**STATE OF NEW YORK  
MASTER CONTRACT FOR  
GRANTS**

This State of New York Master Contract for Grants (Master Contract) is hereby made by and between the State of New York acting by and through the applicable State Agency (State) and the public or private entity (Contractor) identified on the face page hereof (Face Page).

**WITNESSETH:**

**WHEREAS**, the State has the authority to regulate and provide funding for the establishment and operation of program services, design or the execution and performance of construction projects, as applicable and desires to contract with skilled parties possessing the necessary resources to provide such services or work, as applicable; and

**WHEREAS**, the Contractor is ready, willing and able to provide such program services or the execution and performance of construction projects and possesses or can make available all necessary qualified personnel, licenses, facilities and expertise to perform or have performed the services or work, as applicable, required pursuant to the terms of the Master Contract;

**NOW THEREFORE**, in consideration of the promises, responsibilities, and covenants herein, the State and the Contractor agree as follows:

**STANDARD TERMS AND CONDITIONS**

**I. GENERAL PROVISIONS**

**A. Executory Clause:** In accordance with Section 41 of the State Finance Law, the State shall have no liability under the Master Contract to the Contractor, or to anyone else, beyond funds appropriated and available for the Master Contract.

**B. Required Approvals:** In accordance with Section 112 of the State Finance Law (or, if the Master Contract is with the State University of New York (SUNY) or City University of New York (CUNY), Section 355 or Section 6218 of the Education Law), if the Master Contract exceeds \$50,000 (or \$85,000 for contracts let by the Office of General Services, or the minimum thresholds agreed to by the Office of the State Comptroller (OSC) for certain SUNY and CUNY contracts), or if this is an amendment for any amount to a contract which, as so amended, exceeds said statutory amount including, but not limited to, changes in amount, consideration, scope or contract term identified on the Face Page (Contract Term), it shall not be valid, effective or binding upon the State until it has been approved by, and filed with, the New York Attorney General Contract Approval Unit (AG) and OSC. If, by the Master Contract, the State agrees to give something other than money when the value or reasonably estimated value of such consideration exceeds \$10,000, it shall not be valid, effective or binding upon the State until it has been approved by, and filed with, the AG and OSC.

**Budget Changes:** An amendment that would result in a transfer of funds among program activities or budget cost categories that does not affect the amount, consideration, scope or other terms of such contract may be subject to the approval of the AG and OSC where the amount of such modification is, as a portion of the total value of the contract, equal to or

greater than ten percent for contracts of less than five million dollars, or five percent for contracts of more than five million dollars; and, in addition, such amendment may be subject to prior approval by the applicable State Agency as detailed in Attachment D (Payment and Reporting Schedule).

### **C. Order of Precedence:**

In the event of a conflict among (i) the terms of the Master Contract (including any and all attachments and amendments) or (ii) between the terms of the Master Contract and the original request for proposal, the program application or other attachment that was completed and executed by the Contractor in connection with the Master Contract, the order of precedence is as follows:

1. Standard Terms and Conditions
2. Modifications to the Face Page
3. Modifications to Attachment A-2<sup>1</sup>, Attachment B, Attachment C and Attachment D
4. The Face Page
5. Attachment A-2<sup>2</sup>, Attachment B, Attachment C and Attachment D
6. Modification to Attachment A-1
7. Attachment A-1
8. Other attachments, including, but not limited to, the request for proposal or program application

**D. Funding:** Funding for the term of the Master Contract shall not exceed the amount specified as “Contract Funding Amount” on the Face Page or as subsequently revised to reflect an approved renewal or cost amendment. Funding for the initial and subsequent periods of the Master Contract shall not exceed the applicable amounts specified in the applicable Attachment B form (Budget).

**E. Contract Performance:** The Contractor shall perform all services or work, as applicable, and comply with all provisions of the Master Contract to the satisfaction of the State. The Contractor shall provide services or work, as applicable, and meet the program objectives summarized in Attachment C (Work Plan) in accordance with the provisions of the Master Contract, relevant laws, rules and regulations, administrative, program and fiscal guidelines, and where applicable, operating certificate for facilities or licenses for an activity or program.

appropriate attachments in conjunction therewith. In addition, to the extent that such modification meets the criteria set forth in Section I.B herein, it shall be subject to the approval of the AG and OSC before it shall become valid, effective and binding upon the State. Modifications that are not subject to the AG and OSC approval shall be processed in accordance with the guidelines stated in the Master Contract.

**G. Governing Law:** The Master Contract shall be governed by the laws of the State of New York except where the Federal Supremacy Clause requires otherwise.

**H. Severability:** Any provision of the Master Contract that is held to be invalid, illegal or unenforceable in any respect by a court of competent jurisdiction, shall be ineffective only to the extent of such invalidity, illegality or unenforceability, without affecting in any way the remaining provisions hereof; provided, however, that the parties to the Master Contract shall attempt in good faith to reform the Master Contract in a manner consistent with the intent of any such ineffective provision for the purpose of carrying out such intent. If any provision is held void, invalid or unenforceable with respect to particular circumstances, it shall nevertheless remain in full force and effect in all other circumstances.

**I. Interpretation:** The headings in the Master Contract are inserted for convenience and reference only and do not modify or restrict any of the provisions herein. All personal pronouns used herein shall be considered to be gender neutral. The Master Contract has been made under the laws of the State of New York, and the venue for resolving any disputes hereunder shall be in a court of competent jurisdiction of the State of New York.

