Robert Bellafiore	Trustee

Paul Powell has served as the instructional leader of the Middle School program since 2009.

Katie Yezzi has served as the instructional leader of the Elementary School program since 2011.

INTRODUCTION

The mission of True North Troy Preparatory Charter School (“Troy Prep”) is to prepare all students to enter and succeed in college through effort, achievement and the content of their character. All Troy Prep students will demonstrate excellence in reading, writing, math, science and history, while consistently exemplifying the virtues of diligence, integrity, compassion, responsibility, respect and perseverance.

In 2011, Troy Prep grew to include a kindergarten. In 2012-13, the school served [redacted] students in grades K-1 and 5-8. Troy Prep is open to all students in the surrounding communities. Troy Prep’s student population consists of approximately 70% African American, 13% Hispanic, and 18% Caucasian students. Ninety-four percent of Troy Prep students qualify for free or reduced price lunch. Students from Troy, Lansingburgh, Albany, Averill Park, Cohoes, Green Island, North Colonie, Schenectady, South Colonie, Rensselaer, Watervliet, and Waterford-Halfmoon school districts attend Troy Prep.

Troy Prep teachers and administrators believe that every child will succeed through hard work and excellent behavior. Troy Prep offers an extended school day and extended school year (190 days). Academic tutoring is offered throughout the school year for students who require it or families who request it. Students receive double blocks of language arts and math daily.

At Troy Prep our students work hard and are committed to a strict code of conduct. Students wear school uniforms and conduct themselves with dignity and honor at all times. Parents are expected to support this rigorous code of conduct. Discipline is serious and caring. Students and staff regularly meet as a community to reinforce their commitment to the school’s culture of hard work and discipline.

ENGLISH LANGUAGE ARTS

Goal 1: English Language Arts

All students will achieve mastery of English language arts.

Background

Troy Prep's curriculum is developed with the goal of maximizing student academic achievement through intentional standards-driven teaching and the systematic use of objective performance data to continually inform decision making. To this end, Troy Prep middle school created a scope and sequence for reading and writing and divided the year units, each culminating in a formal assessment. During the 2012-13 school year, Troy Prep began to develop its scopes, sequences, and assessments in alignment with the Common Core Learning Standards.

The school then designed four yearly assessments in reading and writing, each aligned to state standards and to the school's scope and sequence. Starting in August, teachers and administrators develop curricular strategy, unit plans and daily lessons based upon the scope and sequence. At the close of each unit, an assessment is administered, graded and data produced so that teachers and administrators develop action plans based upon objective, standards-driven data. The principal and leadership team work closely with teachers at every step of this process, giving feedback on daily lesson plans, curriculum, action plans and the implementation of these plans.

Troy Prep's elementary school ELA program emphasizes both strong reading and strong writing. The reading program emphasizes four key aspects of literacy: decoding, fluency, vocabulary and comprehension. In the elementary school grades (K-1) there are 3 literacy blocks of 45 minutes each day and students are broken up into groups based on STEP (Strategic Teaching and Evaluation of Progress) levels. In the literacy blocks, students focus on reading mastery, guided reading, and reading comprehension. Students spend 45 minutes writing daily, in addition to the 3 literacy blocks.

Every year we provide our teachers with an intense three week training program where we instruct teaching and student behavior management techniques and strategies to employ in their classrooms and throughout the school. We achieve complete consistency throughout the school with regard to behavior and academic standards.

Additionally, our team meets every Friday to review the past week's progress and to finalize preparations for the next week. Teachers are regularly observed teaching by the school leadership and receive constant feedback for improvement.

Goal 1: Absolute Measure

Each year, 75 percent of all tested students enrolled in at least their second year will perform at proficiency on the New York State English language arts examination for grades 3-8.¹

Method

The school administered the New York State Testing Program English language arts assessment to students in 5th through 8th grade in April 2013. Each student's raw score has been converted to a grade-specific scaled score and a performance level.

The table below summarizes participation information for this year's test administration. The table indicates total enrollment and total number of students tested. It also provides a detailed breakdown of those students excluded from the exam. Note that this table includes all students according to grade level, even if they have not enrolled in at least their second year.

2012-13 State English Language Arts Exam Number of Students Tested and Not Tested

Grade	Total Tested	Not Tested ²			Total Enrolled
		IEP	ELL	Absent	
3	-	-	-	-	-
4	-	-	-	-	-
5	64	-	-	-	64
6	56	-	-	1	57
7	40	-	-	-	40
8	39	-	-	-	39
All	199	-	-	1	200

Results

199 of the 200 students enrolled in Troy Prep took the 2012-13 New York State ELA exam. The large majority of Troy Prep's 5th grade class was in its first year at Troy Prep. Most students enrolled in 6th through 8th grade had attended the school for more than one year. As indicated below, 26% of Troy Prep students who were enrolled in at least their second year performed at or above proficiency on the 2012-13 New York State English Language Arts exam. Troy Prep did not meet the requirement that 75% of students enrolled in the school score at or above proficiency, overall or in any grade.

1 Because of the state's new 3-8 testing program, aligned to its high school college and career readiness standards, the Institute is no longer using Time Adjusted Level 3 cut scores. Please report results for previous years using the state's published results for scoring at proficiency.

2 Students exempted from this exam according to their Individualized Education Program (IEP), because of English Language Learners (ELL) status, or absence for at least some part of the exam.

**Performance on 2012-13 State English Language Arts Exam
By All Students and Students Enrolled in At Least Their Second Year**

Grade s	All Students		Enrolled in at least their Second Year	
	Percent	Number Tested	Percent	Number Tested
3				
4				
5	11%	64	0%	3
6	20%	56	20%	45
7	25%	40	23%	39
8	38%	39	38%	39
All	22%	199	26%	126

Evaluation

Troy Prep did fall short of meeting the first Absolute measure of its accountability plan. The school had 22% of students scoring proficient or advanced, or 53 percentage points below the stated goal. Each individual grade fell below the 75% measure, with the difference ranging from 75 percentage points for 5th graders in their 2nd year, to 37 percentage points for Troy Prep’s 8th grade.

Before and during the 2012-13 school year, Troy Prep made improvements to its scopes and sequences to increase alignment with the Common Core Learning standards. Troy Prep also made changes to its interval assessment program to increase their alignment with the Common Core Learning standards. Troy Prep’s instructional leaders feel that these changes improved upon an already strong program and led to increased student learning in Reading and Writing. In 2012-13, test scores decreased dramatically for every school in the state. Like all other schools in the state and the region, Troy Prep saw a dramatic decline in its test scores. Because of the improvements made in Troy Prep’s curriculum and assessment program, Troy Prep does not feel that the decline in scores reflects a deficiency in the Troy Prep program. Rather, the decrease is reflective of a significant change in the New York State Test.

While we believe that the Troy Prep ELA program improved in 2012-13, school leaders acknowledge that there is much work to be done in the area of ELA performance. As described at the end of this section, Troy Prep will undertake two important changes in the 2013-14 school year, which school leaders expect to lead to increased ELA performance. In addition, Troy Prep will continue its already effective ELA program, and will continue to hone those where there is room for growth. We believe our intentional

approach to ELA, by keeping Reading and Writing as separate courses, coupled with the school's commitment to decoding, fluency, and classic literature is a key driver of our success and that the impact of these programs will compound going forward. We have continued to focus on making writing rigorous and demanding across the curriculum as the lever of future growth and a predictor of college success.

Additional Evidence

English Language Arts Performance by Grade Level and School Year

Grade	Percent of Students Enrolled in At Least Their Second Year Achieving Proficiency					
	2010-11		2011-12		2012-13	
	Percent	Number Tested	Percent	Number Tested	Percent	Number Tested
3						
4						
5	100%	5	50%	6	0%	3
6	90%	53	73%	37	20%	45
7	-	-	98%	43	23%	39
8	-	-	-	-	38%	39
All	91%	58	80%	93	26%	126

As displayed in the chart above, Troy Prep students have performed well in ELA in past years. Troy Prep has met its first Absolute Accountability Plan measure in ELA in every year except for the current one.

Because the 2012-13 New York State ELA exam differed drastically from the ELA exams given in years past, it is difficult to draw comparisons between the 2012-13 test and its predecessors. In order to better understand whether Troy Prep is making progress with its students, Troy Prep has elected to examine performance of students by the length of their enrollment in the school.

Grade	Percent of Students at or above the Level 3 cut score According to Number of Years Enrolled							
	One		Two		Three		Four or More	
	Percent	Number Tested	Percent	Number Tested	Percent	Number Tested	Percent	Number Tested
3								
4								
5	11%	61	0%	3	-	-	-	-
6	18%	11	23%	40	0%	5	-	-
7	100%	1	20%	5	30%	27	0%	7

8	-	-	-	-	-	-	38%	39
All	14%	73	21%	48	25%	32	33%	46

The table above examines whether performance changes the longer students are enrolled in the school. In a successful school, student performance should increase with prolonged participation in the academic program. As shown in the table, student performance on the 2013 New York State ELA exam increases with the number of years that a student has spent at Troy Prep. This demonstrates that Troy Prep students make greater gains the longer they are enrolled in the school.

Goal 1: Absolute Measure

Each year, the school’s aggregate Performance Level Index (PLI) on the State English language arts exam will meet the Annual Measurable Objective (AMO) set forth in the state’s NCLB accountability system.

Method

The federal No Child Left Behind law holds schools accountable for making annual yearly progress towards enabling all students to be proficient. As a result, the state sets an Annual Measurable Objective (AMO) each year to determine if schools are making satisfactory progress toward the goal of proficiency in the state’s learning standards in English language arts. To achieve this measure, all tested students must have a Performance Level Index (PLI) value that equals or exceeds the current year’s English language arts AMO. The PLI is calculated by adding the sum of the percent of all tested students at Levels 2 through 4 with the sum of the percent of all tested students at Levels 3 and 4. Thus, the highest possible PLI is 200.³

Results

A table displaying the calculation of Troy Prep’s Performance Level Index for the 2012-13 school year appears below. However, the State Education Department has not recalibrated the AMO to align with the new English Language Arts 3-8 testing program. Troy Prep cannot report results in this section of the Accountability Plan Progress Report.

