Eugene Foley, TITLE, prepared this 2014-15 Accountability Progress Report on behalf of the school's board of trustees:

Trustee's Name	Board Position
John Tobin	Chair/Board President
Angelo Aponte	Vice Chair/Vice President
Denis P. Kelleher	Treasurer
Rev. Terry Troia	Secretary
Araceli Arizmendi	Trustee/Member
Carin Guarisci	Trustee/Member
Jack Minogue	Trustee/Member
Arnold Obey	Trustee/Member
Peter Weinman	Trustee/Member
Linda Mulligan	Parent Representative

Eugene Foley has served as the school leader since 2015.

INTRODUCTION

New World Preparatory Charter School (“NWP”) provides an exceptional education for students in grades 6-8 by employing research-proven strategies to raise middle school academic achievement including: academic rigor and relevance, personalization, focused professional development, and meaningful engagement of families and the larger community. We have built on our nation’s promise of opportunity by exemplifying the role social justice holds in shaping a community of the people, by the people and for the people. Our students graduate from NWP with a strong academic foundation, an awareness of the needs of others, and with the social and emotional readiness needed to succeed in middle school and high school and graduate from college.

Set in a neighborhood in close proximity to the Statue of Liberty, New World Preparatory Charter School is “a golden door”—a school community where diversity is not just accepted but celebrated. Our school’s design features – academic rigor and relevance, personalization, a focus on professional development, and engaging families and the larger community as critical partners– are specifically targeted toward providing middle school students with the academic, social and emotional foundations to succeed in middle school, high school, college and beyond.

NWP uses a curriculum that is research based and aligned to the Common Core and New York State Learning Standards. Students benefit from an extended school day with more time on task for mastery of academic subjects. We have a school-wide focus on critical thinking, reading and writing across all content areas to improve the overall academic performance of every student. Our students are challenged to develop the habits and dispositions that will enable them to succeed in middle school, be prepared for a college preparatory high school curriculum and be college ready. As opposed to focusing merely on information recall, our students are challenged in all content areas to cite evidence to support their viewpoints, make connections, consider alternatives, assess importance and understand the connection between what they are learning and its relevance to their life and future success. The curriculum and instructional framework support student’s preparation for post-secondary education.

We engage our students around topics that are relevant to their everyday lives. Our board has decided to use a social justice framework as a strategy for engaging students around a curriculum that is relevant to their interests. Some examples of topics that teachers develop lessons around include health care, environmental issues, civil rights, immigration, the economics of poverty, and the United States’ relationships in a changing world.

Student assessments at NWP are designed to provide ongoing, useful feedback to staff and students. Our regular classroom assessments, which are both formal and informal, include a range of activities such as quizzes, selected responses, open-ended and closed constructed responses, end of unit tests, performance tasks, interviews, open-ended questions and conferences. Our staff meets regularly to analyze data, review student work and use it to plan instruction. We incorporate interim assessments quarterly to support a structure for evaluating student progress and identifying students’ needs so that interventions can be integrated into the daily academic program. NWP will analyze classroom, interim assessment and standardized test data to design appropriate

interventions and instructional strategies to ensure that student achievement goals are met. Our staff is trained to deploy instructional methods that are appropriate to the developmental needs of middle grades students.

NWP present a clear alternative to large, impersonal middle schools by serving less than 375 students and having structured time scheduled to support the social and emotional needs of each child. Each grade level contains at most 5 classes of no more than 25 students in a class. By keeping the school population and class size small, we create a school community where each student is known and supported. Additionally, students in all grade levels participate in a structured advisory program that will function to further develop relationships that support learning. Each teacher has been assigned a group of approximately 18 students to whom they serve as an advisor over the course of the students' three years at the school. That teacher establishes a relationship not only with the students but their families as well.

Our school has been designed around a focus on continuous and targeted professional development of our staff. The value our board places on quality professional development is evidenced by our school's academic calendar, thoughtful scheduling decisions, and teacher/principal appraisal systems. On a yearly basis, faculty participates in a two-week pre-service. Weekly, school will be dismissed early to provide time for school-wide professional development. On a daily basis, teachers have common planning time and have an opportunity to plan curriculum and lessons together, engage in conversations about students in need of support, determine interventions and learn new strategies and approaches to support their own development as teachers. They receive coaching from staff developers and feedback from the school's instructional leader.

At NWP, professional development is results-oriented. Studies of successful school improvement efforts have repeatedly shown that good results depend on the building of a collaborative community of adult learners who accept joint responsibility for student achievement.

School Enrollment by Grade Level and School Year

School Year	6	7	8	Total
2011-12	89	107	N/A	196
2012-13	97	97	90	284
2013-14	129	104	89	322
2014-15	130	132	93	355

ENGLISH LANGUAGE ARTS

Goal 1: English Language Arts

All students at the school will become proficient in reading and writing of the English language.

Background

NWP uses a balanced comprehensive literacy approach to accomplish our mission of producing students who meet or exceed the CCLS. At NWP there was a school-wide emphasis on reading and writing strategies embedded across all content areas so that students are reading, writing, listening and speaking across the curriculum.

A program 'Literacy Leaders' was established where students were provided small group instruction of up to 12 students with a focus on guided reading, vocabulary development and independent reading. In addition the school adopted the Hochman writing program that provided explicit instruction on specific writing strategies to support student improvement. One component of the language arts literature curriculum will be Expeditionary Learning, which is a NY state approved, inquiry based language arts program that combines interpretive discussion and activities with outstanding literature to help all students learn to read for meaning and think critically. Students learn to understand the text; move to analysis, interpretation, and evaluation; weigh several avenues of meaning, revise thinking, and then convey this thinking in an organized, cogent fashion.

Goal 1: Absolute Measure

Each year, 75 percent of all tested students enrolled in at least their second year will perform at proficiency on the New York State English language arts examination for grades 3-8.

Method

The school administered the New York State Testing Program English language arts assessment to students in 6 through 8 grade in April 2015. Each student's raw score has been converted to a grade-specific scaled score and a performance level.

The table below summarizes participation information for this year's test administration. The table indicates total enrollment and total number of students tested. It also provides a detailed breakdown of those students excluded from the exam. Note that this table includes all students according to grade level, even if they have not enrolled in at least their second year (defined as enrolled by BEDS day of the previous school year).

2014-15 State English Language Arts Exam Number of Students Tested and Not Tested

Grade	Total Tested	Not Tested ¹	Total Enrolled
-------	--------------	-------------------------	----------------

¹ Students exempted from this exam according to their Individualized Education Program (IEP), because of English Language Learners (ELL) status, or absence for at least some part of the exam.

		IEP	ELL	Absent	
6	123	0	0	0	123
7	127	0	0	0	127
8	92	0	0	0	92
All	342	0	0	0	342

Results

In the 2014-15 school year, 23.4% of all of NWP's students performed at a proficient level. This number improved 3.6 percentage points to 27% when focusing on students enrolled in at least their second year at the school. This analysis is limited to seventh and eighth grade students because NWP serves grades sixth through eighth. Thus, all students entering the school in the sixth grade cannot have been enrolled in the school for two consecutive years.

