2020-2025 Smart Start Grant Application

Application Guidance

Purpose

The Smart Start Grant program promotes the development, implementation, and sharing of innovative programs that provide professional development and support to increase expertise in computer science, engineering, and educational technology among teachers in grades K-8, to allow such teachers to become in-house experts in the school and district.

Background

NYSED recognizes the need to prepare students to succeed in the dynamic 21st-century economy, specifically in the areas of computer science, engineering, and educational technology. According to the United States Department of Labor Bureau of Labor Statistics,

“Employment of computer and information technology occupations is projected to grow 13 percent from 2016 to 2026, faster than the average for all occupations. These occupations are projected to add about 557,100 new jobs.”

In addition, the average wage for computer and information technology occupations exceeds all other occupations.¹ The number of jobs that require medium- to high-level technology skills are growing, and the number of jobs requiring no technology skill are shrinking.² New York state students must be prepared for the workforce they will enter upon graduation.

Upon graduation, every student in New York State should know how to live safely and productively in a digitally-dominated world, understand the types of tasks computation can help automate, understand essential features of how the technologies of their lives work, and be able to effectively utilize technology to create, research, communicate, and collaborate. To ensure this, and to comply with Part R of Chapter 56 of the Laws of 2018, NYSED staff will present draft NYS K-12 Computer Science / Digital Literacy Learning Standards to the Commissioner

of Education and the Honorable Members of the Board of Regents at the November 2019 meeting of the Board of Regents. The NYS K-12 Computer Science / Digital Literacy Learning Standards are expected to be rolled out over a period of years beginning in 2020.

New York State teachers need professional development and support in order to help their students achieve success in computer science, engineering, and educational technology. NYSED recognizes that high-quality professional development that utilizes best practices and instructional methodologies and are tailored to school district and regional industry needs is critical to improving learning opportunities and outcomes for all NYS students.

Program Goals

Therefore, the program goals of the Smart Start Grant are as follows:

1. The implementation of fully developed programs that provide professional development and support to increase expertise in computer science, engineering, and/or educational technology among teachers in grades K-8, to allow such teachers to become in-house experts in the school and district.
2. The publishing and sharing of the state-funded programs, including any and all materials and artifacts (with the exception of Personally Identifiable Information and artifacts created by K-8 students) produced over the course of the grant in the manner outlined in this RFP, so that other NYS districts can freely use, copy, adapt, and implement similar programs. Programs will be published on the applicant's website.

Partnership Requirement

The Smart Start Grant program requires that all applicants form the following partnerships:

1. **Professional Development and Support Providers:** Professional development and support must be provided by qualified non-profit organizations or institutions of higher education. Grant applications should include information on the organization(s) that have agreed to provide professional development and support if the grant application is successful. Please note:
 - a. Non-profit partners and/or institutions of higher education must be (or must have applied to be by the deadline of this RFP) [NYSED-approved Continuing Teacher and Leader Education \(CTLE\) sponsors](#).

- b. For the purposes of this grant, BOCES, NYS Teacher Centers, and school districts do not qualify as non-profit organizations.
 - c. Please see [Expectations of Professional Development and Support Providers](#) for more information on expectations for Professional Development and Support Providers.
 - d. Grantees are expected to maintain a partnership with the same professional development and support provider(s) throughout the grant term. In the event that a partnership with a professional development and support provider is discontinued, the grantees may, at the sole discretion of NYSED, have their remaining project funding cancelled and their participation in the program discontinued.
2. **Regional Economic Development Council:** Applicants receiving Smart Start Grants must partner with their respective regional economic development council to tailor the program to regional business or future employer needs. Grant applications should include a description of how the district or consortia has and will continue to partner with their Regional Economic Development Council, and how the proposed program will address current and/or future regional business and employer needs. Information on how to contact your Regional Economic Development Council can be found on [this website](#).

Scope of Work

Through this grant, all Districts/Consortia will be required to complete the following:

1. Implementation of Professional Development and Support Program

Districts/Consortia will implement a Program, as described in the grant application, for teachers in grades K-8, that provides professional development (PD) and support to increase teacher and, if appropriate, administrator expertise in computer science, engineering, and/or educational technology. The goal of the program is to create a cadre of educators who will serve as experts in the applicant's school(s) and district(s) and can then provide turnkey training and support for colleagues.

Programs must be tailored to regional business or future employer needs. Applicants must work with their Regional Economic Development Council to develop a program that targets current and/or projected future regional workforce needs.

Professional development on computer science and educational technology must be clearly aligned to the NYS K-12 Computer Science and Digital Literacy Learning Standards, expected to be adopted by December 2019.

Programs should have a strong technology component that promotes digital literacy of both teachers and students and facilitates the effective use of technology for teaching and learning.

Programs should incorporate strategies for increasing participation in computer science, engineering, and/or educational technology, by one or more traditionally under-represented groups, such as female students, students with differing abilities (students with disabilities), English language learners/Multi-lingual learners (ELL/MLLs), and/or black, Hispanic, and Native American students.

Programs must structure professional development and support into one-year cycles. Teachers, and if applicable, administrators³, will receive training and support for one year only. The next year of the grant, and each subsequent year, a new set of teachers will receive training and support. Individual teachers will not receive professional development and support for more than one year through Smart Start Grant funds.

Programs should be structured to train the highest number of teachers in the highest number of schools, while still adhering to best practices for adult learning and professional development.

Teachers employed by charter schools and religious and independent schools may be invited to participate in professional development activities at the discretion of the grant recipient.

2. Expectations of Professional Development and Support Providers

Professional development and support must be provided by qualified non-profit organizations or institutions of higher education.

Non-profit organizations and/or institutions of higher education should be or have applied to be [NYSED-approved CTLE sponsors](#). PD and Support activities should adhere to the [Guiding Principles of CTLE](#), and participants

³ For the purposes of this RFP, it is understood that administrators may participate in professional development alongside teachers. Professional development may include building and district administrators as well as classroom teachers.

(if they [hold CTLE certificates](#)) must receive CTLE credit for participating in activities.

A. Professional Development. For the purposes of this RFP, professional development shall be defined as professional training, experiences, and/or learning that enables the teacher and/or administrator to deepen his/her knowledge base and remain current in his/her content area and instructional strategies, such as:

- enhancing subject matter knowledge;
- application of appropriate teaching techniques;
- broadening and enhancing abilities to apply more accurate and appropriate assessment methodologies, and;
- enhancing skills in effectively managing individual students and classrooms in both heterogeneous and homogeneous settings.

Professional Development and Support Providers (PDSPs) are expected to adhere to best practices for professional development (PD), including:

- PD must align to the NYS Professional Development Standards and NYS Learning Standards, including the NYS K-12 Computer Science and Digital Literacy Learning Standards, anticipated to be adopted by December 2019.
- Large-group “sit-and-get” workshops, if proposed, must be thoroughly justified and include detailed explanations of how teachers will receive personalized support and ongoing PD.
- “Tools-based” workshops (such as workshops focused on a particular hardware or software), if proposed, must be thoroughly justified and include detailed explanations of how such workshops will be based on individual teacher needs.

B. Support Activities/Services. To maximize effectiveness of professional development experiences and programs, Professional Development and Support Providers (PDSPs) will provide educators with support in multiple ways, including but not limited to

- Professional Learning Communities (PLCs)
- Online collaborative spaces (as allowed by district Authorized Use Policies (AUPs))
- Collaborative planning sessions
- Coaching/mentoring

- Curriculum planning and/or mapping, etc.

Support services may also include the provision of classroom resources and materials that promote hands-on learning opportunities for students. PDSPs are expected to tailor Support Activities/Services to meet the needs of the teachers, students, school(s), and region(s).

3. Sharing of Professional Development and Support Program

- A. In order to leverage maximum use of the Smart Start grant, NYSED shall own all materials, processes, and products produced for, modified for, or utilized in activities funded through Smart Start Grant funds, including but not limited to professional development and support modules and programming; professional development, support, instructional, and curriculum resources, methodologies, measures, software, code, documentation, white papers, implementation guidance, training materials, evaluation forms, data compilations, and reports. All materials, processes, and products shall be the sole and exclusive property of the New York State Education Department. It is NYSED's strong preference that all content used by the Smart Start Grantee's identified Professional Development and Support Partner(s) in such materials, processes and products be created for the Grantee, and that no content, materials, processes, or products should be used which are proprietary or for which a license must be obtained. However, in the event that proprietary content, materials, processes, or products are selected for use by the Grantee, such proprietary content must be specifically identified by the Professional Development and Support Partner and NYSED must be given an irrevocable, royalty-free, non-exclusive perpetual license to use, sub-license and make, or have made, derivatives of said material consistent with the use of such materials in the deliverables owned by NYSED. In the alternative, NYSED will permit Professional Development and Support Partner(s) to retain copyright of materials, processes, or products utilized in activities funded through the Smart Start Grant that were created prior to the grant program with funds other than Smart Start Grant funds and/or reserve the right to copyright the materials produced under the contract resulting from this RFP; however, NYSED and The State of New York shall have a nonexclusive, perpetual, irrevocable, royalty-free license to copy, disseminate, create, or have created by third parties, derivatives, sub-license, and use in any way such materials, solely for educational purposes.

