INTRODUCTION

Explore Exceed Charter School is a public charter school currently serving grades K-6 in Crown Heights, Brooklyn. Exceed opened in 2012 and will grow one grade per year until full growth, when it will serve grades K-8 and graduate students to some of the top college-preparatory high schools in New York City. Exceed's mission is to provide students with the academic skills and critical-thinking abilities they need to succeed in a college-preparatory high school. In the 15-16 school year, Exceed serves 420 students, 89% of whom are Black or Hispanic, and 78% of whom qualify for free or reduced-price lunch.

ENGLISH LANGUAGE ARTS

Goal 1: English Language Arts

Explore Exceed Charter School students will meet grade level expectations in English.

Background

In the 2014-2015 school year, Explore Exceed Charter School used Journeys anchor curriculum for K-5 as a base for literacy, supplemented by internally developed resources, and Teacher's College curriculum for writing in K-5.

Goal 1: Absolute Measure

Each year, 75 percent of all tested students enrolled in at least their second year will perform at proficiency on the New York State English language arts examination for grades 3-8.

Method

The school administered the New York State Testing Program English language arts assessment to students in 3rd through 5th grade in April 2015. Each student's raw score has been converted to a grade-specific scaled score and a performance level.

The table below summarizes participation information for this year's test administration. The table indicates total enrollment and total number of students tested. It also provides a detailed breakdown of those students excluded from the exam. Note that this table includes all students according to grade level, even if they have not enrolled in at least their second year (defined as enrolled by BEDS day of the previous school year).

| 4 | 62 | | | | 62 |
| 5 | 64 | | | | 64 |
| All | 190 | | | | 190 |

Results

¹ Students exempted from this exam according to their Individualized Education Program (IEP), because of English Language Learners (ELL) status, or absence for at least some part of the exam.

Of the students enrolled in at least their second year (158 out of 190) 9.49% achieved proficiency on the NYS English Language Arts Exam.

| 5 | 9.38% | 64 | 11.76% | 51 |
| All | 10.53% | 190 | 9.49% | 158 |

Evaluation

We did not meet the first absolute measure.

For students enrolled in at least their second year, overall Explore Exceed fell short by 65.51 percentage points. We will discuss our plans to address that gap in the Action plan located in the ELA summary section of this report.

Additional Evidence

In 2014-15, Explore Exceed Charter School used Fountas & Pinnell Reading Level Assessments to measure student progress along with a mid-year interim assessment mirroring the demands of the state test. We also worked to examine and revise our assessment plan and data use for the 2015-2016 school year as we saw little progress based on our use of the Achievement Network’s Interim Assessments in previous years.

English Language Arts Performance by Grade Level and School Year

| Grade | Percent of Students Enrolled in At Least Their Second Year Achieving Proficiency | | | | | |
|-------|----------------------------------------------------------------------------------|---------------|---------|---------------|---------|---------------|
| | 2012-13 | | 2013-14 | | 2014-15 | |

| 5 | | | | | 11.76% | 51 |
| All | | | 25.05% | 103 | 9.49% | 158 |

Goal 1: Absolute Measure

Each year, the school’s aggregate Performance Level Index (“PLI”) on the State English language arts exam will meet the Annual Measurable Objective (“AMO”) set forth in the state’s NCLB accountability system.

Method

The federal No Child Left Behind law holds schools accountable for making annual yearly progress towards enabling all students to be proficient. As a result, the state sets an AMO each year to determine if schools are making satisfactory progress toward the goal of proficiency in the state’s learning standards in English language arts. To achieve this measure, all tested students must have a Performance Level Index (“PLI”) value that equals or exceeds the 2014-15 English language arts AMO of 97. The PLI is calculated by adding the sum of the percent of all tested students at Levels 2 through 4 with the sum of the percent of all tested students at Levels 3 and 4. Thus, the highest possible PLI is 200.²

Results

Our performance index for the 2014-15 academic year in English Language Arts was 66.32.

English Language Arts 2014-15 Performance Level Index (PLI)

| Number in Cohort | Percent of Students at Each Performance Level | | | |
|------------------|-----------------------------------------------|---------|---------|---------|
| | Level 1 | Level 2 | Level 3 | Level 4 |
| | 44.21 | 45.26 | 10.00 | 0.53 |

$$\begin{array}{rcccccc}
 \text{PI} & = & 45.26 & + & 10.00 & + & 0.53 & = & 55.79 \\
 & & & & 10.00 & + & 0.53 & = & \underline{10.53} \\
 & & & & & & \text{PLI} & = & 66.32
 \end{array}$$

Evaluation

We fell short of the PLI for ELA by 30.68. We will discuss our plans to address that gap in the Action plan located in the ELA summary section of this report.

Goal 1: Comparative Measure

Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state English language arts exam will be greater than that of all students in the same tested grades in the local school district.

Method

A school compares tested students enrolled in at least their second year to all tested students in the surrounding public school district. Comparisons are between the results for each grade in which

² In contrast to SED’s Performance Index, the PLI does not account for year-to-year growth toward proficiency.

the school had tested students in at least their second year at the school and the total result for all students at the corresponding grades in the school district.³

Results

Of the students enrolled in at least their second year (158 out of 190) 9.49% achieved proficiency on the NYS English Language Arts Exam.

Goal 1: Comparative Measure

³ Schools can acquire these data when the New York State Education Department releases its Access database containing grade level ELA and math test results for all schools and districts statewide. The NYSED announces the release of the data on its [News Release webpage](#).

Each year, the school will exceed its predicted level of performance on the state English language arts exam by an Effect Size of 0.3 or above (performing higher than expected to a meaningful degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State.