Performance on 2014-15 State English Language Arts Exam By All Students and Students Enrolled in At Least Their Second Year

Grade s	All Students		Enrolled in at least their Second Year	
	Percent Proficient	Number Tested	Percent Proficient	Number Tested
6	16.2%	123	N/A	N/A
7	25.2%	127	25.2%	115
8	30.4%	92	30.3%	89
All	23.4%	342	27.0%	204

Evaluation

In the 2014-15 school year, NWP did not meet its goal of 75% proficiency. However, it should be noted that the formula for determining proficiency has been revised twice since NWP received its charter and achieving this goal has become more stringent through these amendments. With that in mind, the school's absolute goal of achieving 75% student proficiency has not changed. Further, it should be noted that individual school's, as well as the district, city, and state average for percentage of students performing at a proficient level has significantly decreased through change in formula to determine proficiency.

Overall, only 27% of students in at least their second year scored at or above the level of proficiency. Thus, the school fell short of its goal of 75% student proficiency by 48 percentage points.

Literacy Leaders has addressed reading standards and the Hochman writing program has addressed writing. Both programs have contributed to the increase in student performance from the previous school year. Although greater growth was anticipated, students need more time in the program to impact change. The entire instructional staff continues to be trained in guided reading to facilitate the Literacy Leaders program. Additionally, every teacher was sent to the Hochman training this year.

Additional Evidence

When comparing NWP students enrolled in at least their second year at the school with Community School District 31 schools with a similar student demographic, NWP fares well. As shown in the chart below, NWP outperformed the only other Staten Island charter school that serves similar grades, as well as IS 49, a traditional public school that serves a similar percentage of impoverished students. Further, the seventh grade students enrolled at NWP for at least two years outperformed seventh grade students at IS 51, a school that serves a lower number of impoverished students.

2013-14 English Language Arts Performance of Charter School and Comparison Schools by Grade Level

Grade	Percent of Charter School Students Enrolled in At Least Their Second Year and All Students in Comparison Schools Scoring Proficient on the State Exam by Grade							
	NWP		IS 51 Edwin Markham		John W. Lavelle Preparatory Charter School		IS 49 Bertha A Dreyfus	
	Percent	Number Tested	Percent	Number Tested	Percent	Number Tested	Percent	Number Tested
7	25.2%	115	24.0%	429	16%	131	14.6%	261
8	30.3%	89	26.5%	385	24.8%	93	19.7%	249
All	27.0%	204	25.3%	814	20.2%	224	17.1%	518

English Language Arts Performance by Grade Level and School Year

Grade	Percent of Students Enrolled in At Least Their Second Year Achieving Proficiency					
	2012-13		2013-14		2014-15	
	Percent	Number Tested	Percent	Number Tested	Percent	Number Tested
7	13.0%	30.8%	20.0%	32%	25.2%	115
8	15.1%	32.5%	16.2%	37%	30.3%	89
All	14.1%	29.4%	18.0%	35%	27.0%	204

Goal 1: Absolute Measure

Each year, the school's aggregate Performance Level Index ("PLI") on the State English language arts exam will meet the Annual Measurable Objective ("AMO") set forth in the state's NCLB accountability system.

Method

The federal No Child Left Behind law holds schools accountable for making annual yearly progress towards enabling all students to be proficient. As a result, the state sets an AMO each year to determine if schools are making satisfactory progress toward the goal of proficiency in the state's learning standards in English language arts. To achieve this measure, all tested students must have a Performance Level Index ("PLI") value that equals or exceeds the 2014-15 English language arts AMO of 97. The PLI is calculated by adding

the sum of the percent of all tested students at Levels 2 through 4 with the sum of the percent of all tested students at Levels 3 and 4. Thus, the highest possible PLI is 200.²

Results

NWP's PLI was 90, falling short of the state's AMO of 97 by 7 percentage points.

English Language Arts 2014-15 Performance Level Index (PLI)

Number in Cohort	Percent of Students at Each Performance Level			
	Level 1	Level 2	Level 3	Level 4
	33.3%	43.2%	21.9%	1.5%

$$\begin{array}{rcccccccc}
 \text{PI} & = & 43. & + & 21. & + & 1.5 & = & 66.6 \\
 & & 2 & & 9 & & & & \\
 & & & & 21. & + & 1.5 & = & 23.4 \\
 & & & & 9 & & & & \\
 & & & & & & \text{PLI} & = & 90
 \end{array}$$

Evaluation

NWP did not achieve its AMO measure and fell short the state's goal by 7 percentage points. The school's seventh and eighth grade represented the highest number of students performing at a proficient level, while the incoming sixth grade students represented the lowest performing grade with only 16.2% of students performing at a proficient level on the state English language arts exam. The most likely explanation for the sixth grade's low performance is that they have only been enrolled at NWP for one year.

Goal 1: Comparative Measure

Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state English language arts exam will be greater than that of all students in the same tested grades in the local school district.

Method

A school compares tested students enrolled in at least their second year to all tested students in the surrounding public school district. Comparisons are between the results for each grade in which the school had tested students in at least their second year at the school and the total result for all students at the corresponding grades in the school district.³

Results

27% of students in at least their second year of enrollment at NWP performed at a proficient level, compared to 40.4% of all seventh and eighth grade students in Community School District 31.

2014-15 State English Language Arts Exam

² In contrast to SED's Performance Index, the PLI does not account for year-to-year growth toward proficiency.

³ Schools can acquire these data when the New York State Education Department releases its Access database containing grade level ELA and math test results for all schools and districts statewide. The NYSED announces the release of the data on its [News Release webpage](#).

Charter School and District Performance by Grade Level

Grade	Percent of Students at Proficiency			
	Charter School Students In At Least 2 nd Year		All District Students	
	Percent	Number Tested	Percent	Number Tested
7	25.2%	115	37.8%	4228
8	30.3%	89	43.1%	4043
All	27.0%	204	40.4%	8271

Evaluation

NWP did not meet its goal of students enrolled in at least their second year exceeding the district average. The total number of seventh and eighth grade students in at least their second year at the school was 13.4 percentage points below the district average for all seventh and eighth grade students in Community School District 31.

Additional Evidence

Community School District 31 is a diverse district that serves a vast student population. Although the percentage of NWP students enrolled in at least their second year performing at a proficient level is below the average across the district, NWP outperforms or performs comparable to schools serving a similar student population.

Also, additional evidence may include demographic differences between the school and the district as well as compelling reasons for comparing the school to a subset of schools within the district.