- B. It is further the intent of NYSED that “artifact” deliverables created with funds from the Smart Start Grant and owned directly by NYSED pursuant to paragraph A of this subsection will be sub-licensed via a [Creative Commons Attribution Non-Commercial Share-Alike license](#). The Grantee and Professional Development and Support Partner must agree to execute any necessary licenses or documents necessary to accomplish the [Creative Commons Attribution Non-Commercial Share-Alike](#) License, including securing any necessary third-party approval in the licenses required in paragraph A of this subsection. “Artifacts,” for the purposes of this grant, are electronic or actual products, which include but are not limited to documents, presentations, slide decks, spreadsheets, agendas, plans, templates, modules/courses (both PD and K-12 instructional, both face to face and online), curricula, timelines, assessments, videos, audio files, workbooks, websites (content and code), and communications such as social media post content.
- C. Publishing Artifacts on Smart Start Web Page(s) on district or Consortia Lead’s website.
1. Smart Start Grant awardees will create a web page or pages on their district or Consortia Lead’s website on which they will make available – at no charge – the following:
 - a. Within thirty (30) days of receipt of award letter:
 - i. Proposal Narrative Overview (Section A of the Proposal)
 - ii. Name and Contact Information for Smart Start lead
 - iii. Award Amount
 - iv. Outline of planned program
 - b. By two (2) months after the close of each program year:
 - i. Outline of year’s activities in a format that would be easily understandable (and therefore replicable) by another registered New York State school or district.
 - ii. All artifacts created, modified, or utilized during that year, in a downloadable and editable format. Please see paragraph B of this subsection for the definition of artifact.
 - a) All artifacts created with funds from the Smart Start Grant and owned directly by NYSED pursuant to paragraph A of this subsection

should be published under the [Creative Commons Attribution Non-Commercial Share-Alike license](#).

- b) Any artifacts created, modified, or utilized in grant-funded programs which NYSED does not own but are subject to license per paragraph A of this subsection must also be included on the Smart Start web page and must include copyright information. These artifacts, too, must be made available, at no charge, for use by any registered New York State P-12 school or district. NYSED will allow the Smart Start grantee (not the Professional Development and Support Partner) to set an additional requirement to obtain materials that are copyrighted by the Professional Development and Support Partner, such as password protecting the electronic files, but the requirement must only be in place to ensure that the materials are being shared with registered P-12 New York State School(s) or District(s) and must in no way prevent any registered P-12 New York State School(s) or District(s) from obtaining these materials.

2. NYSED expects all artifacts to adhere to the following:

- i. All artifacts must be “clean.” All district- or consortia-specific details must be removed. For instance, teacher names, district names, and logos should be removed. If an artifact is a template, a completed template may be included as an example, but a “clean” copy should also be included.
- ii. All artifacts must be available in editable formats when possible and logical. For instance, documents should be made available in Microsoft Word or Pages formats, not solely PDF or scanned copy. Slide decks should be in Power Point or Keynote file formats, not solely PDF or scanned copy. Pictures or scans of work (such as collaborative sticky-note collages during hands-on PD sessions) to illustrate activities are appropriate. Videos may be included as published videos rather than video editing files.
- iii. Copyright and attribution where required must be included.

3. NYSED will provide additional detailed instructions on expectations for annual updates to website. Materials must remain available for two (2) years after the close of the grant program.
4. Failure to annually post artifacts to the satisfaction of NYSED may lead to a determination that the Grantee has not demonstrated adequate yearly performance. Programs that do not demonstrate adequate performance may have their remaining project funding cancelled and their participation in the program discontinued.

4. Project Evaluation

Smart Start Grant Awardees will be required to conduct annual evaluations over the course of the grant period to determine the extent to which program objectives have been met. Evaluations may be conducted by internal or external evaluators. Internal evaluators may be individuals employed by the district or BOCES; external evaluators may be individuals or organizations contracted by the awardee to perform these duties.

In addition, evaluations should include:

- a. A thorough evaluation of the services rendered by the Professional Development and Support Provider.
- b. A description of events that occurred over the course of the funding year.
- c. Program strengths, weaknesses, and suggestions for improvement.
- d. Metrics indicating number and degree to which PD affected teachers, students, and programs.
- e. Evidence that those trained during the year achieved the knowledge and skills identified in the program plan.
- f. In Year Two and beyond, if following a train-the-trainer model, evidence that the trainers conducted training to the number of teachers identified in the program plan, and evidence that those teachers achieved the skills and knowledge identified in the program plan. See [Program Models](#) section for more information.
- g. Participant (teacher) input, opinions, suggestions, etc.

Evaluations should be compiled in a written report, to be provided to NYSED no later than three (3) months after the end of each grant period year. The reports should demonstrate that the annual project goals have been met. Additional information about the annual performance report will be made

available to grantees by SED after grant awards are made. A portion of the project funds may be withheld contingent upon timely expenditures and performance reporting.

Grantees that do not demonstrate adequate performance may have their remaining project funding cancelled and their participation in the program discontinued.

Collaborative Activities

In addition to the required partnerships (see [Partnership Requirement](#) Section), NYSED encourages districts and consortia to collaborate within and among school buildings and districts, as well as with external organizations, when planning and implementing Smart Start Grant programs. Districts and consortia are encouraged to collaborate, as appropriate and allowable, with Religious and Independent schools, public libraries, institutions of higher education, cultural institutions, local community groups, local employers, and/or other appropriate organizations. Applicants may describe in their Proposal Narrative the process of communication, consultation, and/or collaboration with the participating outside organizations, including roles and responsibilities of collaborators, if any.

BOCES Participation

For the purposes of this grant program, the following information applies specifically to BOCES participation:

- BOCES may act as a consortium lead for a Rest of State (ROS) consortium.
 - If a BOCES is part of a consortium, the BOCES must be the lead.
 - Consortia cannot include more than one BOCES.
- As the consortium lead, BOCES may conduct program administration and/or evaluation activities on behalf of the districts participating in the consortium.
 - For example, BOCES may make arrangements for and host professional development, manage the budgeting/payments, communicate important information to districts, manage project website, conduct participant surveys, draft and submit reports, etc.
 - They may not develop or facilitate professional development workshops or supporting materials using funds from this grant.
- Professional development and support must be provided by qualified non-profit organizations or institutions of higher education. For the purposes of this grant, it is not allowable for BOCES to provide PD and support.

- If a BOCES is serving as a consortium lead, the teachers employed by that BOCES may participate in the professional development and support activities.

Program Models

Programs should be structured to train the highest number of teachers in the highest number of schools, while still adhering to best practices for adult learning and professional development. This can be achieved through models such as the below.

- Cohort Model: In this model, the program would be structured to train a number of teachers per year. Teachers in a cohort would participate in PD and support for one year. In the [Program Activities section](#), the applicant will be expected to articulate the knowledge and skills that the teachers will achieve by the end of the cohort year, as well as the activities that will ensure they meet those expectations. In the annual evaluation, the Awardee will be expected to provide evidence that the teachers have met the expectations. It is expected that each cohort will contain a relatively large number of teachers. If the applicant desires to limit the number of teachers per cohort, more than one cohort per year is allowed.
- Train-the-Trainer Model: In this model, the program would focus on training a strategically focused number of teachers in Year One to be trainers. In Year Two, the program would train an additional number of teachers to be trainers. Year One trainers would train teachers in their respective schools. This would continue throughout the years of the program; every year, more teachers would be trained as trainers, who will then train teachers in their schools. In the [Program Activities section](#), the applicant will be expected to articulate the knowledge and skills that the teachers will achieve by the end of the train-the-trainer program, as well as the activities that will ensure they meet those expectations. In Years Two and beyond, applicants will also be expected to articulate how training will proceed in the trainers' schools, and the knowledge and skills that teachers attending those trainings will receive. In the annual evaluation, the Awardee will be expected to provide evidence that both the trainers and (in years Two and beyond) the teachers have met the expectations.

NYSED will accept other innovative models as long as they can demonstrate how a large number of teachers will be trained over the course of the program, with no teacher receiving more than one year of professional development.

Program Scale

Awards will be granted based on the proposed scale of the program. NYSED will accept applications for Large Scale and Focused programs.

For a program to be considered “Large Scale”:

- The number of teachers that will receive high-quality, job-embedded professional development and support must be equal or exceed 100 unique individuals for each year of the grant (such as for the cohort model) or a total of 500 unique individuals over 5 years (such as for the train-the-trainer model),
- The number of schools represented must equal or exceed twenty (20) total over five (5) years, and
- The number of students that would potentially be impacted would need to equal or exceed 18,000.

For a grant to be considered “Focused”:

- The number of teachers that will receive high-quality, job-embedded professional development and support must equal or exceed 50 unique individuals for each year of the grant (such as for the cohort model) or a total of 250 unique individuals over 5 years (such as for the train-the-trainer model),
- The number of schools represented must equal or exceed twelve (12) total over five (5) years, and
- The number of students that would potentially be impacted would need to equal or exceed 8,000.