English Language Arts 2012-13 Performance Level Index (PLI)

Number in Cohort	Percent of Students at Each Performance Level			
	Level 1	Level 2	Level 3	Level 4
	33.7	44.7	18.6	3.0

$$\begin{array}{rccccccccc}
 \text{PI} & = & 45 & + & 19 & + & 3 & = & 66 \\
 & & & & 19 & + & 3 & = & \underline{22} \\
 & & & & & & \text{PLI} & = & 88
 \end{array}$$

³ In contrast to SED’s Performance Index, the PLI does not account for year-to-year growth toward proficiency.

Evaluation

Goal 1: Comparative Measure

Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state English language arts exam will be greater than that of all students in the same tested grades in the local school district.

Method

A school compares tested students enrolled in at least their second year to all tested students in the surrounding public school district. Comparisons are between the results for each grade in which the school had tested students in at least their second year at the school and the total result for all students at the corresponding grades in the school district.⁴

Results

Troy Prep students in at least their second year outscored the Troy City School District by 13 percentage points (26% versus 33%) on the 2013 grade 5-8 English Language Arts exams.

**2012-13 State English Language Arts Exam
Charter School and District Performance by Grade Level**

Grade	Percent of Students at Proficiency			
	Charter School Students In At Least 2 nd Year		All District Students	
	Percent	Number Tested	Percent	Number Tested
3				
4				
5	0%	3	15%	237
6	20%	45	10%	270
7	23%	39	12%	281
8	38%	39	14%	266
All	26%	126	13%	1054

Evaluation

⁴ Schools can acquire these data when the State Education Department releases its Access database containing grade level ELA and math test results for all schools and districts statewide. The SED announces the release of the data on its [News Release webpage](#).

Troy Prep exceeded the measure of comparative district proficiency in ELA during the 2012-13 school year. Troy Prep students in at least their second year outscored the Troy City School District by 13 percentage points (26% versus 33% overall).

Additional Evidence

Troy Prep students in at least their second year of enrollment have outperformed the Troy City School District in every year that Troy Prep has been operational. In 2011-12, the Troy Prep 5th graders enrolled in their second year at the school totaled 5, a number that we do not believe is statistically significant. In 2012-13, there were 3 Troy Prep students enrolled in their second year.

English Language Arts Performance of Charter School and Local District by Grade Level and School Year

Grade	Percent of Students Enrolled in at Least their Second Year Who Are at Proficiency Compared to Local District Students					
	2010-11		2011-12		2012-13	
	Charter School	Local District	Charter School	Local District	Charter School	Local District
3						
4						
5	20%	31%	17%	31%	0%	15%
6	66%	40%	49%	33%	20%	10%
7			56%	36%	23%	12%
8					38%	14%
All	62%	36%	50%	33%	26%	13%

Goal 1: Comparative Measure

Each year, the school will exceed its predicted level of performance on the state English language arts exam by an Effect Size of 0.3 or above (performing higher than expected to a small degree) according to a regression analysis controlling for students eligible for economically disadvantaged students among all public schools in New York State.⁵

Method

The Charter Schools Institute conducts a Comparative Performance Analysis, which compares the school's performance to demographically similar public schools state-wide. The Institute uses a regression analysis to control for the percentage of economically disadvantaged students among all public schools in New York State. The Institute compares the school's actual performance to the predicted performance of public schools with a similar economically disadvantaged percentage. The difference between the schools' actual and predicted performance, relative to other schools with similar economically disadvantaged statistics, produces an Effect Size. An Effect Size

⁵ The Institute will begin using **economically disadvantaged** instead of **eligibility for free lunch** as the demographic variable in 2012-13. Schools should report previous year's results using reported free-lunch statistics.

of 0.3 or performing higher than expected to a small degree is the requirement for achieving this measure.

Given the timing of the state’s release of economically disadvantaged data and the demands of the data analysis, the 2012-13 analysis is not yet available. This report contains 2011-12 results (using free-lunch eligible percentage), the most recent Comparative Performance Analysis available.

Results

In the 2011-12 school year, the Comparative Performance Analysis showed that Troy Prep performed “Higher than expected to a large degree.” Troy Prep’s overall effect size was 0.82, far exceeding the required 0.3 effect size.

Troy Prep exceeded the 0.3 effect size in grades 6 and 7. In 5th grade, Troy Prep did not exceed the 0.3 effect size.

2011-12 English Language Arts Comparative Performance by Grade Level

Grade	Percent Eligible for Free Lunch	Number Tested	Percent of Students at Levels 3&4		Difference between Actual and Predicted	Effect Size
			Actual	Predicted		
3						
4						
5		66	37.9	38.9	-1.0	-0.06
6		44	47.7	31.6	16.1	1.08
7		43	55.8	28.2	27.6	1.90
8						
All	85.6%	153	45.7	33.8	12.0	0.82

School’s Overall Comparative Performance:
<i>Higher than expected to a large degree.</i>

Evaluation

Troy Prep’s aggregate Effect Size exceeded the required 0.3. We are particularly pleased with Troy Prep’s performance on this measure as it takes into account Troy Prep’s high enrollment of students who are economically disadvantaged. In fact, due to the opening of Troy Prep’s kindergarten, the 2011-12 school year marked Troy Prep’s lowest enrollment of economically disadvantaged students. In 2012-13, the portion of economically disadvantaged students rose slightly.

The Free and Reduced Price Lunch rate is the best indicator of poverty levels found in schools. Research illustrates a negative correlation between the FRPL rate at a school and student assessment results.

Additional Evidence

Troy Prep has exceeded a 0.3 effect size in every year that the school has been operational.

English Language Arts Comparative Performance by School Year

School Year	Grades	Percent Eligible for Free Lunch	Number Tested	Actual	Predicted	Effect Size
2009-10	5	98%	55	40	17	2.64
2010-11	5-6	96%	106	53.0	28.8	1.58
2011-12	5-7	86%	153	33.8	12.0	0.82

Goal 1: Growth Measure⁶

Each year, under the state's Growth Model, the school's mean unadjusted growth percentile in English language arts for all tested students in grades 4-8 will be above the state's unadjusted median growth percentile.

Method

This measure examines the change in performance of the same group of students from one year to the next and the progress they are making in comparison to other students with the same score in the previous year. The analysis only includes students who took the state exam in 2012-13 and also have a state exam score in 2011-12 including students who were retained in the same grade. Students with the same 2011-12 scores are ranked by their 2012-13 scores and assigned a percentile based on their relative growth in performance (mean growth percentile). Students' growth percentiles are aggregated school-wide to yield a school's mean growth percentile. In order for a school to perform above the statewide median, it must have a mean growth percentile greater than 50.

The State Education Department has not yet reported schools' mean growth percentiles for the 2012-13 school year.⁷

Results

Because the State Education Department has not yet reported schools' mean growth percentiles for the 2012-13 school year, Troy Prep cannot report on its performance on this measure.

Elementary School Results

⁶ See Guidelines for [Creating a SUNY Accountability Plan](#) for an explanation.

⁷ See the Guidelines.

Troy Prep Elementary School opened in 2011-12. In the 2012-13 school year, Troy Prep enrolled students in Kindergarten and 1st grade. The tables below show Terra Nova results for Troy Prep’s 2012-13 Kindergarten and Grade 1 classes. Troy Prep administered a different version of the Terra Nova test in the Spring than in the Fall. As a result, fall to spring scores are not comparable.

Growth Measure (national norm-referenced assessment)

Each year, on a national norm-referenced assessment, all grade-level cohorts of students (in grades K-3) will reduce by one half the gap between their average NCE in the previous year and an NCE of 50 in the current year. If a grade-level cohort exceeds an NCE of 50 in the previous year, the cohort is expected to show a positive gain in the current year.

If the school has administered a norm referenced test, e.g. Terra Nova, ITBS, Stanford 10, it should report cohort growth results in a similar fashion to the growth measure based on state tests.

Method

This measure examines the change in performance of the same group of students from one year to the next and the progress they made towards the desirable outcome of grade level or an NCE of 50. Each grade level cohort consists of those students who took the same norm-referenced exam in 2011-12 and 2012-13. It includes students who repeated the grade. In addition, the school examines the the aggregate of all cohorts to determine the growth of all students who took the exam in both years.

As explained above, the Terra Nova test that Troy Prep administered in the Spring of 2013 was a different version than the Terra Nova test that Troy Prep administered in the Fall of 2012 and the Spring of 2012. As a result, year over year and Fall to Spring results are not comparable. We report our Fall and Spring results below even though they are not comparable.

Results

Cohort Growth on Cohort Growth on Terra Nova Reading Test from Spring 2012 to Spring 2013

Grade	Cohort Size	Percent Performing At or Above NCE of 50			Target Achieved
		2011-12	Target	2012-13	
1		97%		88%	NO
2					
3					
All					

Evaluation

Troy Prep administered a different version of the Terra Nova test for the first time in the Spring of 2013. As a result, comparisons with previous administrations of the Terra Nova Test are not valid. Troy Prep reported the results of the Spring 2012 and 2013 assessments above.

Additional Evidence

N/A

Summary of the English Language Arts Goal

Troy Prep achieved 2 of the 3 measures in its Accountability Plan for which there was data to report. Troy Prep did not achieve its first Absolute Accountability Plan Measure.

Type	Measure	Outcome
Absolute	Each year, 75 percent of all tested students who are enrolled in at least their second year will perform at proficiency on the New York State English language arts exam for grades 3-8.	Did Not Achieve
Absolute	Each year, the school's aggregate Performance Level Index (PLI) on the state English language arts exam will meet that year's Annual Measurable Objective (AMO) set forth in the state's NCLB accountability system.	N/A
Comparative	Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state English language arts exam will be greater than that of students in the same tested grades in the local school district.	Achieved
Comparative	Each year, the school will exceed its predicted level of performance on the state English language arts exam by an Effect Size of 0.3 or above (performing higher than expected to a small degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State. (Using 2011-12 school district results.)	Achieved
Growth	Each year, under the state's Growth Model the school's mean unadjusted growth percentile in English language arts for all tested students in grades 4-8 will be above the state's unadjusted median growth percentile.	N/A

Action Plan

Troy Prep is taking several actions to improve ELA performance for its students. Beginning in the 2013-14 school year, Troy Prep will implement a curriculum that is fully aligned with the Common Core Learning Standards. In addition, Troy Prep will partner with the other Uncommon schools located in New York State to procure externally-developed, Common Core-aligned interval assessments. Troy Prep expects that these changes will positively affect students' performance on the New York State exam. In addition, Troy Prep plans to continue and further refine its effective strategies for teaching reading and writing.