English Language Arts Performance of Charter School and Local District by Grade Level and School Year

Grade	Percent of Students Enrolled in at Least their Second Year Who Are at Proficiency Compared to Local District Students					
	2012-13		2013-14		2014-15	
	Charter School	Local District	Charter School	Local District	Charter School	Local District
7	13.0%	30.8%	20.0%	32%	25.2%	37.8%
8	15.1%	32.5%	16.2%	37%	30.3%	43.1%
All	14.1%	29.4%	18.0%	35%	27.0%	40.4%

Goal 1: Comparative Measure

Each year, the school will exceed its predicted level of performance on the state English language arts exam by an Effect Size of 0.3 or above (performing higher than expected to a meaningful degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State.

Method

The Charter Schools Institute conducts a Comparative Performance Analysis, which compares the school's performance to demographically similar public schools state-wide. The Institute uses a regression analysis to control for the percentage of economically disadvantaged students among all public schools in New York State. The Institute compares the school's actual performance to the predicted performance of public schools with a similar economically disadvantaged percentage. The difference between the schools' actual and predicted performance, relative to other schools with similar economically disadvantaged statistics, produces an Effect Size. An Effect Size of 0.3 or performing higher than expected to a meaningful degree is the requirement for achieving this measure.

Given the timing of the state's release of economically disadvantaged data and the demands of the data analysis, the 2014-15 analysis is not yet available. This report contains 2013-14 results, the most recent Comparative Performance Analysis available.

Results

NWP's overall effect size for the 2013-14 English language arts exam was a negative 0.01, a result that was lower than expected. The seventh grade was closed to meeting its goal, while eighth grade students were furthest from meeting the stated goal.

2013-14 English Language Arts Comparative Performance by Grade Level

Grade	Percent Economically Disadvantaged	Number Tested	Percent of Students at Levels 3&4		Difference between Actual and Predicted	Effect Size
			Actual	Predicted		
6	3.8	128	12	13.1	-1.1	-0.10
7	88.5	101	20	15.3	4.7	0.42
8	83.1	87	16	20.8	-4.8	-0.35
All	89.2	316	15.7	15.9	-0.2	-0.01

School's Overall Comparative Performance:
<i>Lower than Expected</i>

Evaluation

The school did not meet its goal as the effect size did not match or exceed a positive 0.3.

Additional Evidence

NWP has improved its effect size significantly from the 2011-12 school year to the 2013-14 school year, the most recent data on record.

English Language Arts Comparative Performance by School Year

School Year	Grades	Percent Eligible for Free Lunch/	Number Tested	Actual	Predicted	Effect Size
-------------	--------	----------------------------------	---------------	--------	-----------	-------------

		Economically Disadvantaged				
2011-12	6-7	67%	186	33.9	39.9	-0.36
2012-13	6-8	82.4%	379	12.9	17.6	-0.41
2013-14	6-8	89.2%	316	15.7	15.9	-0.01

Goal 1: Growth Measure⁴

Each year, under the state's Growth Model, the school's mean unadjusted growth percentile in English language arts for all tested students in grades 4-8 will be above the state's unadjusted median growth percentile.

Method

This measure examines the change in performance of the same group of students from one year to the next and the progress they are making in comparison to other students with the same score in the previous year. The analysis only includes students who took the state exam in 2013-14 and also have a state exam score from 2012-13 including students who were retained in the same grade. Students with the same 2012-13 score are ranked by their 2013-14 score and assigned a percentile based on their relative growth in performance (student growth percentile). Students' growth percentiles are aggregated school-wide to yield a school's mean growth percentile. In order for a school to perform above the statewide median, it must have a mean growth percentile greater than 50.

Given the timing of the state's release of Growth Model data, the 2014-15 analysis is not yet available. This report contains 2013-14 results, the most recent Growth Model data available.⁵

Results

School wide, NWP exceeded the statewide mean growth percentile.

2013-14 English Language Arts Mean Growth Percentile by Grade Level

Grade	Mean Growth Percentile	
	School	Statewide Median
6	50	50.0
7	61.5	50.0
8	55	50.0
All	55.5	50.0

Evaluation

The school exceeded the 50.0 statewide median in the mean growth percentile school wide, as well as at each individual grade level. Throughout the school's first charter term, students have consistently grown academically the longer they have been enrolled at the school.

⁴ See Guidelines for [Creating a SUNY Accountability Plan](#) for an explanation.

⁵ Schools can acquire these data from the NYSED's Business Portal: portal.nysed.gov.

Additional Evidence

The school's mean growth percentile went up school wide, as well as at each individual grade level when comparing the 2013-14 school year to the 2012-13 school year.

English Language Arts Mean Growth Percentile by Grade Level and School Year

Grade	Mean Growth Percentile			
	2011-12 ⁶	2012-13	2013-14	Statewide Median
6		44.9	50	50.0
7		56.8	61.5	50.0
8		52.9	55	50.0
All		51.8	55.5	50.0

Summary of the English Language Arts Goal

NWP did not achieve its absolute or comparative English language arts goals, but the school did achieve its growth measure. For comparative measures, NWP is at a severe disadvantage because these measures do not control for the percentage of English language learners and special education students. The school's charter commits to serving this student population and greatly exceeds the district average in both areas.

Type	Measure	Outcome
Absolute	Each year, 75 percent of all tested students who are enrolled in at least their second year will perform at proficiency on the New York State English language arts exam for grades 3-8.	Did Not Achieve
Absolute	Each year, the school's aggregate Performance Level Index (PLI) on the state English language arts exam will meet that year's Annual Measurable Objective (AMO) set forth in the state's NCLB accountability system.	Did Not Achieve
Comparative	Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state English language arts exam will be greater than that of students in the same tested grades in the local school district.	Did Not Achieve
Comparative	Each year, the school will exceed its predicted level of performance on the state English language arts exam by an Effect Size of 0.3 or above (performing higher than expected to a small degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State. (Using 2013-14 school district results.)	Did Not Achieve
Growth	Each year, under the state's Growth Model the school's mean unadjusted growth percentile in English language arts for all tested students in grades 4-8 will be above the state's unadjusted median growth percentile.	Achieved

Action Plan

Narrative explaining what specific steps the school will take to maintain or improve academic performance based on the *specific results* associated with this goal, focusing in particular on strategic interventions including providing enhanced support or program

⁶ Grade level results not available.

revisions for explicit grades, cohorts or sub-populations.

The school will take the following steps and implement the following programs to improve academic performance.

- A reading intervention for students, guided reading in Literacy Leaders program
- Hochman writing program
- Expeditionary Learning, state approved ELA curriculum
- Leveled Library to meet students individual needs
- I-Ready diagnostic computer program that provides individualized lessons to meet student needs
- Increase of Title I services, full time ELA Title I teacher, use of the Successmaker online program for progress monitoring.
- Strategic intervention plan incorporates 7 different target levels

MATHEMATICS

Goal 2: Mathematics

All students at the school will demonstrate competency in the understanding and application of mathematics computation and problem solving

Background

The math curriculum follows the scope and sequence for NY City and aligned to CCLS. Supported by research based performance tasks and intervention strategies. Teachers provided intensive professional development in developing lesson, tasks and given specific feedback from the math coach. Teachers have received professional development in the analysis of student data to impact instruction and student growth. An increased number of staff has been hired to incorporate second staff member in each class. Targeted intervention services have been implemented through tutorials and individual and small groups.