**J. Notice:**

1. All notices, except for notices of termination, shall be in writing and shall be transmitted either:
  - a) by certified or registered United States mail, return receipt requested;
  - b) by facsimile transmission;
  - c) by personal delivery;
  - d) by expedited delivery service; or
  - e) by e-mail.
2. Notices to the State shall be addressed to the Program Office designated in Attachment A-1 (Program Specific Terms and Conditions).
3. Notices to the Contractor shall be addressed to the Contractor's designee as designated in Attachment A-1 (Program Specific Terms and Conditions).
4. Any such notice shall be deemed to have been given either at the time of personal delivery or, in the case of expedited delivery service or certified or registered United States mail, as of the date of first attempted delivery at the address and in the manner provided herein, or in the case of facsimile transmission or e-mail, upon receipt.

5. The parties may, from time to time, specify any new or different e-mail address, facsimile number or address in the United States as their address for purpose of receiving notice under the Master Contract by giving fifteen (15) calendar days prior written notice to the other party sent in accordance herewith. The parties agree to mutually designate individuals as their respective representatives for the purposes of receiving notices under the Master Contract. Additional individuals may be designated in writing by the parties for purposes of implementation, administration, billing and resolving issues and/or disputes.

**K. Service of Process:** In addition to the methods of service allowed by the State Civil Practice Law & Rules (CPLR), Contractor hereby consents to service of process upon it by registered or certified mail, return receipt requested. Service hereunder shall be complete upon Contractor's actual receipt of process or upon the State's receipt of the return thereof by the United States Postal Service as refused or undeliverable. Contractor must promptly notify the State, in writing, of each and every change of address to which service of process can be made. Service by the State to the last known address shall be sufficient. The Contractor shall have thirty (30) calendar days after service hereunder is complete in which to respond.

**L. Set-Off Rights:** The State shall have all of its common law, equitable, and statutory rights of set-off. These rights shall include, but not be limited to, the State's option to withhold, for the purposes of set-off, any moneys due to the Contractor under the Master Contract up to any amounts due and owing to the State with regard to the Master Contract, any other contract with any State department or agency, including any contract for a term commencing prior to the term of the Master Contract, plus any amounts due and owing to the State for any other reason including, without limitation, tax delinquencies, fee delinquencies, or monetary penalties relative thereto. The State shall exercise its set-off rights in accordance with normal State practices including, in cases of set-off pursuant to an audit, the finalization of such audit by the State Agency, its representatives, or OSC.

**M. Indemnification:** The Contractor shall be solely responsible and answerable in damages for any and all accidents and/or injuries to persons (including death) or property arising out of or related to the services to be rendered by the Contractor or its subcontractors pursuant to this Master Contract. The Contractor shall indemnify and hold harmless the State and its officers and employees from claims, suits, actions, damages and cost of every nature arising out of the provision of services pursuant to the Master Contract.

**N. Non-Assignment Clause:** In accordance with Section 138 of the State Finance Law, the Master Contract may not be assigned by the Contractor or its right, title or interest therein assigned, transferred, conveyed, sublet, or otherwise disposed of without the State's previous written consent, and attempts to do so shall be considered to be null and void. Notwithstanding the foregoing, such prior written consent of an assignment of a contract, let pursuant to Article XI of the State Finance Law, may be waived at the discretion of the State Agency and with the concurrence of OSC, where the original contract was subject to OSC's approval, where the assignment is due to a reorganization, merger, or consolidation of the Contractor's business entity or enterprise. The State retains its right to approve an assignment and to require that the merged contractor demonstrate its responsibility to do business with the State. The Contractor may, however, assign its right to receive payments without the State's prior written consent unless the Master Contract concerns Certificates of Participation pursuant to Article 5-A of the State Finance Law.

**O. Legal Action:** No litigation or regulatory action shall be brought against the State of New York, the State Agency, or against any county or other local government entity with funds provided under the Master Contract. The term “litigation” shall include commencing or threatening to commence a lawsuit, joining or threatening to join as a party to ongoing litigation, or requesting any relief from any of the State of New York, the State Agency, or any county, or other local government entity. The term “regulatory action” shall include commencing or threatening to commence a regulatory proceeding or requesting any regulatory relief from any of the State of New York, the State Agency, or any county, or other local government entity.

**P. No Arbitration:** Disputes involving the Master Contract, including the breach or alleged breach thereof, may not be submitted to binding arbitration (except where statutorily authorized), but must, instead, be heard in a court of competent jurisdiction of the State of New York.

**Q. Secular Purpose:** Services performed pursuant to the Master Contract are secular in nature and shall be performed in a manner that does not discriminate on the basis of religious belief, or promote or discourage adherence to religion in general or particular religious beliefs.

**R. Partisan Political Activity and Lobbying:** Funds provided pursuant to the Master Contract shall not be used for any partisan political activity, or for activities that attempt to influence legislation or election or defeat of any candidate for public office.

**S. Reciprocity and Sanctions Provisions:** The Contractor is hereby notified that if its principal place of business is located in a country, nation, province, state, or political subdivision that penalizes New York State vendors, and if the goods or services it offers shall be substantially produced or performed outside New York State, the Omnibus Procurement Act 1994 and 2000 amendments (Chapter 684 and Chapter 383, respectively) require that it be denied contracts which it would otherwise obtain.<sup>3</sup>

**T. Reporting Fraud and Abuse:** Contractor acknowledges that it has reviewed information on how to prevent, detect, and report fraud, waste and abuse of public funds, including information about the Federal False Claims Act, the New York State False Claims Act, and whistleblower protections.