Troy Prep's ELA curriculum includes several methods and strategies designed to

improve our students' academic performance. In most cases students entering Troy Prep have a history of scoring below the state's ELA assessment standards while at their former schools. We intend to improve our students' academic performance and expect all our students will meet or exceed the state's standards.

We start by conducting school wide fluency assessments and comprehensive screening early in the year to identify which students need additional diagnostic review. This includes DIBELS testing for all students, Terra Nova benchmarking and internal interval testing which continues throughout the year to measure students' progress towards end of year proficiency goals and allows for continual remediation in both small and large group settings.

To improve their performance, all our students receive three hours of reading and writing instruction daily. This represents approximately double the amount received in traditional public schools in the Troy area. All fifth grade students participate in Troy Prep's Book Club program to provide additional reading opportunities. Additionally, our science and social studies curricula are fully integrated with our literacy program.

Four times throughout the year we conduct interval testing to assess what areas of improvement our students require and what lessons and/or concepts should be re-taught. Results are provided to our teachers immediately and action plans are created for each concept that requires additional instruction. Intervention plans are also made for individual students based on these testing results.

For students who need specific intervention Troy Prep offers the following:

- A daily enrichment period at the conclusion of each day to assist students who are struggling with key concepts taught in their classes.
- Our reading intervention program is available to all students, regardless if they have an IEP.
- Saturday School where students and faculty meet for specific instruction in areas of deficiency.
- Our teachers are each required to provide at least two hours of additional tutoring weekly to our students.
- ELA intervention groups are established based on interval testing, in class observations and short written assessments conducted at the conclusion of each lesson (i.e., "exit tickets").
- Wilson Intervention Program, a supplemental reading and writing curriculum designed to promote reading accuracy (decoding) and spelling (encoding) skills for students with word-level deficits.
- Qualitative Reading Inventory (QRI), an individually administered, informal reading inventory designed to provide diagnostic information about the conditions under which students can identify words and comprehend text successfully.
- Dynamic Indicators of Basic Early Literary Skills (DIBELS) to monitor the progress of students receiving intervention services as well as all students' progress in reading fluency.

- Fluency improvement program (Read Naturally) which features weekly recording and monitoring of fluency assessments on the computer.
- A special education coordinator to synchronize and lead our intervention services.
- A “Reading Specialist” position that enables us to reach twice as many at-risk students who, although they do not have IEPs are considered seriously at risk in terms of their reading proficiency.

MATHEMATICS

Goal 1: Mathematics

Students will achieve mastery of skills in Mathematics.

Background

Troy Prep's curriculum is developed with the goal of maximizing student academic achievement through intentional standards-driven teaching and the systematic use of objective performance data to continually inform decision making. To this end, Troy Prep middle school created a scope and sequence for math and divided the year into four units, each culminating in a formal assessment. During the 2012-13 school year, Troy Prep began to develop its scopes, sequences, and assessments in alignment with the Common Core Learning Standards.

The school then designed yearly assessments in math, aligned to state standards and to the school's scope and sequence. Starting in August, teachers and administrators develop curricular strategy, unit plans and daily lessons based upon the scope and sequence. At the close of each unit, an assessment is administered, graded and data produced so that teachers and administrators develop action plans based upon objective, standards-driven data. The principal and leadership team work closely with teachers at every step of this process, giving feedback on daily lesson plans, curriculum, action plans and the implementation of these plans.

Troy Prep elementary school's mathematics program emphasizes both strong computational procedures and problem solving skills. The math program at Troy Prep takes arithmetic concepts and breaks them down to concrete, step-by-step approaches toward solving problems. At Troy Prep, math instruction incorporates a rigorous balance between mechanics and problem solving.

In the elementary school, there is one 55 minute block of math a day that focuses on number sense, number systems, and problem-solving. During this block, students chant, act out, and model math with activities and math manipulatives. In the afternoon students are provided with an additional 15 minute "Math Meeting" where concepts from earlier lessons are reinforced and retaught when necessary.

Every year we provide our teachers with an intense three week training program where we instruct teaching and student behavior management techniques and strategies to employ in their classrooms and throughout the school. We achieve complete consistency throughout the school with regard to behavior and academic standards.

Additionally, our team meets every Friday to review the past week's progress and to finalize preparations for the next week. Teachers are regularly observed teaching by the school leadership and receive constant feedback for improvement.

Goal 1: Absolute Measure

Each year, 75 percent of all tested students enrolled in at least their second year will perform at proficiency on the New York State mathematics examination for grades 3-8.⁸

Method

The school administered the New York State Testing Program mathematics assessment to students in 5th through 8th grade in April 2013. Each student's raw score has been converted to a grade-specific scaled score and a performance level.

The table below summarizes participation information for this year's test administration. The table indicates total enrollment and total number of students tested. It also provides a detailed breakdown of those students excluded from the exam. Note that this table includes all students according to grade level, even if they have not enrolled in at least their second year.

**2012-13 State Mathematics Exam
Number of Students Tested and Not Tested**

Grade	Total Tested	Not Tested ⁹			Total Enrolled
		IEP	ELL	Absent	
3					
4					
5	64				64
6	57			1	58
7	40				40
8	39				39
All	199			1	200

Results

199 of the 200 students enrolled in Troy Prep took the 2012-13 New York State Math exams. The large majority of Troy Prep's 5th grade class was in its first year at Troy Prep. Most students enrolled in 6th through 8th grade had attended the school for more than one year. As indicated below, 40% of Troy Prep students who were enrolled in at least their second year performed at or above proficiency on the 2012-13 New York

⁸ Because of the state's new 3-8 testing program, aligned to its high school college and career readiness standards, the Institute is no longer using Time Adjusted Level 3 cut scores. Please report results for previous year's using the state's published results for scoring at proficiency.

⁹ Students exempted from this exam according to their Individualized Education Program (IEP), because of English Language Learners (ELL) status, or absence for at least some part of the exam.

State grades 5-8 math exams. Troy Prep did not meet the requirement that 75% of students enrolled in the school score at or above proficiency, overall or in any grade.

**Performance on 2012-13 State Mathematics Exam
By All Students and Students Enrolled in At Least Their Second Year**

Grade s	All Students		Enrolled in at least their Second Year	
	Percent	Number Tested	Percent	Number Tested
3				
4				
5	11%	64	0%	3
6	41%	57	38%	46
7	15%	40	13%	39
8	74%	39	74%	39
All	33%	199	40%	126

Evaluation

Troy Prep fell short of meeting its first Absolute Accountability Plan measure in Mathematics. The school had 40% of students enrolled in at least their second year performing at or above proficiency, 35 percentage points below the 75% goal.

Additional Evidence

Mathematics Performance by Grade Level and School Year

Grade	Percent of Students Enrolled in At Least Their Second Year Achieving Proficiency					
	2010-11		2011-12		2012-13	
	Percent	Number Tested	Percent	Number Tested	Percent	Number Tested
3						
4						
5	100%	5	100%	6	0%	3
6	100%	53	100%	44	38%	46
7			100%	43	13%	39
8					74%	39
All	100%	58	100%	86	40%	126

As displayed in the chart above, Troy Prep students have performed well in mathematics in past years. Troy Prep has met its first Absolute Accountability Plan measure in mathematics in every year except for the current one. In 2012-13, Troy Prep fell short of meeting its first Absolute Accountability Plan measure in Math. However, it is notable that Troy Prep's 8th grade class scored only 1 percentage point below the 75% goal. Troy Prep's 8th grade students achieved 74% proficient or advanced, the 24th highest score of all schools in New York State.

Because the 2012-13 New York State mathematics exam differed drastically from the ELA exams given in years past, it is difficult to draw comparisons between the 2012-13 test and its predecessors. In order to better understand whether Troy Prep is making progress with its students, Troy Prep has elected to examine performance of students by the length of their enrollment in the school.

**2012-13 Mathematics Performance
by Grade Level and Years Attending the School**

Grade	Percent of Students at or above the Time Adjusted Level 3 cut score According to Number of Years Enrolled							
	One		Two		Three		Four or More	
	Percent	Number Tested	Percent	Number Tested	Percent	Number Tested	Percent	Number Tested
3								
4								
5	11%	61	0%	3				
6	55%	11	43%	40	0%	5	0%	7
7	100%	1	20%	5	15%	27	74%	39
8								
All	19%	73	38%	48	13%	32	63%	46

The table above examines whether performance changes the longer students are enrolled in the school. In a successful school, student performance should increase with prolonged participation in the academic program. As shown in the table, student performance on the 2013 New York State Math grades 5-8 exams increases with the number of years that a student has spent at Troy Prep, except for students enrolled in 7th grade. Troy Prep's 7th grade performance on the 7th grade mathematics was lower than expected. Troy Prep is currently examining the cause of these results.

It is notable that by the 4th year of enrollment in Troy Prep, 68% of students achieved proficiency on the New York State test, compared with 19% in the first year.

Goal 1: Absolute Measure

Each year, the school's aggregate Performance Level Index (PLI) on the State mathematics exam will meet the Annual Measurable Objective (AMO) set forth in the state's NCLB accountability system.

Method

The federal No Child Left Behind law holds schools accountable for making annual yearly progress towards enabling all students to be proficient. As a result, the state sets an Annual Measurable Objective (AMO) each year to determine if schools are making satisfactory progress toward the goal of proficiency in the state's learning standards in mathematics. To achieve this measure, all tested students must have a Performance Level Index (PLI) value that equals or exceeds the current year's mathematics AMO. The PLI is calculated by adding the sum of the percent of all tested students at Levels 2 through 4 with the sum of the percent of all tested students at Levels 3 and 4. Thus, the highest possible PLI is 200.¹⁰

Results

A table displaying the calculation of Troy Prep's Performance Level Index for the 2012-13 school year appears below. However, the State Education Department has not recalibrated the AMO to align with the new Mathematics 3-8 testing program. Troy Prep cannot report results in this section of the Accountability Plan Progress Report.

Mathematics 2012-13 Performance Level Index (PLI)

Number in Cohort	Percent of Students at Each Performance Level			
	Level 1	Level 2	Level 3	Level 4
199	25	42	26	7

$$\begin{array}{rclclclclcl}
 \text{PI} & = & 42 & + & 26 & + & 7 & = & 75 \\
 & & & & 26 & + & 7 & = & \underline{33} \\
 & & & & & & \text{PLI} & = & 108
 \end{array}$$

Evaluation

Goal 1: Comparative Measure

Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state mathematics exam will be greater than that of all students in the same tested grades in the local school district.