Goal 2: Absolute Measure

Each year, 75 percent of all tested students enrolled in at least their second year will perform at proficiency on the New York State mathematics examination for grades 3-8.

Method

The school administered the New York State Testing Program mathematics assessment to students in 6 through 8 grade in April 2015. Each student's raw score has been converted to a grade-specific scaled score and a performance level.

The table below summarizes participation information for this year's test administration. The table indicates total enrollment and total number of students tested. It also provides a detailed breakdown of those students excluded from the exam. Note that this table includes all students according to grade level, even if they have not enrolled in at least their second year.

2014-15 State Mathematics Exam Number of Students Tested and Not Tested

		IEP	ELL	Absent	
6	123	0	0	0	123
7	127	0	0	0	127
8	92	0	0	0	92
All	342	0	0	0	342

Results

In the 2014-15 school year, 36.6% of all students scored at a proficient level on the state mathematics exam, while 36.0% of student enrolled in at least their second year at the school tested at a proficient level.

Performance on 2014-15 State Mathematics Exam By All Students and Students Enrolled in At Least Their Second Year

Grade s	All Students		Enrolled in at least their Second Year	
	Percent Proficient	Number Tested	Percent Proficient	Number Tested
6	39.0%	123	N/A	N/A
7	38.6%	127	40.1%	117
8	30.5%	92	30.3%	89
All	36.6%	342	36.0%	206

Evaluation

In the 2014-15 school year, NWP did not meet the absolute measure for mathematics. Overall, 36.0% of students enrolled at least their second year tested at a proficient level. This is 39 percentage points below the absolute measure of 75%. The overall percentage of students performing at a proficient level grew over 4 percentage points from the 2013-14 to the 2014-15 school year. The percentage of students performing at a proficient level enrolled in at least their second year improved by 9.5 percentage points.

Additional Evidence

The percentage of NWP students performing at a proficient level on the state mathematics assessment exam grew both latitudinal and longitudinal when compared to the results from the 2013-14 school year.

The percentage of students performing at a proficient level as seventh graders in the 2013-14 school year grew by 16.5 percentage points when they took the exam as eighth graders. The percentage of seventh and eighth grade students testing at a proficient level on the

⁷ Students exempted from this exam according to their Individualized Education Program (IEP), because of English Language Learners (ELL) status, or absence for at least some part of the exam.

mathematics assessment exam increased from the 2013-14 school year to the 2014-15 school year.

Also, additional evidence may include other valid and reliable assessment results that demonstrate the effectiveness of the school's instructional program.

Mathematics Performance by Grade Level and School Year

Grade	Percent of Students Enrolled in At Least Their Second Year Achieving Proficiency					
	2012-13		2013-14		2014-15	
	Percent	Number Tested	Percent	Number Tested	Percent	Number Tested
7	14%	77	23.8%	80	40.1%	117
8	19%	86	29.1%	86	30.3%	89
All	17%	163	26.5%	166	36.0%	206

Goal 2: Absolute Measure

Each year, the school's aggregate Performance Level Index (PLI) on the State mathematics exam will meet the Annual Measurable Objective (AMO) set forth in the state's NCLB accountability system.

Method

The federal No Child Left Behind law holds schools accountable for making annual yearly progress towards enabling all students to be proficient. As a result, the state sets an AMO each year to determine if schools are making satisfactory progress toward the goal of proficiency in the state's learning standards in mathematics. To achieve this measure, all tested students must have a Performance Level Index (PLI) value that equals or exceeds the 2014-15 mathematics AMO of 94. The PLI is calculated by adding the sum of the percent of all tested students at Levels 2 through 4 with the sum of the percent of all tested students at Levels 3 and 4. Thus, the highest possible PLI is 200.⁸

Results

NWP achieved an aggregate PI score of 112.6 in mathematics in the 2014-2015 school year.

Mathematics 2014-15 Performance Level Index (PLI)

Number in Cohort	Percent of Students at Each Performance Level			
	Level 1	Level 2	Level 3	Level 4
	24.0	39.4	26.6	10.0

$$PI = \frac{39.4}{4} + \frac{26.6}{6} + \frac{10.0}{0} = 76$$

⁸ In contrast to NYSED's Performance Index, the PLI does not account for year-to-year growth toward proficiency.

$$\begin{array}{rclcl}
 26. & + & 10. & = & 36.6 \\
 6 & & 0 & & \\
 & & \text{PLI} & = & 112. \\
 & & & & 6
 \end{array}$$

Evaluation

NWP exceeded the PLI AMO of 94 by 18.6 percentage points.

Goal 2: Comparative Measure

Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state mathematics exam will be greater than that of all students in the same tested grades in the local school district.

Method

A school compares the performance of tested students enrolled in at least their second year to that of all tested students in the surrounding public school district. Comparisons are between the results for each grade in which the school had tested students in at least their second year at the school and the total result for all students at the corresponding grades in the school district.⁹

Results

36.0% of NWP students enrolled in at least their second year at the school performed at a proficient level on the state mathematics exam. This was 4 percentage points above the average for seventh and eighth grade students in Community School District 31.

2014-15 State Mathematics Exam Charter School and District Performance by Grade Level

Grade	Percent of Students at Proficiency			
	Charter School Students In At Least 2 nd Year		All District Students	
	Percent	Number Tested	Percent	Number Tested
7	40.1%	117	37.6%	4191
8	30.3%	89	25.0%	3320
All	36.0%	206	32.0%	7511

Evaluation

In the 2014-15 school year, NWP had a higher percentage of students, enrolled in at least two years at the school, performing at a proficient level than Community School District 31 in similar grades served.

Additional Evidence

⁹ Schools can acquire these data when the New York State Education Department releases its database containing grade level ELA and math test results for all schools and districts statewide. The NYSED announces the release of the data on its [News Release webpage](#).

NWP showed growth in the percentage of students, enrolled in at least their second year at the school, performing at a proficient level from the 2013-14 school year to the 2014-15 school year. Impressively, the percentage of seventh grade students, enrolled in at least their second year at the school, increased by over 16 percentage points from the 2013-14 school year to the 2014-15 school year.

Also, additional evidence may include demographic differences between the school and the district as well as compelling reasons for comparing the school to a subset of schools within the district.

**Mathematics Performance of Charter School and Local District
by Grade Level and School Year**

Grade	Percent of Students Enrolled in at Least their Second Year Who Are at Proficiency Compared to Local District Students					
	2012-13		2013-14		2014-15	
	Charter School	Local District	Charter School	Local District	Charter School	Local District
7	14%	28%	23.8%	37%	40.1%	37.6%
8	19%	29%	29.1%	28%	30.3%	25.0%
All	17%	29%	26.5%	33%	36.0%	32.0%

Goal 2: Comparative Measure

Each year, the school will exceed its predicted level of performance on the state mathematics exam by an Effect Size of 0.3 or above (performing higher than expected to a meaningful degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State.