*For the purposes of this grant, the number of students potentially affected will equal the total enrollment of all students in the districts participating in the grant program application, as of the 2017-2018 school year. See [Appendix D](#).

Note that in Section B: Identification of Need and Program Rationale, Applicants are asked to identify and justify the scale of the grant award for which they are applying. In addition, in Section E: Program Activities, Applicants are asked to provide specific numbers of program activity participants. This will be cross-checked with the Scale for the grant requested. NYSED retains the rights to reduce the scale of the grant award if applicants do not clearly justify scale in their application.

Funding and Awards

\$6M will be allocated annually.

Applicants will apply for funding in one of the two categories described above:

- Large Scale Grant: up to \$500,000/year
- Focused Grant: up to \$250,000/year

Awards will be funded as follows:

- All eligible applications will be scored and then ranked.
- Individual district applicants may receive one (1) award, either as an individual award or an award as part of a consortium, not both. Consortia may receive one (1) award.
 - The initial round of awards will be based on a ranking of all eligible applications. Please see the Application Review and Scoring Section for details on eligible applications.
 - If, after the top-ranked applications have been awarded, funds are not sufficient to award the entire amount to the next-highest scoring eligible application, that applicant will be given the option to receive an award at the lower funding level (with allowance for a reduction in scale).
 - Please note that NYC CSDs combined may not receive more than \$2.4M, or 40% of the \$6M.

If new or additional funding becomes available, and NYSED chooses to distribute this funding to applicants of this current RFP, NYSED will allocate the funds in this order by:

1. Making whole any funded programs that have received a partial award;
2. Approving awards, in rank order, for eligible applicants who received passing scores, but who did not rank high enough to receive the initial funding; and
3. Allocating additional funds among already awarded programs. Maximum request amounts will be established by distributing funding proportionally (based on total annual budget) to those currently funded projects.

Such plan will be subject to review and approval by the Office of the State Comptroller.

A decrease in funding for any subsequent funding year will result in a proportional reduction to all funded projects based on total annual budget.

Preference

- Preference, in the form of bonus points, shall be given to applicants whose proposals include participation of one or more **districts** that qualify as High Needs.
 - All New York City CSDs are considered High Needs.
 - All Big Four Districts are considered High Needs.
 - ROS High Needs Districts will be indicated as

- URBAN/SUBURBAN/HIGH NEEDS (NRC 3)
 - RURAL HIGH NEEDS (NRC 4)
 - [This list](#) identifies districts and their respective NRC codes (NRC codes are also included in this RFP in [Appendix D](#)).
- Bonus points will be awarded as follows:

Applicant	Number of Bonus Points
NYC CSDs	10
Big 4 Districts	10
ROS Districts applying individually	10 points if the district is classified as High Needs 0 points if the district is not classified as High Needs
ROS Consortia	Only districts that are classified as High Needs will receive points. BOCES will not receive points. 2 points for each High Needs District, up to a maximum of 10 points.

Budget Guidance

Information about the categories of expenditures, general information on allowable costs and applicable costs principles, and administrative regulations are available in the Fiscal Guidelines for Federal and State Aided Grants found on the [Grants Finance website](#). Refer to the Scope of Work and Application Guidance sections of this RFP for additional specific requirements and information about the allowable and non-allowable activities for this program.

The amounts shown on the FS-10 Budget Form, Budget Summary Form (at the end of the FS-10) and the Budget Narrative Form ([Attachment III](#)) should correspond. The FS-10 should bear the original signature of the Chief School/Administrative Officer. The FS-10 and Budget Summary should outline expenditures for Year 1 only. The Budget Narrative should cover all five (5) years of the grant program, assuming full award amounts for all years.

Please note that the awards for Years 2-5, assuming funding, will be the same as Year 1 awards, even if the Budget Narrative includes higher annual budgets for Years 2-5.

- For example, a district's Year 1 budget for a Focused award is \$240,000. They are awarded \$240,000 in Year 1. Assuming they continue to meet all contractual obligations and that the program is funded, the award for subsequent years will be \$240,000, even if in the Budget Narrative the awardee had specified a Year 2 budget of \$245,000.

Applicants must adhere to the following:

- No more than twenty percent (20%) of the funds may be used for purchase of Equipment and Supplies and Materials. The combined budget request of both categories must not exceed 20% of total requested award.
 - Only equipment items with a unit cost that equals or exceeds \$5,000 should be included under Equipment (Code 20).
 - Equipment items under \$5,000 should be included under Supplies and Materials (Code 45).
- For purposes of this grant, subscriptions for digital content or the use of online courses will be considered Purchased Services (Code 40), not Supplies and Materials (Code 45).
- No more than ten percent (10%) of the funds may be used for program administration, not including indirect costs.
- No more than five percent (5%) of the funds may be used for evaluation.
- Out of state travel is not an allowable expense. In-state travel must directly relate to program activities and be thoroughly justified in the Budget Narrative. Participants are encouraged to use technology for communication and collaboration.

NYSED Program office staff will review budgets and eliminate any items that are deemed non-allowable or inappropriate. If any changes are made to a budget category form as a result of an expenditure being non-allowable or inappropriate, the program office staff person will communicate with the program contacts identified on the Application Cover Page and return a copy of the corrected budget form. Grantees will not be allowed to substitute new items for those that have been eliminated.

Payment and Reporting

A final payment for the balance of the grant term (no less than ten percent (10%)) will be made after an FS-10-F: Final Expenditure Report for a State or Federal Project is submitted to the Grants Finance Unit and approved. The FS-10 is due in the Grants Finance Unit no later than thirty (30) days after the end of the grant term.

Minority and Women-Owned Business Enterprise (M/WBE) Participation Goals

Pursuant to Article 15-A of the New York State Executive Law

The following M/WBE requirements apply when an applicant submits an application for grant funding that exceeds \$25,000 for the full grant period. All forms referenced here can be found in the Appendix G: M/WBE Documents at the end of this RFP.

All applicants are required to comply with NYSED's Minority and Women-Owned Business Enterprises (M/WBE) policy. Compliance can be achieved by one of the three methods described below. Full participation by meeting or exceeding the M/WBE participation goal for this grant is the preferred method.

M/WBE participation includes services, materials, or supplies purchased from minority and women-owned firms certified with the NYS Division of Minority and Women Business Development. Not-for-profit agencies are not eligible for this certification. For additional information and a listing of currently certified M/WBEs, see [the NYS M/WBE Directory](#).

The M/WBE participation goal for this grant is 30% of each applicant's total discretionary non-personal service budget each year of the grant. Discretionary non-personal service budget is defined as total annual budget, excluding the sum of funds budgeted for:

1. direct personal services (i.e., professional and support staff salaries) and fringe benefits;
2. rent, lease, utilities and indirect costs, if these items are allowable expenditures; and
3. direct professional development and support services provided for the Smart Start Grant Program by NYSED qualified non-profit partners or institutions of higher education.

The M/WBE Goal Calculation Worksheet is provided for use in calculating the dollar amount of the M/WBE goal for this grant application.

All requested information and documentation should be provided at the time of submission. If this cannot be done, the applicant will have thirty days from the date of notice of award to submit the necessary documents and respond satisfactorily to any follow-up questions from the Department. Failure to do so may result in loss of funding.

METHODS TO COMPLY

An applicant can comply with NYSED's M/WBE policy by one of three methods:

1.Full Participation - This is the preferred method of compliance. Full participation is achieved when an applicant meets or exceeds the participation goals for this grant.

COMPLETE FORMS:

M/WBE Goal Calculation Worksheet
M/WBE Cover Letter
M/WBE 100 Utilization Plan
M/WBE 102 Notice of Intent to Participate

2. Partial Participation, Partial Request for Waiver - This is acceptable only if good faith efforts to achieve full participation are made and documented, but full participation is not possible.

COMPLETE FORMS:

M/WBE Goal Calculation Worksheet
M/WBE Cover Letter
M/WBE 100 Utilization Plan
M/WBE 101 Request for Waiver
M/WBE 102 Notice of Intent to Participate
M/WBE 105 Contractor's Good Faith Efforts

3. No Participation, Request for Complete Waiver - This is acceptable only if good faith efforts to achieve full or partial participation are made and documented, but do not result in any participation by M/WBE firm(s).

COMPLETE FORMS:

M/WBE Goal Calculation Worksheet
M/WBE Cover Letter
M/WBE 101 Request for Waiver
M/WBE 105 Contractor's Good Faith Efforts

GOOD FAITH EFFORTS

Applicants must make a good faith effort to solicit NYS certified M/WBE firms as subcontractors and/or suppliers to achieve the goals for this grant. Solicitations may include, but are not limited to: advertisements in minority and women-centered publications; solicitation of vendors found in the [NYS Directory of Certified Firms](#) and the solicitation of minority and women-oriented trade and labor organizations.