Method

The Charter Schools Institute conducts a Comparative Performance Analysis, which compares the school’s performance to demographically similar public schools state-wide. The Institute uses a regression analysis to control for the percentage of economically disadvantaged students among all public schools in New York State. The Institute compares the school’s actual performance to the predicted performance of public schools with a similar economically disadvantaged percentage. The difference between the schools’ actual and predicted performance, relative to other schools with similar economically disadvantaged statistics, produces an Effect Size. An Effect Size of 0.3 or performing higher than expected to a meaningful degree is the requirement for achieving this measure.

Given the timing of the state’s release of economically disadvantaged data and the demands of the data analysis, the 2014-15 analysis is not yet available. This report contains 2013-14 results, the most recent Comparative Performance Analysis available.

Goal 1: Growth Measure⁴

Each year, under the state’s Growth Model, the school’s mean unadjusted growth percentile in English language arts for all tested students in grades 4-8 will be above the state’s unadjusted median growth percentile.

Method

This measure examines the change in performance of the same group of students from one year to the next and the progress they are making in comparison to other students with the same score in the previous year. The analysis only includes students who took the state exam in 2013-14 and also have a state exam score from 2012-13 including students who were retained in the same grade. Students with the same 2012-13 score are ranked by their 2013-14 score and assigned a percentile based on their relative growth in performance (student growth percentile). Students’ growth percentiles are aggregated school-wide to yield a school’s mean growth percentile. In order for a school to perform above the statewide median, it must have a mean growth percentile greater than 50.

Given the timing of the state’s release of Growth Model data, the 2014-15 analysis is not yet available. This report contains 2013-14 results, the most recent Growth Model data available.⁵

Results

The school’s overall mean growth percentile for ELA is 48.

2013-14 English Language Arts Mean Growth Percentile by Grade Level

⁴ See Guidelines for [Creating a SUNY Accountability Plan](#) for an explanation.

⁵ Schools can acquire these data from the NYSED’s Business Portal: portal.nysed.gov.

|-------|------------------------|------------------|
| | School | Statewide Median |
| 4 | 48.0 | 50.0 |
| All | 48.0 | 50.0 |

Evaluation

The school's overall mean growth percentile is less than the state median of the 50th percentile. We did not meet this goal. We will discuss our plans to address that gap in the Action plan located in the ELA summary section of this report.

Action Plan

We recognize that our 14-15 results do not meet our performance goals and need to be improved upon. We believe this was due to three main deficits in our structures and execution:

1. Literacy curricula lacked common-core alignment and effective implementation tools and resources for teachers
2. Teachers needed additional support and development in lesson planning and execution
3. Teachers and leaders failed to effectively use interim data to inform instruction and plan targeted interventions

In order to address these deficits, Explore Exceed Charter School implemented several new structures and processes to improve classroom instruction, the responsiveness to student needs and the implementation of interventions.

Literacy Curricula – In 2014-15, Explore Exceed Charter School’s Charter Management Organization (CMO) created a literacy committee composed of experienced teachers, coordinators and leaders from across four schools. The committee was tasked with evaluating literacy curricular options for common core alignment and effectiveness, and identifying the best curricula for our schools. In this several-month process, the literacy committee identified, tested, and selected new curricula for K-8 grade for the 2015-16 school year. The curricula selected were Core Knowledge Language Arts Skills and Listening & Learning Strands for grades K-2 and Expeditionary Learning in cohort with word study programs, Words Their Way and Grammar Works, for grade 3-8. These curricula were rolled out to Explore Exceed Charter School teachers through a robust pre-service program during which teachers received over 30 hours of content-based sessions to learn this curricula and plan lessons.

Teacher support and development in lesson planning and execution – As mentioned above, Explore Exceed Charter School, with support from its CMO, began the 15-16 year with a robust pre-service. This was a three-week program used for training, development and planning for all teachers and staff. In 2014-15, pre-service was a total of 10 days for new teachers and 5 for returning teachers. This extended time was used to provide role-specific professional development and support for teachers, including over 30 hours of content/curriculum-based sessions for literacy teachers, between 7 and 12 hours of classroom management sessions (based on experience level and need), and several hours of lesson planning, feedback and lesson execution practice with leaders and peers.

Under the leadership and coordination of the CMO’s Literacy Specialist and Program Team, Explore Exceed Charter School has begun and will continue to participate in CMO-drive unit planning, training for leaders, and professional development opportunities for teachers, supporting the effective implementation of, and collaboration around, the new curricula. Teachers also attend a weekly Professional Learning Community (“PLC”), in which a teacher leader or school leader guides the grade level in planning and preparing units and lessons through content-based discussions about the curriculum and students’ needs. These PLC leaders received additional professional development during pre-service to build their capacity to effectively lead these sessions. Additionally, Explore Exceed Charter School is working with an external Expeditionary Learning Consultant to provide additional development to school leaders and grade level leaders throughout the year to ensure high level execution of the new curricula.

Use of Interim Data to inform instruction and interventions – While in 2014-15 the Fountas & Pinnell Reading Level Assessments (“F&P”) were used to assess student progress, Explore Exceed Charter

School lacked a cohesive and intentional strategy around responding to this data and implementing intervention systems based on student needs. This year, to ensure teachers are using data to inform instruction and create interventions, Explore Exceed Charter School is conducting termly in-service days in which teachers receive support in analyzing their F&P results and planning their instruction based on that data. School leaders will also receive professional development and coaching around having data-driven conversations with teachers and supporting data-driven instruction.

Currently, the most prevalent intervention need is for students who are behind grade level in reading. Over 50 teachers across our network of four schools received formal training in using this LLI system and will began implementation of this intervention program in late October. To address this need, Explore Exceed Charter School is also rolling out robust use of the Fountas & Pinnell Leveled Literacy Intervention System (“LLI”) to students behind grade level in reading. This LLI program was chosen due to its proven effectiveness in numerous research studies for catching up students who are behind grade level.