Method

The Charter Schools Institute conducts a Comparative Performance Analysis, which compares the school's performance to demographically similar public schools state-wide. The Institute uses a regression analysis to control for the percentage of economically disadvantaged students among all public schools in New York State. The Institute compares the school's actual performance to the predicted performance of public schools with a similar economically disadvantaged percentage. The difference between the schools' actual and predicted performance, relative to other schools with similar economically disadvantaged statistics, produces an Effect Size. An Effect Size of 0.3 or performing higher than expected to a meaningful degree is the requirement for achieving this measure.

Given the timing of the state's release of economically disadvantaged data and the demands of the data analysis, the 2014-15 analysis is not yet available. This report contains 2013-14 results, the most recent Comparative Performance Analysis available.

Results

NWP's overall effect size for the 2013-14 mathematics exam was a 0.81 translating to a comparative performance that was higher than expected to a large degree.

2013-14 Mathematics Comparative Performance by Grade Level

Grade	Percent Economically Disadvantaged	Number Tested	Percent of Students at Levels 3&4		Difference between Actual and Predicted	Effect Size
			Actual	Predicted		
6	93.8	129	40	19.7	20.3	1.19
7	88.5	101	24	16.9	7.1	0.43
8	83.1	87	29	15.3	13.7	0.67
All	89.2	317	31.9	17.6	14.3	0.81

School's Overall Comparative Performance:
<i>Higher than expected to a large degree</i>

Evaluation

NWP met this goal, as the effect size exceeded a 0.3.

Additional Evidence

NWP's effect size went from a -0.80 to a positive 0.81 in just two years. During this time, the school vastly increased the percentage of economically disadvantaged students it served.

Mathematics Comparative Performance by School Year

School Year	Grades	Percent Eligible for Free Lunch/Economically Disadvantaged	Number Tested	Actual	Predicted	Effect Size
2011-12	6-7	67%	184	35.9	52.5	-0.80
2012-13	6-8	82.4%	279	16.8	16.7	0.01
2013-14	6-8	89.2%	317	31.9	14.3	0.81

Goal 2: Growth Measure¹⁰

Each year, under the state's Growth Model, the school's mean unadjusted growth percentile in mathematics for all tested students in grades 4-8 will be above the state's unadjusted median growth percentile.

Method

This measure examines the change in performance of the same group of students from one year to the next and the progress they are making in comparison to other students with the same score in the previous year. The analysis only includes students who took the state

10 See Guidelines for [Creating a SUNY Accountability Plan](#) for an explanation.

exam in 2013-14 and also have a state exam score in 2012-13 including students who were retained in the same grade. Students with the same 2012-13 scores are ranked by their 2013-14 scores and assigned a percentile based on their relative growth in performance (student growth percentile). Students' growth percentiles are aggregated school-wide to yield a school's mean growth percentile. In order for a school to perform above the statewide median, it must have a mean growth percentile greater than 50.

Given the timing of the state's release of Growth Model data, the 2014-15 analysis is not yet available. This report contains 2013-14 results, the most recent Growth Model data available.¹¹

NWP's 2012-13 mathematics mean growth percentile was 62.3, 12.5 points above the statewide average.

2013-14 Mathematics Mean Growth Percentile by Grade Level

Grade	Mean Growth Percentile	
	School	Statewide Median
6	65	50.0
7	59	50.0
8	64	50.0
All	62.5	50.0

Evaluation

NWP's overall mean growth percentile is greater than the statewide median. Further, each individual grade that NWP serves had a higher growth percentile than the statewide median.

Additional Evidence

The school's mean growth percentile went up school wide, as well as at each individual grade level, with the exception of the eighth grade when comparing the 2013-14 school year to the 2012-13 school year. However, it should be noted that although the school's eighth grade's mean growth percentile went down from the previous school year, it is still 14 points above the statewide median.

Mathematics Mean Growth Percentile by Grade Level and School Year

Grade	Mean Growth Percentile			
	2011-12 ¹²	2012-13	2013-14	Statewide Median
6		58.8	65	50.0
7		58.8	59	50.0
8		69.9	64	50.0
All		62.3	62.5	50.0

¹¹ Schools can acquire these data from the NYSED's business portal: portal.nysed.gov.

¹² Grade level results not available.

Summary of the Mathematics Goal

NWP achieved one of its absolute goals, both of its comparative goals, and its growth goal.

Type	Measure	Outcome
Absolute	Each year, 75 percent of all tested students who are enrolled in at least their second year will perform at proficiency on the New York State mathematics exam for grades 3-8.	Did Not Achieve
Absolute	Each year, the school's aggregate Performance Level Index (PLI) on the state mathematics exam will meet that year's Annual Measurable Objective (AMO) set forth in the state's NCLB accountability system.	Achieved
Comparative	Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state mathematics exam will be greater than that of students in the same tested grades in the local school district.	Achieved
Comparative	Each year, the school will exceed its predicted level of performance on the state mathematics exam by an Effect Size of 0.3 or above (performing higher than expected to a small degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State. (Using 2013-14 school district results.)	Achieved
Growth	Each year, under the state's Growth Model the school's mean unadjusted growth percentile in mathematics for all tested students in grades 4-8 will be above the state's unadjusted median growth percentile.	Achieved

Action Plan

SCIENCE

Goal 3: Science

All students at the school will demonstrate competency in the understanding and application of scientific reasoning.

Background

The science curriculum at New World Preparatory is aligned to the New York City Department of Education Scope and Sequence and is follows the core curriculum materials. In science, students learn concepts through the activities-based modules in grades 6-8. Our school will continue to use these curricula and explore the topics outlined in Tables 1-3 at the end of this section.

Goal 3: Absolute Measure

Each year, 75 percent of all tested students enrolled in at least their second year will perform at proficiency on the New York State science examination.

Method

The school administered the New York State Testing Program science assessment to students in 8th grade in spring 2015. The school converted each student's raw score to a performance level and a grade-specific scaled score. The criterion for success on this measure requires students enrolled in at least their second year to score at proficiency.

Results

On the 2014-15 state science assessment exam, 67.4% of NWP students in at least their second year at the school performed at a proficient level.

Charter School Performance on 2014-15 State Science Exam By All Students and Students Enrolled in At Least Their Second Year

Grade	Percent of Students at Proficiency			
	Charter School Students In At Least 2 nd Year		All District Students	
	Percent Proficient	Number Tested	Percent Proficient	Number Tested
8	67.4%	89	N/A	N/A

Evaluation

NWP fell short of its goal of 75% of students enrolled in their at least their second year at the school performing at a proficient level by 7.6 percentage points.

Additional Evidence

The percentage of NWP students enrolled in at least their second year at the school performing at a proficient level on the state science exam increased by 15.7 percentage points from the 2013-14 school year to the 2014-15 school year.