**U. Non-Collusive Bidding:** By submission of this bid, the Contractor and each person signing on behalf of the Contractor certifies, and in the case of a joint bid each party thereto certifies as to its own organization, under penalty of perjury, that to the best of his or her knowledge and belief that its bid was arrived at independently and without collusion aimed at restricting competition. The Contractor further affirms that, at the time the Contractor submitted its bid, an authorized and responsible person executed and delivered to the State a non-collusive binding certification on the Contractor’s behalf.

that the Master Contract is funded, in whole or part, with Federal funds or mandated by Federal laws, (i) the provisions of the Master Contract that conflict with Federal rules, Federal regulations, or Federal program specific requirements shall not apply and (ii) the Contractor agrees to comply with all applicable Federal rules, regulations and program specific requirements including, but not limited to, those provisions that are set forth in Attachment A-2 (Federally Funded Grants and Requirements Mandated by Federal Laws) hereto.

## **II. TERM, TERMINATION AND SUSPENSION**

**A. Term:** The term of the Master Contract shall be as specified on the Face Page, unless terminated sooner as provided herein.

**B. Renewal:**

1. **General Renewal:** The Master Contract may consist of successive periods on the same terms and conditions, as specified within the Master Contract (a “Simplified Renewal Contract”). Each additional or superseding period shall be on the forms specified by the State and shall be incorporated in the Master Contract.

**2. Renewal Notice to Not-for-Profit Contractors:**

a) Pursuant to State Finance Law §179-t, if the Master Contract is with a not-for-profit Contractor and provides for a renewal option, the State shall notify the Contractor of the State’s intent to renew or not to renew the Master Contract no later than ninety (90) calendar days prior to the end of the term of the Master Contract, unless funding for the renewal is contingent upon enactment of an appropriation. If funding for the renewal is contingent upon enactment of an appropriation, the State shall notify the Contractor of the State’s intent to renew or not to renew the Master Contract the later of: (1) ninety (90) calendar days prior to the end of the term of the Master Contract, and (2) thirty (30) calendar days after the necessary appropriation becomes law. Notwithstanding the foregoing, in the event that the State is unable to comply with the time frames set forth in this paragraph due to unusual circumstances beyond the control of the State (“Unusual Circumstances”), no payment of interest shall be due to the not-for-profit Contractor. For purposes of State Finance Law §179-t, “Unusual Circumstances” shall not mean the failure by the State to (i) plan for implementation of a program, (ii) assign sufficient staff resources to implement a program, (iii) establish a schedule for the implementation of a program or (iv) anticipate any other reasonably foreseeable circumstance.

b) Notification to the not-for-profit Contractor of the State’s intent to not renew the Master Contract must be in writing in the form of a letter, with the reason(s) for the non-renewal included. If the State does not provide notice to the not-for-profit Contractor of its intent not to renew the Master Contract as required in this Section and State Finance Law §179-t, the Master Contract shall be deemed continued until the date the State provides the necessary notice to the Contractor, in accordance with State Finance Law §179-t. Expenses incurred by the not-for-profit Contractor during such extension shall be reimbursable under the terms of the Master Contract.

## **C. Termination:**

### **1. Grounds:**

- a) Mutual Consent: The Master Contract may be terminated at any time upon mutual written consent of the State and the Contractor.
- b) Cause: The State may terminate the Master Contract immediately, upon written notice of termination to the Contractor, if the Contractor fails to comply with any of the terms and conditions of the Master Contract and/or with any laws, rules, regulations, policies, or procedures that are applicable to the Master Contract.
- c) Non-Responsibility: In accordance with the provisions of Sections IV(N)(6) and (7) herein, the State may make a final determination that the Contractor is non-responsible (Determination of Non-Responsibility). In such event, the State may terminate the Master Contract at the Contractor's expense, complete the contractual requirements in any manner the State deems advisable and pursue available legal or equitable remedies for breach.
- d) Convenience: The State may terminate the Master Contract in its sole discretion upon thirty (30) calendar days prior written notice.
- e) Lack of Funds: If for any reason the State or the Federal government terminates or reduces its appropriation to the applicable State Agency entering into the Master Contract or fails to pay the full amount of the allocation for the operation of one or more programs funded under this Master Contract, the Master Contract may be terminated or reduced at the State Agency's discretion, provided that no such reduction or termination shall apply to allowable costs already incurred by the Contractor where funds are available to the State Agency for payment of such costs. Upon termination or reduction of the Master Contract, all remaining funds paid to the Contractor that are not subject to allowable costs already incurred by the Contractor shall be returned to the State Agency. In any event, no liability shall be incurred by the State (including the State Agency) beyond monies available for the purposes of the Master Contract. The Contractor acknowledges that any funds due to the State Agency or the State of New York because of disallowed expenditures after audit shall be the Contractor's responsibility.
- f) Force Majeure: The State may terminate or suspend its performance under the Master Contract immediately upon the occurrence of a "force majeure." For purposes of the Master Contract, "Force majeure" shall include, but not be limited to, natural disasters, war, rebellion, insurrection, riot, strikes, lockout and any unforeseen circumstances and acts beyond the control of the State which render the performance of its obligations impossible.

### **2. Notice of Termination:**

- a) Service of notice: Written notice of termination shall be sent by:
  - (i) personal messenger service; or

(ii) certified mail, return receipt requested and first class mail.

b) Effective date of termination: The effective date of the termination shall be the later of (i) the date indicated in the notice and (ii) the date the notice is received by the Contractor, and shall be established as follows:

(i) if the notice is delivered by hand, the date of receipt shall be established by the receipt given to the Contractor or by affidavit of the individual making such hand delivery attesting to the date of delivery; or

(ii) if the notice is delivered by registered or certified mail, by the receipt returned from the United States Postal Service, or if no receipt is returned, five (5) business days from the date of mailing of the first class letter, postage prepaid, in a depository under the care and control of the United States Postal Service.