Method

A school compares tested students enrolled in at least their second year to all tested students in the surrounding public school district. Comparisons are between the results for each grade in which the school had tested students in at least their second year at

¹⁰ In contrast to SED's Performance Index, the PLI does not account for year-to-year growth toward proficiency.

the school and the total result for all students at the corresponding grades in the school district.¹¹

Results

Troy Prep students who were enrolled in at least their second year outscored the Troy City School District by 28 percentage points (40% minus 12%) on the 2013 grade 5-8 Mathematics exams.

2012-13 State Mathematics Exam Charter School and District Performance by Grade Level

Grade	Percent of Students at Proficiency			
	Charter School Students In At Least 2 nd Year		All District Students	
	Percent	Number Tested	Percent	Number Tested
3				
4				
5	0%	3	10%	239
6	38%	46	12%	272
7	13%	39	12%	286
8	74%	39	15%	267
All	40%	126	12%	1064

Evaluation

Troy Prep exceeded the second measure of comparative district proficiency in Math during the 2012-13 school year. Troy Prep students in at least their second year outscored the Troy city School District by 28 percentage points (40% versus 12%).

Additional Evidence

Troy Prep students in at least their second year at the school have outperformed the Troy City School district in every year that the school has been open. In 2011-12, the Troy Prep 5th graders enrolled in their second year at the school totaled 5, a number that we do not believe is statistically significant. In 2012-13, there were 3 Troy Prep students enrolled in their second year.

Mathematics Performance of Charter School and Local District by Grade Level and School Year

Grade	Percent of Students Enrolled in at Least their Second Year Who Are at Proficiency Compared to Local District Students		
	2010-11	2011-12	2012-13

¹¹ Schools can acquire these data when the State Education Department releases its Access database containing grade level ELA and math test results for all schools and districts statewide. The SED announces the release of the data on its [News Release webpage](#).

	Charter School	Local District	Charter School	Local District	Charter School	Local District
3						
4						
5	80%	42%	83%	40%	0%	10%
6	100%	36%	93%	33%	38%	12%
7			100%	48%	13%	12%
8					74%	15%
All	98%	39%	96%	40%	40%	12%

Goal 1: Comparative Measure

Each year, the school will exceed its predicted level of performance on the state mathematics exam by an Effect Size of 0.3 or above (performing higher than expected to a small degree) according to a regression analysis controlling for students eligible for economically disadvantaged students among all public schools in New York State.¹²

Method

The Charter Schools Institute conducts a Comparative Performance Analysis, which compares the school's performance to demographically similar public schools state-wide. The Institute uses a regression analysis to control for the percentage of economically disadvantaged students among all public schools in New York State. The Institute compares the school's actual performance to the predicted performance of public schools with a similar economically disadvantaged percentage. The difference between the schools' actual and predicted performance, relative to other schools with similar economically disadvantaged statistics, produces an Effect Size. An Effect Size of 0.3 or performing higher than expected to a small degree is the requirement for achieving this measure.

Given the timing of the state's release of economically disadvantaged data and the demands of the data analysis, the 2012-13 analysis is not yet available. This report contains 2011-12 results (using free-lunch eligible percentage), the most recent Comparative Performance Analysis available.

Results

In the 2011-12 school year, the Comparative Performance Analysis showed that Troy Prep performed "Higher than expected to a large degree." Troy Prep's overall effect size was 1.80, far exceeding the required 0.3 effect size. Troy Prep exceeded the 0.3 effect size in all grades.

2011-12 Mathematics Comparative Performance by Grade Level

¹² The Institute will begin using *economically disadvantaged* instead of *eligibility for free lunch* as the demographic variable in 2012-13. Schools should report previous year's results using reported free-lunch statistics.

Grade	Percent Eligible for Free Lunch	Number Tested	Percent of Students at Levels 3&4		Difference between Actual and Predicted	Effect Size
			Actual	Predicted		
3						
4						
5		66	71.2	52.0	19.2	0.94
6		44	93.2	45.1	48.1	2.20
7		43	100.0	42.2	57.8	2.72
8						
All	85.65	153	85.6	47.3	38.3	1.80

School's Overall Comparative Performance:
Higher than expected to a large degree

Evaluation

Troy Prep's aggregate Effect Size exceeded the required 0.3. The predicted percent of students achieving a score of 3 or 4 was 47.3%, but 85.6% of Troy Prep students met that standard. We are particularly pleased with Troy Prep's performance on this measure as it takes into account Troy Prep's high enrollment of students who are economically disadvantaged. In fact, due to the opening of Troy Prep's kindergarten, the 2011-12 school year marked Troy Prep's lowest enrollment of economically disadvantaged students. In 2012-13, the portion of economically disadvantaged students rose slightly.

The Free and Reduced Price Lunch rate is the best indicator of poverty levels found in schools. Research illustrates a negative correlation between the FRPL rate at a school and student assessment results.

Additional Evidence

Troy Prep met the second Comparative Performance measure of its Accountability Plan in every year that data has been available. The students and staff did this by performing better than expected to a high degree in each year.

Mathematics Comparative Performance by School Year

School Year	Grades	Percent Eligible for Free Lunch	Number Tested	Actual	Predicted	Effect Size
2009-10	5	98%	55	70.9	33.9	2.98
2010-11	5-6	96%	107	87.1	41.5	2.64
2011-12	5-7	86%	153	85.6	47.3	1.80

Goal 1: Growth Measure¹³

¹³ See Guidelines for [Creating a SUNY Accountability Plan](#) for an explanation.

Each year, under the state's Growth Model, the school's mean unadjusted growth percentile in mathematics for all tested students in grades 4-8 will be above the state's unadjusted median growth percentile.

Method

This measure examines the change in performance of the same group of students from one year to the next and the progress they are making in comparison to other students with the same score in the previous year. The analysis only includes students who took the state exam in 2012-13 and also have a state exam score in 2011-12 including students who were retained in the same grade. Students with the same 2011-12 scores are ranked by their 2012-13 scores and assigned a percentile based on their relative growth in performance (mean growth percentile). Students' growth percentiles are aggregated school-wide to yield a school's mean growth percentile. In order for a school to perform above the statewide median, it must have a mean growth percentile greater than 50.

Results

Because the State Education Department has not yet reported schools' mean growth percentiles for the 2012-13 school year, Troy Prep cannot report on this measure.

Elementary School Results

Troy Prep Elementary School opened in 2011-12. In the 2012-13 school year, Troy Prep enrolled students in Kindergarten and 1st grade. The tables below show Terra Nova results for Troy Prep's 2012-13 Kindergarten and Grade 1 classes. Troy Prep administered a different version of the Terra Nova test in the Spring than in the Fall. As a result, fall to spring scores are not comparable.

Growth Measure (national norm-referenced assessment)

Each year, on a national norm-referenced assessment, all grade-level cohorts of students (in grades K-3) will reduce by one half the gap between their average NCE in the previous year and an NCE of 50 in the current year. If a grade-level cohort exceeds an NCE of 50 in the previous year, the cohort is expected to show a positive gain in the current year.

If the school has administered a norm referenced test, e.g. Terra Nova, ITBS, Stanford 10, it should report cohort growth results in a similar fashion to the growth measure based on state tests.

Method

This measure examines the change in performance of the same group of students from one year to the next and the progress they made towards the desirable outcome of grade level or an NCE of 50. Each grade level cohort consists of those students who took the same norm-referenced exam in 2011-12 and 2012-13. It includes students

who repeated the grade. In addition, the school examines the the aggregate of all cohorts to determine the growth of all students who took the exam in both years.

As explained above, the Terra Nova test that Troy Prep administered in the Spring of 2013 was a different version than the Terra Nova test that Troy Prep administered in the Fall of 2012 and the Spring of 2012. As a result, year over year and Fall to Spring results are not comparable. We report our Fall and Spring results below even though they are not comparable.

Results

Cohort Growth on Cohort Growth on Terra Nova Mathematics Test from Spring 2012 to Spring 2013

Grade	Cohort Size	Percent Performing At or Above NCE of 50			Target Achieved
		2011-12	Target	2012-13	
1	59	95%		98%	Yes
2					
3					
All					

Evaluation

Troy Prep administered a different version of the Terra Nova test for the first time in the Spring of 2013. As a result, comparisons with previous administrations of the Terra Nova Test are not valid. However, Troy Prep students did show a positive gain in Terra Nova math scores between Spring 2012 and Spring 2013.

Additional Evidence

N/A

Summary of the Mathematics Goal

Troy Prep achieved 2 out of the 3 mathematics measure for which data was available. Troy Prep did not achieve the first Absolute measure requiring that 75 percent of all tested students who are enrolled in at least their second year will perform at proficiency on the New York State mathematics exam for grades 3-8.

Type	Measure	Outcome
Absolute	Each year, 75 percent of all tested students who are enrolled in at least their second year will perform at proficiency on the New York State mathematics exam for grades 3-8.	Did Not Achieve
Absolute	Each year, the school's aggregate Performance Level Index (PLI) on the state mathematics exam will meet that year's Annual Measurable Objective (AMO) set forth in the state's NCLB accountability system.	N/A
Comparativ	Each year, the percent of all tested students who are enrolled in at	Achieved

e	least their second year and performing at proficiency on the state mathematics exam will be greater than that of students in the same tested grades in the local school district.	
Comparative	Each year, the school will exceed its predicted level of performance on the state mathematics exam by an Effect Size of 0.3 or above (performing higher than expected to a small degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State. (Using 2011-12 school district results.)	Achieved
Growth	Each year, under the state's Growth Model the school's mean unadjusted growth percentile in mathematics for all tested students in grades 4-8 will be above the state's unadjusted median growth percentile.	N/A

Action Plan

Troy Prep is taking several actions to improve math performance for its students. Beginning in the 2013-14 school year, Troy Prep will implement a curriculum that is fully aligned with the Common Core Learning Standards. In addition, Troy Prep will partner with the other Uncommon schools located in New York State to procure externally-developed, Common Core-aligned interval assessments. Troy Prep expects that these changes will positively affect students' performance on the New York State exam. In addition, Troy Prep plans to continue and further refine its effective strategies for teaching mathematics.

Troy Prep's math curriculum includes several methods and strategies designed to improve our students' academic performance. In many cases students entering Troy Prep have a history of scoring below the state's math assessment standards while at their former schools. We intend to improve our students' academic performance and expect all our students will meet or exceed the state's standards.