Good faith efforts include actions such as setting up meetings or announcements to make M/WBEs aware of supplier and subcontracting opportunities, identifying logical areas of the grant project that could be subcontracted to M/WBE firms, and utilizing all current lists of M/WBEs who are available for and may be interested in subcontracting or supplying goods for the project.

Applicants should document their efforts to comply with the stated M/WBE goals and submit this with their applications as evidence. Examples of acceptable documentation can be found in form M/WBE 105, Contractor's Good Faith Efforts. NYSED reserves the right to reject any application for failure to document "good faith efforts."

REQUEST FOR WAIVER

When full participation cannot be achieved, applicants must submit a Request for Waiver (M/WBE 101). Requests for Waivers must be accompanied by documentation explaining the good faith efforts made and reasons they were unsuccessful in obtaining M/WBE participation.

NYSED reserves the right to approve the addition or deletion of subcontractors or suppliers to enable applicants to comply with the M/WBE goals, provided such addition or deletion does not impact the technical proposal and/or increase the total budget.

All payments to Minority and Women-Owned Business Enterprise subcontractor(s) should be reported to the NYSED M/WBE Program Unit using the M/WBE 104G Quarterly M/WBE Compliance Report. This report should be submitted on a quarterly basis and can be requested at MWBEGrants@nysed.gov.

NYSED's M/WBE Coordinator is available to assist applicants in meeting the M/WBE goals. The Coordinator can be reached at MWBEGrants@nysed.gov.

Proposal Narrative

Section A: Overview [0 Points]

(2 pages maximum)

The purpose of Section A is to summarize clearly the District or Consortium's proposed program. This overview should contain sufficient information for NYSED Program staff – as well as New York State educators, administrators, and educational leaders – to gain a high-level understanding of the proposed program's focus.

Please include

- A program title
- PD Focus Area (e.g. computer science, engineering, educational technology.)
- Model of Program (Cohort, Train-the-Trainer, other)
- Scale of the program (Large or Focused)
- Target populations (teachers and students)
- Description of the District or Consortium member districts/BOCES that includes demographic information, community type (e.g. urban, suburban, rural), and community information (e.g. strengths, challenges, supports, pressures).
- Description of program highlighting the goals, major components, technology/digital literacies that will be taught or utilized, challenges that will be addressed, etc.

Should you be awarded a Smart Start Grant, you must provide to NYSED Program Office staff the URL on which this Overview and other information on grant activities will be posted. A deadline for providing the URL will be provided to grant awardees after award notices are sent.

For all awardees, this Overview, URL described above, and the District's or Consortium Lead's contact information will be posted on the New York State Education Department's website.

Section B: Identification of Need and Program Rationale [5 Points]

Identify specific need(s) or concern(s) to be addressed through the proposed grant program, as well as target populations. Include both qualitative and quantitative

data, as well as information on how need(s) or concern(s) were identified and selected as the focus of this proposal.

Describe the rationale for proposed program. Include up-to-date and evidence-based research and effective practices that will be built upon.

Identify the scale of the grant being applied for and explain how the proposed program meets the requirements of the scale. See [Program Scale Section](#) for more information

Section C: Program Design [10 Points]

Provide the goals and objectives of the program in clearly specified and measurable terms. Describe how the goals and objectives:

- Address the need(s) or concern(s) identified in Section B;
- Are appropriate for the target populations;
- The process by which appropriateness was determined; and
- Are aligned to District or Consortium members' overall academic goals.

Describe how the program will:

- Provide relevant and rigorous professional development to ensure K-8 educators and, if appropriate, administrators, increase expertise in computer science, engineering, and/or educational technology to create a cadre of teachers who will serve as experts in the applicant's school(s) and district(s) and can then turnkey training and support for colleagues.
- Through partnership with your regional economic development council, be tailored to current or projected future employer needs.
- Clearly align to the NYS K-12 Computer Science and Digital Literacy Learning Standards, expected to be adopted by December 2019.
- Promote digital literacy of both teachers and students and facilitate the effective use of all appropriate technology.
- Incorporate strategies for increasing participation in computer science, engineering, and/or technology by one or more traditionally under-represented groups, such as female students, students with differing abilities (students with disabilities), English Language Learners/Multi-Lingual Learners, and/or black, Hispanic, and American Indian/Alaskan Native students.
- Structure professional development and support into one-year cycles.

Teachers, and if applicable, administrators⁴, will receive training and support for one year only.

- Train the highest number of teachers in the highest number of schools, while still adhering to best practices for adult learning and professional development.

Section D: Collaboration with Regional Economic Development Council [5 Points]

School districts and consortia receiving Smart Start Grants must partner with their respective Regional Economic Development Council to tailor the program to regional business or future employer needs.

Provide the following information:

- Economic Development Council Region of Applicant
- Date(s) of Consultation
- Name, Title, Phone Number, and Email of the Applicant's contact at the Regional Economic Development Council

Answer the following:

- What are the major employers in your region (current and, if applicable, future)?
- What are the current and/or projected future regional workforce needs?
- How is the Applicant's program tailored to regional business or future employer needs?

Section E: Program Activities [15 Points]

Describe in detail the program activities for the five years of the Program (July 1, 2020 – June 30, 2025).

Include the following:

- Goals

⁴ For the purposes of this RFP, it is understood that administrators may participate in professional development alongside teachers. Professional development may include building and district administrators as well as classroom teachers.

- Knowledge and skills that teachers will obtain in the given timeframe.
- Timeline (including start date, end date, major milestone dates)
- Tasks/activities (PD and support activities, as well as administrative)
- Target individuals, including numbers of participants/individuals and number of schools*
- Required resources (e.g. human, material, financial, intellectual)
- Responsible parties
- Standards or evaluation rubric alignment
- Artifacts that will be generated **
- How the applicant plans to conduct annual summative and ongoing formative evaluations over the course of the grant period to determine the extent to which program goals have been met.

* Numbers of individuals and numbers of schools will be cross-referenced with the scale of award for which Applicant is applying. If Applicant's numbers do not justify the scale, NYSED retains the right to reduce the scale accordingly.

** To maximize the reach of the Smart Start Grant Program, awardees must provide free access to any and all materials created through grant funds. This will enable other NYS districts to replicate successful programs. It is a requirement that materials be licensed under [Creative Commons Attribution Non-Commercial Share-Alike](#) and provided in an electronic format to be prescribed by NYSED. See [Sharing of Professional Development and Support Program Section](#) for more information.

Section F: Expertise of Professional Development and Support Providers [45 Points]

It is *critical* that applicants thoroughly vet Professional Development and Support Providers (PDSPs). Applicants should partner with an organization that has a proven track record for providing high-quality professional development and support services to K-8 teachers to meet the needs of all students, including English Language Learners/Multilingual Learners and Students with Disabilities.

If an applicant wishes to partner with more than one PDSP, the applicant is responsible for completing Section F for all chosen PDSPs. Please note that in such a case, the Applicant's score for Section F will be the lowest of the scores for the included "Section Fs," not the average. For example, an Applicant decides to partner with two PDSPs; the score of the first Section F is 30/45 and the score of the second Section F is 42/45. For this Applicant, the final score for Section F will be 30/45 (the lowest of the two scores).

It is the expectation that the applicant will check references provided by the PDSP to confirm the validity of the data and evidence of ability to provide professional development and support services provided by the PDSP.

It is the expectation that the applicant will ensure PDSP adherence to requirements in this RFP around ownership and/or licensing and publishing of materials, processes, and procedures as outlined in the [Scope of Work Section: 3. Sharing of Professional Development and Support Program](#).

Section F1: Qualifications of Individuals [5 points]

Provide the name(s) of the PDSP staff person(s) responsible for the below activities. For all persons listed, include a description(s) of their relevant experience and expertise, including work with NYS schools/districts, demonstrating they are qualified for these positions, as well as the number of years employed by the PDSP.

1. Managing the professional development and support services program(s)
2. Providing professional development
3. Providing support services

Also provide detailed information on how the PDSP will ensure continuity of project staff for the entire grant period.

Resumes should be included as Attachments and will not count towards the 20 page application limit.

Section F2: PDSP Capacity [5 Points]

Provide detailed information on how the chosen PDSP

1. Has and will maintain adequate resources to offer the professional development and support services.
2. Has and will ensure that individuals who will offer the PD and support services have demonstrated their capacity and competence to facilitate the professional development and support services.

Section F3: PDSP Professional Development Expertise [15 Points]

Provide detailed information on how the chosen PDSP will provide professional development, support services, and/or materials that:

1. Will expand educators' content knowledge and the knowledge and skills

necessary to provide developmentally appropriate instructional strategies and assess student progress;

2. Are research-based and provide educators with opportunities to analyze, apply, and engage in research;
3. Are designed to ensure that educators:
 - a. Have the knowledge, skills, and opportunity to collaborate to improve instruction and student outcomes in a respectful and trusting environment;
 - b. Have the knowledge and skill to create safe, secure, supportive, and equitable learning environments for all students; and
 - c. have the knowledge, skill, and opportunity to engage and collaborate with parents, families, and other community members as active partners in children's education.
4. use disaggregated student data and other evidence of student learning to determine PD learning needs and priorities, monitor student progress, and to help sustain continuous professional growth;
5. promote technological literacy and facilitate the effective use of all appropriate technology; and
6. use multiple sources of information to evaluate its effectiveness in improving professional practice and student learning.
7. are able to meet the needs of all students, including English Language Learners / Multilingual Learners and Students with Disabilities.