### ***3. Effect of Notice and Termination on State's Payment Obligations:***

a) Upon receipt of notice of termination, the Contractor agrees to cancel, prior to the effective date of any prospective termination, as many outstanding obligations as possible, and agrees not to incur any new obligations after receipt of the notice without approval by the State.

b) The State shall be responsible for payment on claims for services or work provided and costs incurred pursuant to the terms of the Master Contract. In no event shall the State be liable for expenses and obligations arising from the requirements of the Master Contract after its termination date.

### ***4. Effect of Termination Based on Misuse or Conversion of State or Federal Property:***

Where the Master Contract is terminated for cause based on Contractor's failure to use some or all of the real property or equipment purchased pursuant to the Master Contract for the purposes set forth herein, the State may, at its option, require:

a) the repayment to the State of any monies previously paid to the Contractor; or

b) the return of any real property or equipment purchased under the terms of the Master Contract; or

c) an appropriate combination of clauses (a) and (b) of Section II(C)(4) herein.

Nothing herein shall be intended to limit the State's ability to pursue such other legal or equitable remedies as may be available.

**D. Suspension:** The State may, in its discretion, order the Contractor to suspend performance for a reasonable period of time. In the event of such suspension, the Contractor shall be given a formal written notice outlining the particulars of such suspension. Upon issuance of such notice, the Contractor shall comply with the particulars of the notice. The State shall have no obligation to reimburse Contractor's expenses during such suspension period. Activities may resume at such time as the State issues a formal written notice authorizing a resumption of performance under the Master Contract.

### **III. PAYMENT AND REPORTING**

#### **A. Terms and Conditions:**

1. In full consideration of contract services to be performed, the State Agency agrees to pay and the Contractor agrees to accept a sum not to exceed the amount noted on the Face Page.
2. The State has no obligation to make payment until all required approvals, including the approval of the AG and OSC, if required, have been obtained. Contractor obligations or expenditures that precede the start date of the Master Contract shall not be reimbursed.
3. Contractor must provide complete and accurate billing invoices to the State in order to receive payment. Provided, however, the State may, at its discretion, automatically generate a voucher in accordance with an approved contract payment schedule. Billing invoices submitted to the State must contain all information and supporting documentation required by Attachment D (Payment and Reporting Schedule) and Section III(C) herein. The State may require the Contractor to submit billing invoices electronically.
4. Payment for invoices submitted by the Contractor shall only be rendered electronically unless payment by paper check is expressly authorized by the head of the State Agency, in the sole discretion of the head of such State Agency, due to extenuating circumstances. Such electronic payment shall be made in accordance with OSC's procedures and practices to authorize electronic payments.
5. If travel expenses are an approved expenditure under the Master Contract, travel expenses shall be reimbursed at the lesser of the rates set forth in the written standard travel policy of the Contractor, the OSC guidelines, or United States General Services Administration rates. No out-of-state travel costs shall be permitted unless specifically detailed and pre-approved by the State.
6. Timeliness of advance payments or other claims for reimbursement, and any interest to be paid to Contractor for late payment, shall be governed by Article 11-A of the State Finance Law to the extent required by law.
7. Article 11-B of the State Finance Law sets forth certain time frames for the Full Execution of contracts or renewal contracts with not-for-profit organizations and the implementation of any program plan associated with such contract. For purposes of this section, "Full Execution" shall mean that the contract has been signed by all parties thereto and has obtained the approval of the AG and OSC. Any interest to be paid on a missed payment to the Contractor based on a delay in the Full Execution of the Master Contract shall be governed by Article 11-B of the State Finance Law.

## **B. Advance Payment and Recoupment:**

1. Advance payments, which the State in its sole discretion may make to not-for-profit grant recipients, shall be made and recouped in accordance with State Finance Law Section 179(u), this Section and the provisions of Attachment D (Payment and Reporting Schedule).
2. Initial advance payments made by the State to not-for-profit grant recipients shall be due no later than thirty (30) calendar days, excluding legal holidays, after the first day of the Contract Term or, if renewed, in the period identified on the Face Page. Subsequent advance payments made by the State to not-for-profit grant recipients shall be due no later than thirty (30) calendar days, excluding legal holidays, after the dates specified in Attachment D (Payment and Reporting Schedule).
3. For subsequent contract years in multi-year contracts, Contractor will be notified of the scheduled advance payments for the upcoming contract year no later than 90 days prior to the commencement of the contract year. For simplified renewals, the payment schedule (Attachment D) will be modified as part of the renewal process.
4. Recoupment of any advance payment(s) shall be recovered by crediting the percentage of subsequent claims listed in Attachment D (Payment and Reporting Schedule) and Section III(C) herein and such claims shall be reduced until the advance is fully recovered within the Contract Term. Any unexpended advance balance at the end of the Contract Term shall be refunded by the Contractor to the State.
5. If for any reason the amount of any claim is not sufficient to cover the proportionate advance amount to be recovered, then subsequent claims may be reduced until the advance is fully recovered.

## **C. Claims for Reimbursement:**

1. The Contractor shall submit claims for the reimbursement of expenses incurred on behalf of the State under the Master Contract in accordance with this Section and the applicable claiming schedule in Attachment D (Payment and Reporting Schedule).