Also, additional evidence may include other valid and reliable assessment results that demonstrate the effectiveness of the science program.

Science Performance by Grade Level and School Year

Grade	Percent of Students Enrolled in At Least Their Second Year at Proficiency					
	2012-13		2013-14		2014-15	
	Percent Proficient	Number Tested	Percent	Number Tested	Percent Proficient	Number Tested
8	56.5%	85	51.7%	87	67.4%	89
All	56.5%	85	51.7%	87	67.4%	89

Goal 3: Comparative Measure

Each year, the percent of all tested students enrolled in at least their second year and performing at proficiency on the state science exam will be greater than that of all students in the same tested grades in the local school district.

Method

The school compares tested students enrolled in at least their second year to all tested students in the surrounding public school district. Comparisons are between the results for each grade in which the school had tested students in at least their second year and the results for the respective grades in the local school district.

Results

The district results for the state science assessment exam have not been released at this time. Thus, there are no comparative measures to report.

**2014-15 State Science Exam

All	56.5%	N/A	52.3%	N/A	67.4%	N/A

Summary of the Science Goal

NWP did not achieve its absolute measure for the science goal. At the time of this writing, the state science assessment scores for the district have not been released. Thus, the comparative goal cannot be assessed.

Type	Measure	Outcome
Absolute	Each year, 75 percent of all tested students enrolled in at least their second year will perform at proficiency on the New York State examination.	Did Not Achieve
Comparative	Each year, the percent of all tested students enrolled in at least their second year and performing at proficiency on the state exam will be greater than that of all students in the same tested grades in the local school district.	N/A

Action Plan

The Eighth Grade Intermediate State Science test is comprised of two parts including Part I: Performance Test and Part II: Written Test. To ensure that students are familiar with the format of each test, students will continue to practice item questions when appropriate and teachers will support their understanding by identifying problem recognition strategies.

Specific to Part I: Performance Test: Students are required to effectively use different science equipment including the microscope, measurement tools and classification systems. Students in all grades are introduced to these materials at different points in the curriculum to practice and realize the importance of these tools to the science discipline. Our eighth grade science teachers will continue to ensure that these laboratory skills are reinforced throughout all four units of study so students are well prepared for this part of the examination.

Specific to Part II: Written Test: The combination of the diagnostic, formative and summative assessments administered throughout the academic year across all grade levels will continue to be reviewed to inform instruction. An item analysis of last year’s test is currently underway. The results will provide NWP teachers with more specific information about student performance. This analysis will allow the teachers to identify specific areas of the NY State Performance Standards (<http://www.p12.nysed.gov/ciai/mst/scirg.html>) that may need a greater instructional focus during the academic year.

NCLB

Goal 4: NCLB

The school will make Adequate Yearly Progress

Goal 4: Absolute Measure

Under the state's NCLB accountability system, the school's Accountability Status is in good standing: the state has not identified the school as a Focus School nor determined that it has met the criteria to be identified as school requiring a local assistance plan.

Method

Because *all* students are expected to meet the state's learning standards, the federal No Child Left Behind legislation stipulates that various sub-populations and demographic categories of students among all tested students must meet state proficiency standards. New York, like all states, established a system for making these determinations for its public schools. Each year the state issues School Report Cards. The report cards indicate each school's status under the state's No Child Left Behind (NCLB) accountability system.

Results

NWP is in good standing this year.

Evaluation

NWP met this measure. The school is in good standing this year.

Additional Evidence

NWP continues to be in good standing under the NCLB system.

NCLB Status by Year

Year	Status
2012-13	Good Standing
2013-14	Good Standing
2014-15	Good Standing

Appendix B: Total Expenditures and Administrative Expenditures per Child

Created: 07/12/2015

Last updated: 07/22/2015

Page 1

Charter School Name:

B. Financial Information

This information is required of ALL charter schools. Provide the following measures of fiscal performance of the charter school in Appendix B (Total Expenditures and Administrative Expenditures Per Child):

1. Total Expenditures Per Child

To calculate '**Total Expenditures per Child**' take total expenditures (from the unaudited 2014-15 Schedule of Functional Expenses) and divide by the year end per pupil count. (Integers Only. No dollar signs or commas).

Line 1: Total Expenditures	5715656
Line 2: Year End Per Pupil Count	347
Line 3: Divide Line 1 by Line 2	16472

2. Administrative Expenditures per Child

To calculate '**Administrative Expenditures per Child**' take the relevant portion from the 'personnel services cost' row and the 'management and general' column (from the unaudited 2014-15 Schedule of Functional Expenses) and divide by the year end per pupil count. The relevant portion that must be included in this calculation is defined as follows:

Administrative Expenditures: Administration and management of the charter school includes the activities and personnel of the offices of the chief school officers, the treasurer, the finance or business offices, the purchasing unit, the employee personnel offices, the records management offices, or a public information and services offices. It also includes those administrative and management services provided by other organizations or corporations on behalf of the charter school for which the charter school pays a fee or other compensation.

Please note the following:

- Do not include the FTE of personnel dedicated to administration of the instructional programs.
- Do not include Employee Benefit costs or expenditures in the above calculations.
- A template for the Schedule of Functional Expenses is provided on page 20 of the 2014-15 Annual Report Guidelines to assist schools identify the categories of expenses needed to compute the two per pupil calculations. This template does not need to be completed or submitted on August 1st as it will be submitted November 1st as part of the audited financial statements. Therefore schools should use unaudited amounts for these per pupil calculations. (See the 2014-15 Annual Report Guidelines in "Resources" area of your portal task page).

To calculate 'Administrative Expenditures per Child**' take the relevant portion from the 'personnel services cost' row and the 'management and general' column (from the 2014-15 Schedule of Functional Expenses) and divide by the year end per pupil count. (Integers Only. No dollar signs or commas).**

Line 1: Relevant Personnel Services Cost (Row)	181645
Line 2: Management and General Cost (Column)	104138
Line 3: Sum of Line 1 and Line 2	285783
Line 4: Year End Per Pupil Count	347
Line 5: Divide Line 3 by the Year End Per Pupil Count	824

Thank you.