For every incoming student we conduct comprehensive screening prior to their arrival on the first day of school to identify which students need additional diagnostic review. We receive diagnostic information on returning students during the first round of school-wide interval testing in the early fall each year. This includes Terra Nova benchmarking and internal interval testing which continues throughout the year to measure students' progress towards end of the year proficiency goals and allows for continual remediation in both small and large group settings.

To improve their performance, all our students receive two blocks of mathematics instruction daily. In the morning our 75 minute math period consists of learning basic skills and procedural concepts. The 60 minute afternoon math period focuses on math language as many of our students have difficulty with the language component of mathematics. Additionally, our math curriculum is fully integrated with our curricula throughout Troy Prep.

Four times throughout the year we conduct interval testing to assess what areas of improvement our students require and what lessons and/or concepts should be re-

taught. Results are provided to our teachers immediately and action plans are created for each concept that requires additional instruction. Intervention plans are also made for individual students based on these testing results.

For students who need specific intervention Troy Prep offers the following:

- A daily enrichment period at the conclusion of each day to assist students who are struggling with key concepts taught in their classes.
- Saturday School where students and faculty meet for specific instruction in areas of deficiency.
- Our teachers are each required to provide at least two hours of additional tutoring weekly to our students.
- Mathematics intervention groups are established based on interval testing, in class observations and short written assessments conducted at the conclusion of each lesson (i.e., “exit tickets”).
- Specific resource room instruction is provided by our special education coordinator for students who require additional teaching in mathematics.
- A special education coordinator to synchronize and lead our intervention services.

SCIENCE

Goal 3: Science

Students will demonstrate mastery of skill and knowledge in Science.

Background

The Science curriculum at Troy Prep has been designed to provide a solid foundation for students in the essential understandings of Middle Grades Science as outlined in the New York State standards. During the 2012-13 school year, Troy Prep students completed units of study on the Scientific Method and Measurement, Physics, Chemistry, and Biology. Students participated in hands-on science activities or demonstrations on a weekly basis, usually adapted from FOSS Science kits that were adopted to align with our fifth, sixth, seventh and eighth grade science content. Science instruction consistently reinforced both math and reading skills, and our science teachers frequently worked closely with both our Math and English Language Arts teachers to ensure that common approaches and language were used to reinforce cross-curricular content. For example, during the Scientific Method and Measurement unit, students worked with units of measurement, tools of measurement, and conversions between units of measure, reinforcing important math skills. In terms of supporting literacy, professional development time was dedicated to determining how to best expose students to nonfiction texts during science class each week and how to encourage them to access and use scientific texts for their own learning and study. This

exposure to nonfiction provided an important opportunity for students to practice and continue to develop their reading comprehension and vocabulary skills.

Goal 3: Absolute Measure

Each year, 75 percent of all tested students enrolled in at least their second year will perform at proficiency on the New York State science examination.

Method

The school administered the New York State Testing Program science assessment to students in 8th grade in spring 2013. The school converted each student's raw score to a performance level and a grade-specific scaled score. The criterion for success on this measure requires students enrolled in at least their second year (defined as enrolled by BEDS day of the previous school year) to score at proficiency.

Results

In the 2012-13 school year, 95% of Troy Prep students performed at or above proficiency on the 8th grade Science test. Every student in Troy Prep's 8th grade class had been enrolled in the school for 2 or more years. Troy prep far exceeded the requirement that 75% of students enrolled in their second year achieve proficiency in Science.

Charter School Performance on 2012-13 State Science Exam By All Students and Students Enrolled in At Least Their Second Year

Grade	Percent of Students at Proficiency			
	Charter School Students In At Least 2 nd Year		All District Students	
	Percent	Number Tested	Percent	Number Tested
4				
8	95%	38	45%	244

Evaluation

Troy Prep exceed its Absolute Measure for Science. Troy Prep 8th graders achieved 95% proficiency on the 8th grade Science test compared with 45% in the Troy City School District.

Additional Evidence

The 2012-13 school year was the first year when Troy Prep enrolled 8th grade students. Troy Prep does not have any previous years' results to report. Further, every student in Troy Prep's 8th grade has been enrolled in the school for more than 2 years.

Science Performance by Grade Level and School Year

Grade	Percent of Students Enrolled in At Least Their Second Year at Proficiency					
	2010-11		2011-12		2012-13	
	Percent	Number Tested	Percent	Number Tested	Percent	Number Tested
4						
8					95%	38
All					95%	38

Goal 3: Comparative Measure

Each year, the percent of all tested students enrolled in at least their second year and performing at proficiency on the state science exam will be greater than that of all students in the same tested grades in the local school district.

Method

The school compares tested students enrolled in at least their second year to all tested students in the surrounding public school district. Comparisons are between the results for each grade in which the school had tested students in at least their second year and the results for the respective grades in the local school district.

Results

Troy Prep students achieved 95% proficiency on the 2012-13 8th grade Science test. District results for the 2012-13 Science test are not yet available. In the table below, we have reported District results for the 2011-12 school year, as reported on the New York State School Report Cards.

Troy Prep outperformed the district by 50 percentage points (95% versus 45%).

2012-13 State Science Exam Charter School and District Performance by Grade Level

Grade	Percent of Students at Proficiency			
	Charter School Students In At Least 2 nd Year		All District Students	
	Percent	Number Tested	Percent	Number Tested
4				
8	95%	38	45%	244

Evaluation

Troy Prep met the Comparative measure for Science, with 95% of students performing at proficiency compared with 45% of students in the local school district.

Additional Evidence

The 2012-13 school year was the first year when Troy Prep enrolled 8th grade students. Troy Prep does not have any previous years' results to report.

Science Performance of Charter School and Local District by Grade Level and School Year

Grade	Percent of Charter School Students at Proficiency and Enrolled in At Least their Second Year Compared to Local District Students					
	2010-11		2011-12		2012-13

Summary of the Science Goal

Troy Prep has achieved both of its Science Accountability Plan measures in 2012-13, the first year when the school had students eligible to be tested in Science.

Type	Measure	Outcome
Absolute	Each year, 75 percent of all tested students enrolled in at least their second year will perform at proficiency on the New York State examination.	Achieved
Comparative	Each year, the percent of all tested students enrolled in at least their second year and performing at proficiency on the state exam will be greater than that of all students	Achieved

	in the same tested grades in the local school district.	
--	---	--

Action Plan

While Troy Prep is pleased with its Science results, we acknowledge that there is always room for improvement. Troy Prep plans to do the following things to ensure that students progress along this measure:

- Implement the newly developed Reading Taxonomy and Science Taxonomy techniques in all Science classes to continue to improve teaching practices in these classes.
- Continue to prepare our 8th grade students for the Living Environment Regents in June,
- Continue to use fifth and sixth grade science curriculum to provide students with the essential understandings and skills that will prepare them for more in-depth study of Chemistry, Biology, and Physics during seventh and eighth grade;
- Encourage collaboration between science and literacy teachers so that comprehension and vocabulary strategies taught in reading class are incorporated into science class during non-fiction lessons. Science teachers will be responsible for teaching all textbook features through science instruction. These skills will then be reinforced by the reading teacher while reading non-fiction texts. In addition, Science and Writing teachers will continue to collaborate to give students practice in research and non-fiction writing.
- Schedule observation periods in which Bedford Stuyvesant Collegiate science teachers are able to visit and observe science teachers within the Uncommon network.
- Encourage teachers to share best practices at quarterly Collegiate Science Department meetings on topics such as the instruction of scientific method, questioning in the science classroom and the reinforcement of college-readiness standards into science class.
- Guarantee that students continue to participate in as many hands-on science lessons and activities during science classes as is appropriate and possible, including the addition of science field trips in all four grades; and
- Ensure our new 7th/8th grade science teachers work in close collaboration with our 5th and 6th grade science teachers to ensure consistency from grade to grade and class to class. Provide professional development and common planning time dedicated to collaboration between science, math, and literacy teachers to ensure that the BSC science curriculum continues to reinforce essential math and reading comprehension skills. The class schedule was created with these periods in mind. Each of these teachers has at least one period a week that they can meet with their counterpart to discuss these skills. As mentioned previously we will also be using our PD time as a staff to focus on this. Observations, lesson review and video will be used to help provide feedback to our teachers on this topic.

- Guarantee that students continue to participate in as many hands-on Science lessons and activities during Science classes as is appropriate and possible. Each science class will have at least one lab per week. Observations and lesson plan review will help ensure that these activities continue to be rigorous and aligned with the scope and sequence. Science teachers are also working on a lab notebook where students will be asked to compile and analyze their findings. This is a first step towards a more comprehensive lab report required in high school.

NCLB

Goal 5: NCLB
The school will make Adequate Yearly Progress.

Goal 5: Absolute Measure
Under the state’s NCLB accountability system, the school’s Accountability Status is in good standing: the state has not identified the school as a Focus School nor determined that it has met the criteria to be identified as a local-assistance-plan school.

Method

Since *all* students are expected to meet the state's learning standards, the federal No Child Left Behind legislation stipulates that various sub-populations and demographic categories of students among all tested students must meet state proficiency standards. New York, like all states, established a system for making these determinations for its public schools. Each year the state issues School Report Cards which indicate each school’s status under the state’s No Child Left Behind (NCLB) accountability system.

Results

Troy Prep’s 2012-13 NCLB Accountability Status is “Good Standing”

Evaluation

Troy Prep met the NCLB measure of its accountability plan. The school’s 2012-13 Accountability Status “Good Standing”.

Additional Evidence

Troy Prep has been a school in “Good Standing” in every year that the school has been operational.

NCLB Status by Year

Year	Status
2010-11	Good Standing

2011-12	Good Standing
2012-13	Good Standing

October 24, 2013

To the Board of Trustees
True North Troy Preparatory Charter School

In planning and performing our audit of the financial statements of True North Troy Preparatory Charter School (the “Charter School”) as of and for the year ended June 30, 2013, in accordance with auditing standards generally accepted in the United States of America, we considered the Charter School’s internal control over financial reporting (internal control) as a basis for designing our auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Charter School’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Charter School’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

During the course of our audit of the financial statements of True North Troy Preparatory Charter School as of June 30, 2013 and for year then ended, we observed the Charter School’s significant accounting policies and procedures and certain business, financial and administrative practices. As a result of our observations, we suggest you consider the following comments which we do not consider to be significant deficiencies or material weaknesses:

Competitive Bids

The Charter School's policy on obtaining price comparisons is vague in that it is unclear if the identified \$2,000 threshold relates to total purchases or unit prices. During the performance of our audit procedures, we noted eight relevant purchase transactions that exceeded, in total, the \$2,000 threshold and for which there was not documented evidence of price comparison/bidding.