Vouchers submitted for payment shall be deemed to be a certification that the payments requested are for project expenditures made in accordance with the items as contained in the applicable Attachment B form (Budget) and during the Contract Term. When submitting a voucher, such voucher shall also be deemed to certify that: (i) the payments requested do not duplicate reimbursement from other sources of funding; and (ii) the funds provided herein do not replace funds that, in the absence of this grant, would have been made available by the Contractor for this program. Requirement (ii) does not apply to grants funded pursuant to a Community Projects Fund appropriation.

2. Consistent with the selected reimbursement claiming schedule in Attachment D (Payment and Reporting Schedule), the Contractor shall comply with the appropriate following provisions:

a) Quarterly Reimbursement: The Contractor shall be entitled to receive payments for work, projects, and services rendered as detailed and described in Attachment C (Work Plan). The

Contractor shall submit to the State Agency quarterly voucher claims and supporting documentation. The Contractor shall submit vouchers to the State Agency in accordance with the procedures set forth in Section III(A)(3) herein.

b) Monthly Reimbursement: The Contractor shall be entitled to receive payments for work, projects, and services rendered as detailed and described in Attachment C (Work Plan).

The Contractor shall submit to the State Agency monthly voucher claims and supporting documentation. The Contractor shall submit vouchers to the State Agency in accordance with the procedures set forth in Section III(A)(3) herein.

c) Biannual Reimbursement: The Contractor shall be entitled to receive payments for work, projects, and services rendered as detailed and described in Attachment C (Work Plan).

The Contractor shall submit to the State Agency biannually voucher claims and supporting documentation. The Contractor shall submit vouchers to the State Agency in accordance with the procedures set forth in Section III(A)(3) herein.

d) Milestone/Performance Reimbursement: Requests for payment based upon an event or milestone may be either severable or cumulative. A severable event/milestone is independent of accomplishment of any other event. If the event is cumulative, the successful completion of an event or milestone is dependent on the previous completion of another event.

Milestone payments shall be made to the Contractor when requested in a form approved by the State, and at frequencies and in amounts stated in Attachment D (Payment and Reporting Schedule). The State Agency shall make milestone payments subject to the Contractor's satisfactory performance.

1. In accordance with Section 142 of the State Finance Law, the Master Contract shall be void and of no force and effect unless the Contractor shall provide and maintain coverage during the life of the Master Contract for the benefit of such employees as are required to be covered by the provisions of the Workers' Compensation Law.

2. If a Contractor believes they are exempt from the Workers Compensation insurance requirement they must apply for an exemption.

**M. Unemployment Insurance Compliance:** The Contractor shall remain current in both its quarterly reporting and payment of contributions or payments in lieu of contributions, as applicable, to the State Unemployment Insurance system as a condition of maintaining this grant.

The Contractor hereby authorizes the State Department of Labor to disclose to the State Agency staff only such information as is necessary to determine the Contractor's compliance with the State Unemployment Insurance Law. This includes, but is not limited to, the following:

1. any records of unemployment insurance (UI) contributions, interest, and/or penalty payment arrears or reporting delinquency;

2. any debts owed for UI contributions, interest, and/or penalties;

3. the history and results of any audit or investigation; and

Although electronic filing is preferred, the Contractor may obtain a paper form from the OSC prior to execution of the Master Contract. The Contractor further covenants and represents that as of the date of execution of the Master Contract, there are no material events, omissions, changes or corrections to such document requiring an amendment to the Questionnaire.
2. The Contractor shall provide to the State updates to the Questionnaire if any material event(s) occurs requiring an amendment or as new information material to such Questionnaire becomes available.
3. The Contractor shall, in addition, promptly report to the State the initiation of any investigation or audit by a governmental entity with enforcement authority with respect to any alleged violation of Federal or state law by the Contractor, its employees, its officers and/or directors in connection with matters involving, relating to or arising out of the Contractor's business. Such report shall be made within five (5) business days following the Contractor becoming aware of such event, investigation, or audit. Such report may be considered by the State in making a Determination of Vendor Non-Responsibility pursuant to this section.
4. The State reserves the right, in its sole discretion, at any time during the term of the Master Contract:

  - e) to require the Contractor to present evidence of its continuing legal authority to do business in New York State, integrity, experience, ability, prior performance, and organizational and financial capacity. By signing the Master Contract, the Contractor agrees

to comply with any such additional conditions that have been made a part of the Master Contract.

5. The State, in its sole discretion, reserves the right to suspend any or all activities under the Master Contract, at any time, when it discovers information that calls into question the responsibility of the Contractor. In the event of such suspension, the Contractor shall be given written notice outlining the particulars of such suspension. Upon issuance of such notice, the Contractor must comply with the terms of the suspension order. Contract activity may resume at such time as the State issues a written notice authorizing a resumption of performance under the Master Contract.

6. The State, in its sole discretion, reserves the right to make a final Determination of Non-Responsibility at any time during the term of the Master Contract based on:

- a) any information provided in the Questionnaire and/or in any updates, clarifications or amendments thereof; or
- b) the State's discovery of any material information which pertains to the Contractor's responsibility.

7. Prior to making a final Determination of Non-Responsibility, the State shall provide written notice to the Contractor that it has made a preliminary determination of non- responsibility. The State shall detail the reason(s) for the preliminary determination and shall provide the Contractor with an opportunity to be heard.

**O. Charities Registration:** If applicable, the Contractor agrees to (i) obtain not-for-profit status, a Federal identification number, and a charitable registration number (or a declaration of exemption) and to furnish the State Agency with this information as soon as it is available, (ii) be in compliance with the OAG charities registration requirements at the time of the awarding of this Master Contract by the State and (iii) remain in compliance with the OAG charities registration requirements throughout the term of the Master Contract.