With the comprehensive and supported rollout of common-core-aligned curricula, implementation of robust professional development and support systems, and targeted use of data to monitor progress and implement intervention systems, Explore Exceed Charter School is confident it can improve results for its students in literacy.

MATHEMATICS

Goal 2: Mathematics

Explore Exceed students will meet grade level expectations in Math.

Background

In the 2014-15 school year Explore Exceed used the TERC/Investigations anchor curriculum in math school-wide for grades K – 5.

Goal 2: Absolute Measure

Each year, 75 percent of all tested students enrolled in at least their second year will perform at proficiency on the New York State mathematics examination for grades 3-8.

Method

The school administered the New York State Testing Program mathematics assessment to students in 3rd through 5th grade in April 2015. Each student’s raw score has been converted to a grade-specific scaled score and a performance level.

The table below summarizes participation information for this year’s test administration. The table indicates total enrollment and total number of students tested. It also provides a detailed breakdown of those students excluded from the exam. Note that this table includes all students according to grade level, even if they have not enrolled in at least their second year.

Evaluation

We did not meet the first absolute measure.

For students enrolled in at least their second year, overall Explore Exceed fell short by 42.72 percentage points. We will discuss our plans to address that gap in the Action plan located in the Math summary section of this report

Goal 2: Absolute Measure

Each year, the school’s aggregate Performance Level Index (PLI) on the State mathematics exam will meet the Annual Measurable Objective (AMO) set forth in the state’s NCLB accountability system.

Method

The federal No Child Left Behind law holds schools accountable for making annual yearly progress towards enabling all students to be proficient. As a result, the state sets an AMO each year to determine if schools are making satisfactory progress toward the goal of proficiency in the state’s learning standards in mathematics. To achieve this measure, all tested students must have a Performance Level Index (PLI) value that equals or exceeds the 2014-15 mathematics AMO of 94. The PLI is calculated by adding the sum of the percent of all tested students at Levels 2 through 4 with the sum of the percent of all tested students at Levels 3 and 4. Thus, the highest possible PLI is 200.⁸

Results

Our PLI in Math was 107.9.

Mathematics 2014-15 Performance Level Index (PLI)

 & & & & 24.21 & + & 7.89 & = & \underline{32.11} \\
 & & & & & & \text{PLI} & = & 107.9
 \end{array}$$

Evaluation

We exceeded the PLI for Math by 13.9. We met this goal.

Goal 2: Comparative Measure

Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state mathematics exam will be greater than that of all students in the same tested grades in the local school district.

⁸ In contrast to NYSED’s Performance Index, the PLI does not account for year-to-year growth toward proficiency.

Method

A school compares the performance of tested students enrolled in at least their second year to that of all tested students in the surrounding public school district. Comparisons are between the results for each grade in which the school had tested students in at least their second year at the school and the total result for all students at the corresponding grades in the school district.⁹

Results

Of the students enrolled in at least their second year (158 out of 190) 32.28% achieved proficiency on the NYS Math Exam.

⁹ Schools can acquire these data when the New York State Education Department releases its database containing grade level ELA and math test results for all schools and districts statewide. The NYSED announces the release of the data on its [News Release webpage](#).

Goal 2: Comparative Measure

Each year, the school will exceed its predicted level of performance on the state mathematics exam by an Effect Size of 0.3 or above (performing higher than expected to a meaningful degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State.

Method

The Charter Schools Institute conducts a Comparative Performance Analysis, which compares the school’s performance to demographically similar public schools state-wide. The Institute uses a regression analysis to control for the percentage of economically disadvantaged students among all public schools in New York State. The Institute compares the school’s actual performance to the predicted performance of public schools with a similar economically disadvantaged percentage. The difference between the schools’ actual and predicted performance, relative to other schools with similar economically disadvantaged statistics, produces an Effect Size. An Effect Size of 0.3 or performing higher than expected to a meaningful degree is the requirement for achieving this measure.

Given the timing of the state’s release of economically disadvantaged data and the demands of the data analysis, the 2014-15 analysis is not yet available. This report contains 2013-14 results, the most recent Comparative Performance Analysis available.

Goal 2: Growth Measure¹⁰

Each year, under the state's Growth Model, the school's mean unadjusted growth percentile in mathematics for all tested students in grades 4-8 will be above the state's unadjusted median growth percentile.

Method

This measure examines the change in performance of the same group of students from one year to the next and the progress they are making in comparison to other students with the same score in the previous year. The analysis only includes students who took the state exam in 2013-14 and also have a state exam score in 2012-13 including students who were retained in the same grade. Students with the same 2012-13 scores are ranked by their 2013-14 scores and assigned a percentile based on their relative growth in performance (student growth percentile). Students' growth percentiles are aggregated school-wide to yield a school's mean growth percentile. In order for a school to perform above the statewide median, it must have a mean growth percentile greater than 50.

Given the timing of the state's release of Growth Model data, the 2014-15 analysis is not yet available. This report contains 2013-14 results, the most recent Growth Model data available.¹¹

The school's overall mean growth percentile is 56.

Action Plan

This year, Explore Exceed Charter School will continue using Investigations, a curriculum that is aligned to the Common Core Learning Standards. However, we recognize that our current implementation of the curriculum and support for teachers has not yet met our performance goals. Similar to our approach in literacy, we are addressing our gaps in math using two methods:

1. Increasing support for curricular planning and implementation
2. Implementing and supporting use of data to inform instruction and address student needs

Increasing support for curricular planning and implementation

As discussed in the literacy goal above, our CMO increased its pre-service to 17 days this year to ensure all teachers received robust support in learning the math curriculum and preparing units and lessons aligned with common core standards. During this extended 17-day pre-service, Explore Exceed Charter School math teachers received between 10 and 25 hours, depending on grade level, of math professional development and network-led collaborative planning sessions to ensure alignment on, and support for, curricular implementation across all grades.