Recommendation

We recommend the purchasing policy be amended to more clearly identify whether the identified threshold limit reflects a per-unit basis or a total purchase cost. DOOs should maintain evidence that documents the bidding or price comparison/research process for items that exceed the unit cost threshold or purchases that exceed the total threshold.

Cash Transfers

The Charter School's internal policy requires that all cash transfers be approved by the Director of Operations and Business Manager prior to the transfer taking place. We noted four dates where transfers were made to Uncommon Schools Inc. and three dates where transfers were made to True North Tyler Street during the fiscal year. We selected all seven of these dates for testing. For two of the seven transfers tested, we noted signed forms were not included in the reconciliation packets. Upon further inquiry, signed forms were provided; however, we were unable to determine the timeliness of the control. None of the transfers examined were indicative of fraudulent or improper activity but were relieving liabilities generated by expenses driven by written agreements. We were able to substantiate management fee expense and rental expense during performance of other audit procedures.

Recommendation

We recommend approval of all cash transfers by the Charter School are documented prior to the transfer occurring.

Status of matters included in our letter as of June 30, 2012, dated October 15, 2012

Dual signatures

It is our understanding the Charter School has an approved dual-signature requirement for disbursements in excess of \$5,000. However, it was noted during our testing that in one instance the policy was not being followed.

Recommendation

Obtaining dual signatures is an important control over Charter School assets and we suggest the system of controls be followed as designed.

Status as of June 30, 2011

During our audit, out of a selection of checks in amounts greater than \$5,000, none of the checks had the required dual signature. We continue to recommend implementation of this internal control.

Status as of June 30, 2012

During our audit, out of a selection of checks in amounts greater than \$5,000, one of the checks did not have the required dual signature. We continue to recommend implementation of this internal control.

Status as of June 30, 2013

During our audit, out of a selection of checks in amounts greater than \$5,000, all checks had the required dual signatures.

* * * * *

We believe that the implementation of these recommendations will improve the controls in place and efficiency of the Charter School's internal control.

This communication is intended solely for the information and use of Management, Finance Committee Members and Board Members and is not intended to be and should not be used by anyone other than these specified parties.

We appreciate the outstanding cooperation from your staff that our personnel received during the audit of the Charter School's financial statements. Should you have any questions or comments, please contact Michelle Cain or Jackie Lee.

Very truly yours,

Mengel, Metzger, Barr & Co. LLP

INDEPENDENT AUDITOR'S REPORT

Board of Trustees
True North Troy Preparatory Charter School

Report on the Financial Statements

We have audited the accompanying financial statements of True North Troy Preparatory Charter School, which comprise the statement of financial position as of June 30, 2013, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of True North Troy Preparatory Charter School as of June 30, 2013, and the changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited True North Troy Preparatory Charter School's June 30, 2012 financial statements, and we expressed an unmodified opinion on those audited financial statements in our report dated October 15, 2012. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2012 is consistent, in all material respects, with the financial statements from which it has been derived.

Report on Other Legal and Regulatory Requirements

In accordance with *Government Auditing Standards*, we have also issued our report dated October 24, 2013 on our consideration of True North Troy Preparatory Charter School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

TRUE NORTH TROY PREPARATORY CHARTER SCHOOL

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2013 AND 2012

NOTE A: THE CHARTER SCHOOL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Charter School

True North Troy Preparatory Charter School (the “Charter School”), is an educational corporation operating as a charter school in Troy, New York. On March 11, 2008, the Board of Regents of the University of the State of New York granted the Charter School a provisional charter valid for a term of five years and renewable upon expiration. During the year ended June 30, 2013, the charter was extended through July 31, 2014.

The Charter School’s mission is to prepare all students to enter and succeed in college through effort, achievement, and the content of their character.

Financial Statement presentation

The financial statements of the Charter School have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP). The Charter School reports information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets and permanently restricted net assets.

These classes of net assets are defined as follows:

Permanently restricted – Net assets resulting from contributions and other inflows of assets whose use by the Charter School is limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the Charter School. The Charter School had no permanently restricted net assets at June 30, 2013 or 2012.

Temporarily restricted – Net assets resulting from contributions and other inflows of assets whose use by the Charter School is limited by donor-imposed stipulations that either expire by passage of time or can be fulfilled and removed by actions of the Charter School pursuant to those stipulations. The Charter School had no temporarily restricted net assets at June 30, 2013 or 2012.

Unrestricted – The net assets over which the Governing Board has discretionary control to use in carrying on the Charter School’s operations in accordance with the guidelines established by the Charter School. The Board may designate portions of the current unrestricted net assets for specific purposes, projects or investment.

Revenue and support recognition

Revenue from state and local governments resulting from the Charter School’s charter status and based on the number of students enrolled is recorded when services are performed in accordance with the charter agreement.

Revenue from federal, state and local government grants and contracts are recorded by the Charter School when qualifying expenditures are incurred and billable.

TRUE NORTH TROY PREPARATORY CHARTER SCHOOL

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2013 AND 2012

NOTE A: THE CHARTER SCHOOL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES,

Cont'd

Contributions

Contributions received are recorded as unrestricted, temporarily or permanently restricted support depending on the existence of any donor restrictions. A contribution that is received and expended in the same year for a specific purpose is classified as unrestricted revenue.

Contributions are recorded as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities and changes in net assets as net assets released from restrictions.

Cash

Cash balances are maintained at a financial institution located in New York and are insured by the FDIC up to \$250,000 at each institution. In the normal course of business, the cash account balances at any given time may exceed insured limits. However, the Charter School has not experienced any losses in such accounts and does not believe it is exposed to significant risk in cash.

Grants and other receivables

Grants and other receivables are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts based on its assessment of the current status of individual receivables from grants, agencies and others. Balances that are still outstanding after management has used reasonable collection efforts are written off as bad debt expense or against the allowance for doubtful accounts. There was no allowance for doubtful accounts at June 30, 2013 or 2012.

Property and equipment

Property and equipment are recorded at cost. Depreciation and amortization are computed using the straight-line method on a basis considered adequate to depreciate the assets over their estimated useful lives, which range from three to ten years.

Deferred revenue

The Charter School records grant revenue as deferred revenue until it is expended for the purpose of the grant, at which time it is recognized as revenue.

Tax exempt status

The Charter School is a tax-exempt organization under section 501(c)(3) of the Internal Revenue Code and applicable state regulations and, accordingly, is exempt from federal and state taxes on income.

The Charter School has filed for and received income tax exemptions in the jurisdictions where it is required to do so. The Charter School files the Form 990 in the U.S. federal jurisdiction. With few exceptions, as of June 30, 2013, the Charter School is no longer subject to U.S. Federal income tax examinations by tax authorities for the years ended prior to June 30, 2010. The tax returns for the years ended June 30, 2010 through June 30, 2013 are still subject to potential audit by the IRS. Management of the Charter School believes it has no material uncertain tax positions and, accordingly it has not recognized any liability for unrecognized tax benefits.

TRUE NORTH TROY PREPARATORY CHARTER SCHOOL

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2013 AND 2012

NOTE A: THE CHARTER SCHOOL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES,

Cont'd

Contributed services

The Charter School receives contributed services from volunteers to develop its academic program and to serve on the Board of Trustees. These services are not valued in the financial statements because they do not require "specialized skills" and would typically not be purchased if they were not contributed.

Use of estimates in the preparation of financial statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Comparatives for the year ended June 30, 2012

The financial statements include certain prior year summarized comparative information in total but not by functional classification. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the Charter School's financial statements for the year ended June 30, 2012, from which the summarized information was derived.

Subsequent events

The Charter School has conducted an evaluation of potential subsequent events occurring after the statement of financial position date through October 24, 2013, which is the date the financial statements are available to be issued. No subsequent events requiring disclosure were noted.

NOTE B: RELATED PARTY TRANSACTIONS

Uncommon Schools, Inc. ("USI"), a not-for-profit organization dedicated to helping start and run charter schools, provides management and other administrative support services to the Charter School. The Charter School entered into a five year agreement with USI, dated July 1, 2009, under which the Charter School pays USI a service fee of a set percentage of the average number of students enrolled at the Charter School during the school year multiplied by the approved per pupil operating expenses for the school year, and a percentage of all other public entitlement funding receivable during the fiscal year, excluding in-kind contributions and funds from competitive public grants. This percentage is fixed at 10% for years 1-3, decreasing to 9.5% in year 4 and 9% in year 5. The fees incurred for the years ended June 30, 2013 and 2012 were approximately \$489,000 and \$338,000, respectively. At June 30, 2013, approximately \$99,000 and \$85,000 were included in accounts receivable and accounts payable, respectively, relating to USI. At June 30, 2012, approximately \$20,000 and \$362,000 were included in accounts receivable and accounts payable, respectively, relating to USI.

TRUE NORTH TROY PREPARATORY CHARTER SCHOOL

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2013 AND 2012

NOTE B: RELATED PARTY TRANSACTIONS, Cont'd

Effective August 1, 2011, the Charter School signed a lease agreement with True North Tyler Street, LLC, a wholly-owned subsidiary of USI. The lease requires monthly payments of \$42,175 through July 2036.

Future minimum payments on this lease are as follows:

<u>Year ending June 30,</u>	<u>Amount</u>
2014	\$ 506,100
2015	506,100
2016	506,100
2017	506,100
2018	506,100
Thereafter	<u>9,151,975</u>
	<u>\$ 11,682,475</u>

Rent expense incurred for the years ended June 30, 2013 and 2012 was \$506,100 and \$463,926, respectively.

NOTE C: PROPERTY AND EQUIPMENT

Property and equipment consist of the following:

	<u>June 30,</u>	
	<u>2013</u>	<u>2012</u>
Furniture and fixtures	\$ 156,423	\$ 125,247
Computers and software	664,597	367,764
Leasehold improvements	<u>69,696</u>	<u>18,785</u>
	890,716	511,796
Less accumulated depreciation and amortization	<u>409,875</u>	<u>226,416</u>
	<u>\$ 480,841</u>	<u>\$ 285,380</u>

JUNE 30, 2013 AND 2012

NOTE D: RETIREMENT PLAN

The Charter School sponsors a defined contribution 403(b) plan covering most employees. The Charter School matches employees' contributions up to the lesser of 3% of gross payroll or \$3,500. Effective July 1, 2012, for employees who have 3 years of service or more the Charter School will match up to the lesser of 4% of gross payroll or \$4,000. The Charter School's total contribution to the Plan for the years ended June 30, 2013 and 2012 approximated \$57,300 and \$29,700, respectively.