Section F4: Description of Partnership [5 points]

Provide detailed information on the following:

1. How the Applicant and PDSP(s) have worked and will work together to craft a professional development and support program tailored to the unique and specific needs of the Applicant's teachers, students, schools, and region.
2. How the Applicant will ensure that the PDSP is meeting expectations of high-quality professional development and support services.

Section F5: PDSP Track Record in NY or Similar Setting [15 Points – 5 Points/Letter]

The qualifications of PDSPs and their prior or current experience in, or in a setting similar to, NYS schools and districts, are of great importance to NYSED.

Provide three (3) professional letters of reference to substantiate qualifications of your chosen PDSP.

Letters should be from customers for whom the PDSP has successfully provided goods and services comparable, in scale and scope, to the proposed Deliverables, in NYS school/district or similar setting, all within the past five (5) years. The Applicant district or BOCES (and any consortia member districts, if applicable) cannot serve as references.

The below should be included in each letter:

1. Name, position, organization, phone, and email of person providing the reference
2. Description of the type, scope, and scale of goods and/or services provided during the period of engagement (and relevance to this RFP)
3. Engagement term: Start Date: (Month/Year) and End Date: (Month/Year)

In each letter, the individual providing the reference should answer the following:

4. What key staff roles were fulfilled by the PDSP?
5. How would you rate the qualifications of, and continuity of project staff proposed with those assigned, to the project?
6. How well would you rate the PDSP's ability to adequately manage the work effort to ensure compliance with all contract provisions?
7. How well did the PDSP meet expected service levels and deliverable timelines?
8. What was the quality of the professional development and support services provided?
9. What was the quality of the professional development and support materials provided?
10. How well was the PDSP able to adapt to obstacles on the project?
11. Overall, how pleased are you with the work the PDSP has performed/is performing for you?
12. Would you contract with this PDSP again?

Please note that Applicants will be required to explain how the chosen PDSP's costs are appropriate, reasonable, and necessary in Section G.2: Budget Narrative.

Each letter will be worth five (5) points. Reviewers will take into consideration both the completeness of the letters and their content.

Additional documentation, including letters of reference, and samples of PD/Support may be included as Attachments and will not count towards the 20 page application limit.

Section G: Budget: FS-10 Budget Summary and Budget Narrative [20 points]

Please check for calculation accuracy in all budget forms. Inaccurate calculations and/or discrepancies between forms may adversely affect the scoring of this section.

Complete the FS-10 (Proposed Budget for a Federal or State Project) form, including the Budget Summary page, for the Program Period of July 1, 2020 – June 30, 2021 (Year 1). The most current form is available online at the [Grants Finance website](#). Please be sure to check that all proposed expenditures are included and that the calculations, descriptions, and amounts match the budget summary and Budget Narrative.

Complete Attachment III: Budget Narrative. This should detail and justify the funding request under this RFP, including all proposed expenditures, indicate the basis of calculation for each cost during the program period, and illustrate how the proposed expenditures support the project activities and contribute to program goals.

For each proposed expenditure, be sure to provide all information in a manner that will allow reviewers to clearly understand the basis of calculation for each proposed expenditure, as well as:

- Indicating all proposed expenditures are clearly identified and described. (5 pts)
- Proposed expenses are appropriate, reasonable and necessary for the project scope/goals, and are supplemental and do not t or duplicate services currently provided. (15 pts)

Note: Funding from this grant cannot supplant or duplicate positions/activities already funded through other sources. Any proposed use of funds that is determined to be supplanting or duplicating activities funded through other sources will be removed from the budget.

Please refer to the [Budget Guidance Section](#) for maximum allowable amounts in certain categories.

Consortium applicants, please note: Consortia should provide all of the information requested above. The Lead Applicant will serve as the fiscal agent for the grant and, as such, the above must be completed only by the lead applicant in consultation with all consortium members. Budget items should include all projected income and expenses for all consortium members, identifying individual members as appropriate. Consortium applications must demonstrate in the budget narrative that the lead applicant will not act solely as a flow-through for grant funds.

Application Acceptance and Processing

Application Review and Scoring

Upon receipt, applications will be reviewed to ensure that the applicant is eligible and that the application includes either Attachment I-A (for individual district applications) *or* Attachment I-B (for consortium applications) *and* Attachment II (for consortium applications only). **If a proposal does not include a signed Application Cover Page and, for consortium applications, complete MOU, it will be rejected as non-responsive and will not be reviewed.**

Applicants will be scored on the basis of 100 possible points from reviewers, plus bonus points, if applicable. No points for Section A, 5 points for Section B, 10 points for Section C, 5 points for Section D, 15 points for Section E, 45 points for Section F and 20 points for Section G can be granted.

All proposals will be reviewed by two reviewers and the scores will be averaged. If there is a score discrepancy greater than 15 points, the proposal will be read by a third reviewer. The two closest scores will be used and averaged unless the third reviewer score is equidistant from the others, in which case the third reviewer score will be solely used.

Only those proposals that receive a total score of 60 or higher, excluding bonus points, on the application will be eligible for funding.

Final Score will include bonus points. Bonus points to be granted, if applicable, are: for individual district applicants, 10 points if the district is identified as a High Needs District. For ROS Consortia, 2 points for the first district considered a High Needs District, and an additional 2 points for additional High Needs Districts, up to maximum of 10 bonus points.

In the case of a tied final score (including bonus points), the applicant with the higher average score in Section F of the evaluation rubric will be awarded the grant.

In the event that two applicants have the same final score AND the same score in Section F, the applicant whose proposed Smart Start Grant is expected to serve the greater number of students will be awarded the grant (based on the total enrollment of all students in the schools represented in the grant application, as of the 2017-2018 school year, [based on this list](#)).

Debriefing Procedures

All unsuccessful applicants may request a debriefing within fifteen (15) calendar days of receiving notice from NYSED. Applicants may request a debriefing letter on the selection

process regarding this Grant by emailing the request to SmartStart@nysed.gov. For consortium applications, a debriefing letter may only be requested by the lead applicant.

In response to a request for a debriefing letter, a summary of the strengths and weaknesses of the application as well as recommendations for improvement will be emailed to the superintendent or CEO within ten (10) business days.

Award Protest Procedures

Applicants that receive a notice of non-award or disqualification may protest the NYSED award decision subject to the following:

1. The protest must be in writing and must contain specific factual and/or legal allegations setting forth the basis on which the protesting party challenges the contract award by NYSED.
2. The protest must be filed by the applicant/lead applicant within ten (10) business days of receipt of the notice of the written debriefing or disqualification letter. The protest letter must be filed with:

NYS Education Department
Contract Administration Unit, RFP# GC19-010
89 Washington Avenue
Room 501W EB
Albany, NY 12234

3. The NYSED Contract Administration Unit (CAU) will convene a review team that will include at least one staff member from each of NYSED's Office of Counsel, CAU, and the Program Office. The review team will review and consider the merits of the protest and will decide whether the protest is approved or denied. Counsel's Office will provide the applicant with written notification of the review team's decision within seven (7) business days of the receipt of the protest. The original protest and decision will be filed with Office of the State Comptroller (OSC) when the contract procurement record is submitted for approval and CAU will advise OSC that a protest was filed.
4. The NYSED Contract Administration Unit (CAU) may summarily deny a protest that fails to contain specific factual or legal allegations, or where the protest only raises issues of law that have already been decided by the courts.

NYSED's Reservation of Rights

NYSED reserves the right to: (1) reject any or all proposals received in response to the RFP; (2) withdraw the RFP at any time, at the agency's sole discretion; (3) make an award under the RFP in whole or in part; (4) disqualify any bidder whose conduct and/or proposal fails to conform to the requirements of the RFP; (5) seek clarifications of proposals; (6) use

proposal information obtained through site visits, management interviews and the state's investigation of a bidder's qualifications, experience, ability or financial standing, and any material or information submitted by the bidder in response to the agency's request for clarifying information in the course of evaluation and/or selection under the RFP; (7) prior to the bid opening, amend the RFP specifications to correct errors or oversights, or to supply additional information, as it becomes available; (8) prior to the bid opening, direct bidders to submit proposal modifications addressing subsequent RFP amendments; (9) change any of the scheduled dates; (10) waive any requirements that are not material; (11) negotiate with the successful bidder within the scope of the RFP in the best interests of the state; (12) conduct contract negotiations with the next responsible bidder, should the agency be unsuccessful in negotiating with the selected bidder; (13) utilize any and all ideas submitted in the proposals received; (14) unless otherwise specified in the solicitation, every offer is firm and not revocable for a period of 90 days from the bid opening; (15) require clarification at any time during the procurement process and/or require correction of arithmetic or other apparent errors for the purpose of assuring a full and complete understanding of an offerer's proposal and/or to determine an offerer's compliance with the requirements of the solicitation; (16) request best and final offers.