**Q. Wage and Hours Provisions:** If this is a public work contract covered by Article 8 of the Labor Law or a building service contract covered by Article 9 thereof, neither Contractor's employees nor the employees of its subcontractors may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the Labor Law and as set forth in prevailing wage and supplement schedules issued by the State Labor Department. ## **ATTACHMENT C** **WORK PLAN**

### **Purpose**

The School Food Service Equipment Grant is intended to improve the infrastructure of the National School Lunch Program (NSLP). This will be achieved by providing the opportunity for schools to purchase equipment to serve healthier meals, improve the overall quality of meals, improve food safety, expand participation in school meals programs, and help to support the establishment, maintenance, or expansion of the School Breakfast Program.

### **Introduction**

The Fiscal Year (FY) 2021 Consolidated Appropriations Act has provided funding in the amount of \$30,000,000 to be distributed to State Agencies (SAs) that will competitively award equipment assistance grants to eligible School Food Authorities (SFAs) participating in the National School Lunch Program (NSLP).

**The SFA will apply on behalf of their eligible Recipient Agencies (RAs). Unless otherwise exempt, as detailed in this attachment, the SFA will submit a separate application for each piece of requested equipment for an eligible RA.**

These funds will allow SFAs to purchase equipment to serve healthier meals that meet the meal patterns, with emphasis on more fruits and vegetables in school meals; improve the overall quality of meals, improve food safety; and expand access and help to support the establishment, maintenance, or expansion of the School Breakfast Program (SBP).

The equipment purchased with the FY 2021 NSLP Equipment Assistance Grant must be used to support the federally assisted school meals programs. **Equipment may not be purchased exclusively for programs outside of the federally assisted school meals programs.** When a RA participates in other school meal programs [such as the School Breakfast Program (SBP), Afterschool Snack Program (ASP), Fresh Fruit and Vegetable Program (FFVP), Summer Food Service Program (SFSP)], in addition to the NSLP, those other meals programs may benefit from equipment purchased with FY 2021 NSLP Equipment Assistance Grant funds. For example, if an RA participating in the NSLP and SBP purchases a new refrigerator with the FY 2021 NSLP Equipment Assistance Grant funds, food items for both federal programs may be stored in the refrigerator.

This project has been funded at least in part with federal funds from the U.S. Department of Agriculture. The contents of this publication do not necessarily reflect the view or policies of the U.S. Department of Agriculture, nor does mention of trade names, commercial products, or organizations imply endorsement by the U.S. Government.

### **Project Period**

The project period for this grant is 7/1/2022 - 6/30/2023. SFAs must complete the solicitation of the equipment and obligation of funds by 9/30/2022. All procurement and expenditure activities must be completed no later than 6/30/2023.

## Payments

Payments will be made on a reimbursement basis and requests for reimbursement should be submitted to NYSED Child Nutrition Program Office as soon as possible after equipment is purchased. To receive reimbursement, SFAs will be required to submit an FS-10F budget form and include paid purchase invoices/receipts for the awarded/purchased equipment along with the serial number of each piece of equipment.

Please see the [Fiscal Guidelines for Federal and State Grants](#) for additional information.

## Focus of SFA Grants

**The equipment request and grant application submission must address how the equipment improves the quality of school meals.**

**The application will also address one focus area from the following:**

- **Focus 1: Food Safety**

Equipment that improves the safety of food served in the school nutrition programs (e.g., cold/hot holding equipment, dishwashing equipment, refrigeration, milk coolers, freezers, blast chillers, etc.)

- **Focus 2: Serving Healthier School Meals**

Equipment that allows for preparing, cooking, and serving healthier school meals and increasing nutritional quality (e.g., salad bars, steaming equipment, refrigeration units).

- **Focus 3: Expanded Participation in NSLP and/or SBP**

Equipment that allows SFAs to support expanded participation in the NSLP and/or SBP (e.g., equipment for serving meals in a non-traditional setting or to better utilize cafeteria space or equipment that will help to support the establishment, maintenance, or expansion of the SBP.)

## Priority Funding

### Previously Awarded RAs

RAs that did **not** receive a previous grant award through the FY 2018, FY 2019 or FY 2020 National School Lunch Program Equipment Assistance Grant for School Food Authorities will receive an extra 10 points toward their overall score. Though priority for funding will be given to RAs that meet this criterion, RAs that received a grant award in those three years are not excluded and may still apply.

A list of RAs that previously received an equipment grant is available at: [Previous Food Service Equipment Grant Recipients](#). For central kitchens, if none of the RAs served by the central kitchen received a previous equipment grant as described above, the application will receive an additional 10 points toward their overall score. For Point of Sale (POS) Equipment requests, if none of the RAs listed on the application received a previous equipment grant as described above, the application will receive an additional 10 points toward the overall score.

## Equipment Requests

Regulations at 2 CFR Part 200.33 define equipment as tangible personal property, having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds the lesser of the capitalization level established by the non-Federal entity for financial statement purposes, or \$5,000 per unit.

**However, for the FY 2021 NSLP Equipment Assistance Grant, Congress has specified that the threshold for the purchase of equipment has been lowered to \$1,000.** This definition will be used for purposes of this grant and recording of equipment costs.

Equipment requests may include new equipment, used equipment, and replacement of equipment with a **per item acquisition cost greater than \$1,000**. This grant does not apply to equipment that has already been purchased. SFAs may receive up to \$20,000 in equipment for each eligible RA.