NOTE E: CONTINGENCY

Certain grants and contracts may be subject to audit by funding sources. Such audits might result in disallowance of costs submitted for reimbursement by the Charter School. Management is of the opinion that such disallowances, if any, will not have a material effect on the accompanying financial statements. Accordingly, no amounts have been provided in the accompanying financial statements for such potential claims.

NOTE F: CONCENTRATIONS

At June 30, 2013 approximately 19% and 46% of accounts receivable are due from New York State and two school districts, respectively.

At June 30, 2012 approximately 17% and 73% of accounts receivable are due from a grantor and two school districts, respectively.

During the years ended June 30, 2013 and 2012, 82% and 72%, respectively, of total operating revenue and support came from per-pupil funding provided by New York State. The per-pupil rate is set annually by the State based on the school district in which the Charter School's students are located.

NOTE G: OPERATING LEASE

The Charter School leases office equipment under a non-cancelable lease agreement expiring in September 2015. The future minimum payments on this agreement are approximately as follows:

<u>Year ending June 30,</u>	<u>Amount</u>
2014	\$ 20,700
2015	12,400
2016	<u>2,000</u>
	<u>\$ 35,100</u>

INDEPENDENT AUDITOR'S REPORT ON OTHER FINANCIAL INFORMATION

Board of Trustees
True North Troy Preparatory Charter School

We have audited the financial statements of True North Troy Preparatory Charter School as of and for the year ended June 30, 2013, and we have issued our report thereon dated October 24, 2013, which expressed an unmodified opinion on those financial statements. Our audit was performed for the purpose of forming an opinion on the 2013 financial statements as a whole. The 2013 financial information hereinafter is presented for purposes of additional analysis and is not a required part of the 2013 financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the 2013 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2013 financial statements or to the 2013 financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements for the year ended June 30, 2013, as a whole.

We have also audited the financial statements of True North Troy Preparatory Charter School as of and for the year ended June 30, 2012, and our report thereon dated October 15, 2012, expressed an unmodified opinion on those financial statements. Our audit was performed for the purpose of forming an opinion on the 2012 financial statements as a whole. The 2012 financial information hereinafter is presented for purposes of additional analysis and is not a required part of the 2012 financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the 2012 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2012 financial statements or to the 2012 financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements for the year ended June 30, 2012, as a whole.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED
ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS

Board of Trustees
True North Troy Preparatory Charter School

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of True North Troy Preparatory Charter School, which comprise the statement of financial position as of June 30, 2013 and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated October 24, 2013.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered True North Troy Preparatory Charter School's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of True North Troy Preparatory Charter School's internal control. Accordingly, we do not express an opinion on the effectiveness of True North Troy Preparatory Charter School's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether True North Troy Preparatory Charter School's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain other matters that we reported to management of True North Troy Preparatory Charter School in a separate letter dated October 24, 2013.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Restricted Use

This report is intended solely for the information and use of the Board of Trustees, management, federal, state and local awarding agencies, the State University of New York, the New York State Education Department and others within the Charter School and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM;
REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON THE SCHEDULE OF
EXPENDITURES OF FEDERAL AWARDS REQUIRED BY OMB CIRCULAR A-133

Board of Trustees
True North Troy Preparatory Charter School

Report on Compliance for Each Major Federal Program

We have audited True North Troy Preparatory Charter School's compliance with the types of compliance requirements described in the U.S. Office of Management and Budget Circular A-133 *Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2013. True North Troy Preparatory Charter School's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of True North Troy Preparatory Charter School's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about True North Troy Preparatory Charter School's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of True North Troy Preparatory Charter School's compliance.

Opinion on Each Major Federal Program

In our opinion, True North Troy Preparatory Charter School complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2013.

Report on Internal Control over Compliance

Management of True North Troy Preparatory Charter School is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered True North Troy Preparatory Charter School's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program as a basis for designing auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of True North Troy Preparatory Charter School's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133

We have audited the financial statements of True North Troy Preparatory Charter School as of and for the year ended June 30, 2013, and have issued our report thereon dated October 24, 2013, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the financial statements as a whole.

Average -	5
Yrs. OR Charter Term	
	Err:511
	Err:511
	Err:511

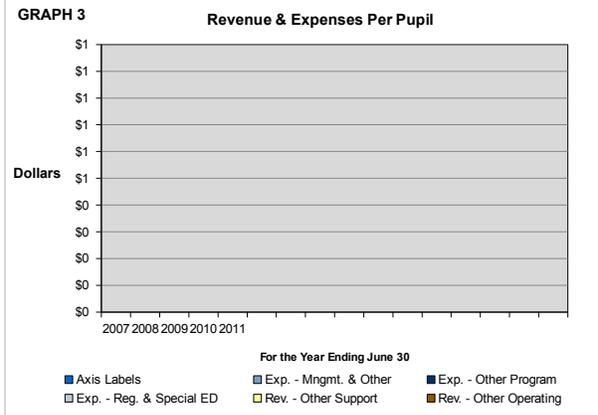

This chart illustrates total revenue and expenses each year and the relationship those subsets have on the increase/decrease of net assets on a year to year basis. Ideally subset 1, revenue, will be taller than subset 2, expenses, and as a result subset 3, net assets - beginning, will increase each year building a more fiscally viable school.

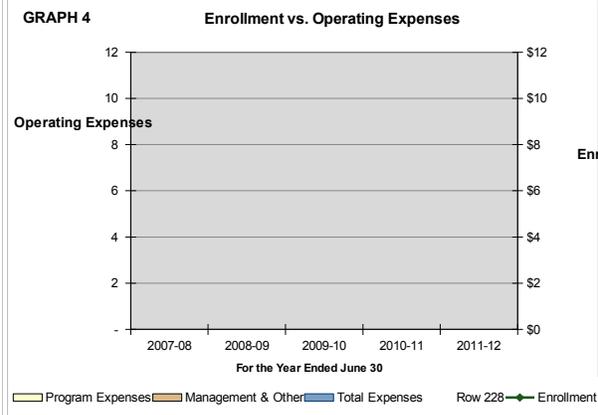

This chart illustrates the relationship between assets and liabilities and to what extent cash reserves makes up current assets. Ideally for each subset, subsets 2 thru 4, (i.e. current assets vs. current liabilities), the column on the left is taller than the immediate column on the right; and, generally speaking, the bigger that gap, the better.

Err:511

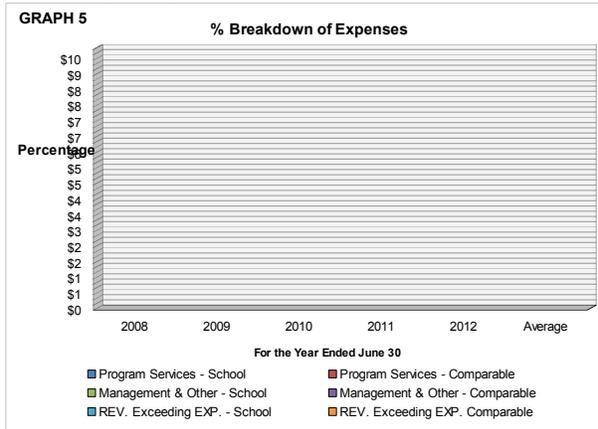

This chart illustrates the breakdown of revenue and expenses on a per pupil basis. Caution should be exercised in making school-by-school comparisons since schools serving different missions or student populations are likely to have substantially different educational cost bases. Comparisons with similar schools with similar dynamics are most valid.

This chart illustrates to what extent the school's operating expenses have followed its student enrollment pattern. A baseline assumption that this data tests is that operating expenses increase with each additional student served. This chart also compares and contrasts growth trends of both, giving insight into what a reasonable expectation might be in terms of economies of scale.

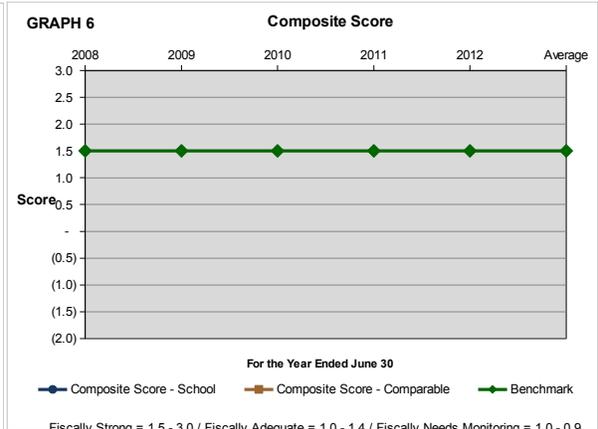

Comparable School, Region or Network:

* Average = Average - 5 Yrs. OR Charter Term

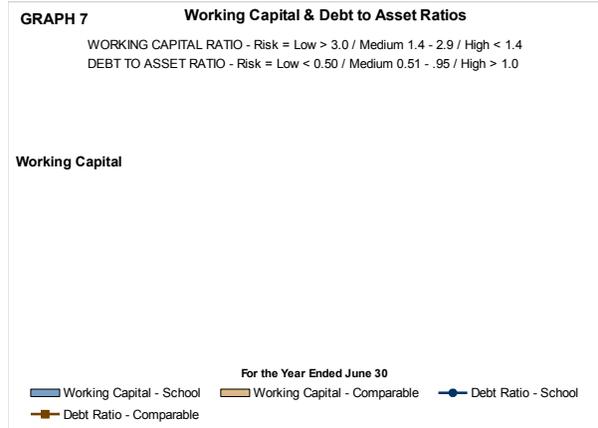

This chart illustrates the percentage expense breakdown between program services and management & others as well as the percentage of revenues exceeding expenses. Ideally the percentage expense for program services will far exceed that of the management & other expense. The percentage of revenues exceeding expenses should not be negative. Similar caution, as mentioned on GRAPH 3, should be used in comparing schools.