To ensure effectively implementation of the curriculum throughout the year, Explore Exceed Charter School is working with Illustrative Mathematics and Student Achievement Partners. Sessions with these organizations will provide professional development to teacher leaders and help them more efficiently adapt existing curricular resources to meet the needs of students. Additionally, our CMO is hosting cross-school collaborative planning sessions for all grade level leads at each of our network's four school before the start of major units. These sessions are facilitated by content specialists across our network of schools who will help grade level leaders identify key knowledge and skills needed by students in each unit. These facilitators further help grade level leaders plan how they will turnkey the information learned to their individual school teams. By engaging in all of the above mentioned activities, Explore Exceed Charter School expects to improve teacher effectiveness and responsiveness to student needs in math.

Implementing and supporting use of data to inform instruction and address student needs

This year our CMO has also instituted normed Math Interim Assessments, which are created by our math content specialists and vetted to ensure alignment with the rigor of the common core and the state exams. These cumulative tests will be administered at the end of each term. Teachers will participate in leader-facilitated sessions during termly in-service days to engage in data analysis of student performance on these assessments with their grade level colleagues. During these data analysis sessions, teachers will identify common errors and overarching trends before creating action plans in response to student needs. These plans may include re-teaching, small group instruction, or modifying subsequent unit plans to address student needs. This process will improve teachers' abilities to analyze data and increase responsiveness to individual student needs. We will also be better positioned to help Explore Exceed Charter School leaders track student progress towards math achievement and implement strategic supports for instruction as needed.

SCIENCE

Goal 3: Science

Explore Exceed Charter School students will meet grade level expectations in Science.

Background

In 2014-15, Explore Exceed Charter School employed a full-time science teacher who utilized FOSS kits in instruction.

Goal 3: Absolute Measure

Each year, 75 percent of all tested students enrolled in at least their second year will perform at proficiency on the New York State science examination.

Method

The school administered the New York State Testing Program science assessment to students in 4th grade in spring 2015. The school converted each student's raw score to a performance level and a grade-specific scaled score. The criterion for success on this measure requires students enrolled in at least their second year to score at proficiency.

Results

Of the students enrolled in at least their second year (55 out of 61) 61.82% achieved proficiency on the NYS Science exam.

Goal 3: Comparative Measure

Each year, the percent of all tested students enrolled in at least their second year and performing at proficiency on the state science exam will be greater than that of all students in the same tested grades in the local school district.

Method

The school compares tested students enrolled in at least their second year to all tested students in the surrounding public school district. Comparisons are between the results for each grade in which the school had tested students in at least their second year and the results for the respective grades in the local school district.

Action Plan

Exceed Charter School implemented several measures to improve support and professional development for the 2015-16 school year.

As described in other sections above, pre-service was extended from 10 days for new staff and 5 days for returning staff to 17 days for all staff. During this extended pre-service, Explore Exceed Charter School science teachers received science-specific professional development sessions including sessions aligned to common core standards. Teachers attended the following sessions:

- Infusing Common Core into the Scope and Sequence
- Guided Unit Planning
- Project-Based Learning in Science: The Performance Assessment
- Unit 1 Planning Protocol
- Inquiry-Based Learning in Science: The 5E Lesson
- Routines and Procedures in the Science

In addition to professional development sessions, Explore Exceed Charter School science teachers had an opportunity to lesson plan and collaborate with science teachers across the four schools in our network, as well as an opportunity to receive feedback on lesson plans and practice lesson execution.

In addition to pre-service, our CMO is coordinating termly in-service days in which Explore Exceed Charter School science teachers can continue to plan collaboratively and receive role-specific professional development. This approach and collaborative structure is new this year and has been very well received by the science teachers based on data received through session feedback slips and anecdotal feedback from individuals.

NCLB

Goal 4: NCLB

Explore Exceed will make adequately yearly progress.

Goal 4: Absolute Measure

Under the state's NCLB accountability system, the school's Accountability Status is in good standing: the state has not identified the school as a Focus School nor determined that it has met the criteria to be identified as school requiring a local assistance plan.

Method

Because *all* students are expected to meet the state's learning standards, the federal No Child Left Behind legislation stipulates that various sub-populations and demographic categories of students among all tested students must meet state proficiency standards. New York, like all states, established a system for making these determinations for its public schools. Each year the state issues School Report Cards. The report cards indicate each school's status under the state's No Child Left Behind (NCLB) accountability system.

Results

The school has not received its NCLB status for the 14-15 school year.

Evaluation

The school has not received its NCLB status for the 14-15 school year.

Additional Evidence

There is no additional evidence.

APPENDIX B: OPTIONAL GOALS

The following section contains a Parent Satisfaction optional goal, as well as examples of possible optional measures.

Goal S: Parent Satisfaction

Explore Exceed Charter School will have high satisfaction rates from key stakeholders.

Goal S: Absolute Measure

Each year two-thirds of parents will demonstrate satisfaction with the school’s program based on a parent satisfaction survey.

Method

The school used the NYC DOE annual survey.

Results

Our response rate was 77%.