Winning Applicants' Responsibility

Projects must operate under the jurisdiction of the local board of education or other appropriate governing body and are subject to at least the same degree of accountability as all other expenditures of the local agency. The local board of education or other appropriate governing body is responsible for the proper disbursement of, and accounting for, project funds. Written agency policy concerning wages, mileage and travel allowances, overtime compensation, or fringe benefits, as well as State rules pertaining to competitive bidding, safety regulations, and inventory control must be followed. Supporting or source documents are required for all grant related transactions entered into the local agency's recordkeeping system. Source documents that authorize the disbursement of grant funds consist of purchase orders, contracts, time & effort records, delivery receipts, vendor invoices, travel documentation and payment documents, including check stubs.

Supporting documentation for grants and grant contracts must be kept for at least six years after the last payment is made unless otherwise specified by program requirements. Additionally, audit or litigation will "freeze the clock" for records retention purposes until the issue is resolved. All records and documentation must be available for inspection by State Education Department officials or its representatives.

For additional information about grants, please refer to the Fiscal Guidelines for Federal and State Aided Grants.

Reporting

Smart Start Grant Awardees will be required to conduct annual evaluations over the course of the grant period to determine the extent to which program objectives have been met. Evaluations may be conducted by internal or external evaluators.

In addition, evaluations should include:

- a. A thorough evaluation of the services rendered by the Professional Development and Support Provider.
- b. A description of events that occurred over the course of the funding year.
- c. Program strengths, weaknesses, and suggestions for improvement.
- d. Metrics indicating number and degree to which PD affected teachers, students, and programs.
- e. Evidence that those trained during the year achieved the knowledge and skills identified in the program plan.
- f. In Year Two and beyond, if following a train-the-trainer model, evidence that the trainers conducted training to the number of teachers identified in the program plan, and evidence that those teachers achieved the skills and knowledge identified in the program plan. See [Program Models](#) section for more information.
- g. Participant (teacher) input, opinions, suggestions, etc.

Evaluations should be compiled in a written report, to be provided to NYSED no later than three (3) months after the end of each grant period year. The reports should demonstrate that the annual project goals have been met. Additional information about the annual performance report will be made available to grantees by SED after grant awards are made. A portion of the project funds may be withheld contingent upon timely expenditures and performance reporting.

Grantees that do not demonstrate adequate performance may have their remaining project funding cancelled and their participation in the program discontinued.

Approved Instructional Technology Plan

All participating public school districts must have an approved Instructional Technology Plan on file with NYSED to receive continued funding under this grant program.

Electronic Processing of Payments

In accordance with a directive dated January 22, 2010 by the Director of State Operations - Office of Taxpayer Accountability, all state agency contracts, grants, and purchase orders executed after February 28, 2010 shall contain a provision requiring that

contractors and grantees accept electronic payments. Additional information and authorization forms are available at the [State Comptroller's website](#).

Accessibility of Web-Based Information and Applications

Any documents, web-based information and applications development, or programming delivered pursuant to the contract or procurement, will comply with New York State Education Department IT Policy NYSED-WEBACC-001, Web Accessibility Policy as such policy may be amended, modified or superseded, which requires that state agency web-based information, including documents, and applications are accessible to persons with disabilities. Documents, web-based information and applications must conform to NYSED-WEBACC-001 as determined by quality assurance testing. Such quality assurance testing will be conducted by NYSED employee or contractor and the results of such testing must be satisfactory to NYSED before web-based information and applications will be considered a qualified deliverable under the contract or procurement.

Payee Information Form/NYSED Substitute W-9

The Payee Information Form is a packet containing the Payee Information Form itself and an accompanying NYSED Substitute W-9. The NYSED Substitute W-9 may or may not be needed from your agency. Please follow the specifics instructions provided with the form. The [Payee Information Form](#) is used to establish the identity of the applicant organization and enables it to receive federal (and/or State) funds through the NYSED.

Vendor Responsibility

State law requires that the award of state contracts be made to responsible vendors. Before an award is made to a not-for-profit entity, a for-profit entity, a private college or university or a public entity not exempted by the Office of the State Comptroller, NYSED must make an affirmative responsibility determination. The factors to be considered include: legal authority to do business in New York State; integrity; capacity- both organizational and financial; and previous performance. Before an award of \$100,000 or greater can be made to a covered entity, the entity will be required to complete and submit a Vendor Responsibility Questionnaire. School districts, Charter Schools, BOCES, public colleges and universities, public libraries, and the Research Foundation for SUNY and CUNY are some of the exempt entities. For a complete list, see: [OSC's website](#).

NYSED recommends that vendors file the required Vendor Responsibility Questionnaire online via the New York State VendRep System. To enroll in and use the New York State VendRep System, see the [VendRep System Instructions](#) or go directly to the [VendRep System](#). Vendors must provide their New York State Vendor Identification Number when enrolling. To request assignment of a Vendor ID or for VendRep System assistance, contact by email [the Office of the State Comptroller's Help Desk](#) or 866-370-4672 or 518-408-4672 or by email at ITServiceDesk@osc.state.ny.us.

Vendors opting to complete and submit a paper questionnaire can obtain the appropriate questionnaire from the [VendRep Website](#) or may contact NYSED or the Office of the State Comptroller's Help Desk for a copy of the paper form.

Subcontractors:

For vendors using subcontractors, a Vendor Responsibility Questionnaire and a NYSED vendor responsibility review are required for a subcontractor where:

- the subcontractor is known at the time of the contract award;
- the subcontractor is not an entity that is exempt from reporting by OSC; and
- the subcontract will equal or exceed \$100,000 over the life of the contract.

Workers' Compensation Coverage and Debarment

New York State Workers' Compensation Law (WCL) has specific coverage requirements for businesses contracting with New York State and additional requirements which provide for the debarment of vendors that violate certain sections of WCL. The WCL requires, and has required since introduction of the law in 1922, the heads of all municipal and State entities to ensure that businesses have appropriate workers' compensation and disability benefits insurance coverage *prior* to issuing any permits or licenses, or *prior* to entering into contracts.

Workers' compensation requirements are covered by WCL Section 57, while disability benefits are covered by WCL Section 220(8). The Workers' Compensation Benefits clause in Appendix A – STANDARD CLAUSES FOR NEW YORK STATE CONTRACTS states that in accordance with Section 142 of the State Finance Law, a contract shall be void and of no force and effect unless the contractor provides and maintains coverage during the life of the contract for the benefit of such employees as are required to be covered by the provisions of the WCL.

Under provisions of the 2007 Workers' Compensation Reform Legislation (WCL Section 141-b), any person, or entity substantially owned by that person: subject to a final assessment of civil fines or penalties, subject to a stop-work order, or convicted of a misdemeanor for violation of Workers' Compensation laws Section 52 or 131, is barred from bidding on, or being awarded, any public work contract or subcontract with the State, any municipal corporation or public body for one year for each violation. The ban is five years for each felony conviction.

PROOF OF COVERAGE REQUIREMENTS

The Workers' Compensation Board has developed several forms to assist State contracting entities in ensuring that businesses have the appropriate workers' compensation and disability insurance coverage as required by Sections 57 and 220(8) of the WCL.

Please note – an ACORD form is not acceptable proof of New York State workers' compensation or disability benefits insurance coverage.

Proof of Workers' Compensation Coverage

To comply with coverage provisions of the WCL, the Workers' Compensation Board requires that a business seeking to enter into a State contract submit appropriate proof of coverage to the State contracting entity issuing the contract. For each new contract or contract renewal, the contracting entity must obtain ONE of the following forms from the contractor and submit to OSC to prove the contractor has appropriate workers' compensation insurance coverage:

- **Form C-105.2** – Certificate of Workers' Compensation Insurance issued by private insurance carriers, or **Form U-26.3** issued by the State Insurance Fund; or
- **Form SI-12**– Certificate of Workers' Compensation Self-Insurance; or **Form GSI-105.2** Certificate of Participation in Workers' Compensation Group Self-Insurance; or
- **CE-200**– Certificate of Attestation of Exemption from NYS Workers' Compensation and/or Disability Benefits Coverage.

Proof of Disability Benefits Coverage

To comply with coverage provisions of the WCL regarding disability benefits, the Workers' Compensation Board requires that a business seeking to enter into a State contract must submit appropriate proof of coverage to the State contracting entity issuing the contract. For each new contract or contract renewal, the contracting entity must obtain ONE of the following forms from the contractor and submit to OSC to prove the contractor has appropriate disability benefits insurance coverage:

- **Form DB-120.1** - Certificate of Disability Benefits Insurance; or
- **Form DB-155**- Certificate of Disability Benefits Self-Insurance; or
- **CE-200**– Certificate of Attestation of Exemption from New York State Workers' Compensation and/or Disability Benefits Coverage.