GENERAL INSTRUCTIONS FOR ANNUAL BUDGET/QUARTERLY REPORT

TEMPLATE TABS

1- GRAY tab contains the Instructions

Instructions	Provides description of tabs and input requirements.
------------------------------	--

2- BLUE tabs require input of information

1.) Name of School	Enter school name, contact information and academic year for the yearly budget and quarterly reports.
2.) Enrollment	Enter enrollment information on this tab. Use for inputting BOTH Annual Budget (& Revisions) and Quarterly Actuals. Includes: >Enrollment by Grade >Enrollment by District
3.) Staffing Plan	Enter staffing plan information on this tab. Use for inputting BOTH Annual Budget (& Revisions) and Quarterly Actuals. Includes: >Full Time Equivalent (FTE), by Position Category, By Quarter >Average Wage, by Position Category, By Quarter
4.) Yearly Budget	Enter data in light blue cells. >Enrollment data and Per Pupil Revenue for the current year are populated based upon input on tab "2.) Enrollment." >Avg FTE and Personnel Costs for current year are populated based upon input on tab "3.) Staffing Plan." >"Pior Year" column may be completed based upon preliminary data, and adjusted with Annual Audited data when the Quarter 2 Actuals are being submitted. >Budget Revisions, as necessary and approved by the school's Board of Directors, should be submitted when submitting Quarterly Actuals.
5.) Balance Sheet	Enter data in light blue cells. >"Pior Year" column may be completed based upon preliminary data, and adjusted with Annual Audited data when the Quarter 2 Actuals are being submitted.
6.) Quarterly Report	Enter data in light blue cells. >Enrollment data and Per Pupil Revenue for the current year are populated based upon input on tab "2.) Enrollment." >Avg FTE and Personnel Costs for current year are populated based upon input on tab "3.) Staffing Plan."
7.) Annual Report Requirement	Complete when submitting Actual Quarter 4.

CELL COLORS & GUIDANCE COMMENTS

= Enter information into the light BLUE shaded cells.

= Cells labeled in ORANGE containe guidance regarding the input of information.

= Cells containing RED triangles in the upper right corner contain "guidance comments" on that particular line item. Please "mouse-over" the triangle to reveal each comment.

INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
New World Preparatory Charter School

Report on the Financial Statements

We have audited the accompanying financial statements of New World Preparatory Charter School, which comprise the statement of financial position as of June 30, 2015 and 2014, and the related statements of activities and cash flows for years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of New World Preparatory Charter School as of June 30, 2015 and 2014, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were performed for the purpose of forming an opinion on the basic financial statements of the School taken as a whole. The accompanying schedules of functional expenses are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion the schedule of functional expenditures is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with Government Auditing Standards, we have also issued our report dated October 28, 2015, on our consideration of New World Preparatory Charter School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audits.

NEW WORLD PREPARATORY CHARTER SCHOOL

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2015 AND 2014

1. Organization

New World Preparatory Charter School (the “School”), a 501(c)(3) tax-exempt organization, is a middle grade charter school located in Staten Island, New York. The School was granted a five year charter in February 2010 and commenced sixth grade classes in September 2010. Seventh grade was added in September 2011 and eighth grade was added in September 2012. The School’s charter was renewed in January 2015 for an additional three years. The School provides an exceptional education for students by employing research-proven strategies to raise middle school academic achievement including academic rigor and relevance, personalization, focused professional development, and meaningful engagement of families and the larger community.

2. Summary of Significant Accounting Policies

a) Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with generally accepted accounting principles.

b) Financial Statement Presentation

The School is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted, temporarily restricted, and permanently restricted.

- i. Unrestricted net assets – Net assets that are not subject to grantor or donor-imposed stipulations.
- ii. Temporarily restricted net assets – Net assets subject to donor-imposed stipulations that may or will be met, either by actions of the School and/or passage of time. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. There are no temporarily restricted net assets at June 30, 2015 and 2014.
- iii. Permanently restricted net assets – Net assets subject to grantor or donor-imposed stipulations that they be maintained permanently by the School to use all or part of the assets for general or specific purposes. There are no permanently restricted net assets at June 30, 2015 and 2014.

NEW WORLD PREPARATORY CHARTER SCHOOL

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2015 AND 2014

2. Summary of Significant Accounting Policies (Continued)

b) Financial Statement Presentation (Continued)

Furthermore, information is required to segregate program service expenses from support expenses.

c) Cash and Cash Equivalents

The School maintains its cash in bank deposit accounts, which, at times, may exceed federally insured limits. The School has not experienced any losses in such accounts. The School believes it is not exposed to significant credit risk on cash and equivalents.

For purposes of the statement of cash flows, the School considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

d) Grants and Contributions Receivable

Unconditional promises to give that are expected to be collected within one year are recorded as grants and contribution receivable at net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. The discounts on those amounts are computed using risk-free interest rates applicable to the years in which the promises are received. Conditional promises to give are not included as support until the conditions are substantially met.

e) Contributions

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted net assets depending on the existence or nature of any donor restrictions.

f) Property and Equipment

Purchase of property and equipment are capitalized at cost. Donated assets are capitalized at the estimated fair value at date of receipt. The cost of maintenance and repairs is charged to expense as incurred; significant improvements are capitalized. The School capitalizes additions and significant improvements in excess of \$1,000. Depreciation is computed using the straight-line method over estimated useful lives of 3 to 7 years.

NEW WORLD PREPARATORY CHARTER SCHOOL

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2015 AND 2014

2. Summary of Significant Accounting Policies (Continued)

g) Donated Services

The School receives donated services from unpaid volunteers. No amounts have been recognized in the statement of activities since the services do not meet the specialized skill criteria for recognition under generally accepted accounting principles.

h) Revenue Recognition

Revenue from the state and local government resulting from the School's charter status is based on the number of students enrolled and is recorded when services are performed in accordance with the charter agreement.

Revenue from federal, state and local government grants and contracts are recorded by the School when qualifying expenditures are incurred and billable. Funds received in advance for which qualifying expenditures have not been incurred are reflected as refundable advances from state and local government grants in the accompanying statement of financial position.

i) Functional Allocation of Expenses

Costs and expenses of various programs and other activities have been analyzed on a functional basis. Accordingly, all costs and expenses incurred have been allocated among the programs and supporting services benefited.

j) Income Taxes

New World Preparatory Charter School filed and received approval of its application for tax exempt status from the Internal Revenue Service under section 501(c)(3) of the Internal Revenue code to be classified as a publicly supported organization as described in Internal Revenue Code section 509 (A)(1) and 170 (B)(1)(A)(II).

Management has determined that the School had no uncertain tax positions that would require financial statement recognition. The School is no longer subject to income tax examination by federal, state or local tax authorities for years before 2011, which is the standard statute of limitations look-back period.

NEW WORLD PREPARATORY CHARTER SCHOOL

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2015 AND 2014

2. Summary of Significant Accounting Policies (Continued)

k) Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

3. Reclassifications

Certain accounts relating to the prior year have been reclassified to conform to the current year's presentation. These reclassifications have no effect on changes in unrestricted net assets as previously reported.

4. Pupil Enrollment and Other Revenues from Government Agencies

Under the Charter School Agreement and the Charter Schools Act, the School is entitled to receive funding from governmental sources that are available to public schools. The calculation of the amounts to be paid to the School under these programs is determined by the State, and is based on complex laws and regulations, enrollment levels, and economic information related to the home school districts of the children enrolled in the School. If these regulations, some of which are relatively new in the State of New York, were to change, or other factors included in the calculations were to change, the level of funding that the School receives could vary significantly.

The amounts are based upon actual amounts received as well as estimates by management based upon the best information available at the time. However, actual amounts received, as determined by the funding source, could vary based on changes in the factors used to calculate the amounts owed.