2014-15 Parent Satisfaction Survey Response Rate

| Number of Responses | Number of Families | Response Rate |
|---------------------|--------------------|---------------|
| -- | -- | 77% |

2014-15 Parent Satisfaction on Key Survey Results

| Item | Percent of Respondents Satisfied |
|------------------------------|----------------------------------|
| Rigorous Instruction | 92% |
| Supportive Environment | 92% |
| Collaborative Teachers | 93% |
| Effective School Leadership | 88% |
| Strong Family-Community Ties | 86% |
| Trust | 96% |

Evaluation

Explore Exceed Charter School met and in fact exceeded this goal, which is consistent with results from previous years. We believe these results are a reflection of the overall quality of the family and student experience and of the caring and dedicated teachers and staff at Explore Exceed Charter School. In addition, these results reflect Explore Exceed Charter School’s intentional approach to family engagement, including:

- Explore Exceed Charter School’s open communication policy – Teachers and staff ensure open and consistent communication with families. All families have access to teachers’ cell phones and teachers make an effort to call home frequently with updates regarding student progress.
- Explore Exceed Charter School’s multiple opportunities for parent involvement – Explore Exceed Charter School encourages and fosters family involvement by offering multiple volunteer opportunities, strongly promoting attendance at school and family events, and working closely with the PTO (the school’s parent organization) to plan additional community events for students and families.
- Explore Exceed Charter School’s community culture – School leadership consistently promotes a strong sense of community and culture with students, staff and families that is palpable. Staff, students and families are proud to be part of the Explore Exceed Charter School community and feel supported by each other.

Goal S: Absolute Measure
 Each year, 90 percent of all students enrolled during the course of the year return the following September.

Method

Our end of year enrollment will be used to measure this goal.

Results

Our retention rate was 95%.

Additional Evidence

| Year | Retention Rate |

| 2013-14 | 93.7% |
| 2014-15 | 95% |

Goal S: Absolute Measure

Each year the school will have a daily attendance rate of at least 95 percent.

Method

Student attendance is taken daily by each homeroom teacher, and is entered into our Student Information System. Then, members of the Operations Team review the attendance and layer in any changes that need to be made to account for tardies and absences. The daily attendance rate is calculated by taking the total days a student is present and dividing it by the total days that student is enrolled in the school for the same year.

Results

Attendance was successfully taken every day and overall attendance was 94.3%

| Overall | 94.3% |

Evaluation

We did not meet this goal.

School leadership has been aware of attendance dips since the middle of the year and had already taken proactive steps to curtail further attendance declines during the 2014-15 School Year. Explore Exceed Charter School is continuing their proactive work to improve upon this trend for the 2015-16 School Year.

Explore Exceed Charter School's strategy includes engaging with families to address the issue and bi-weekly attendance reports will be run to flag outliers for a given period (students who have been tardy or absent multiple times since the last report) and students who have high year-to-date absences or tardies. Once these outliers are identified, our school's culture team, support services team, counselors, and leadership team coordinate on various modes of follow-up to address the issue directly with families, including phone calls, letters, and in-person meetings.

Moreover, Explore Exceed Charter School has built out the capacity of its culture team, adding a couple of roles where primary responsibilities will include managing attendance truancy and proactively working with students (and their families) most at risk of poor attendance.

Additional Evidence

| Year | Average Daily Attendance Rate |

Charter School Name:

B. Financial Information

This information is required of ALL charter schools. Provide the following measures of fiscal performance of the charter school in Appendix B (Total Expenditures and Administrative Expenditures Per Child):

1. Total Expenditures Per Child

To calculate '**Total Expenditures per Child**' take total expenditures (from the unaudited 2014-15 Schedule of Functional Expenses) and divide by the year end per pupil count. (Integers Only. No dollar signs or commas).

| | |
|----------------------------------|---------|
| Line 1: Total Expenditures | 5679043 |
| Line 2: Year End Per Pupil Count | 366 |
| Line 3: Divide Line 1 by Line 2 | 15517 |

2. Administrative Expenditures per Child

To calculate '**Administrative Expenditures per Child**' take the relevant portion from the 'personnel services cost' row and the 'management and general' column (from the unaudited 2014-15 Schedule of Functional Expenses) and divide by the year end per pupil count. The relevant portion that must be included in this calculation is defined as follows:

Administrative Expenditures: Administration and management of the charter school includes the activities and personnel of the offices of the chief school officers, the treasurer, the finance or business offices, the purchasing unit, the employee personnel offices, the records management offices, or a public information and services offices. It also includes those administrative and management services provided by other organizations or corporations on behalf of the charter school for which the charter school pays a fee or other compensation.

Please note the following:

- Do not include the FTE of personnel dedicated to administration of the instructional programs.
- Do not include Employee Benefit costs or expenditures in the above calculations.
- A template for the Schedule of Functional Expenses is provided on page 20 of the 2014-15 Annual Report Guidelines to assist schools identify the categories of expenses needed to compute the two per pupil calculations. This template does not need to be completed or submitted on August 1st as it will be submitted November 1st as part of the audited financial statements. Therefore schools should use unaudited amounts for these per pupil calculations. (See the 2014-15 Annual Report Guidelines in "Resources" area of your portal task page).

To calculate 'Administrative Expenditures per Child**' take the relevant portion from the 'personnel services cost' row and the 'management and general' column (from the 2014-15 Schedule of Functional Expenses) and divide by the year end per pupil count. Overall Student Recruitment Strategy and English Language Learner Set-Aside Lottery Preference

Explore Exceed Charter Schools's overall recruitment strategy focuses on families in the immediate neighborhood of the school (school's zip code and surrounding areas) in order to best serve the school's geographic community. Given the demographic of the school's neighborhood, by targeting these areas Explore Exceed naturally recruits a large portion of students who qualify for free and reduced lunch (over 78% of the school's current student population qualifies for free and reduced lunch).

In an effort to attract and enroll more English Language Learners, Explore Exceed Charter School created a set-aside lottery preference for English Language Learners. The set-aside preference seeks to fill 9 of the available 60 kindergarten seats (15%) with English Language Learners, in order to match or exceed the school district's ELL population (currently about 9%).

Additional efforts to attract and retain students with disabilities and English Language Learners are further outlined in our recruitment tactics below.