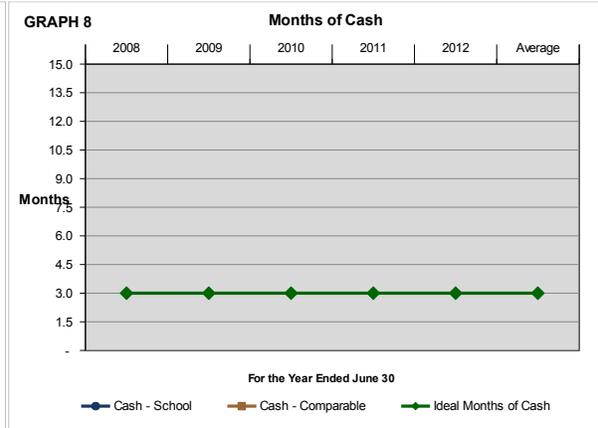

Err:511

This chart illustrates a school's composite score based on the methodology developed by the United States Department of Education (USDOE) to determine whether private not-for-profit colleges and universities are financially strong enough to participate in federal loan programs. These scores can be valid for observing the fiscal trends of a particular school and used as a tool to compare the results of different schools.

This chart illustrates Working Capital and Debt to Asset Ratios. W/C indicates if a school has enough short-term assets to cover its immediate liabilities/short term debt. Debt to Asset indicates what proportion of debt a school has relative to its assets. The measure gives an idea to the leverage of the school along with the potential risks the school faces in terms of its debt-load.

This chart illustrates how many months of cash the school has in reserves. This metric is to measure solvency – the school's ability to pay debts and claims as they come due. This gives some idea of how long a school could continue its ongoing operating costs without tapping into some other, non-cash form of financing in the event that revenues were to cease flowing to the school.

Charter Funding By NYS School District Code

* The FY 2013-14 rates are the same as the past three fiscal years' rates.*

Annual Report Requirement
for SUNY Authorized Charter Schools

School

Administrative
expenditures per pupil:

\$0.00

Per NYS Statute

Administrative expenditures per pupil: the sum of all general administration salaries and other general administration expenditures divided by the total number of enrolled students. Employee benefit costs or expenditures should not be reported here.

Appendix E: Disclosure of Financial Interest Form

Created Tuesday, July 30, 2013

Updated Thursday, August 01, 2013

Page 1

491700860931 TRUE NORTH TROY PREP CS

An Appendix E: Disclosure of Financial Interest Form must be completed for each active Trustee who served on the charter school's Board of Trustees during the 2012-13 school year. Trustees are at times difficult to track down in the summer months. Trustees may complete and submit at their leisure (but before the deadline) their individual form at: <http://fluidsurveys.com/surveys/vickie-smith/appendix-e-disclosure-of-financial-interest-form/>.

Trustees who are technologically advanced may complete the survey using their smartphones or other mobile devices by downloading the this bar code link to the survey <http://fluidsurveys.com/account/surveys/210748/publish/qrcode/>. (Make sure you have the bar code application reader on your phone).

If a Trustee is unable to complete the form by the deadline (i.e, out of the country), the school is responsible for submitting the information required on the form for that individual trustee.

Just send the links via email today to your Trustees requesting that they each complete their form as soon as possible.

Thank you.

Yes, each member of the school's Board of Trustees has received a link to the Disclosure of Financial Interest Form.

Yes

Thank you.

Appendix F: BOT Membership Table

2. Total Number of Members Joining Board during the 2012-13 school year

3

3. Total Number of Members Departing the Board during the 2012-13 school year

3

4. According to the School's by-laws, what is the maximum number of trustees that may comprise the governing board?

11

5. How many times did the Board meet during the 2012-13 school year?

12

6. How many times will the Board meet during the 2013-14 school year?

12

Thank you.

Enrollment and Retention Targets

Troy Prep aims to provide a high quality, college preparatory education to students otherwise deemed at risk of academic failure. As a result of the school's strong outreach and student recruitment processes, the school has been successful in enrolling a predominantly low-income population. To ensure that the school continues to enroll and retain those students most at risk of academic failure, including students with disabilities and students with limited English proficiency, Troy Prep plans to:

- Implement an absolute admissions preference for students eligible for Free or Reduced Price Lunch;
- Continue and enhance its existing outreach processes; and
- Employ a full-time Parent Coordinator

As a member of Uncommon Schools, Troy Prep is able to share best practices for outreach and recruitment with other successful charter schools throughout New York State.

Enrollment Targets

Troy Prep's student recruitment and outreach efforts are managed jointly by the middle and elementary school Directors of Operations and their staff, with significant input from school Principals and supervision by the Uncommon Schools Rochester and Troy Chief Operating Officer. The outreach process begins each year with a "Kick-Off" meeting, where Directors of Operations set goals, strategize, and budget for outreach. Outreach efforts include:

- Knocking on doors in the community, beginning with local housing projects
- Posting of fliers and procurement of advertising space
- Holding events in housing project function areas
- Attendance at community events throughout Troy and inside local housing projects
- Development of relationships with organizations such as the Commission on Economic Opportunity and Unity House, which refer parents to Troy Prep.

Many of these outreach efforts are specifically targeted for parents of at-risk students.

Students Eligible for Free and Reduced Price Lunch

Due in part to its extensive family outreach efforts, Troy Prep has been successful in attracting a high portion of students eligible for Free and Reduced Price Lunch. During the 2011-12 school year, 92% of students at Troy Prep were eligible for Free and Reduced Lunch. This far exceeds the Troy District's rate of 61%. Since its opening, Troy Prep has consistently enrolled the highest portion of students eligible for Free or Reduced Price Lunch of every public school in Troy. Troy Prep plans to continue its current outreach strategies to enroll economically disadvantaged students at similar levels in coming years.

Students with Limited English Proficiency

The Troy Enlarged City School District is a small urban school district serving only about 4300 students. According to 2010-11 New York State Report Card Data, the school in the Troy District with the highest portion of students with limited English proficiency was PS 2, an elementary school. In 2010-11 3% of students at PS 2 were identified as having limited English proficiency¹. We expect that the area surrounding this school – commonly referred to as "North Central" Troy – is the best area to target to attract families of students with limited English proficiency. This area is heavily targeted by Troy Prep's outreach efforts.

¹ The 2010-11 school year was the last year in which the Troy Enlarged City School District assigned students to schools based on neighborhoods. While the neighborhood zoning system is no longer in use, demographic data from the 2010-11 school report cards speaks to the composition of the neighborhood surrounding each school.

Troy Prep produces all outreach documents in English and Spanish. The school employs Spanish speaking staff to communicate with Spanish-speaking families, and uses an interpreting service for all other interpretation needs. In its outreach efforts, the school places a special emphasis on reaching out to non-English speaking families. For example, each year Troy Prep staff:

- Knock on doors in all of the local housing projects, which we know from experience contain a number of non-English speaking families;
- Hold events with Spanish Language community groups, including Spanish Language Churches; and
- Advertise on a Spanish language radio broadcast.

Students with Disabilities

There is no one best area of the school district in which to recruit students with disabilities. Instead, Troy Prep must focus on communicating to parents that the school is open to all students, including those with disabilities. In all of its outreach materials, Troy Prep emphasizes that it is open to all students. In the past the School has sent letters to parents outlining, major myths about charter schools, including the myth that “charter schools don’t serve students with disabilities”.

Beginning in the 2012-13 school year, Troy Prep will begin holding parent-facing workshops open to all members of the community and focused on educational issues. At least one of these workshops will focus on issues specific to parents of students with disabilities. A likely topic for such a workshop is “Understanding Your Child’s IEP”. A secondary goal of this workshop will be to demonstrate to the community that Troy Prep is well versed on special education issues and a welcome environment for students with disabilities.

In the fall of 2011 Troy Prep moved into a newly renovated facility in South Troy. This new facility is handicap accessible and more inviting to students with certain physical disabilities than the building that the school previously occupied.

Evaluating our Enrollment of Subgroups

In partnership with Uncommon Schools, Troy Prep regularly collects, reports, and analyzes data on a number of indicators, including its enrollment of students with disabilities, students with limited English proficiency, and students eligible for Free and Reduced Price Lunch. As a member of Uncommon Schools, Troy Prep is able to compare its data with that of other Uncommon schools throughout New York State before this data is released to the public.

As described above, Troy Prep holds a “Kick-Off” meeting each year to identify goals and develop strategies for the year’s student and family outreach. The school sets enrollment targets and uses data from the previous year to assess its performance according to those targets. This evaluation allows Troy Prep to update its recruitment strategies to ensure that it is appropriately targeting all subgroups of students.

Troy Prep documents all of its recruitment efforts for the purposing of sharing best practices with other Uncommon Schools and informing future years’ recruitment efforts. Troy Prep will continue to document its recruitment efforts to demonstrate its attention to all subgroups of the student community.

Retention

Troy Prep aims to provide high-quality, college preparatory education for students otherwise deemed at-risk of academic failure. To serve its predominantly at-risk student population, Troy Prep has developed strong identification and intervention systems to enable struggling students to succeed.

Many aspects of Troy Prep's existing educational model will serve to ensure retention of students with disabilities and students and with limited English proficiency.

Strong Identification and Intervention Systems

Troy Prep uses an inclusion model that relies on small group intervention outside of regular classes to provide intervention services to students. The identification and intervention systems in place for students with disabilities and students with limited English proficiency are the same as or similar to those for all students who may need extra attention to achieve reading fluency or otherwise succeed. Because these systems exist, it is not apparent that a student receiving these services due to a disability or English language deficit. Students are thus not stigmatized for having a disability or deficit because many of the school's students receive intervention services at some point in their time with Troy Prep

Communication with Parents

Troy Prep places enhanced emphasis on communication with parents. We send home regular progress reports and behavior reports in addition to calling parents and conducting home visits as necessary. Before assigning students to intervention groups Troy Prep school leaders and teachers meet with parents. Dual-language staff members are available at the school to communicate with families in Spanish. If additional language services are needed, we contract for those services to ensure that non-English speaking families receive the level of communication that is required to ensure that their student is able to succeed.

Beginning in the 2012-13 school year, Troy Prep will employ a full-time Parent Coordinator to ensure effective parent communication and to address family issues that can prevent a student from having a positive school experience or from ultimately remaining enrolled. The Troy Prep staff member chosen for the Parent Coordinator position speaks Spanish and has deep connections to the Troy community. Troy Prep believes that the Parent Coordinator will help to strengthen the school's relationship with families and students and decrease student attrition in all subgroups.

Troy Prep's retention efforts are overseen by the Uncommon Schools Rochester and Troy Managing Director, in partnership with the Chief Operating Officer and the schools' Principals and Directors of Operations. At regular intervals throughout the school year, the Managing Director reviews and analyzes data on key indicators including student attrition. These data reviews are used to inform decisions about practices at each school.