For additional information regarding workers' compensation and disability benefits requirements, please refer to the [New York State Workers' Compensation Board](#). Alternatively, questions relating to either workers' compensation or disability benefits coverage should be directed to the NYS Workers' Compensation Board, Bureau of Compliance at (518) 486-6307.

Appendix A: Standard Clauses For NYS Contracts

The parties to the attached contract, license, lease, amendment or other agreement of any kind (hereinafter, "the contract" or "this contract") agree to be bound by the following clauses which are hereby made a part of the contract (the word "Contractor" herein refers to any party other than the State, whether a contractor, licensor, licensee, lessor, lessee or any other party):

1. EXECUTORY CLAUSE. In accordance with Section 41 of the State Finance Law, the State shall have no liability under this contract to the Contractor or to anyone else beyond funds appropriated and available for this contract.

2. NON-ASSIGNMENT CLAUSE. In accordance with Section 138 of the State Finance Law, this contract may not be assigned by the Contractor or its right, title or interest therein assigned, transferred, conveyed, sublet or otherwise disposed of without the State's previous written consent, and attempts to do so are null and void. Notwithstanding the foregoing, such prior written consent of an assignment of a contract let pursuant to Article XI of the State Finance Law may be waived at the discretion of the contracting agency and with the concurrence of the State Comptroller where the original contract was subject to the State Comptroller's approval, where the assignment is due to a reorganization, merger or consolidation of the Contractor's business entity or enterprise. The State retains its right to approve an assignment and to require that any Contractor demonstrate its responsibility to do business with the State. The Contractor may, however, assign its right to receive payments without the State's prior written consent unless this contract concerns Certificates of Participation pursuant to Article 5-A of the State Finance Law.

3. COMPTROLLER'S APPROVAL. In accordance with Section 112 of the State Finance Law (or, if this contract is with the State University or City University of New York, Section 355 or Section 6218 of the Education Law), if this contract exceeds \$50,000 (or the minimum thresholds agreed to by the Office of the State

Comptroller for certain S.U.N.Y. and C.U.N.Y. contracts), or if this is an amendment for any amount to a contract which, as so amended, exceeds said statutory amount, or if, by this contract, the State agrees to give something other than money when the value or reasonably estimated value of such consideration exceeds \$10,000, it shall not be valid, effective or binding upon the State until it has been approved by the State Comptroller and filed in his office. Comptroller's approval of contracts let by the Office of General Services is required when such contracts exceed \$85,000 (State Finance Law Section 163.6-a). However, such pre-approval shall not be required for any contract established as a centralized contract through the Office of General Services or for a purchase order or other transaction issued under such centralized contract.

4. WORKERS' COMPENSATION BENEFITS. In accordance with Section 142 of the State Finance Law, this contract shall be void and of no force and effect unless the Contractor shall provide and maintain coverage during the life of this contract for the benefit of such employees as are required to be covered by the provisions of the Workers' Compensation Law.

5. NON-DISCRIMINATION REQUIREMENTS. To the extent required by Article 15 of the Executive Law (also known as the Human Rights Law) and all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, sex (including gender identity or expression), national origin, sexual orientation, military status, age, disability, predisposing genetic characteristics, marital status or domestic violence victim status. Furthermore, in accordance with Section 220-e of the Labor Law, if this is a contract for the construction, alteration or repair of any public building or public work or for the manufacture, sale or distribution of materials, equipment or supplies, and to the extent that this contract shall be performed within the State of New York, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, disability, sex, or national origin: (a)

discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. If this is a building service contract as defined in Section 230 of the Labor Law, then, in accordance with Section 239 thereof, Contractor agrees that neither it nor its subcontractors shall by reason of race, creed, color, national origin, age, sex or disability: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. Contractor is subject to fines of \$50.00 per person per day for any violation of Section 220-e or Section 239 as well as possible termination of this contract and forfeiture of all moneys due hereunder for a second or subsequent violation.

6. WAGE AND HOURS PROVISIONS. If this is a public work contract covered by Article 8 of the Labor Law or a building service contract covered by Article 9 thereof, neither Contractor's employees nor the employees of its subcontractors may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the Labor Law and as set forth in prevailing wage and supplement schedules issued by the State Labor Department. Furthermore, Contractor and its subcontractors must pay at least the prevailing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the State Labor Department in accordance with the Labor Law. Additionally, effective April 28, 2008, if this is a public work contract covered by Article 8 of the Labor Law, the Contractor understands and agrees that the filing of payrolls in a manner consistent with Subdivision 3-a of Section 220 of the Labor Law shall be a condition precedent to payment by the State of any State approved sums due and owing for work done upon the project.

7. NON-COLLUSIVE BIDDING CERTIFICATION. In accordance with Section 139-d of the State Finance Law, if this contract was awarded based upon the submission of bids, Contractor affirms, under penalty of perjury, that its bid was arrived at independently and without collusion aimed at restricting competition.

Contractor further affirms that, at the time Contractor submitted its bid, an authorized and responsible person executed and delivered to the State a non-collusive bidding certification on Contractor's behalf.

8. INTERNATIONAL BOYCOTT PROHIBITION. In accordance with Section 220-f of the Labor Law and Section 139-h of the State Finance Law, if this contract exceeds \$5,000, the Contractor agrees, as a material condition of the contract, that neither the Contractor nor any substantially owned or affiliated person, firm, partnership or corporation has participated, is participating, or shall participate in an international boycott in violation of the federal Export Administration Act of 1979 (50 USC App. Sections 2401 et seq.) or regulations thereunder. If such Contractor, or any of the aforesaid affiliates of Contractor, is convicted or is otherwise found to have violated said laws or regulations upon the final determination of the United States Commerce Department or any other appropriate agency of the United States subsequent to the contract's execution, such contract, amendment or modification thereto shall be rendered forfeit and void. The Contractor shall so notify the State Comptroller within five (5) business days of such conviction, determination or disposition of appeal (2NYCRR 105.4).

9. SET-OFF RIGHTS. The State shall have all of its common law, equitable and statutory rights of set-off. These rights shall include, but not be limited to, the State's option to withhold for the purposes of set-off any moneys due to the Contractor under this contract up to any amounts due and owing to the State with regard to this contract, any other contract with any State department or agency, including any contract for a term commencing prior to the term of this contract, plus any amounts due and owing to the State for any other reason including, without limitation, tax delinquencies, fee delinquencies or monetary penalties relative thereto. The State shall exercise its set-off rights in accordance with normal State practices including, in cases of set-off pursuant to an audit, the finalization of such audit by the State agency, its representatives, or the State Comptroller.

10. RECORDS. The Contractor shall establish and maintain complete and accurate books,

records, documents, accounts and other evidence directly pertinent to performance under this contract (hereinafter, collectively, "the Records"). The Records must be kept for the balance of the calendar year in which they were made and for six (6) additional years thereafter. The State Comptroller, the Attorney General and any other person or entity authorized to conduct an examination, as well as the agency or agencies involved in this contract, shall have access to the Records during normal business hours at an office of the Contractor within the State of New York or, if no such office is available, at a mutually agreeable and reasonable venue within the State, for the term specified above for the purposes of inspection, auditing and copying. The State shall take reasonable steps to protect from public disclosure any of the Records which are exempt from disclosure under Section 87 of the Public Officers Law (the "Statute") provided that: (i) the Contractor shall timely inform an appropriate State official, in writing, that said records should not be disclosed; and (ii) said records shall be sufficiently identified; and (iii) designation of said records as exempt under the Statute is reasonable. Nothing contained herein shall diminish, or in any way adversely affect, the State's right to discovery in any pending or future litigation.

11. IDENTIFYING INFORMATION AND PRIVACY NOTIFICATION.

(a) Identification Number(s). Every invoice or New York State Claim for Payment submitted to a New York State agency by a payee, for payment for the sale of goods or services or for transactions (e.g., leases, easements, licenses, etc.) related to real or personal property must include the payee's identification number. The number is any or all of the following: (i) the payee's Federal employer identification number, (ii) the payee's Federal social security number, and/or (iii) the payee's Vendor Identification Number assigned by the Statewide Financial System. Failure to include such number or numbers may delay payment. Where the payee does not have such number or numbers, the payee, on its invoice or Claim for Payment, must give the reason or reasons why the payee does not have such number or numbers.

(b) Privacy Notification. (1) The authority to request the above personal information from a seller of goods or services or a lessor of real or

personal property, and the authority to maintain such information, is found in Section 5 of the State Tax Law. Disclosure of this information by the seller or lessor to the State is mandatory. The principal purpose for which the information is collected is to enable the State to identify individuals, businesses and others who have been delinquent in filing tax returns or may have understated their tax liabilities and to generally identify persons affected by the taxes administered by the Commissioner of Taxation and Finance. The information will be used for tax administration purposes and for any other purpose authorized by law. (2) The personal information is requested by the purchasing unit of the agency contracting to purchase the goods or services or lease the real or personal property covered by this contract or lease. The information is maintained in the Statewide Financial System by the Vendor Management Unit within the Bureau of State Expenditures, Office of the State Comptroller, 110 State Street, Albany, New York 12236.