Family Information Sessions and School Tours

Explore Exceed Charter School hosted multiple information sessions at different days of the week and times to provide convenient options for interested families to attend. In addition to these information sessions, families had the option of attending a variety of other information sessions (at varying dates and times) hosted by Explore Exceed's charter network, Explore Schools, at different locations. At these information sessions, families had the opportunity to learn more about the school's vision, structure and academic program, as well as its enrollment policies. A portion of this presentation was dedicated to describing what services Explore Exceed provides to students with disabilities, and staff were available after the presentation to answer specific questions about services for students with disabilities. The presentation also covered the English Language Learner set-aside lottery preference and how Explore Exceed welcomes all ELL students to apply. Fliers and informational materials were available in English and Spanish, and applications were available in English, Spanish, Haitian Creole and Bengali. Additionally, the school hosted weekly tours for interested families for the duration of the student recruitment period (primarily January – April). A Spanish-speaking staff member was available both at the information sessions and tours to translate for Spanish-speaking families.

Direct Mailing Campaign

In partnership with Vanguard Direct, Explore Exceed Charter School engaged in a direct mailing campaign to encourage Kindergarten enrollment by informing families in the immediate community about Explore Exceed as a choice for their student and providing them with information about the school and an application.. The mailing went to applicable families in five zip codes surrounding the school and included information in English and Spanish. Included in the mailing was a flier outlining the school's robust services provided for students with disabilities, as well as an application that included kindergarten lottery information and set-aside preference for English Language Learners.

Community Organizations, Daycare and Pre-Kindergarten Program Outreach

During the kindergarten recruitment season, Explore Exceed Charter School staff researched and contacted community organizations, daycares and pre-kindergarten programs in the neighborhood to inform program staff about the school enrollment process. When programs allowed, Explore Exceed staff visited each organization to hand out information to families and discuss the enrollment process with them. This outreach particularly targeted programs that served a high number of non-English

speaking families who may have otherwise not learned about the option to apply to Explore Exceed Charter School.

Parent Referral Campaign and Parent Teacher Organization

In an effort to expand its recruitment reach, Explore Exceed leveraged its Parent Teacher Organization (PTO) and current families to spread the word to other families about the school enrollment process. In particular, the school's leadership reached out to PTO leaders, as well as families of English Language Learner students and asked for help engaging other English Language Learner families in the enrollment process. All families at the school were encouraged to bring applications to their community organizations, families and friends. Through this process, the school hopes to attract more families in the profile of the families it serves, who may have otherwise not heard about the school – English Language Learners, students with disabilities, and students who qualify for free and reduced lunch.

Website, Social Media and Language Accessibility

Explore Exceed Charter School leveraged its website and Facebook page to spread the word about its recruitment efforts. The website offered information about family information sessions, the enrollment process, services provided to students with disabilities, and its set-aside lottery preference for English Language Learners. Applications were available online in English, Spanish, Haitian Creole and Bengali, and informational fliers and mailings were available in English and Spanish.

Families had the option of requesting an application be mailed or faxed to them or applying online. The online access was two-fold. First, families were able to apply to our school through the New York City Charter Center's Common Application. Second, families were able to apply to our schools directly through our partnership with SchoolMint. These efforts increased the accessibility of our applications and our school to families throughout New York City.

Via its Facebook page, Explore Exceed also promoted the information sessions and enrollment information to leverage its community of staff members, families, friends and supporters to get the word out to surrounding families.

Retaining Students with Disabilities and English Language Learners

Explore Exceed Charter School provides robust support services for students who have a disability or require additional academic support. The school offers a 12-1-1 classroom environment, and employs a social worker, school counselor, intervention teacher, two learning specialists, and support services coordinator that provide services and support for students who need it, as well as maintain communication with families to apprise them of student progress and how families can work with students at home. Additionally, the support services coordinator acts as a resource to families navigating the IEP or 504 process, answering questions and helping families better understand resources available to them.

In addition, to ensure non-English speaking families feel welcomed and informed, the school ensures at least one Spanish-speaking staff member is available to guide families through paperwork and/or meetings, and requests an interpreter for family meetings upon request.

INDEPENDENT AUDITORS' REPORT

TO THE BOARD OF TRUSTEES OF
EXPLORE EXCEED CHARTER SCHOOL

Report on the Financial Statements

We have audited the accompanying financial statements of Explore Exceed Charter School (the "School") (a not-for-profit corporation), which comprise the statement of financial position as of June 30, 2015, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the School's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the School as of June 30, 2015, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited the School's 2014 financial statements, and our report dated October 8, 2014, expressed an unmodified opinion on those audited financial statements. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2014, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 29, 2015, on our consideration of the School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control over financial reporting and compliance.

NOTE 1 - PRINCIPAL BUSINESS ACTIVITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Organization

Explore Exceed Charter School (the “School”) is a New York State, not-for-profit educational corporation that operates a charter school in the borough of Brooklyn, New York. The School was granted a provisional charter on September 13, 2011 valid for a term of five years and renewable upon expiration by the Board of Regents of the University of the State of New York. The School was established to provide its students with the academic skills and critical thinking abilities they need to succeed in a college preparatory high school. Furthermore, the School was established to prepare such underserved students for higher education, civic involvement and lifelong success through a structured, caring environment of high academic expectations. Classes commenced in August 2012 and the School provided education to approximately 366 students in kindergarten through fifth grade during the 2014-2015 academic year.

The School has an agreement with the New York City Department of Education (“NYCDOE”) to use public school open space at no annual cost. The School’s management does not anticipate this agreement will be terminated in the near future. The School is not responsible for rent, utilities, custodial services, maintenance, and school safety services other than those required over the summer when traditional NYCDOE schools are not in service.

Food Services

The New York City Department of Education provides free lunches directly to some of the School’s students. Such costs are not included in these financial statements. The School covers the cost of lunches for children not entitled to the free lunches.