NEW WORLD PREPARATORY CHARTER SCHOOL

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2015 AND 2014

5. Property and Equipment

At June 30, 2015 and 2014, property and equipment consisted of the following:

	2015	2014	Estimated Useful Life
Improvements	\$ 776,110	\$ 667,736	5 years
Furniture and fixtures	127,683	127,683	7 years
Computer equipment	486,875	419,626	3 years
Office equipment	5,812	5,812	3 years
Telephone equipment	14,063	14,063	3 years
	<u>1,410,543</u>	<u>1,234,920</u>	
Less: Accumulated depreciation	(971,791)	(733,551)	
Total	<u>\$ 438,752</u>	<u>\$ 501,369</u>	

6. Accrued Expenses

Accrued expenses consist primarily of amounts due to staff for payroll earned during the school year but paid out over the summer months.

7. Defined Contribution Plan

The School offers a 401(k) plan for all employees. Employees are eligible for the plan immediately upon employment and participation in the plan is voluntary. Employees can make pretax contributions up to a maximum of 100% of their annual compensation, subject to IRS restrictions. The School matches the employee contribution up to 4% of the employee's annual compensation. The employer contribution recognized in the statement of activities was \$64,479 and \$53,742 for the years ended June 30, 2015 and 2014. Plan assets are held in a separate trust and are not included in the accompanying financial statements. All plan assets are held for the exclusive benefit of the Plan's participants and beneficiaries.

8. Concentration of Risk

The School receives a substantial portion of its support and revenue from the New York City Department of Education. If the charter school laws were modified, reducing or eliminating these revenues the School's finances could be materially adversely affected.

NEW WORLD PREPARATORY CHARTER SCHOOL

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2015 AND 2014

9. Commitments

The School is a lessee under an operating lease, principally for classroom space and administrative offices. The lease, which expired August 31, 2015, has been renewed for additional three years. For the year ended June 30, 2015 and 2014, the rent expenses were \$109,519 and \$115,301.

Minimum lease payments for the next three years are as follows:

Year ended June 30,

2016	\$120,000
2017	120,000
2018	120,000

10. Contingency

The School participates in a number of federal and state programs. These programs require that the School comply with certain requirements of laws, regulations, contracts, and agreements applicable to the programs in which it participates. All funds expended in connection with government grants and contracts are subject to audit by government agencies. While the ultimate liability, if any, from such audits of government grants and contracts by government agencies is presently not determinable, it should not, in the opinion of the management, have a material effect on the financial position or results of operations. Accordingly, no provision for any such liability that may result has been made in the accompanying financial statements.

11. Subsequent Events

Management has evaluated subsequent events through October 28, 2015, the date that the financial statements were available to be issued. No significant subsequent events have been identified that would require adjustment or disclosure in the accompanying financial statements.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Partners of New World Preparatory Charter School

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of New World Preparatory Charter School, which comprise the balance sheet as of June 30, 2015 and 2014, and the related statements of income and expense, changes in partner's capital, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated October 28, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered New World Preparatory Charter School's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of New World Preparatory Charter School's internal control. Accordingly, we do not express an opinion on the effectiveness of New World Preparatory Charter School's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether New World Preparatory Charter School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

6. How many times will the Board meet during the 2015-16 school year?

11

Thank you.

Describe the efforts the charter school has utilized in 2014-15 and a plan for efforts to be taken in 2015-2016 to meet or exceed enrollment and retention of students with disabilities, English language learners, and students who are eligible for free and reduced priced lunch.

2014-15 Enrollment Process

Special Ed

Enrollment Advertising on the New World Preparatory Charter School website included information on the special education program.

New World Prep staff members visited 8 elementary schools on Staten Island and were available during open houses and parent tours to answer any special education questions that were asked.

The Special Education Consultant was also available to assist and support parents with any questions they had about the school's program.

English language learners

New World Prep has a lottery preference for ELL students.

In addition, flyers and applications were translated into Spanish and translators were present at the school's 3 Open Houses.

The school used Vanguard Direct mailing campaign to local zip codes (10301, 10302, 10303, 10304, 10310 and 10314), which included areas with a high percentage of ELL students.

Staff visited 8 local Staten Island elementary schools to recruit students. Staff attended PTA meetings & their community events. At these sites flyers were shared with parents in English & Spanish.

Free and Reduced Lunch

The school used a Vanguard Direct mailing campaign to local zip codes (10301, 10302, 10303, 10304, 10310 and 10314), which included areas with a high percentage of students receiving Free and Reduced lunch.

Staff visited 8 local elementary schools on Staten Island to recruit students.

2014-15 Retention Process

Special Education

Professional development was provided to staff on effective strategies to use with special education students. The Special Education consultant also provided training on articulation and supported work with the CSE.

The school also holds regular meetings with students to discuss their progress and the support options available to assist them.

English language learners

The ESL Teacher/Coordinator provides academic support to ELL students regularly and attends PD sessions throughout the year to support this work.

The family resource coordinator holds classes to support second language parents and maintains communication throughout the year.

Bilingual staff members are available to translate at school events.

Free and Reduced Lunch Students

Two parent workshops are scheduled before the beginning of the year to familiarize parents with school culture and provide support.

The family resource coordinator holds parent academy classes and maintains communication throughout the year.

2015-16 Enrollment and Retention Plan

Special Education

During the current school year, 21.7% of New World Prep's students had IEPs. This figure surpassed our local district, District 31, where only 21.4% had IEPs. We will continue to recruit and retain Special Education students as outlined above.

English language learners

During the current school year, 9.0% of New World Prep's students were English Language Learners. This figure surpassed our local district, District 31, where only 5.1% were ELL. We will continue to recruit and retain English Language Learners as outlined above.

Free and Reduced Lunch Students

During the current school year, 91.50% of New World Prep's students qualified for free or reduced lunch. This figure surpassed our local district, District 31, where only 56.2% qualified. We will continue to recruit and retain Free and Reduced Lunch students as outlined above.

Appendix I: Teacher and Administrator Attrition

Last updated: 07/12/2015

Report changes in teacher and administrator staffing.

Page 1

Charter School Name:

Instructions for completing the Teacher and Administrator Attrition Tables

ALL charter schools should provide, for teachers and administrators only, the full time equivalent (FTE) of staff on June 30, 2014, the FTE for added staff from July 1, 2014 through June 30, 2015, and the FTE for any departed staff from July 1, 2014 through June 30, 2015 using the two tables provided.

2013-14 Teacher Attrition Table

	FTE Teachers on June 30, 2014	FTE Teachers Additions 7/1/14 – 6/30/15	FTE Teacher Departures 7/1/14 – 6/30/15
	36	21	23

2013-14 Administrator Position Attrition Table

	FTE Administrator Positions On 6/30/2014	FTE Administrator Additions 7/1/14 – 6/30/15	FTE Administrator Departures 7/1/14 – 6/30/15
	2	3	1