12. EQUAL EMPLOYMENT OPPORTUNITIES FOR MINORITIES AND WOMEN.

In accordance with Section 312 of the Executive Law and 5 NYCRR 143, if this contract is: (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of \$25,000.00, whereby a contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the contracting agency; or (ii) a written agreement in excess of \$100,000.00 whereby a contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon; or (iii) a written agreement in excess of \$100,000.00 whereby the owner of a State assisted housing project is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon for such project, then the following shall apply and by signing this agreement the Contractor certifies and affirms that it is Contractor's equal employment opportunity policy that:

(a) The Contractor will not discriminate against employees or applicants for employment

because of race, creed, color, national origin, sex, age, disability or marital status, shall make and document its conscientious and active efforts to employ and utilize minority group members and women in its work force on State contracts and will undertake or continue existing programs of affirmative action to ensure that minority group members and women are afforded equal employment opportunities without discrimination. Affirmative action shall mean recruitment, employment, job assignment, promotion, upgradings, demotion, transfer, layoff, or termination and rates of pay or other forms of compensation;

(b) at the request of the contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, labor union or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability or marital status and that such union or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein; and

(c) the Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the State contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

Contractor will include the provisions of "a", "b", and "c" above, in every subcontract over \$25,000.00 for the construction, demolition, replacement, major repair, renovation, planning or design of real property and improvements thereon (the "Work") except where the Work is for the beneficial use of the Contractor. Section 312 does not apply to: (i) work, goods or services unrelated to this contract; or (ii) employment outside New York State. The State shall consider compliance by a contractor or subcontractor with the requirements of any federal law concerning equal employment opportunity which effectuates the purpose of this section. The contracting agency shall determine whether the imposition of the requirements of the provisions hereof

duplicate or conflict with any such federal law and if such duplication or conflict exists, the contracting agency shall waive the applicability of Section 312 to the extent of such duplication or conflict. Contractor will comply with all duly promulgated and lawful rules and regulations of the Department of Economic Development's Division of Minority and Women's Business Development pertaining hereto.

14. GOVERNING LAW. This contract shall be governed by the laws of the State of New York except where the Federal supremacy clause requires otherwise.

15. LATE PAYMENT. Timeliness of payment and any interest to be paid to Contractor for late payment shall be governed by Article 11-A of the State Finance Law to the extent required by law.

16. NO ARBITRATION. Disputes involving this contract, including the breach or alleged breach thereof, may not be submitted to binding arbitration (except where statutorily authorized), but must, instead, be heard in a court of competent jurisdiction of the State of New York.

17. SERVICE OF PROCESS. In addition to the methods of service allowed by the State Civil Practice Law & Rules ("CPLR"), Contractor hereby consents to service of process upon it by registered or certified mail, return receipt requested. Service hereunder shall be complete upon Contractor's actual receipt of process or upon the State's receipt of the return thereof by the United States Postal Service as refused or undeliverable. Contractor must promptly notify the State, in writing, of each and every change of address to which service of process can be made. Service by the State to the last known address shall be sufficient. Contractor will have thirty (30) calendar days after service hereunder is complete in which to respond.

18. PROHIBITION ON PURCHASE OF TROPICAL HARDWOODS. The Contractor

certifies and warrants that all wood products to be used under this contract award will be in accordance with, but not limited to, the specifications and provisions of Section 165 of the State Finance Law, (Use of Tropical Hardwoods) which prohibits purchase and use of tropical hardwoods, unless specifically exempted, by the State or any governmental agency or political subdivision or public benefit corporation. Qualification for an exemption under this law will be the responsibility of the contractor to establish to meet with the approval of the State.

In addition, when any portion of this contract involving the use of woods, whether supply or installation, is to be performed by any subcontractor, the prime Contractor will indicate and certify in the submitted bid proposal that the subcontractor has been informed and is in compliance with specifications and provisions regarding use of tropical hardwoods as detailed in §165 State Finance Law. Any such use must meet with the approval of the State; otherwise, the bid may not be considered responsive. Under bidder certifications, proof of qualification for exemption will be the responsibility of the Contractor to meet with the approval of the State.

19. MACBRIDE FAIR EMPLOYMENT PRINCIPLES. In accordance with the MacBride Fair Employment Principles (Chapter 807 of the Laws of 1992), the Contractor hereby stipulates that the Contractor either (a) has no business operations in Northern Ireland, or (b) shall take lawful steps in good faith to conduct any business operations in Northern Ireland in accordance with the MacBride Fair Employment Principles (as described in Section 165 of the New York State Finance Law), and shall permit independent monitoring of compliance with such principles.

The Contractor agrees to document these efforts and to provide said documentation to the State upon request; and

(d) The Contractor acknowledges notice that the State may seek to obtain offset credits from foreign countries as a result of this contract and agrees to cooperate with the State in these efforts.

21. RECIPROCITY AND SANCTIONS PROVISIONS.

Bidders are hereby notified that if their principal place of business is located in a country, nation, province, state or political subdivision that penalizes New York State vendors, and if the goods or services they offer will be substantially produced or performed outside New York State, the Omnibus Procurement Act 1994 and 2000 amendments (Chapter 684 and Chapter 383, respectively) require that they be denied contracts which they would otherwise obtain. NOTE: As of May 15, 2002, the list of discriminatory jurisdictions subject to this provision includes the states of South Carolina, Alaska, West Virginia, Wyoming, Louisiana and Hawaii. Contact NYS Department of Economic Development for a current list of jurisdictions subject to this provision.

23. COMPLIANCE WITH CONSULTANT DISCLOSURE LAW.

If this is a contract for consulting services, defined for purposes of this requirement to include analysis, evaluation, research, training, data processing, computer programming, engineering, environmental, health, and mental health services, accounting, auditing, paralegal, legal or similar services, then, in accordance with Section 163 (4-g) of the State Finance Law (as amended by Chapter 10 of the Laws of 2006), the Contractor shall timely, accurately and properly comply with the requirement to submit an annual employment report for the contract to the agency that awarded the contract, the Department of Civil Service and the State Comptroller.

24. PROCUREMENT LOBBYING. To the extent this agreement is a "procurement contract" as defined by State Finance Law Sections 139-j and 139-k, by signing this agreement the contractor certifies and affirms that all disclosures made in accordance with State Finance Law Sections 139-j and 139-k are complete, true and accurate. In the event such certification is found to be intentionally false or intentionally incomplete, the

State may terminate the agreement by providing written notification to the Contractor in accordance with the terms of the agreement.

25. CERTIFICATION OF REGISTRATION TO COLLECT SALES AND COMPENSATING USE TAX BY CERTAIN STATE CONTRACTORS, AFFILIATES AND SUBCONTRACTORS.

To the extent this agreement is a contract as defined by Tax Law Section 5-a, if the contractor fails to make the certification required by Tax Law Section 5-a or if during the term of the contract, the Department of Taxation and Finance or the covered agency, as defined by Tax Law 5-a, discovers that the certification, made under penalty of perjury, is false, then such failure to file or false certification shall be a material breach of this contract and this contract may be terminated, by providing written notification to the Contractor in accordance with the terms of the agreement, if the covered agency determines that such action is in the best interest of the State.

26. IRAN DIVESTMENT ACT. By entering into this Agreement, Contractor certifies in accordance with State Finance Law §165-a that it is not on the "Entities Determined to be Non-Responsive Bidders/Offerers pursuant to the New York State Iran Divestment Act of 2012" ("Prohibited Entities List").

Contractor further certifies that it will not utilize on this Contract any subcontractor that is identified on the Prohibited Entities List. Contractor agrees that should it seek to renew or extend this Contract, it must provide the same certification at the time the Contract is renewed or extended. Contractor also agrees that any proposed Assignee of this Contract will be required to certify that it is not on the Prohibited Entities List before the contract assignment will be approved by the State.

During the term of the Contract, should the state agency receive information that a person (as defined in State Finance Law §165-a) is in violation of the above-referenced certifications, the state agency will review such information and offer the person an opportunity to respond. If the person fails to demonstrate that it has ceased its engagement in the investment activity which is in violation of the Act within 90 days after the

determination of such violation, then the state agency shall take such action as may be appropriate and provided for by law, rule, or contract, including, but not limited to, imposing sanctions, seeking compliance, recovering damages, or declaring the Contractor in default.

The state agency reserves the right to reject any bid, request for assignment, renewal or extension for an entity that appears on the Prohibited Entities List prior to the award, assignment,

renewal or extension of a contract, and to pursue a responsibility review with respect to any entity that is awarded a contract and appears on the Prohibited Entities list after contract award.

(January 2014)

Appendix B: Scoring Rubric

As stated in the Application Review and Scoring section, all proposals will be reviewed by two reviewers and the scores will be averaged. If there is a score discrepancy greater than 15 points, the proposal will be read by a third reviewer. When final scores are averaged, any proposal that scores less than a final average of 60 points out of 100, including bonus points if applicable, will not be considered further.