Tax Status

The School is exempt from Federal income tax under Section 501(a) of the Internal Revenue Code as an organization described in Section 501(c)(3) and a similar provision under New York State income tax laws. The School has also been classified as an entity that is not a private foundation within the meaning of Section 509(a) and qualifies for deductible contributions as provided in Section 170(b)(1)(A)(ii). The School is subject to income taxes only on net unrelated business income. The School did not have any unrelated business income for the years ended June 30, 2015 and 2014.

The School’s accounting policy provides that a tax expense or benefit from an uncertain tax position may be recognized when it is more likely than not that the position will be sustained upon examination, including resolutions of any related appeals or litigation processes, based on the technical merits. The School has no uncertain tax position resulting in an accrual of tax expense or benefit.

IRS Forms 990 filed by the School are subject to examination by the Internal Revenue Service up to three years from the extended due date of each return. All Forms 990 filed by the School are subject to examination.

NOTE 1 - PRINCIPAL BUSINESS ACTIVITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Presentation

The financial statement presentation follows the requirements of the Financial Accounting Standards Board (“FASB”) in its Accounting Standards Codification (“ASC”) No. 958-205 which provides guidance for the classification of net assets. The amounts for each of the three classes of net assets are based on the existence or absence of donor-imposed restrictions described as follows:

Unrestricted

Net assets of the School are assets whose use has not been restricted by an outside donor or by law. The unrestricted net assets represent the portion of expendable funds that are available for the support of the operations of the School.

Board-designated net assets were established by the Board of Trustees to provide a reserve for unforeseen facility, personnel, and other issues.

Temporarily Restricted

Net assets are used to differentiate resources, the use of which is restricted by donors or grantors to a specific time or period or for a specific purpose. Temporarily restricted gifts are recorded as additions to temporarily restricted net assets in the period received. When restricted net assets are expended for their stipulated purpose, temporarily restricted net assets become unrestricted net assets and are reported in the statements of activities as net assets released from restrictions.

Permanently Restricted

Net assets of the School whose use has been permanently limited by donor-imposed restrictions. Such assets include contributions required to be invested in perpetuity, the income from which is available to support charitable purposes designated by the donors.

The School had no temporarily or permanently restricted net assets at June 30, 2015 and 2014.

Revenue and Support

Contributions are recognized when the donor makes a promise to give to the School that is, in substance, unconditional. Grants and other contributions of cash are reported as temporarily restricted support if they are received with donor stipulations. Restricted contributions and grants that are made to support the School’s current year activities are recorded as unrestricted revenue. Contributions of assets other than cash are recorded at their estimated fair value.

NOTE 1 - PRINCIPAL BUSINESS ACTIVITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Revenue and Support (Continued)

Revenue from the state and local governments resulting from the School's charter status and based on the number of students enrolled is recorded when services are performed in accordance with the charter agreement. Federal and other state and local funds are recorded when expenditures are incurred and billable to the government agency.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents

For the purpose of the statements of cash flows, the School considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

Concentration of Credit Risk

Financial instruments which potentially subject the School to concentrations of credit risk are cash and cash equivalents. The School places its cash and cash equivalents on deposit in what it believes to be highly credited financial institutions. Cash balances may exceed the FDIC insured levels of \$250,000 per institution at various times during the year. The School believes that there is little risk in any losses and has not experienced any losses in such accounts.

Property and Equipment

Purchased property and equipment are recorded at cost. Property and equipment acquired with certain government funding are recorded as expenses pursuant to the terms of the contract, in which ownership of such property and equipment is retained by the funding source. Maintenance and repairs are expensed as incurred. No depreciation is recorded on construction-in-progress until property and equipment is placed into service. Depreciation and amortization is provided on the straight line method over the estimated useful lives as follows:

| | |
|-------------------------|------------|
| Computers and equipment | 3 years |
| Furniture and fixtures | 5 years |
| Software | 3 years |
| Leasehold improvements | 33.5 years |

Restricted Cash

Under the provisions of its charter, the School established an escrow account to pay for legal and audit expenses that would be associated with a dissolution should it occur.

NOTE 1 - PRINCIPAL BUSINESS ACTIVITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Refundable Advances

The School records certain government operating revenue as a refundable advance until related services are performed, at which time they are recognized as revenue.

Comparative Financial Information

The accompanying statements of activities and schedule of functional expenses are presented with summarized comparative information. Such prior year information is not presented by net asset class in the statements of activities or by functional category in the schedule of functional expenses. Accordingly, such information should be read in conjunction with the School's 2014 financial statements from which the summarized information was derived.

NOTE 2 - GRANTS AND CONTRACTS RECEIVABLE

Grants and contracts receivable consist of federal, state, and city entitlements and grants. The School expects to collect these receivables within one year.

NOTE 3 - PROPERTY AND EQUIPMENT

Property and equipment consist of the following at June 30,:

| | 2015 | 2014 |
|-------------------------------------------------|------------|------------|
| Computers and equipment | \$ 406,877 | \$ 353,241 |
| Furniture and fixtures | 29,373 | 26,878 |

| Less: Accumulated depreciation and amortization | (291,903) | (157,451) |
| | \$ 193,905 | \$ 228,042 |

Depreciation and amortization expense was \$134,452 and \$109,511 for the years ended June 30, 2015 and 2014, respectively.

For the years ended June 30, 2015 and 2014, the School disposed of various assets resulting in a loss on disposal of property and equipment in the amounts of \$-0- and \$850, respectively.

NOTE 4 - RELATED PARTY TRANSACTIONS

The School is affiliated with Explore Schools Inc., (“ESI”), a New York State not-for-profit corporation established under the laws of the State of New York on July 31, 2008. ESI supports the School by providing educational models, recruiting, leadership coaching and professional development, start-up funding, governance, and operational support. The School is also affiliated with Explore Charter School (“Explore”), Explore Empower Charter School (“Empower”), and Explore Excel Charter School (“Excel”) through common management and Board members.

