Social Worker to support the social and emotional needs of students, to which Ms. Fairclough responded that they

have budgeted for a Social Worker and are in the process of looking for someone full time.

Mr. Gonzalez updated the Trustees on the upcoming events including: Anchor Week, Regents Exams, Summer Bridge and the end-of-the-year field trips.

### **New Visions Charter High School for Advanced Math and Science II**

Ms. Sharon John (COO AMS II) updated the Trustees regarding the School Budget for the 2013-2014 school-year. She highlighted key details of the budget including revenue and expenses, student enrollment, and staff hires. Ms. John noted that the current Parent Coordinator will be the 9<sup>th</sup> grade Guidance Counselor and a full time Social Worker has been hired. She also emphasized that the Special Education students respond well to computers and technology and therefore they have budgeted funds to provide enough laptop carts so teachers can use them more often in the classroom. They will also be purchasing Mac Book Pros to be tested in the science classrooms. The Trustees approved with the idea that Special Education students respond to technology and encouraged both COOs and Principals to continue to provide enough support and funds for technology in all classrooms.

Ms. King updated the Trustees on the final weeks of school including: Regents Exams, Anchor Week, and Summer Bridge.

### **BOARD BUSINESS**

#### **NYSED Charter Performance Framework**

Mr. Chaluisan updated the Trustees on the draft NYSED Charter Performance Framework document which connects to the accountability plan regarding oversight of AMS II and HUM II. Ms. Grossman and the Trustees had specifically requested to review in detail sections of the Charter Performance document to assure that the Board is fulfilling its responsibilities to the schools and their mission.

The Trustees discussed in detail the following sections of the NYSED Charter Performance document: Board oversight and Governance, Strategic Planning and Performance Planning, Performance-based evaluations, Staff Evaluations and Evaluation of the CMO.

The Trustees and members of the CMO engaged in a lively discussion regarding the evaluation process of the CMO. Members of the Board suggested that the Boards across all the schools meet to discuss and create an evaluation process that would also include the Principals of all the schools in the New Visions Network. Ms. Armstrong also requested that the Board's attorney consult with the Boards for clear guidance and she volunteered to reach out to the Board's attorney before the next Board Meeting. Ms. Lori Mei (Director of Operations

NVPS) indicated that an evaluation can be designed and developed under the direct guidance of the Board of Trustees and which would include feedback from the Principals. She also noted that a committee could be created to assess the CMO itself and include members from all the NVCHS Boards of Trustees. As next steps, the Trustees decided to reach out to Board Members of other New Visions Charter High Schools to discuss and create a model for evaluating the CMO. Mr. Gaffney requested that Ms. Mei be involved in the discussions as well.

To which Mr. Chaluisan responded that inexperienced teachers are paired up with effective teachers and they co-teach in the classroom. There are also regular professional development sessions where collective wisdom is shared and modeled. The schools' Assistant Principals and Principals, observe classrooms regularly, and model specific strategies for teachers.

#### **ADJOURNMENT**

Mr. Rodriguez adjourned the meeting at 6:55 p.m.

**New Visions Charter High Schools**  
**Student Recruitment Efforts to High Need Students**  
**Summary Report for the 2012-2013 Recruitment Period**

Student Recruitment efforts begin with building understanding of our charter schools (Advanced Math and Science, Humanities, Advanced Math and Science II, Humanities II) and our commitment to serving the community and ensuring that high need students and in particular students with special needs and those that are English language learners know that we are a high school option for their families. All of our recruitment materials and talking points that are used in our school promotion and student recruitment efforts speak to this commitment.

The New Visions Charter High Schools use a multi-modal approach to student recruitment and this approach ensures that we are reaching as many students as possible including those that are high need (free and reduced lunch, special education and English language learners). Strategies are comprehensive and include the following: participation in citywide and borough wide high school fairs, middle school outreach, direct mailing campaigns to over 18,000 families of 8<sup>th</sup> graders in the Bronx (Vanguard), street outreach, hosting of open houses and participation in local community events such as fairs and presentations at local networks of community-based organizations and social service networks. Mailings are sent to all middle schools in the Bronx and targeted schools in Manhattan depending on travel accessibility to the Bronx Charter school locations. Visits are made to middle schools in the respective community school districts (7, 8 and 10) and these include meetings with school staff (e.g. guidance counselors and parent coordinators) and wherever feasible, convening of parent information and student recruitment sessions/fairs/PTA meetings that introduce the New Visions Charter High Schools model to students and families. Because these sessions promote face-to-face contact with families, they facilitate engagement with families of high need students who may not be aware that the New Visions Charter High Schools are an option for their families. Face-to-face contact or phone conversations with families of high-need students are most effective in outreach because these interactions create a comfortable and safe environment for families to ask questions that are particular to the needs of their child. All information sessions include the dissemination of recruitment materials, enrollment applications, a question and answer period and individual consultation with families who are interested. A listing by school of many of these outreach efforts are included here.

New Visions has an extensive network of community partners that we leverage in our outreach efforts to promote the student recruitment opportunities in our charters school via mailings, presentations at community meetings and phone calls. These include local community-based organizations, elected officials, faith-based groups, community planning boards and educational councils, higher education institutions and other community institutions such as libraries, public housing complexes and local businesses. We also use the local print media in the neighborhoods where our schools are located to advertise our information forums and student recruitment sessions as an additional way of promoting our schools. During this recruitment period, our network of Bronx schools advertised in the charter editions of the Bronx Free Press and the Manhattan Times, a bilingual publication that reaches thousands of families in the Bronx and Manhattan (PDF image of the ad included here). In recognition of the fact that high need students need additional outreach efforts, we have established relationships with institutions and service providers whose mission is to advocate and serve students with special needs, English Language Learners and disenfranchised students such as those in the foster care system. During this recruitment period we continued to collaborate with The Administration for Children's Services (ACS), Resources for Children with Special Needs (RCSN), NYC Office of Immigrant Affairs and other institutions who serve these populations to promote our schools and facilitate the application and enrollment process. Our partnership efforts with the community allow us the opportunity to not only promote our charter schools but to begin to develop relationships that can lead to partnering opportunities

around student and family support services, teacher supports and overall school development and student-learning opportunities.

All our outreach materials are available in English and Spanish since Spanish is the predominant language spoken by many of the families who live in the Bronx. These include: brochure, FAQ, applications and flyers promoting our orientation sessions and school opening. The New Visions website <http://www.newvisions.org/pages/charter> includes all our materials and offers families the opportunity to apply online or download the application. Applications are also available in Spanish for download or online submission. We have established a Google voice mail that is staffed during peak recruitment periods with bilingual staff (Spanish and English) and all of our voice mail recordings are in English and Spanish.

Once students are enrolled in one of our schools, the cohort team, led by the assistant principal and school counselor, regularly review the academic and socio-emotional needs of each student in their cohort. This regular review ensures that students are being successful, and if they need additional academic or socio-emotional interventions, they receive them. This enables students to stay in school and succeed. Additional interventions include the contracting with community based social service organizations to provide counseling and supportive services, hiring school-based social workers and network based instructional specialists with expertise in special education and English language learner supports respectively who provide additional supports to the New Visions charter schools.