Multiple items whose per-unit acquisition cost is less than \$1,000 may not be combined to meet the minimum value of greater than \$1,000. Under no circumstance will a grant be awarded for an item that does not have an acquisition cost greater than \$1,000.

**Grant funding may not be used to purchase items that are used solely for the sale of a la carte products.**

As with all federal funds, the equipment purchases must be necessary, reasonable, and allocable. Using these funds to purchase a walk-in freezer for school nutrition programs is an allowable cost; however, renovation of the school nutrition area would fall under the category of construction costs, which must be charged to the school general fund or capital outlay fund.

New York State must comply with the statutory requirement that grants are to be based on the **need** for equipment assistance in participating Recipient Agencies (RA).

SFAs should consider and address the following factors, as applicable, when answering the grant application questions:

- How the equipment will benefit the school meals programs including contribution to improving quality of school meals
- The availability of existing State and Local funding for equipment purchases
- Age of current food service equipment or lack of appropriate items
- Strategies for adopting cafeteria changes that provide more convenience and appeal to the student
- Opportunities to realize a meaningful impact on nutrition and quality of school meals

### Acquisition Cost

Acquisition cost is defined as the net invoice unit price of the property, including the cost of modifications, attachments, accessories, or auxiliary apparatus necessary to make the property usable for the purpose for which it was acquired. Other charges such as the cost of installation, transportation, duty or protective in-transit insurance, shall be included or excluded from the unit acquisition cost in accordance with the grantee's regular accounting practices. The cost of building renovation or construction of school nutrition areas are not included under acquisition costs.

## Examples of Eligible Equipment Requests

The following list is intended to serve as a guideline when considering equipment options. SFAs are not limited to the items listed. Equipment requested should contribute to improving your Child Nutrition Programs as evidenced through your application submission.

Refrigeration Units	Reimbursable Meal Vending Machine
Salad Service Table	Slicer
Cold/Hot Holding Equipment	Serving Line Equipment
Prep Tables	Dishwashing Equipment
Cooking Equipment	Mixer

Though it is not a requirement, SFAs that are awarded are encouraged to purchase domestically made equipment.

## Equipment Types

The three equipment types and guidelines to consider when applying for each type are described below:

### 1. General Equipment:

The following guidelines must be followed when applying for general equipment:

- Eligible SFAs must apply on behalf of their eligible RAs by selecting the General Equipment option at the beginning of the application.
- SFAs must complete a separate application for each piece of equipment requested for each eligible RA.
  - If a requested piece of equipment is unusable without additional pieces, the SFA may include the accessories on the same application (e.g. a walk-in freezer that requires a compressor to operate) and identify each item in the Equipment Request Chart (Part 4). **However, if the requested piece of equipment can operate alone, then separate applications must be completed for each requested item (e.g. stand-alone milk cooler, salad bar).**
- Requests for multiples of *the same piece of equipment* may be contained within one application for an RA, but ***requests for different pieces of equipment at the same RA must be submitted separately.***
- Application requests must be for equipment with a value greater than \$1,000 and as described in the “Equipment Request” section of this attachment.

### 2. Food Serving Line:

A food serving line is considered a make-up of equipment pieces that will be combined in the

same physical space for use to **directly serve** reimbursable meals to students. These items may include: hot/cold serving counters, milk cooler, cashier stands, utility carts that link to the serving station, salad bars, self-serve refrigerators/kiosks, and utility tables that connect on the serving line to hold food.

In cases where the SFA wishes to apply for an entire serving line for an RA, all items may be included on one application. However, the SFA may choose to apply for individual pieces of serving line equipment using the application selection for general equipment requests, as described above.

The following guidelines must be followed when applying for an entire Food Serving Line:

- Eligible SFAs must apply on behalf of their eligible RA by selecting the Serving Line Equipment option at the beginning of the application.
- Making the selection Serving Line Equipment should only be done in cases when the entire serving line will be purchased and put into production together and the individual equipment pieces are necessary for the serving line to function.
  - **Equipment that is not used to directly serve reimbursable meals to students may not be included on the Food Serving Line application.** Cooking equipment and equipment used to prepare food from scratch are not considered part of a food serving line and must be requested by selecting the general equipment request, as described above.
  - The following items are not considered a part of a serving line and may not be combined on the same application as other equipment pieces (this list is not all inclusive): cooking equipment (convection ovens, stoves, steamers, etc.), reach-in refrigerators/freezers, heated cabinet/warming unit, rolling racks, etc. **In cases where non-serving line equipment items are included on the same application with serving line equipment, NYSED reserves the right to remove any unallowable or inappropriate items from the request.**
- Each individual piece of equipment must have a value greater than \$1,000 as described in the “Equipment Requests” section of this attachment.

### **3. Electronic Point of Sale (POS) Equipment:**

SFAs may apply for electronic POS system hardware and/or software to assist in daily food service operations.

Due to the nature of this request, the POS Equipment request selection allows the SFA to apply for POS equipment at multiple RAs on the same application. However, the SFA may choose to apply for POS equipment for individual RAs separately using the selection general equipment requests, as described above. Regardless of how the SFA chooses to apply, each application form is reviewed and scored.

The following guidelines must be followed when applying for an Electronic POS System:

- Eligible SFAs must apply on behalf of their eligible RAs by selecting the Electronic Point of Sale (POS) Equipment option at the beginning of the application.