The School entered into management agreements with ESI dated through July 1, 2013 to provide the School with educational management services and designs. Pursuant to the agreement, ESI is to select and implement educational programs, coaching and professional development to school-based leadership, manage the School’s business administration and support the Board in all governance issues. As compensation to ESI for these services, the School paid an annual fee of 12% of the School’s general education per pupil operating revenue for the years ended June 30, 2015 and 2014, respectively. Management fee expense for the years ended June 30, 2015 and 2014 was \$605,817 and \$492,421, respectively.

For operational efficiency and purchasing power, the School shares certain expenses with ESI, Explore, Empower, and Excel. Following are net shared operational expenses charged to the School/(paid on behalf of the related parties) for the years ended June 30,:

| | 2015 | 2014 |
|---------|------------|-------------|
| ESI | \$ 368,579 | \$ (48,151) |
| Explore | (1,239) | - |
| Empower | (511) | 75 |
| Excel | (511) | - |
| | \$ 366,318 | \$ (48,076) |

The net balance due from/(to) related parties consisted of the following at June 30,:

| | 2015 | 2014 |
|---------|-------------|------------|
| ESI | \$ (87,947) | \$ (3,803) |
| Explore | 511 | - |

NOTE 5 - CONTINGENCY

Certain grants and contracts may be subject to audit by the funding sources. Such audits might result in disallowances of costs submitted for reimbursements. Management is of the opinion that such cost disallowances, if any, will not have a material effect on the accompanying financial statements. Accordingly, no amounts have been provided in the accompanying financial statements for such potential claims.

NOTE 6 - REVENUE CONCENTRATION

The School receives a substantial portion of its support and revenue from the New York City Department of Education. If the charter school laws were modified, reducing or eliminating these revenues, the School's finances could be materially adversely affected.

NOTE 7 - FUNCTIONAL ALLOCATION OF EXPENSE

Directly identifiable expenses are charged to programs and supporting services. Expenses related to more than one function are charged to programs and supporting services on the basis of periodic time and expense studies. Management and general expense includes those expenses that are not directly identifiable with any other specific function, but provide for the overall support and direction of the School.

NOTE 8 - RETIREMENT PLAN

The School maintains a defined contribution 403(b) plan covering all eligible employees. Under this plan, employer contributions are discretionary and are based on a percentage of employees' salaries as determined by the School's Board of Trustees. The School matched 50% of the employees' elective contributions not to exceed 10% of the employees' salary for the years ended June 30, 2015 and 2014. The total employer contribution did not exceed 5% of the employees' salary. Retirement expense incurred by the School for the years ended June 30, 2015 and 2014 amounted to \$30,814 and \$22,836, respectively.

NOTE 9 - SUBSEQUENT EVENTS

In preparing these financial statements, the School has evaluated events and transactions for potential recognition or disclosure through September 29, 2015, the date the financial statements were available to be issued.

The School merged into a single not-for-profit legal entity, Explore Charter Schools of Brooklyn, (f/k/a Explore Excel Charter School) which serves as the sole surviving education corporation. The plan of merger, dated November 14, 2013, was approved by the School's Board of Trustees and is effective July 1, 2015. Pursuant to the effective date, the School ceased to exist as a legal entity and all School operations are under Explore Charter Schools of Brooklyn. The merger was approved by the New York State Board of Regents, the Charter Schools Institute of the State University of New York, and the New York City Department of Education on February 10, 2015.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

TO THE BOARD OF TRUSTEES OF
EXPLORE EXCEED CHARTER SCHOOL

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Explore Exceed Charter School (the "School") (a not-for-profit corporation), which comprise the statement of financial position as of June 30, 2015, and the related statements of activities, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated September 29, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the School's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

TO THE BOARD OF TRUSTEES OF
EXPLORE EXCEED CHARTER SCHOOL

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

In planning and performing our audit of the financial statements of Explore Exceed Charter School (the "School") (a not-for-profit corporation) as of and for the year ended June 30, 2015, in accordance with auditing standards generally accepted in the United States of America, we considered the School's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the School's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. To the Audit Committee of the Board of Trustees of
Explore Exceed Charter School

We have audited the financial statements of Explore Exceed Charter School (the "School") (a not-for-profit corporation) for the year ended June 30, 2015, and have issued our report thereon dated September 29, 2015. Professional standards require that we provide you with the following information related to our audit.

Our Responsibilities under U.S. Generally Accepted Auditing Standards and Government Auditing Standards

As stated in our engagement letter dated March 16, 2015, our responsibility, as described by professional standards, is to express an opinion about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. Our audit of the financial statements does not relieve you or management of your responsibilities.

As part of our audit, we will consider the internal control of the School. Such considerations are solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of the School's compliance with certain provisions of laws, regulations, contracts, and grants. However, the objective of our tests is not to provide an opinion on compliance with such provisions.

Planned Scope and Timing of the Audit

We performed our audit according to the plan previously communicated to you prior to commencement of our audit field work.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the School are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended June 30, 2015. We noted no transactions entered into by the School during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements are as follows:

- Collectability of grants and contracts receivables
- Useful lives of fixed assets
- Allocation of costs for the schedule of functional expenses

We evaluated the key factors and assumptions used to develop the above estimates in determining that it was reasonable in relation to the financial statement taken as a whole. The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. In addition, we are required to communicate with those charged with governance uncorrected misstatements and the effect that they may have on the opinion in the auditors' report, and request their correction. None of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 29, 2015.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the School's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the School's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with U.S. generally accepted accounting principles, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of the Audit Committee of the Board of Trustees and management of Explore Exceed Charter School and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,