- The individual equipment requests must have a value greater than \$1,000 as described in the “Equipment Requests” section of this attachment. If the SFA will consider the entire POS system (all components together instead of individual pieces) to be equipment for financial statement purposes rather than supplies and materials, the SFA should submit a written statement on letterhead indicating this. If the SFA does not indicate in writing with the application that the individual components of the POS system will be combined and considered equipment, the cost of the individual POS components will be evaluated by SED to determine if each item has a value greater than \$1,000, as required.

## Guidelines for Award

**SFAs must complete all activities (including expending the awarded funding and installation of awarded equipment etc.) within the project period begin and end dates.**

Equipment must be used in the RA building for which it was awarded. Should the SFA determine that the awarded equipment would be better used in another RA under the SFA, at any time, the SFA must notify NYSED Child Nutrition Program office at [foodequip@nysed.gov](mailto:foodequip@nysed.gov) and provide an explanation. NYSED will review the information and provide appropriate guidance.

**SFAs must notify the NYSED Child Nutrition Program Office of any issues or complications relating to the grant before, during and after the project period.**

The FY 2021 NSLP Equipment Assistance Grants are close-ended grants with fixed budgets. Therefore, the FY 2021 NSLP Equipment Assistance Grants are not part of the child nutrition cluster. Receiving funds from this grant opportunity may put the SFA above the \$750,000 threshold, which would require the SFA to conduct an organization-wide audit in accordance with OMB Circular A-133, instead of a program specific audit. Any recipient that expends \$750,000 or more in Federal funds must conduct a Single Audit in accordance with A-133.

Funds received through this grant cannot be combined with other school nutrition funds and must be tracked and reported separately. **The Catalog of Federal Domestic Assistance (CFDA) number for the equipment assistance grants is 10.579.**

## Procurement

As with all federal grant funds, procurement regulations at 7 CFR Part 210.21 and 2 CFR Part 200.317-326 apply and **SFAs must follow regulations at 2CFR Part 200: Subpart E, Cost Principles.**

Equipment competitively procured using these grant funds must be necessary, reasonable and allocable. **All SFAs, including those using the services of a Food Service Management Company, must adhere to the federal, State and local procurement requirements.**

Though it is not a requirement, SFAs that are awarded are encouraged to purchase domestically made equipment.

SFAs should:

- Ensure the purchase system allows for open and free competition.

- Maintain a contract system ensuring contractors comply with the specifications of their contracts or purchase orders
  - Give consideration to contractor integrity, compliance with public policy, record of past performance and financial and technical resources.
- Maintain written selection procedures for procurement process
  - Include a clear and accurate description of requirements for the product that does not unduly restrict competition.
- Make sure all lists of suppliers are current and include enough qualified sources to allow for maximum open and free competition.

It is strongly recommended that SFAs consider the following best practices to assist in upgrading food service equipment to serve healthier meals:

- School officials and local policymakers should work collaboratively with parents, teachers, students and funders to identify and implement strategies for meeting equipment, infrastructure, and training needs.
- Nonprofit and for-profit organizations that have an interest in improving children's health, education, school infrastructure, and community wellness should provide assistance to schools in acquiring the necessary equipment.

As part of the application, SFAs should document the procurement process for the purchasing of commercial equipment. It is in the best interest of the SFA to thoroughly investigate a variety of options and products.

- Cost of commercial equipment plus installation cost
- Cost for disposal of old equipment
- Specification sheets
- Acquisition Costs:
  - o The definition of acquisition cost is the net invoice unit price of the property, including the cost of modifications, attachments, accessories, or auxiliary apparatus necessary to make the property useable for the purpose for which it was acquired. Other charges such as the cost of installation, transportation, duty or protective in-transit insurance, shall be included or excluded from the unit acquisition cost in accordance with the grantee's regular accounting practices.
- Any other necessary costs: labor, installation, etc. (direct labor costs only - do not include indirect costs)

## Reporting/Evaluation Requirements

Equipment records must be maintained that include the description of the equipment, the serial number or other identification number, the source of the equipment, the title holder, the acquisition date, the cost of the equipment, the location, use and condition of equipment, and any ultimate disposition data including the date of disposal and the sale price of the equipment. SFAs must follow the appropriate equipment disposition guidance and procedures.

SFAs will be required to submit information regarding the equipment grant funds and will be required to complete and submit electronic surveys to the Child Nutrition Program Office.

Along with the items noted above, be prepared to substantiate:

- Progress/Challenges made in expending funds
- Types of equipment purchased
- Total funds expended for each school
- Total obligations and expenditures
- Serial number of purchased equipment
- Impact on the school food service operation of purchased equipment
- Accomplishments and challenges in expenditure activities
- Potential return of equipment
- Reason(s) for unliquidated funds
- Additional reporting requirements will be forthcoming based on OMB guidance

SFAs are required to make all records pertaining to activities under the grant available for audit/review purposes. SFAs must cooperate with any evaluation of the grant by providing NYSED requested data and access to records. SFAs must also cooperate with any onsite announced or unannounced reviews.

Close-out of the grant award does not affect:

- The right for NYSED to disallow costs and recover funds on the basis of an audit or later review
- Audit requirements
- Property management and disposition requirements
- Record retention requirements

SFAs found out of compliance with the terms of the grant are subject to a corrective action plan and/or immediate loss of the awarded grant and disallowance of Equipment Grant reimbursements and recoupment of equipment grant funding and/or ineligibility for future equipment grants. Termination from the NSLP prior to award and/or throughout the grant award period will result in immediate loss of the awarded grant and disallowance of Equipment Grant reimbursements.

**Please Note:** The terms of the agreement between State agencies and each SFA, require SFAs to retain their program-related records for a period of **three (3) years** from the day the SFA's final allowable payment under the contract has been recorded.
